THE SEMI-WEEKLY NEWS

The Great Country Paper of the West.

Issued Mondays and Thursdays and Contains All the Cream of the Daily and Saturday News.

LOCAL BRIEFS.

Signs of Spring—The first straw hat of the season, blossomed out yesterday afternoon, on the head of a young man who braved the stare of a curious public.

New Members—Charles A. Pringle, B. S., University of California, '07, and J. W. Wade, B. S., U. of U., '05, have been admitted to membership in the University club.

Tuberculin Tests—The Bureau of Animal Industry will meet in a few days with the state officials to consider plans for conducting the tuberculin tests on cattle.

Still One More—The Owls' club will incorporate. The committee of organization includes A. N. Jarvis, William Schwab, F. B. Harvey, John Dunn, Arthur Dunn and William Hawthorne.

Militia Target Practice—The local state troops will be out on the Bountiful range next Saturday and Sunday, trying the 200 and 300 yards ranges. There were 25 militiamen out last Sunday.

Sightseers to be Barred—The State Board of Corrections is considering a proposition to cut out all sight seeing visiting at the state prison. If this is done, some other way of maintaining the library fund must be found.

High School Debates—A series of debates will be held for several weeks by the American history class of the high school, under the direction of Mrs. I. N. Leatherwood, the teacher of the class. The debates will begin next Monday.

Creates Good Impression—Rabbi H. Wolenaks of Cleveland who preached before the Montefiore congregation last week, has returned east. He created a good impression, and may be called to the rabbiship of the congregation.

Alva Dibble May Recover—It is believed now that Alva Dibble, the miner who fell down a Bingham shaft, and his sister Miss Nettie Dibble who was operated upon at St. Mark's at the same hour of the accident to her brother, will recover.

Lecture on Mining—P. L. Williams, Jr., of the Daly-West and Ontario mines lectured last evening, at the Y. M. C. A. on the Park City Mining district, his lecture being illustrated by photographs, charts and specimens. The attendance was large.

Will Attend Lecture—Professor Ira D. Travis, instructor of history and civics in the Salt Lake High school is making arrangements for the students of his class to hear Frank B. Stephens, who is to lecture next week on "The Des Moines Plan of Municipal Government."

Invited To Attend Congress—Governor William Spry has received a formal invitation to the seventeenth National Irrigation Congress which will be held in Spokane from August 8 to 14, inclusive. He is requested to appoint fifteen delegates to the Congress from this state.

Lamson Vindicated—Mr. Lamson, whose concrete dam was blown up in the upper Jordan river some months ago, by Utah county people, says the dam had no effect whatever in setting back the water, as was supposed by Utah county people; it was wanton destruction of property, and all this is being now found out, as the lake waters are steadily increasing, even with the dam gone.

Wool is Moving—Wool men are remarking that their clips are not lying on the ground this year, waiting for buyers to chance along to pick up lots at low prices. Just as fast as the wool is clipped it is being shipped away. A great deal of Utah wool is reported going to St. Louis, while the bulk of wool from the other intermountain states is going to the Chicago storehouse. Boston and other eastern wool centers are left clean out in the cold.

Embryo Geologists Make Tour—Thirty geology students of the University of Utah, accompanied by Dr. Fred J. Pack, made a visit yesterday to the scene of the recent landslide on the Union Pacific railroad, near Castle Rock. The party was entertained at breakfast by the railroad company and an early start was made from Ogden by special train to the scene of the recent accident. After making an examination there the students visited Pulpit and Witches' rocks, returning to the city about 9:30 last evening.

SHEARING IN GRAND COUNTY.

Approximately 154,000 sheep are being shorn in Grand county this season, according to the Moab Times. The shearing is under way and the fleeces seem to be heavier than for many seasons past. Burr Newell's crew is at Dewey and Westwater. At Dewey the sheep of the Taylor brothers and Mrs. Lydia Taylor are being shorn. Tails job amounts to 14,000. At Westwater 20,000 are being shorn. These belong to H. M. Rowe, E. E. Snion, D. M. Kelley and S. L. Staples.

At Cisco the Utah Hide and Live Stock company has the shearing contract. Shearing machines with a gasoline engine to furnish the power are used. A good operator can shear 125 sheep in a day, with a machine. They get 2 cents a head for the work. The sheep shorn at Cisco belong to the Utah Hide and Live Stock company, Hodgett & Berry, R. H. Tucker, P. T. Stevens and W. E. Robinson. The Thompsons sheep are being shorn by E. C. Christensen's crew. The sheep of H. G. Ballard, H. C. Goodman, Hammond Sheep company, N. C. Jorgensen and Wm. Thompson will be at that place.

Over S[illegible] 10[illegible]

Upon [illegible] sen, sup[illegible] schools, [illegible] male pupils are employed to sell papers on the streets by the different newspapers in Salt Lake City. The report was made at the request of the National Child Labor committee. There are 638 newsboys who go to school. Of this number 349 are under 14 years of age and 298 are over 14 years and under 16 years old. The principals submitted statements on the influence which the employment had upon their school work. Some were of the opinion that it helped them materially in a business way, while others stated that it made the boys sleepy and stupid in their classes on account of the early hours which they had to put in before coming to school.

PEACE MEETING MAY 1.

Gathering Will be Held in the Jewish Synagogue.

The directors of the Utah State Peace society held a meeting last night in the Deseret National bank to consider the program and the place for the next annual meeting of the society. It was decided to hold the meeting on Sunday, May 1., and the offer of Rabbi J. Freund of the Jewish Synagogue in which to hold the meeting was accepted. A committee was appointed to arrange the program for the meeting, which will include good speakers and excellent music.

A good attendance is anticipated, including Governor Spry, and delegates from Provo, and possibly Ogden. Professor Torlif Arnoldsen, of the Utah university, has been asked to represent his father, Prof. Arnoldsen of Stockholm, who was awarded the Nobel prize for peace work last year. The resignation of the Rev. Benjamin Brewster as vice president of the society was accepted, as he intends to leave the city permanently in June. His place will be filled at the annual meeting.
