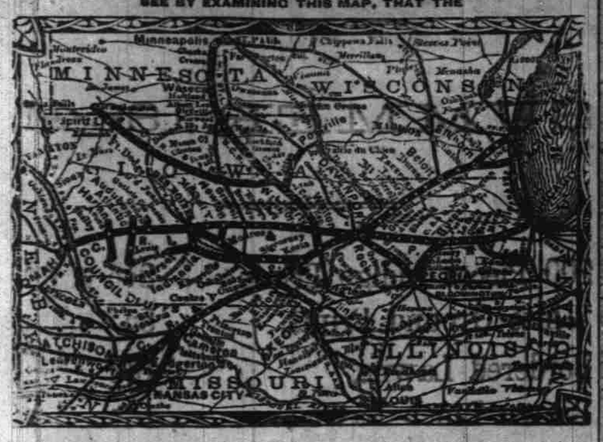
A MAN

WHO IS UNACQUAINTED WITH THE GEOGRAPHY OF THIS COUNTRY WILL SEE BY EXAMINING THIS MAP, THAT THE



CHICAGO, ROCK ISLAND AND PACIFIC R'Y

Being the Great Central Line, affords to travelers, by reason of its unrivalled geographical position, the shortest and best route between the East, Northeast and Southeast, and the West, Northwest and Southwest.

It is literally and strictly true, that its connections are all of the principal lines of road between the Atlantic and the Pacific.

By its main line and branches it reaches Chicago, Joliet, Peoria, Ottawa, La Salle, Geneseo, Moline and Rock Island, in Illinois; Davenport, Muscatine, Washington, Keokuk, Knoxville, Oskaloosa, Fairfield, Des Moines, West Liberty, Iowa City, Atlantic Avoca, Audubon, Harlan, Guthrie Center and Council Bluffs, in Iowa; Dalton, Trenton, Cameron and Kansas City, in Missouri, and Leavenworth and Atchison in Kansas, and the hundreds of cities, villages and towns intermediate. The

"GREAT ROCK ISLAND ROUTE,"

as it is familiarly called, offers to travelers all the advantages and comforts incident to a smooth track, safe bridges, Union Depots at all connecting points, Fast Express Trains, composed of COMMODIOUS, WELL VENTILATED, WELL HEATED, FINELY UPHOLSTERED and ELEGANT DAY COACHES; a line of the MOST MAGNIFICENT BORTON RECLINING CHAIR CARS ever built, PULLMAN'S latest designed and handsomest PALACE SLEEPING CARS, and DINING CARS, that are acknowledged by press and people to be the FINEST RUN UPON ANY ROAD IN THE COUNTRY, and in which superior meals are served to travelers at the low rate of SEVENTY-FIVE CENTS EACH.

THREE TRAINS each way between CHICAGO and the MISSOURI RIVER.

TWO TRAINS each way between CHICAGO and MINNEAPOLIS and ST. PAUL, via the famous

ALBERT LEA ROUTE.

January 1882, a new line will be opened, via Beloit and Kankakee, between Newport News, Richmond, Cincinnati, Indianapolis and La Fayette, and Council Bluffs, St. Paul, Minneapolis and intermediate points.

All Through Passengers arrive on Fast Express Trains.

☞ For more detailed information see Maps and Folders, which may be obtained, as well as Tickets, at all principal Ticket offices in the United States and Canada, or of

R. R. CABLE, Vice-Pres't and General Manager. E. ST. JOHN, Gen'l Ticket and Pass'r Agent.

BY ALL ODDS THE BEST EQUIPPED RAILWAY IN THE WORLD.

The best and shortest route to and from Chicago and Council Bluffs (Omaha), and that it is preferred by all well posted travelers when passing to or from

CALIFORNIA AND COLORADO.

It also operates the best route and the shortest line between

Chicago and St. Paul and Minneapolis

Milwaukee, LaCrosse, Prairie du Chien, Madison, Fort Howard (Green Bay), Winona, Owatonna, Mankato, Minn., Cedar Rapids, Des Moines, Webster City, Algona, Clinton, Marshalltown, Iowa, Freeport, Elgin, Rockford, Ill., are amongst its 800 local stations on the lines.

Among a few of the numerous points of superiority enjoyed by the patrons of this road, are its DAY COACHES which are models of comfort and elegance; its PALACE DRAWING ROOM CARS, which are unsurpassed by any and its widely celebrated LAKESHORE DINING CARS, the like of which are not run by any other road anywhere. In short, it is acknowledged to be the BEST EQUIPPED ROAD IN THE WORLD.

