EVENING NEWS.

FLOATING FRAGMENTS.

Bishop William Paxman, of American Fork, was in the city to-day.

California strawberries are becoming quite plentiful in the Salt Lake market.

It now appears certain that Sheriff Bowman and Mr. Brink are both alive and well.

There is a letter from Logan at the DESERET NEWS office for Mr. E. Burnett. Call and get it.

Look out for the coming comet. If it is going to swing a long tail in June, it ought to be in sight before long.

William Jennings & Sons are discounting 20 cents on the dollar on all purchases in their underclothing department. See advt.

Edward H. Anderson, Esq., business manager of the Ogden *Herald*, was in town to-day in the interest of that lively paper.

Peter Devine, of Pueblo, is mad because a negro shot his calf. He was greatly attached to the calf and the calf to him. It was the left one.

The lady who took the wrong pair of boots, by mistake, from the shoe shop of Geo. Saville, Second South Street, will please return them immediately and get the proper ones.

"Does Your Heart Still Beat for Me," a new song, words and music by Thomas Maxwell, has been received from the publishers, Spear & Denhoff, 717, Broadway, New York.

A philosopher observes that there are two periods of life when a man looks to see if his hair is coming out—at 20, when he inspects his upper lip; at 40, when he inspects the top of his head.

Richards Brothers, Charles and Lorenzo, of Ogden, have opened a wholesale establishment—general merchandise, in the Jennings' building, corner of Main and Fourth Streets, Ogden City.

Congress has a bill to compel persons to refrain from using profane language in any office. The public can do much towards this end by writing addresses so that they can read and also by refraining from sending interesting postal cards in French.—*Ex.*

At the military corral in Helena, one day last week, Wm. H. Dobson, of Company I, 18th Infantry, attempted to clean his gun without removing the cartridge. Of course, the cartridge exploded when he had his hand over the muzzle and bullet and ramrod went through his hand, causing the loss of two or three fingers.

The Bozeman *Courier* says: Dr. Burleigh, of Custer County, informs us that 2,500 Swedes recently arrived in New York, most of whom are destined for the Yellowstone Valley. The Doctor predicts that the political status of Montana will undergo almost a complete transformation during the next two years.

The following appears on the edge of Judge Berry's table at Pueblo: "Attorneys who claim the privilege of resting their feet on the judge's desk, must make affidavit before the court that they have washed their feet within the past thirty days at least once." None of the fraternity being able, conscientiously, to make this affidavit, the judicial view is no longer broken by their elevated No. 11's. Some other judges should follow Judge Berry's example.

LOCAL AND OTHER MATTERS.

Progressing.—We are gratified to learn that young Paxman, of American Fork, whose skull was accidentally broken in a week ago last Saturday, is progressing finely toward recovery. He is now considered out of danger. This is gratifying news, especially in view of the fact that the injury was at first believed to be fatal.

Homicide.—A week ago last Sunday Joseph Kessler and two companions waylaid David Eckery, close to the lower bridge at the crossing of the creek Glendale, Montana. Kessler stepped out and shot Eckery, the ball passing through both lungs and killing him. The trouble was occasioned by Eckery having been on too intimate terms with Kessler's wife.

Re-organized.—There was a reorganization of the Primary Association of the 18th Ward on Sunday, under the direction of Sister E. R. Snow Smith. The officers appointed are Mrs. Fanny Y. Thatcher, President; Mrs. A. Grieve, First Counselor; Mrs. Vilate Young, Second Counselor; Lutie Thatcher, Secretary, and Ernest Young, Treasurer.

A Heavy Scheme.—Mr. J. H. Davidson, of St. Paul, Minnesota, General James Brisbin, commander of Fort Keogh, Montana, and a number of Chicago capitalists are about organizing a colonization and land company, with a capital of $2,500,000, to operate in lands, town sites and mining property along the new railroad lines in Montana.

Watery Prospect.—Should the present cool weather continue but a little while longer it will imprison the snow in the mountains, and cause a tremendous rush of waters when the warm season sets in. This may be reasonably anticipated to be a season of floods. Whatever precautions can be taken beforehand to prevent damage should be attended to. Even with the exercise of all the care at command there is likely to be considerable destruction.

