"YOUNG UTAH" NOW HAS FINE CHANCE

To Help the Great "American" Reform Party Save the State.

A DOLLAR AND A HALF PER.

Thrilling Stampede of Nearly a Dozen "Patriots" to be First in the Limelight—Wonderful Organization.

The Great "American Reform" party, organized in the interest of disappointed politicians and hungry officeholders, is apparently in sore distress financially, and a pathetic appeal has been issued to the young men of Salt Lake to pungle up.

The long suffering public has been informed that the "Young Men's American League of Utah" has been duly organized, but a glance at the list of officers will convince one that the league is of Salt Lake City, and not of Utah.

It is gravely announced that the purpose of the league is to "instill a higher conception of American traditions an ideals." The young men are urged to rally around the "American" party banner and work for the "principles" as promulgated by the "great reform" party. The league is to affiliate with the "American" party.

This wonderful organization was ushered into a grief stricken world last night, and the announcement is made that it came with a rush. It must have been a regular stampede, for almost a dozen "patriots" were on hand to help boost the thing along.

CHEAP AT HALF PRICE.

In addition to doing all the things enumerated, each and every member is expected to pungle up a dollar and a half. Of course they could not expect to get into the limelight, see the circus and be in the parade, too, for nothing, so step up lively boys, only a dollar 'n 'alf to save the nation for the glory of the famous X's. The young men are wlecome to blow off all the patriotic steam they want to, but don't forget the dollar 'n 'alf. The money is needed. It has cost quite a bit to run the city. The increase in expenses and the decrease in receipts has made it necessary to appeal to the young men to dig down deep and come up with the dough. The money is needed. How can these young men expect that the great "reform" party can kep on "reforming" when it has to spend $80,000 in "extras" for the conduit if some one does not kick in with the coin?

So let the young men get a hustle on and rally around the party which stands for those great principles which bankrupts a city, and deprives faithful men of positions they have earned by a life of unselfish toil.

"REFORM" MEASURES.

Let not the patriotic young men forget the "American principles as promulgated by the American party of Utah;" how, by the exercise of these so-called American principles poor old "Uncle" Charley Livingston and other faithful officers were kicked out of the police department where they had been for years. Perhaps the young men will remember how Asst. Chief Workman of the fire department, who had served the city faithfully for 30 years, was thrown out "for the good of the service." Then there was Capt. M. W. Earl and a host of others who were made to feel the axe so that "young Utah" might be inspired with patriotic sentiment. Here is a great chance for the young men to work for these "glorious principles" and help the X's to bunco the people again. Think of it! All for a dollar 'n 'alf! The wonder is that tickets are so cheap. But perhaps there will be assessments, for the cry goes forth "We need the money."

If the appeal sent out to the young men is not strong enough to move them, it is believed the very names of the leaders of the movement, and especially those of the advisory board, will be sufficient to set the hearts of the young and tender on fire with patriotic zeal to the extent of a dollar 'n 'alf, and make them want to burst a blood vessel shouting for the famous X's and other political has-beens.

35 ALSO "23."

In the announcement of the organization, it is stated that, "any young man residing in the State of Utah of good moral character and not over 35 years of age at the time of his application, who is in sympathy with and indorses the objects of the league, and who complies with all other requirements which may be legally prescribed, is eligible to membership. The membership fee is 50 cents and the annual dues $1."

Not over 35 years of age. Oh bubbies! How modest some of those young men are! It has been suggested that the age limit be placed at "23," but the motion was lost.

The charter members of the league are: Edgar A. Rogers, Marion L. Robinson, Frank W. Olmsted, Douglas Rodeback, Verne W. Earls, Isaac Alexander, Dan Alexander, Dale H. Parke, Frank Holman, Gavin Moreton, Edgar R. Earls, S. N. Randolph, Earl J. Bost, J. A. Weaver.

KILLED AT SALTAIR.

Colin St. Clair Frightfully Mangled by Train Last Night.

Colin St. Clair, 33 years of age, a Scotch laborer employed at the works of the Inland Crystal Salt company, near Saltair, was instantly killed by the resort train last night shortly before 11 o'clock.

St. Clair and a fellow laborer named Charles Richardson were returning from the resort in an intoxicated condition and were walking along the trestle when the train came backing in to take the crowds into the city. Both men had sense enough to realize their danger from the approaching train. Richarason got out of the way, but St. Clair either stumbled or threw himself in front of the train, and the next instant he was ground to death beneath the wheels. He was dragged nearly 40 feet before the train was brought to a standstill through the signal of the brakeman who was powerless to prevent the accident.

When the body was taken from beneath the cars Richardson acted like a crazy man, and it was with difficulty that he was restrained by the trainmen. He was brought into Salt Lake on the same train with the body and was taken to the county jail and placed in a cell pending the investigation today.

St. Clair's body was taken to Evans' undertaking establishment on State street. Examination developed that the unfortunate man had sustained terrible injuries. The right ear was practically torn from the head, a portion of the nose had been ground off, both forearms were reduced to pulp, the neck was broken and a deep gash ran from chin to jaw. The skull also was fractured in several places and there were a number of scalp wounds.

Very little was found on the person of the corpse. Fifteen cents, some tobacco and cigars and copies of songs, "She is More to Be Pitied Than Censured," and "I Love Her Just the Same," together with a sale-ticket issued by the West Mail Order House, were all that could be numbered among the effects.