Points of interest North, Northwest and West of Chicago, business centres, summer resorts and noted hunting and fishing grounds are accessible by the various lines centering in Chicago.

Vestibuled trains of this road run through to Council Bluffs (Omaha) over two miles of road and the over four hundred passenger conductors constantly caring for the comfort of its patrons.

Ask your ticket agents for tickets via this route. AND TAKE NONE OTHER. All leading ticket agents sell them. It costs no more to travel on this route, that gives first-class accommodations, than it does to go by the poorly equipped roads.

For maps, descriptive circulars and summer resort papers, or other information not obtainable at your local ticket office, write to the

GEN'L. PASS. AGENT, C. & N.-W. R'Y, CHICAGO, ILL.

PRICKLY ASH BITTERS

The majority of the ills of the human body arise from a derangement of the Liver, affecting both the stomach and bowels. In order to effect a cure, it is necessary to remove the cause. Irregular and sluggish action of the Bowels, Headache, Sickness at the Stomach, Pain in the Back and Loins, etc., indicate that the Liver is at fault, and that nature requires assistance to enable this organ to throw off impurities.

Prickly Ash Bitters are specially compounded for this purpose. They are mild in their action and effective as a cure; are pleasant to the taste and taken easily by both children and adults. Taken according to directions, they are a safe and pleasant cure for Dyspepsia, General Debility, Habitual Constipation, Diseased Kidneys, etc., etc. As a Bitter in general they are superior to any other medicine, cleansing the system thoroughly, and imparting new life and energy to the entire child. It is a specific and cure for intoxicating liquors.

ASK YOUR GROCERY FOR PRICKLY ASH BITTERS, and take no other. PRICE, $1.00 per Bottle.

THE BRIGHAM YOUNG ACADEMY.

Editor Deseret News:

The ninth academic year of the Brigham Young Academy opened its session on Monday last, Sept. 1st, under especially favorable auspices. The labors of those in charge, in the matter of preparing the present quarters for occupancy must have been severe; but the results are such as to call forth a pleasurable surprise from the numerous visitors. Part of the lower, and the whole upper story of the new and extensive Z. C. M. I. warehouse of this city have been secured for the use of the Academy pending the erection of the commodious buildings for its more permanent location.

On the first floor, the music room and laboratory are situated; and each of these is fitted up in a way to fully meet all requirements. The organs and the piano were fortunately saved from the old building, and are now in use in the new quarters. The apparatus and specimens belonging to the laboratory suffered considerable damage during the fire and the subsequent several removals, but the Board of Trustees has ordered new ones to be put to replace all losses; and the scientific department was never better equipped than at present.

The second floor presents an area of 160x57 feet, and is partitioned into seven rooms, comprising the principal's office, library and rooms for the normal, the collegiate and the academic departments, each with easy seating capacity for 60; the preparatory department seating 50, and the intermediate department, or general assembly hall, with desk room for 180; making ready accommodation for 410 students. In making a tour of the building one is more apt to regard the arrangements present than designed only to meet present demands. The list of boarding places for students, all of which are first class, is sufficiently large to accommodate the most liberal attendance, and the domestic regulations controlling the same, have been carefully revised.

The unanimous verdict is that never before has the institution enjoyed such facilities and convenience as now, and the first permanent inconvenience from the recent fire has yet to make its appearance.

At the opening hour on Monday, the Board of Trustees, the Faculty, and several prominent visitors, among whom were Counselor J. W. Young, Supt. C. O. Card, of Logan, and Bishop Williams, of Pleasant Valley, occupied the stand, whilst a body of upward of 400 students and a number of other visitors comprised the audience. Prof. A. O. Smoot delivered a brief but soul-feeling address of congratulation at the favorable surroundings, and was followed by Counselor J. W. Young, who offered the dedicatory prayer. Prof. K. Maeser, the Principal, then briefly delivered instructions to the new students, and the work of the session, at once began. As the present, waiting the classes are all in full operation, and every one concerned is imbued with strong hopes for a happy and successful year, for never was a prayer more sincerely uttered than that offered; never was faith stronger that a fulfillment will speedily follow to "God bless the Brigham Young Academy." JET.

Provo, Utah, Sept. 3d, 1884.

Burst into Tears.

A woman is far more sensitive than a man. She has finer feelings and a more delicate mind. There are very few men who realize this, and in consequence woman is made to endure much unnecessary suffering. One of our merchants was going to church with his wife on Sunday morning, when she suddenly stopped and put her hands to her head.

"What's the matter?" he asked, startled by the look on her face.

"Oh! I have got on my brown hat."

