DESERET EVENING NEWS.

Tuesday, December 10, 1895.

A NEW DEPARTURE

To Be Made By the Mutual Improvement Associations.

Preliminary Steps Taken, Looking to the Establishment of Reading Rooms and a Gymnasium.

Pursuant to a call made by the superintendency of the Mutual Improvement Associations of Salt Lake Stake, a large assemblage of officers of the associations throughout the Stake, convened in the Social Hall last evening for the purpose of taking more active steps in the direction of a movement which was commenced by the officials of the Y. M. and Y. L. M. I. Associations last spring.

The movement was for the establishment of reading rooms, lecture room and gymnasium in connection with the associations, which would tend to the mental, moral and physical development of the members. The plan when suggested, was thought a good one by the general superintendency of the associations, and in order to further the project, a committee was appointed in the persons of Willard Done, Joseph H. Felt, Thomas A. Shreeve, D. M. Todd and B. S. Hinckley, who were instructed to investigate the feasibility of the plan and report their findings as early as convenient.

It was for the purpose of hearing the committee's report, that the meeting was held last night. Stake Superintendent J. H. Felt presided, and after the roll call, which showed nearly a full representation, the superintendent reported the progress made by the committee. Encouragement and endorsement had been met with on every hand, and in substantiation of which, a letter signed by the Presidency of the Church and other prominent officials, endorsing the movement, and recommending its adoption, was read, as was also a communication of approval from the Stake presidency.

Superintendent Mary Freeze, of the Y. L. M. I. associations, considered the movement one worthy of commendation, and hoped it would soon assume practical proportions.

Miss Maud May Babcock being called upon expressed herself as being delighted with the plan, which she considered a very feasible one. Her idea of the way in which to conduct it was to have a class for married ladies in the forenoon and two classes for young ladies in the afternoon, meeting each alternate day; for young men two classes could be held in the evening, one at 6, the other at 7:30, while a children's class could be conducted in the forenoon. She favored the fitting up of the basement of the Social Hall for a reading room and library, while the rear room could be provided with baths for young men.

Willard Done, a member of the committee, favored the proposition and cited instances showing its practicability.

J. W. Eardley concurred in the opinions expressed by the former speakers, and suggested the raising and expenditure of $1,000 for the purpose of fitting up the Social Hall, which had been gratuitously offered to the associations by the trustees.

Other expressions favoring the movement were made by C. R. Stewart, Dr. Maggie Shipp and B. F. Cutlett, after which the following motion offered Willard Done and duly seconded by Miss Cannon, carried unanimously:

"We, the representatives of the Young Men's and Young Ladies' Association, endorse the movement that has been set on foot, and pledge our support and so far as possible the support of our associations to begin it."

A motion that the Stake presidency of the Y. M. and Y. L. M. I. associations act as general committee of organization, was carried, and the following were chosen as a committee of sixteen on ways and means:

Spencer Clawson, Thomas Hull, Orson Hewlett, Dr. Maggie Shipp, Mrs. Ann Groesbeck, Mrs. Mary Irvine, C. R. Stewart, Miss Nellie Morris, Horace G. Whitney, Nephi Morris, Joseph H. Dean, Mrs. Fox, Maud May Babcock, W. B. Dougall, Miss Mae Taylor, Mrs. Amanda Done.

At the close of the meeting a great number desiring to become members affixed their names to the roll and after the organization of the committee on ways and means an adjournment was taken subject to the call of the president.

If you want the choicest dainties use Price's Cream Baking Powder.

Talmage to M. I. A. Officers.

To the officers of the M. I. A. Salt Lake Stake—Elder James E. Talmage will deliver a specially prepared lecture to the officers of the M. I. A. in the Assembly Hall next Sunday, Dec. 15th, at 11 a. m. All the officers of the Stake are, without fail, earnestly requested to be present, as it is a meeting of great importance.

J. H. FELT,
J. W. EARDLEY,
C. R. STEWART,
Stake Presidency.

Office No. 103 S. Main Street. W. J. Montgomery, Agent. Tel. No. 144.

Cheap Money.

A 1 8 and 7 per cent interest. Improved City Realty. Weeks, 75 Main.

Councilman Watson.

