## STRIKERS IN ARMS.

### Laborers Crazed With Liquor Attack Those at Work.

#### MANY MEN SEVERELY INJURED.

#### A Reduction of Wages the Cause of the Riot.—Two Thousand Men on the War Path.

CHICAGO, June 3.—There was a reign of terror today along the route of the drainage canal between Lemont and Romeo. Four hundred quarrymen struck for an increase of wages and armed with clubs and revolvers marched from one quarry to another, gaining additions to their ranks and stopping at many saloons on the way until almost crazed with liquor, they left the quarries and rushed upon the nearest camp of contractors. Along the canal line camp after camp was visited. In each the men were driven from their work and where they resisted were assaulted by the strikers. Many men were severely injured and it is thought that one, James Powderly, will die.

The rioters encountered no really serious opposition until they reached the camp of the McCormick Construction company. Here they were met by McCormick himself. He told them not to do any damage to the property. Thereupon they began to hurl rocks at him. McCormick was released and presented a Winchester rifle, at the sight of which the rioters fled. His men, however, all quit.

At Mason, Hogan & King's camps they struck and wounded Peter King, a brother of the contractor. A freight train on the Santa Fe killed one of the strikers who was on the track near Romeo, Ohio. The strikers number about 2000, about 1200 of them being employed on the drainage canal. The cause of the strike is that the stone companies reduced wages from 17½ cents to 15 cents per hour. The strike also extends to Joliet, where from 300 to 400 men are out because of the same reduction. The drainage contractors were unable to learn why the strike has been ordered on them, as there has been no reduction in wages there.

#### THE SHERMAN LAW.

##### Little Trouble to Repeal it in the House.

WASHINGTON, June 3.—The *Star* says that information coming from authentic sources makes it safe to predict that there will be comparatively little trouble to pass a bill through the House to repeal the Sherman silver law soon after Congress meets. How the thing will stand in the Senate is another story, but it will probably be found that the finance committee will have a majority for the repeal of the present law. The 1 cent given by some of those who will drop from the ranks of the radical silver men, is that, in the light of the present financial situation, many of their people, without yielding their convictions, are willing the Sherman law should be repealed at once, leaving the question of the future coinage of silver open.

##### A Lead Decision.

WASHINGTON, D. C., June 3.—In the case of Thomas A. Holden, Secretary Hoke Smith today held that all lands within the limits of the grant to the Oregon Central Railroad company were released to $1.25 per acre by forfeiture of the act of January 31, 1890, and that not self-sect except lands falling within the conflicting limits of the Oregon Central and Northern Pacific roads.

##### The Bering Case.

WASHINGTON, D. C., June 3.—Unofficial advices from members of the American commission at Paris in connection with the Bering sea arbitration, do not give any hope of an early termination of the present proceedings. Besides Sir Charles Russell, Great Britain will present four other attorneys. After they have finished C. J. Phelps and H. A. Blodgett of the counsel for the United States are still to be heard. After the argument is concluded the arbitrators have three months in which to render a decision. It is hoped a final result will be reached by the 1st of October, at which time the modus vivendi expires by the terms of the treaty of arbitration.

##### COMING TO THE FAIR.

##### The Far-Famed Sultan of Jehore.

CHICAGO, June 3.—Word was received today from the far-famed oriental monarch, the Sultan of Johore, is coming to the World's Fair.

The White City is now practically completed. With very few exceptions the exhibits are all in place, and by the first of next week the Fair will undoubtedly be finished for the inspection of the public from end to end.

A band of Austria's crack regiment arrived today, and will give a series of concerts throughout the Fair.

The heavy clouds that threatened rain this morning did not keep the people away from the grounds. When it cleared on this afternoon the crowd increased till the bureau of admissions estimated that 50,000 people were on the grounds.

The official figures prepared today show that during May 1,050,037 people paid to see the Fair, of whom [illegible] were children. Of the paid holders there were 240,[illegible].

A number of the foreign commissioners who, where dissatisfied with the award plan, withdrew their exhibits from competition, today announced that they had resumed them. The result is the settlement of a much-discussed question.

##### Social Purity.

CHICAGO, June 3.—The World's Congress on social purity was presided over by Archbishop Ireland today. Addresses were delivered by Mrs. Ballington Booth of the Salvation Army, and Rev. J. M. McCleary of Minneapolis.

##### Lutheran and Divorce.

CANTON, O., June 3.—The Lutheran general synod today expressed itself as strongly opposed to the manner in which divorces are granted nowadays. The Iowa district synod asked the general synod to pass on the question of marriage and divorce. The memorial was referred to a committee and it was reported on substantially as follows:

Your committee, recognizing the great importance of the matter and the high necessity of keeping the action of the church and ministry in clear harmony with the law of marriage, service by the ministry of the church can be properly given only under the conditions, relations and limitations set forth in that divine law which the church and ministry represent.

