Sixteenth	2:00	Bench	2:00
Seventeenth	2:00	Sugar House	2:00
Seventeenth	2:00		

Some missionaries will visit the country wards of the Stake tomorrow.

The Twenty first quorum of Elders will meet in the Nineteenth ward meeting house on Monday evening next at 7:30.

County Teachers Met.

The county teachers had a long but interesting meeting this forenoon at the University building. The program consisted of three exercises on geometry reading by Miss Effie Hinkley of Murray; a paper on supplementary primary reading by Mrs. Tomlinson; a talk on grammar grade reading by Dr. McCarty; a discussion of supplementary reading in the primary grades by Mr. W. H. Lee.

The program was followed by a general discussion in which most of the teachers took part, and by a committee report on text books and supplementary books and reference for the eight grades of the public schools.

County Superintendent Van Cott gave some general instructions pertaining to teachers reports. He also advised that the teachers throughout the county endeavor to take up a collection of not more than ten cents from each pupil for the La Fayette monument to be paid for by the schools and colleges of the United States, he also advised that flag exercises be given on La Fayette Day, October 19th.

Prom Opera Special.

The Ogden Short Line will run a special to Provo on Monday evening for the benefit of persons desiring to see the SaltLake Opera company in the Queen's Lace Handkerchief. The train will leave here at 6:30 and return immediately after the opera.

The City Teachers.

The city teachers were disappointed this forenoon by the failure of all those on the program to be prepared. They therefore did not have their regular monthly meeting, but left immediately after receiving their salaries at the High school building.

Save your money and when you get a Dollar, deposit it with Eldredge Bank & Trust Co., 1, 3, 5 Main St. The Officers and Directors are: Wilford Woodruff, President; George Q. Cannon, Vice President; George M. Cannon, Cashier; Joseph F. Smith, Lorenzo Snow, T. G. Webber, Heber J. Grant, James Jack, Francis M. Lyman, Angus M. Cannon, Jonar Horsley, H. B. Clawson, L. John Nuttall.

Notice—Ladies.

Ladies! Do not fail to procure a bargain in KID GLOVES at E. C. M. I.

HOMES FOR THOUSANDS.

To Latter-day Saints Who Desire Good Places to Make Comfortable Homes. A Good Opportunity to Accumulate Means to Pay for Them Without Injuring the Bondage of Debt.

One hundred thousand dollars in labor wanted.

Fifty miles of the Alberta company's canal to be built, for which half will be paid in cash and balance in excellent prairie land, at $5 an acre, with free water for two years to first settlers on those lands.

Lands are to be settled in hundred or settlement form, in order to afford settlers the benefit of ward organizations, including day and Sabbath schools.

All labor will be contract work, at his own a cubic yard for earth work, dressed, loose and solid rock to be paid for in proportion.

An industrious, able-bodied man, with team can earn a good farm, town lot and cottage in one year.

Lands to be settled are adjacent to a railway. Plenty of coal for fuel near at hand.

President C. O. Card, writing to the First Presidency under date of September 23rd, says that work has commenced on the canal; that parties in Utah desiring to do work this fall would do well to bring their teams and wagons by railroad. By doing this they could be at work on the canal in less time a week after starting. Speaking about wintering teams, he says that hay, if needed, will not exceed $4 a ton, and besides it can be cut there as late as a month from the date of his letter; that no hay will be needed on the canal, as for miles in its immediate vicinity grass is from six to twelve inches high. When work cannot be done on the canal, men can be building homes for themselves. He advises men to come with their teams, leaving their families until the spring, by which time homes may be provided for them. Parties desiring to join the new colony in making homes, who may not care to do work on the canal, can obtain land through President Card.

For special rates of transportation for passengers, household goods, teams, etc., call or apply to Wm. G. Nye, 104 S. Salt Lake City, or C. O. Card, Cardston, N. W. T., Canada.

JOHN C. CUTLER, JR.

Tel. 37. 36 Main St.

TO BE REPEATED.

The Queen's Lace Handkerchief Will be Given Twice More.

The great success of The Queen's Lace Handkerchief, and the fact that so many are unable to obtain admission on the last night, has induced the Salt Lake Opera company to give the popular song of the work. The dates are one next Friday evening and Saturday afternoon, the same popular song of success as before being adopted. The reserves sale will open Wednesday, when people who did not wish to be disappointed by what they were before, will do well to be on hand.

Incidentally to the opera, Mr. Gabriel will sing the ballad, "In I Alone Can Love," written by Sousa, the popular composer, to the composer Hoey. Miss Savage and Mr. Fryer will also be heard to a fine. As Miss Fisher leaves for the East this month the performances will be the last opportunity to hear The Queen's Lace Handkerchief.