Councilman Watson, the state of whose health has been such for the past month as to be of the utmost concern to his wife and friends, is slowly recovering from the terrible siege through which he was called upon to pass. His condition, however, is not such as to permit him to venture forth from the quiet and comfort of his own home. It will be some weeks yet before he will be able to give his personal attention to business matters. In the meantime his many friends family sincerely hope that his convalescence will result in the most complete recovery.

FROM COPENHAGEN.

Elder John A. Olsen Returns From a Two-Years Mission.

Elder John A. Olsen of Salem, Utah county, returned from Copenhagen Sunday, where he has been for the past two years, preaching and disseminating the principles of the Gospel. He left this city on December 21, 1893, and going direct to his field of labor, was assigned to the office of the Scandinavian Star, where he remained until released, bearing his testimony to the work to which he was engaged, whenever opportunity afforded.

The work in the Scandinavian countries, is reported by Elder Olsen, as being in a flourishing condition, especially in Denmark, Sweden and Norway where many honest souls are being added to the Church membership. The cry in that country is raised for more Elders, as there are not sufficient there at present, to assist in the good work that is going on. The health of the Elders is generally good and the treatment that is meted out to them by the people amongst whom they visit, is of the very best, as far as their means will permit.

Elder Olsen was in charge of a company of forty-nine Saints and fourteen returned missionaries who arrived in this city at 4 a. m. yesterday. The company left Copenhagen on November 14th last and Glasgow on the 22nd. The trip was greatly enjoyed by all, and the ship and train crews are reported as having been very courteous. No accident occurred to mar the pleasure of the voyage, and but one death was recorded, that being the child of Walter Hilborg who died and was buried at New York. The regards of the Elders and Saints in the Scandinavian countries are sent to their friends in Utah and surrounding vicinity.

Pleasant Missionary Reunion.

MESA, Arizona, Dec. 3rd, 1895.

To the Editor:

A very enjoyable affair took place here on the 29th ult. For a long time the returned missionaries of Maricopa Stake of Zion had been looking forward to a time when they could meet together and revive the joyous feelings which actuated them while abroad in the world preaching the Gospel, and Thanksgiving Day was considered the most suitable one for the occasion. Consequently at 10 a.m. a large number of people gathered to listen to the missionary experience of the Elders.

An interesting program had been arranged, in which all the returned Elders were to take part, but out of the twenty-five (of them, seven were absent.

Five minute sketches, occasional recitations and songs appropriate for the occasion, made the forenoon session soon pass away. Now most of the people brought their well-filled baskets of picnic with them, and the big reunion dinner which followed will long be remembered by those who took active part in it.

At 2 p.m. the meeting was resumed and the balance of the program carried out.

Following are the names and former fields of labor of the returned Elders:

Patriarch B. F. Johnson, Eastern states and Bonneweh Islands; H. O. Rogers, southern Arizona; James Brooks, Africa; Timothy Mete, Holland; Thomas B. Biggs, Great Britain; James L. Patterson, Southern states and Great Britain; Seven Samson, Canada; J. M. Hofer, Sandwich Islands; J. E. Pomeroy and W. S. Johnson, Northern states, and George Passey, H. B. Morris Jr., H. S. Pierce, W. B. Lewis, William Brundage, J. P. Lewis, Warner H. Allen, James Vance, F. C. Johnson, Isaac Dame and Ben F. Le Baron, Southern states.

A most pleasant time was enjoyed and reunions of this kind will probably be held at least once a year hereafter. Besides those already returned our little Stake now has seven Elders on missions and one more to start in a few days.

The weather here in Salt River valley is most delightful and the health of the people generally good. Home grown oranges have been on the market for several weeks. ULTING.

I can recommend Price Cream Baking Powder in all winning pure food.
LOUIS PALMBERG,
Late State Assayer to California.

TERRITORIAL ITEMS.

Manti Sentinel: J. H. Hougaard will go to Gunnison next week to survey the Antelope Valley canal, which will be taken out at the reservoir, will run through Antelope Valley, bringing a uncurned area of new land. It will follow along the hillside above Gunnison, bringing 2,000 acres more, into notice. From there it goes on taken around the hills above Fayette and across the face to Cedar Ridge.

Costello Times: From Thomas M. Hoit, superintendent of construction work on the Grass Creek spur, we learn that the grade is practically completed. A contract for 5,000 ties has been let to Morgan parties, the ties to be delivered in a short time. About 3,000 more ties will be needed, and Mr. Hoit informs the writer that if he cannot procure them in summit county he will telegraph to Oregon for them. He prefers, however, to get them here if possible. The work will be pushed with all possible speed, and by January 1st next the promoters expect to have the engine and cars running to the mines and taking out their regular shipments of coal.

