should the negotiated sale of treasury stock to the east not be made. Day showed added strength, sales being made at $7 and above at the close of the week. The advance is due to dividend expectations, although nothing has been given out by the company. The properties have not looked so well for years. Daly-West was also strongest, upon the receipt of good reports from its lower properties, where the new mill is doing very satisfactory work. The recent developments in the Daly have also had a good effect upon the Daly-West.

Work has been resumed at the Geyser mill and the company is reported to be doing well. It is expected that Horn Silver will pay its usual quarterly dividend next month, but there seems to be some question on the point. Solomons are regular and the mines are reported to be looking well.

Meteor made a splendid advance, one week after the dividend, the stock looks for the dividend to be declared, which will be made on the 20th, the week was held very firmly at $7.25 and above. Most excellent reports were received from the properties, in which the show of ore becomes better daily and is now indeed wonderful. The expectation of the dividend on the 20th will make the company's total $400,000. Mammoth was slightly stronger, holding being considerably quite free then for several weeks past. The new shaft improvements at Morgan (Moses) are not nearly completed.

Ontario again made a heavy advance, selling at $11 and above, with little of the stock offered. The properties are doing well. River held its own upon good reports from the company's mines, in which the showing of ore is first class. The main shaft of the Gold Dust is past the 100 foot mark and has gone through some twenty-seven feet of good looking vein matter, from which assays of over $2 were obtained. Work is being continued vigorously for the main vein and ore body which is known to exist below. The outlook is very encouraging.

Silver King was held in very strong hands as above $15 mark. Sunshine made a splendid advance and required all of its assets, passing the $3.50 mark and selling at $3.55, with little of the stock offered. Stockholders do not think that dividends of a substantial nature are more than two months off.

Tetro was in good demand, with buyers and sellers somewhat apart. The properties of the company are being developed with two shifts and some important developments should take place within the next thirty days.

A New Gold Discovery.

RAWLINS, Wyo., Feb. 13.—There is much excitement in mining circles today over an assay received by J. G. Rankin made by W. S. Robinson of Omaha. The sample sent comes from a new discovery about forty miles southeast of town, in this county. The assay shows the value of the ore to be $4,828.40 per ton gold. The great richness of the ore leads many gentlemen to think it is the rediscovery of an old find that was made thirty years ago and which has been diligently sought for nearly every year since. Mr. Rankin is confident the find is a continuation of the Hahns Peak mineral belt, which extends into Wyoming. He will take out a ton of the ore at the earliest practicable date and ship it for a mill test.

Dips and Spurs.

A Sullivan drift is soon to be opened from the 800-foot level of the Independence mine, for a distance of about 4,000 feet. This is in the nature of an exploration.

A special to this morning's Tribune from Cheyenne, Wyoming, states that assays of ore taken from the Table Mountain mining district, show over $500 in gold to the ton.

At a depth of about 1,050 feet, a very fine body of high grade ore has been encountered in the Daly-West mine at Park City. Further developments are awaited with interest.

The Silver King Mining company has purchased from the Union Mining company a group of eight claims lying along the dip of the Silver King vein at Park City. The purchase price is $50,000.

The joint committee of the chamber of commerce, stock exchange and press club, will meet at the exchange rooms this evening at 7:30, to further consider the proposed excursion of Eastern journalists.

It was announced at today's exchange that President Donnelan has received a letter from the Chicago exchange, asking for a list of all regularly listed properties that they might be placed before the bulls and bears of the World's Fair city.

Colonel Percy S. Bowers and John Q. Logan, yesterday purchased the Wisconsin group consisting of eleven patented claims situated in Bingham canyon, and owned by a Holland syndicate. The consideration has not been divulged.

The stockholders of the Little Pittsburg Mining company held a meeting last evening, listened to the secretary's annual report and elected the following board of directors: E. H. Airo, T. Kelly Brown, Mr. Crooks of Ogden, W. E. Hayward and F. E. Hudson.