The opera is to be given in Provo Monday and Ogden Wednesday.

Too Much Rain for Roses.

President Barrow of the City Council is filled with remorse. He recently introduced a resolution into the body over which he presides granting certain ordinary privileges to Henry Harris, the valedict operatic producer. The resolution was adopted at Wednesday night. Scarcely one hour was before the Council committee again. There was complaint on the part of the owner of the Grand that a rival of Mr. Harris's things was getting dry. Harris presented a debate within forty-eight hours and asked permission to postpone the contested forever in a certain room. That dignity is consequently much depressed and propose to conclude all privileges granted Harris by the Council at its next meeting.

Found a Theft and Knew.

A fellow named Sam Wilson reported at the sheriff's office the afternoon that some getting a load of watermelon from the Weber river bottom yesterday he had come upon a part of a corpse of a man. Only the head, backbone and some ribs were there, as he says, and he wanted the sheriff to get him for showing up the corpse. Sheriff Hogan decided to do this and did the same, if there are any down there will be no reason where they are until some man from them.—Ogden Standard.

Microscopical Society.

The Microscopical Society held its regular meeting at the University last night. Among the matters of business brought before the society was a proposition to invite the other scientific societies of the State, doing work in their respective lines, to join with the Microscopical society in effecting the organization of an "Academy of Sciences" with separate societies to become branches of this main head. The society was convinced upon Saturday by those present, but was not open for further consideration last night.

Those present enjoyed a most instructive lecture by Mr. C. C. Richards of the University faculty, on the topics of the Microscope. The speaker showed why the eye needed a device to aid it in seeing small objects, described some of the simple devices employed, and then took up the microscope and explained every detail of its action, demonstrating fully both practical and theoretical.

Want to Build Them.

For some time past representatives of several immigrant boarding concerns have been in the city looking after the interests of their companies in trying to secure the contract of building the eight new freight engines that are required on the Oregon Short Line. The morning it was given out that the contracts would be let Monday, the bids being opened that day.

Visiting Salt Lake.

Mr. Arthur C. Carruthers of Denver, agent for the Star Lubricating Oil company, was in Salt Lake today, accompanied by Mrs. H. M. Horton of Chicago. Mrs. Horton is the mother-in-law of Mr. Frank I. Carruthers, business manager of The Deseret News, and brother of Mr. Arthur C. Carruthers. The visitors are pleased with Salt Lake and adjacent cities. Mrs. Horton will leave for Chicago tomorrow.

Overture, Poet and Peasant ..... Hermann
Gavotte (c), Our Little Blonde ..... Brooke
Medley Overture, Hot Time in Old Town ..... Brooke
Star Spangled Banner.

C. H. SCHAFFNER,
Chief Musician.

Going Home to Mexico.

Patriarch Henry Lunt, who with his wife has been visiting Utah relatives and friends since June last, is going back to his Mexico home tomorrow. Elder Lunt has been in Cedar City for the greater part of the time. He founded that place and he was its Bishop for many years. He was also a counselor to the president of the Stake for a considerable period. He is very proud of what the people of his county have done in the way of building the branch of the State Normal there. It is, he says, a fine structure, and a credit to those who erected it.

For the past eight years Elder Lunt has resided in Colonia Juarez, Stake at Colonia Pachon. With his wife he will leave over the Rio Grande Western tomorrow morning. It will take three days to reach El Paso and seven days to Pachon, another to Colonia Juarez, and two more to Pachon, seven in all.

A Missionary's Letter.

Elder F. C. Pulsipher, who is laboring in the Southwestern States mission, has written a letter to his friend, Joseph McKnight, of this city, saying that he is enjoying good health, likewise the companionship of his duty as a missionary. Recently he spent two and a half months in Wichita, Kansas. The Elders have met much opposition there, leaving their families until the spring, by which time homes may be provided for them. Parties desiring to join the new colony in making homes, who may not care to do work on the canal, can obtain land through President Card.

For special rates of transportation for passengers, household goods, teams, etc., call or apply to Wm. G. Nye, 104 S. Salt Lake City, or C. O. Card, Cardston, N. W. T., Canada.

UTAH COAL.

Castle Gate and Winter Quarters, Lump, Nut and Slack.

PUBLIC SCHOOLS.

The Board of Education recently adopted a rule which will require all pupils in the public schools who are passed under tenancy to the Board to provide book-cases in which to carry such books to and from their homes. To enable pupils to comply with the rule we have added to our large stock of stationery a complete line of School Bags and Satchels from 15 cents to $1.25 each.