Tooele Transcript: A set of resolutions was presented and passed by the county court at its last session. Joseph G. Jacobs is given the privilege of erecting poles for an electric light line. Poles are to be in position on or before May, 1896, and the gentleman is to expend $500 by August, 1896, and $10 thousand on the entire plant by January, 1897.....George R. Judd of Grantsville has a well boring machine with which he has done and is doing some fine work. He has lately driven a well 1,305 feet on the Stockey ranch in St. John. Mr. Judd claims that with a two-inch pipe he has gone deeper than any one else in the Territory. The water now stands about three feet from the surface and Mr. Stockey may produce with the driving in the spring.

Price, Carbon county, Advocate: Sometime within the last seventy hours W. A. Smith, butcher, of Price, leader Castle valley a hunted hot and sweat adieu and stepped out into the somewhere or other and the places that knew him shall know him not any more right away. Creditors of him also feel quite badly about it.....Mrs. Hendricks, of Pleasant valley junction, broke into the saloon of Lew Lyttle during the night of last Monday. She stole a quart of whisky and was found the next day in the last struggles of death with the neck of the nearest empty bottle jammed down her throat. The deceased was a confirmed inebriate fiend and had served a term in the Ponto asylum for breaking into saloons and other actions.

Manti Messenger: Did you ever see a young lady dressed in male attire promenading the streets? Well, if you had been on the streets Sunday night you might have seen three of our swell society ladies doing this act. The "new woman" lad has surely struck Manti. We don't know if this style will be adopted by them as a permanent dress or whether the pants will only be worn on special state occasions.....Henry Adams and Ed. Starr, of Nephi, came to Manti late Saturday night in search of some emigrants who are charged with breaking into a store at Nephi and carrying away a large amount of goods. A party of travelers camped Saturday night in the fishing yard at this place, and early Sunday morning their wagons were searched by the sticky gents, but were not found. The emigrants were permitted to continue their journey towards Dixie..... Every village in Sanpete valley has had its full quota of tramps during the past ten days, and some citizens of Manti feel that this town has had more than its share.

LITERARY NOTES.

The December number of the Progress of the World Magazine contains an unusual number of illustrations, including large half-tone portraits of all the newly elected state governors and other important persons chosen for office in last month's election. The departments of science and finance are the most interesting, the former presenting an entertaining description of the discovery and possibilities of the new method of producing acetylene gas, an illustrated up-to-date account of the underground electric conduit for street railways, and a paper explaining the scientific basis of the alleged occult world.

The Review of Reviews for December, in its "Progress of the World" department, plunges as usual into the discussion of important current topics. The assembling of the Fifty-fourth Congress, at home, and the disturbed condition of Turkey and some of the European powers at the moment present questions which call for extended comment this month. The editor also devotes several paragraphs to the boundary dispute between Great Britain and Venezuela, and the results of the recent elections in various states are reviewed at some length. In this department of the Review is by no means confined to its range to political or governmental affairs; it "covers" such subjects as the foundation of the Luther League of America, the doings of Bishopher, the so-called "Bicycle," or "Devil," the noteworthy events in the educational world (Mr. Rockefeller's latest gift to the University of Chicago, the inauguration of a new president at Colgate University, etc.,) and biographical notes on important men and women who have died during the month (Eugene Field, Signor Brandi and others.

Why Goodyear

Welts are the best leather shoes is told in "Foot Comfort." Write for it. All dealers sell Goodyear Welts; all styles are made; for all ages and both sexes.

Holiday Suggestion.

Prettiest and cheapest holiday gifts in greatest variety at Bentley & Hill's Drug Store, Pacific Building.

Troubled With Periodical Dysentery

Henry P. Silvers, of Lucea, Jamaica, West India Islands, says: "Since my recovery from an attack of dysentery, some ten years ago, it comes on suddenly at times and makes me very weak. A teaspoonful of Chamberlain's Colic, Cholera and Diarrhoea Remedy taken in a little water gives me immediate relief. I could get a dozen testimonials from people here who have been cured by this remedy."