Resolved, That the synod understands the divine law as allowing no dissolution of marriage bonds except for the one cause specified, viz., adultery, and consequently as not permitting the remarriage of persons divorced on other grounds or of the guilty party in the case of a legitimate divorce.

Resolved, That the general synod hereby places on record its earnest desire that the ministers and synods in connection with it should earnestly harmonize their practice in the solemnizing of marriage with these divine principles and the rules that they indicate.

Resolved, That inasmuch as the terrible and demoralizing evils of easy divorce for unscriptural reasons are greatly aggravated by the diversity of laws governing in the various states of the Union, the synod hereby expresses its desire for a national law of marriage by which the evil may be restrained.

A resolution was passed that taken the law of the California delegation, on their memorial, synod thinks it was sufficient to defeat it. It was on the Chinese question and reads:

Resolved, That the general synod of the Evangelical Lutheran church respectfully asks the Congress of the United States in dealing with the Chinese people to exhibit the spirit which Christians should show those who are their neighbors.

##### IMMIGRATION.

##### Baron Hirsch Said to Violate the Law.

NEW YORK, June 3.—The senate committee on immigration resumed its investigation today. O. H. Tooms immigrant inspector, said many immigrants told him they came to this country by the aid of Baron Hirsch's fund. "I know Colonel Weber went into the emigration department into the employ of the Hirsch fund," said the witness. Frank Gobbler, a banker, said some Italians made arrangements for work before they started for this country. This was generally done through bankers. Major S. Greene, president of the Baron Hirsch fund, took the stand.

"Not a dollar of this money," said the witness, "has been spent in aiding immigrants to come to this country."

##### THE MERCHANTS' BANK.

##### Contradicting the Statement of the President of the Chase National.

TACOMA, Wash., June 3.—Nelson Bennet, president of the suspended Merchants National bank, in reply to the statement of President Cashier of the Chase National Bank of New York that his bank was in no way responsible for the suspension of the Merchants, says:

"The Chase National of New York had been our correspondent for years and had recently advanced about $50,000 on specific item covered by ample security as per contract. For some unaccountable reason the Chase National people have seen fit to appropriate each and every remittance we have made them since May 24th on the item account and refused payment of our checks without even notice to us of their intention to misappropriate our funds. I desire to say that the Chase National by this discourteous treatment, which if legal is legal robbery, did precipitate the disaster."

##### Forgot the Money.

DEDHAM, Mass., June 3.—This afternoon Mrs. Charles H. Colburn, together with two daughters, left their Boston residence to drive to Hyde Park. Just before leaving Mrs. Colburn gave into the care of her eldest daughter a bag containing $20,000 worth of diamonds and jewelry. The bag was to be brought with them. The young lady set the bag down, went away and forgot it, a fact which was not discovered until they had nearly reached Dedham. The coachmen hurried back to Boston to get the forgotten valuables, but when he reached the house the bag had vanished.

##### THE COWBOY RACE.

##### It is Not Off as Formerly Reported.

CHADRON, Neb., June 3.—The great cowboy race will start from Chadron to Chicago June 15, and it was decided upon at a meeting of the committee today that on account of the conflicting reports numerous people have been deceived and the number of entries reduced, for this reason the list of entries will be kept open until the day of starting, thereby giving all who desire a chance to enter. No other material changes have been made in the published rules and they stand.

## THE SEALING INTERESTS.

### Correspondence Between Russia and England on the Matter.

#### Text of the Agreement Limiting the Capture of the Covered Animals.

LONDON, June 3.—The foreign office has issued a blue book, which contains the correspondence concerning the agreement between Great Britain and Russia as to Russia's sealing interests in the North Pacific ocean. The original contention of Russia was that her cruisers should have the exclusive right to police the seas in question, and convoy British trespassers to Paulovsky, where the cases should be adjudicated. Lord Rosebery declined to agree to such proceedings, and suggested that British vessels caught trespassing be conveyed to Yokohama, where the cases should be adjudicated by the British consular court. Eventually the powers agreed that trespassers should be delivered to a British cruiser or to the nearest British authority of land.

Among the contents of the book is the text of the agreement submitted to Privy Councilor Schickalkow May 12th last. It provides that during the year ending December 31st next British subjects shall be prohibited from killing or hunting seals within the following limits:

(a) Within a zone of ten marine miles bounding the islands of the Russian coasts which border Bering sea and any other part of the North Pacific ocean.