The Mammoth Soap House.—We received a pleasant call to-day from Mr. Wallace F. Kirk, one of the members of the firm of James S. Kirk & Co., Chicago, the largest soap manufacturers in the West. Mr. Kirk has been on quite an extensive business trip in New Mexico and the West in the interest of the firm. The soaps manufactured by this house have been sold in this market for many years and are too well known to need any special comment from us. They manufacture over 150 varieties of standard soaps, and their production last year was over 50,000,000 pounds. A few months since this firm put on the market a line of Fancy Soaps and Toilet Articles equal to any we have ever met with. Mr. Kirk was accompanied by Mr. D. Adams, who will have charge of the firm's business in City.

Theatre.—Mr. and Mrs. N. C. Goodwin and troupe will commence their engagement of four nights at the Theatre on Wednesday evening. The *Alta*, Cala., speaks thus of their performance at the Bush Street Theatre, of San Francisco:

The extravaganza of "Hobbies" has lost none of its popularity, as was shown by the large and very well-pleased audience that witnessed its representation last evening. It is very funny, and is the cause of almost constant laughter from first to last. Mr. Goodwin seems to revel in the humor of his role, and never misses a point. His imitations are as inimitable as ever, and were greeted with the loudest applause. Miss Weathersby was as bright and vivacious as ever, her singing and acting meeting with the greatest favor. Miss Jennie Reiffarth made a hit as the maiden aunt, and was also the recipient of a great deal of applause. The entire cast was as follows: "Prof. Pygmalion Whiffles," N. C. Goodwin; "Minnie Clover," Eliza Weathersby; "Miss Constance Bang," Miss Emma Weathersby; "Miss Euphemia Bang," Miss Jennie Reiffarth; "Major Garroway Bang," W. F. Owen; "Arthur Loveleigh," Frank Kilday.

Seconded the Motion.—Mr. J. C. (familiarly known throughout Idaho and Montana as Jack) Anderson, tells the following as the experience of our friend Berger of Malad. When Berger had been in Malad a short time he was elected justice of the peace. About one of his first cases was that of a man who was accused of stealing a calf. There was no attorney for the people, but the defendant had employed one. When the case came to trial the attorney for the defendant made a motion that the case be dismissed on the ground that there was an error in the complaint. Judge Berger having had more experience as chairman of a political meeting than justice of the peace, said it had been moved that the case be dismissed, but he had heard no second to the motion. The prisoner, not slow at seeing the point, seconded the motion. The judge then said: "It is moved and seconded that the prisoner be discharged. All in favor of the motion say aye." The ayes being in the majority the judge says, "the motion is carried, the prisoner is discharged, and court is adjourned."—*Blackfoot Register.*

Bicycling.—About half a dozen bicyclers ran down to Calder's recently to inspect the changes in the race track. They found it very much improved, Mr. Calder having re-coated the whole track and raised the depression on the north-west corner to the main level. It is expected that another race will take place within a month from this time, and as there will soon be an increase in the membership of the club and some first-class machines are expected shortly for some of the members, it is believed that the next event will prove more interesting than the last. Those intending to take part in the race for the gold medal should take a run around the track and become familiar with the ground before the race comes off. We understand it will be ready for practice the latter part of this week.

Departure. — This morning the following Elders who were called on missions at the late General Conference left for their fields of labor, in different parts of Europe: Ward E. Pack, Jr., Hans Jacob Fischer, John Bernardt Hesse, Jos. Wild, Wm. S. Tanner, Geo. Croft, Chas. C. Harris, Willson G. Nower, Mathew McCune, Gisla E. Bjarnason, Pjetur Walgardson.

Besides the brethren bound for Europe Elder A. W. Ivins, and Milson R. Pratt departed on missions to Mexico.

Joseph Howell, John Oswald and John Brooks accompanied the missionaries on their way to visit relatives and friends in Great Britain.

Some other missionaries besides those named above were expected to join the party at Ogden.

From Racine.—This morning we received a call from Mr. S. M. Hart, who is sojourning a few days in our city, and is connected with the firm of Messrs. Blake & Co., of Racine, Wis., who manufacture a superior line of woolen shawls, etc. He is staying at the Walker House, where he has a fine lot of samples of the goods manufactured by the firm he represents. These shawls are well known in this market as they have been sold by Z. C. M. I. and others of our merchants for several years, and the steadily increasing demand for them speaks for their adaptability to this locality.

