DESERET EVENING NEWS

Saturday, June 27, 1896.

DECORATING HAS BEGUN.

Thousands of Flags and Miles of Bunting—Bell Tournament and Blue Church Performances.

Many wide-awake merchants of the city have already begun the pleasant task of decorating their places of business in honor of the Midsummer Carnival, Statehood Festival and Independence day celebration, which takes place Thursday, Friday and Saturday of next week. Thousands of flags and miles of bunting are now ready to place, and during the early days of the coming week the quantity will be multiplied many fold. The business portions of the city will vie with the scenic display, and the general result will be the most lavish array of paint in estate and brilliant illuminations ever witnessed in the West. Citizens are alive to the importance of the occasion and propose to give visitors an exhibition of enterprise that will never be forgotten.

Lawn festivities and secret societies will be well represented in the parades. The A. O. U. W. is having an elaborate float constructed, and it is expected that forty-two members of this order will be in line. The Blue Church will also be represented by a float, and a special dispensation has been granted by the supreme grand lodge president of this lodge, authorizing the public initiation of candidates during the Carnival, the ceremonies to be conducted with whom will take place on the float in full view of the people.

A specialty will be made of prizes to winners of the various contests in the Wild West show and cowboy entertainment is being arranged, including saddles, bridles, spurs, ropes and all sorts of paraphernalia dear to the horseman's heart. A long list of entries is expected in the various events and some expert equestrians on the frontier will be here. The steamboat society meets with a exciting feature of freshness, which will be held at the Exposition grounds. Firemen, cowboys, scouts and others will participate in the sport, which is guaranteed to be an interesting science to the spectators.

B. F. W. H. R. will be one of the leading entertainers on Independence day. Artists of the city and a very talented lady.

C. E. Shallon has been chosen as chairman of the R. C. committee for the Queen's ball at Saltair. It will be on Friday evening and will be graced by a number of the highest lights in society.

Firecracker dealers are displaying heavy stocks, and from the number of place selling for a time of sound it is evident that an enormous demand is anticipated.

The Juvenile Instructor building was the first house which is put on its garb of national colors. Other business houses will begin similar work on Monday.

To the Members of Troop C.

According to orders issued by the brigadier general for an inspection of Troop C, the members thereof will meet at armory and drill room Monday evening, at 7:30 o'clock, to consider ways and means, preparatory for inspection. Troopers will please take notice and act accordingly.

By order of
G. H. NAYLOR, Capt.

Saltair Beach Notes.

There is some talk of giving a matinee next Wednesday.

The Tell M. E. church Sunday school goes to Saltair Thursday, July 9th.

The scene on board ship was very beautiful. The appetite was frequent and hearty.

Pinafore must be seen to be appreciated. Nothing like it has ever been seen in Utah.

Tonight's performance of Pinafore will commence at 8:15 sharp, and dancing will begin at 10 o'clock.

Dancing in the grand ball room can be indulged in for an hour and a half after the performance is over.

There will be no performance of Pinafore tomorrow (Sunday), but it will be repeated again Monday night.

Last night's 7:45 train was the biggest train of the month. It is expected that tonight's train will be even larger.

If last night's attendance is any criterion of future attendance, the enterprise will most assuredly receive the encouragement it deserves.

Manager Gleason's voice could be heard distinctly when he called out "All ready for the first act," and a deep silence fell upon the vast concourse of people.

Rooms for the accommodation of ladies of two thousand people are being built at Saltair pavilion today. A special train will leave the beach for the city at 11:30 tonight.

Friday, July 10th, is the day set apart for the University of Utah Pinafore club. The committee in charge are working energetically, determined, if possible, to equal their last effort.

To Messrs. Gleason and Morris belongs the credit of originating the idea of giving Pinafore on the lake. It is executed the other matter, such as Pinafore of Pleasure and Ship Ahoy will be given in the near future.

Wednesday next is Carnival day at Saltair. The Carnival committee are considering the advisability of engaging the Pinafore company to be an additional attraction. It will give the people living outside of the city an opportunity of seeing this novel entertainment.

University Excursion.

The University boys and the girls as well, are at present working like Trojans for the success of their excursion to Saltair Beach on Friday, July 10. The trip will be under the auspices of the Field Club and is the second one given by that enterprising body. Arrangements are being made whereby the steam dummy, following carriolanis from Davis county points, will make connections with the earliest train on a branded late consideration.

OPINIONS OF OUR LEADING MEN.

President Angus M. Cannon says of the Keeley treatment.

"I thought it impossible for one man to do what Dr. Keeley has done admirably in counteracting the terrible evils of intemperance. His treatment strengthens men physically, mentally and morally. Under these circumstances they are given another opportunity to become men amongst men. Is there a man who loves his fellow beings that can fail to say, I want Dr. Keeley so engaged in a work so immeasurably work? I trust his good work may continue."

ANGUS M. CANNON,
President Salt Lake Stake.

Call at the Keeley Institute, 160 West Second South, or address Box 384, Salt Lake, for full information and literature. All inquiries are strictly confidential.