The Blue Jay property, a transfer of 500 shares of which was made on the exchange recently, is, virtually speaking, "A Woman's Mine," Mrs. W. A. Kinney owning a controlling interest therein, and likewise being president of the company. The mine is located thirty miles west and six miles south of Frisco.

An election was held in the rooms of the Stock Exchange today, to determine whether or not Mr. H. A. Fyler should be admitted to membership in the Exchange. The sentiment among the brokers seemed to be in favor of Mr. Fyler, and a count of the ballots cast will doubtless show his election.

Acting under directions of the joint committee of the Mining Exchange, the Chamber of Commerce and the Press club, a subcommittee consisting of Messrs. F. J. Lemmon, R. W. Sloan and George E. Hoff have issued an address setting forth the reasons why the proposed excursion of journalists from the leading cities of the Eastern states should receive the earnest cooperation and support of the citizens of Salt Lake. The address calls attention to the infinite developments of the last eighteen months, the unlimited and deserved credit, the splendid possibilities of Utah, the enormous wealth-power of the state, and its ability to benefit financially the visitors, and concludes with the following paragraph:

If Utah should raise $100,000 and endeavor by its means to accomplish as much good in advertising, as any one of the noted towns, we could not accomplish more than as much as the expenditure in the way here suggested will bring about, at a cost of say $5,000. Will the citizens lend a helping hand to realize what we so evidently long to see accomplished? Shall we carve a new excursion of the leading journalists?

Lecture on Art.

The following program will be rendered at the Student's Society session in the Latter-day Saints College this evening, commencing at 7:30:

Instrumental solo, Miss Kate H. Money; lecture, illustrated, "Pre-Raphael and its relative value of art," Professor Reuben T. Haag; vocal solo, Miss Annie Swenson.

All are cordially invited.

BENJAMIN A. PERKINS, President.

AMUSEMENT NOTES.

Miss Anna Eva Fay had been living in the good old times when witches were rather roughly handled by their fellow-citizens, her earthly career would probably be terminated prematurely, in spite of the fact that she certainly has not entered into any kind of a compact with the ruling spirit of darkness. At her first appearance at the Theater on Wednesday night she proved her ability of amusing and mystifying those in attendance to the highest degree, and it was therefore only to be expected that last night's audience should be a large one. Some of the replies given to written questions were startling.

Miss Fay appears at the Theater again this evening.

The Grand was filled again last night. Harvest has taken the fancy of the public. The play will be given tonight and tomorrow matinee and evening.

At the Lyceum the Bells is the attraction.

The second of the Tabernacle choir's concerts is one of those going to California will be held at the Tabernacle this evening. The following is the program:

James S. Needham, of St. Louis, S. S. Goldsmith, of Omaha, and J. C. Truax, of Chicago, are the prominent business men at the Templeton today.

S. P. Arnold and W. L. Supple, of New York, and James N. Supple, of Boston, arrived at the Knutsford this morning.

OGDEN.

OGDEN, UTAH, FEB. 14, 1896.

Junction City Items.

The Abraham Lincoln club will hold commemorative exercises Feb. 12 8, with Hon. C. C. Goodwin as the speaker. The meeting was deferred till the 19th so as not to interfere with the Crittenden meetings.

A large number of our unemployed are drifting away from town, most of them seeking for Mercur.

The trial of Henry Allen for the murder of Wickham was interrupted yesterday by a sick juror.

PROVO.

PROVO, UTAH, FEB. 14, 1896.

FOURTH DISTRICT COURT.

The Hines Divorce—Harry Hayes's Trial Set for March 18 8.

A session of the Fourth district court was held yesterday and the following business transacted:

In the case of Kittie A. Hines vs R. S. Hines, divorce, the temporary restraining order previously granted was ordered set aside, for the reason that defendant had not been cited to show cause why the order should not be granted. Plaintiff then filed an application for a restraining order and an order for defendant to pay temporary alimony, similar to the one set aside, and defendant was cited to appear Saturday at 10 o'clock.

