Delegates were chosen to the municipal ward conventions to be held on Friday evening, October 8, and to the city convention to be held Monday, Oct. 11. The number of delegates to the city convention is 300, apportioned as follows: First ward, 18; Second ward, 17; Third ward, 42; Fourth ward, 42; Fifth ward, 179.

A Court Incident.

After court adjourned in the Kearns case yesterday Judge Cherry requested the attorneys to remain and afterwards inquired of Attorney W. H. Hutchison with respect to the truth of a statement made by a witness for the defense named Lisa Hinckley. The witness had in effect said that she had been requested by the attorney to notify the witness Graham that he would be liable to prosecution for felony if he testified in the case. Mr. Hutchison said there was absolutely no truth in the statement and offered as on the stand to testify. The court intimated that it would not have witnesses interfered with. The explanation of Attorney Hutchison being satisfactory, the matter dropped. Mr. Sefore, Attorney Eva, however, took an exception to the proceedings on the ground that it would tend to prejudice the jury against Miss Wray.

Two Country Lads Sell Peaches and Receive a Worthless Watch as Part Pay.

Two unsophisticated country lads in the persons of George Pratt and Hosea Weeks, walked into the police station Friday morning with tears in their eyes and explained to Desk Sergeant Adams what appears on its face to be palming more gold brick than ever sold out of Utah.

The boys are from Pleasant Grove, and stated respectively is and 15 years. They stated that they recently reached the city with a wagonload of peaches, and that Friday morning while selling their fruit in the vicinity of South Temple and Second West streets a gentleman approached them and after one of them gave his name as Ring, proceeded to take the entire load—some 3 loads—and pay therefor the sum of $3 in gold. The lads say they delivered the peaches at a farm in the vicinity and received as payment two dollars in cash and a watch, which they were told to hold as security until 4 o'clock in the afternoon, when they were to meet Ring on Market Row and get the $1 on this of the watch. Ring represented to the time-piece as being worth between eight dollars and diamond the rose with the understanding above stated.

The youngsters undoubtedly carried out the agreement, they repaired themselves to a jewelry shop where they exhibited the silver gold gold which had asked to verify the watch. The jeweler told the lads that the watch would be preferable to the nine-pence, their hearts nearly failed them and they immediately repaired back their at the police station. Desk Sergeant Adams told the lads to abide by their part of the agreement and wait on Market Row for Ring on Monday from at 2 o'clock; this if he failed to materialize the officers would take a hand in it.

At 4 o'clock in the afternoon George and Hosea again appeared at the police station, and reported their inability to locate the man with the eight dollars, despite the fact that they had waited on Market Row for a whole hour. On this showing the Department has taken the case in hand and will do all that can be done to locate the fellow follows.