A Juvenile Run.—The fact that the faculty of imitation is largely developed in the juvenile mind was aptly illustrated to-day on the little garden spot adjoining the east side of the City Hall. In imitation of the late pedestrian contest, a couple of school boys made a match to run on time so many laps around the asphaltum walk. One of the lads ran till he finally flopped upon the grass fairly exhausted. The other made a few laps more and was declared the winner.

A Sad Call. — Apostle Erastus Snow returned from Logan on Sunday morning and went south on the 2 p.m. train the same day for St. George, to which place he had been called by a telegram on Saturday morning, in consequence of the sudden death of two of his grandsons, who were apparently in good health, playing around on Thursday morning. One died at 20 minutes to 7 and the other at half-past 11 on that evening.

Suicidal.—The Evanston *Chieftain* contains an account of the suicide, in that town, of Mrs. Brinkley, wife of Mr. R. V. Brinkley, superintendent of the U. P. car department. The unfortunate lady cut her throat, while laboring under a fit of temporary insanity. She had been for some time in ill health. Her husband and children are overwhelmed with grief.

Assault with Intent.—Last night Sheriff Allison, of Summit County brought to the city a young man named Richard Bailey, who is charged with assault with a deadly weapon with intent to kill. It appears that during a dispute with another man he fired several shots at him, without, however, doing any injury. The affair occurred at Park City.

Challenge Accepted.—I hereby accept the challenge issued by H. Stevenson, for the distance of thirty miles, to be run inside of ten days from signing articles. I leave a forfeit of $25 at Leviberg's cigar store, and will meet Mr. Stevenson tomorrow at said place at 11 o'clock a. m. and put up balance of stakes.

WALTER STEADMAN.

Laboring Alone.— Elder Mark Hall, of Ogden City, is laboring alone as a missionary in Erie County, New York, and doing a good work. He does not know of an Elder within two hundred miles of his headquarters. He finds the DESERET NEWS a great help in his work and has obtained for it several subscribers. We wish Elder Hall success in his faithful ministrations.

Brink and Bowman Safe.—It now appears to be beyond doubt that Sheriff Bowman, of Colorado, and Mr. Brink, of Utah, were not killed by cattle thieves on the Ute Reservation. Last Thursday, May 4th, the following dispatch was received at Laramie City, from Gunnison, Colorado:

"Bowman and Brink reached here last night. A banquet in honor of the event takes place this evening."

Prisoner Escaped.—Last night, four prisoners, in charge of United States Deputy Marshals, were brought down on the train from Ogden, on the way to the penitentiary. They were in couples, two being handcuffed together. At the depot in this city one of the men managed to slip the iron over his hand and darted away like a shot. His name is Peterson. The crime with which he is charged is house breaking. He had not been found up to 3 o'clock this afternoon.

For Mexico.—Among the missionaries who will start this morning for their fields of labor in various parts of the world are Milson Ross Pratt, of this city, son of the late Apostle Orson Pratt, and Anthony W. Ivins, of St. George. The destination of both these young men is Mexico. They will proceed by rail to New Orleans, where they will take passage on a steamer for Vera Cruz, and from that port make their way by rail or otherwise to the City of Mexico, which point will probably be the base of their missionary operations.

Accused of Robbery.—Yesterday morning, when the train from San Francisco arrived in this city, a man named Curtis, a former employee of Wells, Fargo & Co., stepped out on the platform and into the dining room, where he was arrested by an officer on the strength of a dispatch from the company to P. W. Brennan, the agent, on suspicion of having been engaged in robbing the company of a sum of money. About $1,300 was found on his person. He was taken to the city jail, where he will remain until to-morrow morning, when an officer from Sacramento will arrive with a requisition from the governor to take him back to California.—Ogden *Pilot.*

BENEFACTORS.

When a board of eminent physicians and chemists announced the discovery that by combining some well known valuable remedies, the most wonderful medicine was produced, which would cure such a wide range of diseases that most all other remedies could be dispensed with, many were sceptical; but proof of its merits by actual trial has dispelled all doubt, and to-day the discoverers of that great medicine, Hop Bitters, are honored and blessed by all as benefactors.