The case of the people vs Harry Hayes was set for March 18th. It is possible that some other jo ge will be called to Provo to try the case on account of Judge Wilson's delicate health, as the case will be very lengthy.

In the case of Cline, Cook, administrator, vs Catherine Robertson et al; a decree correcting erroneous description of real estate was granted.

False Pretenses.

Peter Madsen of Lake View has sworn to a complaint to Justice De Motte's court, charging F. J. Morris and E. C. Evans with on evening $31.16 worth of board under false pretenses. Plaintiff alleges that defendants represented to him that they were salesmen for the Utah Nursery company and would pay him in trade enough to give him an order on the company, but the company refused to honor it and Mr. Madsen considered he would have the men arrested.

Obituary List.

Elder Wm. Harding of the Third ward died at his residence last Wednesday, from some stomach complaint from which he had been suffering several weeks. He was born in Trowbridge, Wiltshire, England, April 7th, 1827. Funeral will be held tomorrow Saturday, at 10 o'clock, in the Third ward meeting house.

Miss Mabel Webster, of Layton, Michigan, died last Wednesday at the residence of Mr. and Mrs. Joshua Beck of the Fourth ward, from consumption. The deceased was 24 years of age and came to Utah last fall in the hope that the climate would prove beneficial to her, but she failed to recover. The funeral service took place this afternoon at 2 o'clock at the meeting house, Rev. Meek, of the Congregational church, officiating.

Notes.

At a meeting of the chamber of commerce and the various canal companies held Wednesday evening, the following committee was elected to represent the question of building a canal to carry all the water now taken out of the south side of Provo river by the city and the different canal companies: S. S. Jones, W. N. Dougherty, Geo. Geo. G. H. Berg and Evan Woods. If the proposition meets favorable consideration in the council a mass meeting of the citizens will be held, and the question laid before them. From all appearances the project is looked upon with general favor and will doubtless be accomplished.

City Superintendent of Schools Hawkings and Thomas Jaon of the board of education have been selected to appear before the committees of education in the Legislature to lay before them suggestions in regard to changes in the school laws. The Provo board of education is opposed to the proposition advanced in the Legislature to have the school tax of each county applied exclusively in the county where it is collected.

Manager Covert, of the Utah Fruit and Agricultural society, is circulating a petition to be presented to the Legislature, asking that a law be enacted compelling owners of land and canals to cut down weeds along canal and ditch banks, with a view to prevent the increase of noxious vegetation through having the seeds carried along by the water.

The stockholders of the Provo Commercial and Savings bank held their annual meeting yesterday afternoon. The following officers were elected: Reed Smoot, president; D. T. Cass, vice president; John Jones, Roger Farrer, James A. Bean and C. E. Loose, directors.

Members of the local companies of the N. G. U. organized an athletic club last evening, with the following officers: Eric Ericksen, president; J. W. Davis, vice president; J. W. Buckley, secretary; Bert Twelves, treasurer.

Makes the Blood Pure

This is the secret of the cures by Hood's Sarsaparilla. Read this:

"I am glad to write that I am now in perfect health and I feel because Hood's Sarsaparilla made my blood pure. My health broke down with trouble peculiar to women, my nervous system was shattered and I had to take my bed. The physician said there was little hope for me. A neighbor told of wonderful cures by Hood's Sarsaparilla and I decided to try it. When I had taken 3 bottles, I could sit up and now I am perfectly well and strong.

LOSS OF VOICE
After Acute Bronchitis
CURED BY USING
AYER'S Cherry Pectoral

A PREACHER'S EXPERIENCE.

"Three months ago, I took a violent cold which resulted in an attack of acute bronchitis. I put myself under medical treatment, and at the end of two months was no better. I found it very difficult to preach, and concluded to try Ayer's Cherry

Pectoral. The first bottle gave me great relief; the second, which I am now taking, has relieved me almost entirely of all unpleasant symptoms, and I feel sure that one or two bottles more will effect a permanent cure. To all ministers suffering from throat troubles, I recommend Ayer's Cherry Pectoral."—E. M. BEAWLEY, D. D., Dist. Secretary, Am. Bapt. Publication Society, Petersburg, Va.