(b) Within a zone of thirty marine miles around Komandorsky islands and Round Robben islands and Tuilenev. British vessels poaching within said limits may be seized by either British or Russian cruisers, but if seized by the latter shall be handed over as summoned above.

The Russian government engages to limit to 30,000 the number of seals that may be killed in the whole year of 1893 upon and around the islands of Komandorsky and Tuilenev.

It is mutually understood that the rights and possessions of each power remain unaffected by this provisional agreement.

##### Does Not Support the Revolution.

PANAMA, Colo., June 3.—The Panama *Star and Herald* publishes an editorial coming to the defamation of Minister Guzman of Nicaragua that the Nicaragua Canal company was supporting the revolution against Barrios. It asserts that no political party in Nicaragua favors the Nicaragua Canal company, and claims that Zavala and his associates who lead the revolutionary movement had appointed the money to sustain it are an record against it having on different occasions denounced the money as immoderate and the conduct of its American promoters.

##### A Bomb to a Car.

BUDA PESTH, June 3.—Railway strikers at Maisle, Hungary, placed a dynamite bomb to a railway car today. The bomb exploded, killing one person and dangerously wounding two others.

##### A Fruitless Law.

ROME, June 3.—The Italian senate today, by a vote of 131 to 111, adopted the pension law, regarding which there has been for some time serious controversy, which had some influence in bringing about the recent cabinet crisis, the bill being strongly supported by the government.

##### Barrios's Troops.

MANAGUA, Nicaragua, June 3.—The Republic of Managua breathe easier now that they realize they have no longer to fear punishment at the hands of Barrios's followers. Barrios's troops were not at any time enthusiastic in his cause, and the reverses at Barranca Vieja, Chinandega and Leon, ordered out the last time many of the men in the ranks refused to go. It was an open exhibition of mutiny. The officers in command shot two of the mutinous soldiers, but the men turned their rifles against them and at effort to get them into another fight was abandoned.

##### Damage by Floods.

VIENNA, June 3.—Great damage has been done by extensive floods in eastern Galicia, and eighteen persons have been drowned.

##### Webster's Argument.

PARIS, June 3.—Sir Richard Webster continued his arguments today before the Bering sea tribunal of arbitration in behalf of the British case. He pointed out that the exclusion of seals by Senator Dolmar, who had charge in the United States senate of the measure for the acquisition of Alaska, from the description of Alaskan products, rebutted the assertion that the value of seals induced the United States to pay seven million one of dollars for Alaska. Sir Richard Webster quoted from debates in Congress on the purchase of Alaska to show that its importance was then attached to the seals or to the exclusive jurisdiction obtained in Bering sea.

##### The Ring of Floor Cloths.

In covering a floor that is to have hard wear, use "WILDS LINOLEUM." The best and original make in the U. S. None genuine unless lettered on back "Wild's Linoleum."

##### Deserving Praise.

We desire to say to our citizens, that for years we have been selling Dr. King's New Discovery for Consumption, Dr. King's New Life Pills, Bucklen's Arnica Salve and Electric Bitters, and have never handled remedies that sell as well, or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price, if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits. A. C. Smith & Co., Druggists. 1ex

W. H. WOLFE, President.
W. H. WOLFE, Secretary. 1d-10-17-24-31

Salt Lake City, Utah, June 2nd, 1893.

## CHRONIC STOMACH TROUBLE

Mrs. Margaret Southworth, Fleming, Ohio, Had Suffered for Three Years From Severe Stomach Trouble. Says What She Says.

Mrs. Margaret Southworth, Fleming, Ohio.

I have suffered with the trouble for the last three years. My stomach would get very sour, and every morning I would vomit a quantity of water which would burn my throat as it came up. I had a constant pain in my stomach, and a great deal of wind would collect there. I was troubled with constipation and always felt poor and languid.

I tried several different preparations and spent hundreds of dollars to get rid of the trouble. Finally I read in the papers about Dr. Miles' Anti-Pills and decided to try them. I took two bottles and they have cured me. I feel as well as any woman of my age, and I recommend my friends to take Dr. Miles' Anti-Pills when they need a medicine for the stomach.

My friends say I am a different woman since I have taken your pills. I shall always be a strong advocate of Dr. Miles' Anti-Pills. I have recommended them to many people, and they all say they are the best pills they ever used.

Mrs. Southworth was a sufferer from Chronic Catarrh. Read what she says, and if in doubt as to Dropsy, Kidney Disease, Pain Pills, your money back is yours for the asking. Don't wait until it extends into the stomach. Cured now!

MAIL.