Parks' Tea clears the skin. For sale by F. J. Hill & Co. and Nelden Judson Drug Co. 1

"The Common People,"

As Abraham Lincoln called them, do not care to argue about their ailments. What they want is a medicine that will cure them. The simple, honest statement, "I know that Hood's Sarsaparilla cured me," is the best argument in favor of this medicine, and this is what many thousands voluntarily say.

Hood's Pills are the best after-dinner pills, assist digestion, cure headache. 25c.

Use it in Time.

Catarrh starts in the nasal passages, offending eyes, ears and throat, and is in fact, the great example of the mucous membrane. Neglected colds in the head almost invariably provoke catarrh, causing an excessive flow of mucous, and if the mucous discharge becomes interrupted the disagreeable results of catarrh will follow, such as bad breath, severe pain across forehead and about the eyes, a roaring and buzzing sound in the ears and oftentimes a very offensive discharge. Ely's Cream Balm is the acknowledged cure for these troubles.

The Ideal Panacea.

James L. Fraser, Alderman, Chicago, says: "I regard Dr. King's New Discovery as the Ideal Panacea for Coughs, Colds and Lung Complaints, having used it in my family for the last five years, to the exclusion of physician's prescriptions or other preparations."

Rev. John Burgus, Keokuk, Iowa, writes: "I have been a minister of the Methodist Episcopal Church for 50 years or more, and have never found anything so beneficial, or that gave me such speedy relief as Dr. King's New Discovery." Try this Ideal Cough Remedy now. Trial Bottles Free at Z. C. M. I. drug department.

It May Do as Much for You.

Mr. Fred Miller, of Irving, Illinois, writes that he had a severe Kidney trouble for many years, with severe pains in his back and also that a bladder was affected. He tried many so called Kidney cures but without any good result. About a year ago he began use of Electric Bitters and found relief at once. Electric Bitters is especially adapted to cure of all Kidney and Liver troubles and often gives almost instant relief. One trial will prove our statement. Price only 50c. At Z. C. M. I. drug department.

Bucklen's Arnica Salve.

THE BEST SALVE in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns, and all Skin Eruptions, and positively cures Piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by Z. C. M. I. drug department.

Go to the S. U. A. Art Exhibition, 67 east, First South.

Buy all your medicines at Godbe Pitts Drug Co.

The direct line to Kansas City, St. Louis and Atlantic seaboard, is via the Missouri Pacific Railway, from Pueblo. Through sleeping and chair cars, and all conveniences made in Union depots in the day time. If you are going East and care for a daylight ride through the grandest scenery of the Rocky Mountains on route, see that your ticket reads via Missouri Pacific Railway. Elegant chair cars positively free to holders of regular train tickets.

132 MAIN STREET.

White & Sons Co.,

GENERAL MARKET,

92 and 94 W. First South.

THE BEST

Tea or coffee is delightfully drinkable. We have them in our stock, and right here we want to say that it is a mistake to suppose that good tea or coffee can be bought anywhere, for they can't be. The market is flooded with spurious brands, and careless dealers are more apt to handle them than anything else. There is adulteration abroad and adulteration at home, and consumers need to be careful of the place where they buy. Intelligence and commercial integrity and honor in the local merchant afford the guarantee of purity which all are interested to find, so there are pure goods in the market, and careful and honest merchants know how to get them and do get them.

ANOTHER RAMBLER DAY.

The Rambler boys made a great showing in the Ogden races. The first event of the day was the two mile road race, in which Mr. Stanley finished third, taking third prize and third time prize, Fowler came the track race, Joe Beck taking second in the novice, Fowler first, Walter Thatcher second, and Thatcher third in the one mile scratch, class B, all "Ramblers" on wheels. In the half mile class A, Maynook second, Carson third. Half mile, class B, Thatcher second, Fowler third. Five mile, class B, Fowler second. In this race a man in a yellow suit led his head and fell, Cunningham and Walter being immediately behind him, the result was a split for those positions and the race left to Evans. The five mile, class A, was another Rambler event, May taking first, the Rock second and McCombey third. Fourteen prizes in one day is glory enough for any one.

Prizes may launch and people may err,
And people may need if they please,
But Rambler's win cases wherever they go,
Testimonies of how others lose.

Monopoly is Rambler. Ride a winner and you'll be a spinner.

We are the only dealers in the West who carry a complete stock of Sporting Goods. Come and see us. Catalogue free.