Prospectus For Volume XVII, OF THE CONTRIBUTOR, 1895-6.

We are pleased to announce the following as some of the leading features of Volume Seventeen of THE CONTRIBUTOR. It is the determination to make this magazine occupy the front rank in our home literature, and we trust this effort will find encouragement in the liberal patronage of the public.

PRESIDENT JOSEPH F. SMITH will instruct and interest our readers with some articles descriptive of

Early Days in the Valley,
Which will contain reminiscences of his valuable though oftimes trying experiences as a boy and man in Utah.

My First Mission,
Will be the title of some articles from the pen of APOSTLE FRANCIS M. LYMAN, wherein he will give an account of his interesting experience of traveling "without purse or scrip," and many marvelous incidents connected with his ministry abroad.

APOSTLE HEBER J. GRANT will narrate in a series of illustrated articles the incidents of a

Visit to the Moquis,
Made by himself and APOSTLE BRIGHAM YOUNG. These papers will portray in a remarkable manner the care and power of God which accompanied these Elders. The customs of this Indian tribe will also receive attention.

Salem Witchcraft.
A succinct historical account of this remarkable feature of New England colonial history; theories and explanations of its phenomena, offered by leading writers; treatment of the subject from the standpoint of a Latter-day Saint, by B. F. CUMMINGS, JR.

ELDER MARVIN E. PACK will prepare a series of illustrated and highly interesting papers on

The Sandwich Islands Country and Mission.
These articles will give a brief historical account of the group of islands, review some of the customs of the people and describe the past labors of our missionaries and the present condition of the latter-day work.

Twelve papers will be furnished by ELDER JAMES H. WALLIS, on

The Consistencies of Mormonism.
These will be most ably written, and are designed to furnish arguments in favor of the truth for our missionaries and those who are called to defend our religion.

My School Days at Ann Arbor,
Will receive treatment by ELDER RICHARD R. LYMAN who recently graduated as a civil engineer from this noted Michigan school with high honors. These articles will be illustrated.

John Stevens' Courtship. A Tale of the Business Men.
Is the title of a deeply interesting serial story which will be continued through the whole volume; its author is one of our versatile and talented friend SUSA YOUNG GATES (HOUSEPOOR), whose already published narratives have been of so much interest.

Ideal Manhood: Some Suggestions About It.
This will be the title of some articles containing valuable suggestions to our young men who have an ambition to be or be something in the world. The author is a long resident of Utah, but desires his identity concealed and will consequently write under the *nom de plume* of SIMPLEX.

College Department.
The Latter day Saints' College in Salt Lake City, will be represented by a department which will be supplied with essays and other articles from students and teachers. These productions will represent, as far as possible, the actual work of the college, and will pass through the hands of the Principal, who will see that everything used is of a high order.

The Musical Department
Will be in charge of PROFESSORS JOHN J. McCLELLAN and WILLARD DONE. A graded series of musical compositions, original and selected, will be published including solos, duets, quartettes and choruses chosen with special reference to their adaptability to M. I. A. work. Home composers are earnestly invited to send their productions to the editors of the department.

The Eisteddfod Prize Male Quatrette,
For which THE CONTRIBUTOR gave a $50.00 cash prize, will appear in this volume of the magazine.

Association Intelligence.
In this department will appear all instructive or interesting matter pertaining to M. I. A. work, including answers to questions, reports, suggestions, etc. We particularly invite all active workers in the Associations to assist by their literary contributions in making this department of prime importance.

M. I. Manual, Part III,
By MILTON H. HARDY and GEORGE H. BRIMHALL, committee on compilation.

M. I. Work,
A series of articles on practical work in the Associations by MILTON H. HARDY and GEORGE H. BRIMHALL.