"Eh!" ejaculated the astonished man.

Stamping his foot—"Why, Maria, what is the matter with you?" he demanded.

"Don't you see what is the matter?" she retorted, in a sobbing voice. "I've got on my brown hat with my striped silk. Oh, what will people say?"—Danbury News.

Which of Women Can Do.

There are lots of things a woman can do that a man cannot. A woman can take her clothespins in her mouth and talk through a knot hole in the fence at the same time than a man can. A woman can arrive at a conclusion without jumping to it half way across the room. She can carry a pail of water without spilling it all out before she gets it half way to the house. She can do 35 things at once and get along first-rate, and no two men can do that.

She can hold twenty-eight different ideas in her head at once, and not get them mixed. She can hold her baby, stand up, with both feet on the floor, and do it easily.

She is as cool as a cucumber in hoop-skirts, tight dresses and shoes, while a man will swear and fume and growl in one loose shirt.

She can talk as sweet as peaches and cream to the woman she hates worse, while two men would be punching each other's heads before they had exchanged ten words.

She can throw a stone with a curve that would be a fortune to a baseball pitcher, and finally she can drive a man crazy for twenty-four hours and then bring him back to paradise in two seconds by simply tickling him under the chin, and there does not live that mortal son of Adam's misery who can do it.—*London Figaro.*

At great heights, *Popular Science Monthly* says, dogs lose their power of barking. It is a fine scheme then, to keep your dog in the garret, or tie him up to the swaying limb of a tall and lonely tree.

"Lucky" Baldwin, who is at Long Branch, is described as a "tall, spare old fellow, with a gray beard and an expression about the eyes that makes a wise man put out his defenses instinctively."

Phillip Ritz' nursery at Walla Walla, Washington Territory, contains nearly one million trees—200,000 apple, 60,000 pear, 12,000 peach, apricots and plums, and 400,000 forest trees, elm, ash, popular and box alder.

Indian Agent Allen, of the Montana Blackfoot agency, telegraphs Indian Commissioner Price, denying the truth of the report that the Piegan Indians are starving. He says he has sufficient supplies for present needs.

The oldest ship afloat in the British mercantile navy is a collier brig, belonging to South Shields, named Brotherly Love, and it is claimed that this is the identical vessel upon which the circumnavigator, Captain James Cooke, served out his time as an apprentice.

TUTT'S PILLS

TORPID BOWELS and DISORDERED LIVER.

From these sources arise three-fourths of the diseases of the human race. These symptoms indicate their existence: Loss of Appetite, Bowels costive, Sick Headache, fullness after eating, aversion to exertion of body or mind, Eructation of food, Irritability of temper, Low spirits, a feeling of having neglected some duty, Dizziness, Fluttering at the Heart, Dots before the eyes, highly colored Urine, CONSTIPATION, and demand the use of a remedy that acts directly on the Liver. As a Liver medicine TUTT'S PILLS have no equal. Their action on the Kidneys and Skin is also prompt; removing all impurities through these three "scavengers of the system," producing appetite, sound digestion, regular stools, a clear skin and a vigorous body. TUTT'S PILLS cause no nausea or griping nor interfere with daily work, and are a perfect ANTIDOTE to MALARIA.

TUTT'S HAIR DYE.

GRAY HAIR OR WHISKERS changed instantly to a GLOSSY BLACK by a single application of this DYE. Sold by Druggists, or sent by express on receipt of $1. Sold everywhere. Office, 44 Murray St., N. Y.

Notice of District School Meeting.

THE PROPERTY TAX-PAYERS RESIDENT in No. Eight School District, Salt Lake County, Utah Territory, are hereby notified that it is necessary to raise funds to build an addition to the School House in said district for the school year beginning July 1st, 1884, and ending June 30th, 1885.

That an approximate estimate of the cost thereof has been made by the School Trustees of said district, as follows, to wit:

For the additional building	$900 00
For furnishing the same	250 00
For repairing the old school house, etc.	350 00
Total	$1,500 00

That it is estimated by the said Trustees that one half of one per cent on the assessed value of the taxable property of said School district will be necessary to raise said amount, and the said property tax-payers are notified that a meeting of said property tax-payers will be held at the school house in said district, on the fifth day of September A. D. 1884, at 7.30 o'clock p. m., of said day, for the purpose of voting on the matter of the rate per cent to be levied on the taxable property of said district to raise the said amount for the purposes hereinbefore set forth.

S. W. ALLEY, C. B. TUCKFIELD, J. D. H. MCALLISTER, School Trustees of School District No. 8.
