Weekly Crop Bulletin.

The weather during the week ending Sunday, June 8th, 1896, has been quite favorable in all districts for farm work and growth of vegetation. Moderately heavy showers occurred on the 4th and 5th, over the greatest portion of the northern half of the State, and did an immense amount of good to gardens, field crops, ranges and meadows. The planting of corn and potatoes is about finished and some of the early planted are coming up nicely. All crops are reported in excellent condition and growing rapidly. Winter wheat and rye headed out and looks promising. Peas in bloom; strawberries ripe; best thinning in progress, and preparations are being made to cut lucern in the central and northern counties. Fruit will be scarce on account of early frost.

REMARKS OF CORRESPONDENTS.

Heber—An ideal week of growing weather; 80 per cent of sunshine. Rivers and creeks have receded a little, but Provo river is high yet, and will be for some time to come. Hunting parties say that the snow in the mountains has only commenced to march. Crops are looking well. Fruit prospects are good yet. No frost the past week. Peas, currants and gooseberries about the size of peas; other trees still in bloom; refreshing showers on 5th.

Harrisville—The week has been all that could be desired for crops. A fine warm precipitation on 5th, saving up artificial irrigation; lucern hay quite heavy enough to cut when weather permits.

Newton—Weather last week cloudy and of a good growing kind.

Lewiston—The past week has been one of the best weeks of the season. A lovely warm shower on the 5th. It seems as though I never saw crops grow so fast in my life, everything is make the growers smile. Lucern from 12 to 14 inches high and very heavy; some peas in bloom; water very high in Cub and Bear rivers.

Hyrum—An ideal week for farmers; all crops growing very fast; winter wheat almost ready to head out; corn and potatoes coming up nicely.

Collyville—A few nice showers of rain during the week; fine growing weather; the water in the river has gone down two feet.

Paradise—Planting is about all done; grains and lucern take quite rapid growth. The water in the Weber river and creeks has gone down, but much damage has been done by the late freshet.

Mendon—Crops in fine condition; water plentiful; may go scarce later.

Holden—Fine growing weather; potatoes and corn all in and the most of it coming up; rye short in straw but looking fairly well and heading out; wheat and barley looking fair; oats are scarce; lucern will be ready to cut in about two weeks.

Fillmore—Small grains, lucern and meadows are fine this season; first hay cutting will be heavy. Farmers busy weeding and thinning beets; fruit crop nearly all cut off; small fruit only about half a crop; strawberries ripening.

Santaquin—Fine weather all the week; last Friday cloudy and looked like storm, but cleared up again; very cool nights; crops looking well.

Lake Shore—Lucern is growing rapidly, also the grain crop; fall wheat in the boot; rye nearly out; sugar beets being thinned out; potatoes doing well; good growing weather.

Lehi—The past week has been good for growth. Strawberries ripe; prospects for fruit fair.

Pleasant Grove—Lucern is growing fast and will soon be ready to cut; all kinds of grain, corn and potatoes growing nicely; strawberries ripe.

Deweyville—The past week has been fair and pleasant with light showers on 1st and 5th; crops doing well; farmers are getting ready for the first cutting of lucern.

Snowville—Crops doing fine; irrigation commenced; potatoes coming up.

Center—Weather warm and crops growing nicely; no frost past week.

Levan—Warm days but cool nights. Grain never promised better; rye headed out; fruit trees have had first spraying; no great rush of water but plenty for all.

Kanab—Warm and good growing weather; strawberries ripe; peas in bloom; lucern looking well; corn and cane up.

Calderville—Warm weather; refreshing showers; everything growing fast; bees not doing well; grain crops looking well; fruit will be scarce on account of early frost.

St. George—25th. Lightning and thunder early morning accompanied by slight sprinkle of rain. At 1:30 p. m. hail fell (ready for use or three minutes, some measured upwards of three-fourths of an inch in diameter.

Moab—Young apples falling off trees badly.

Paris—Weather favorable for crops; rain evening of 5th; water in streams receding and very little fears are entertained of further damage by floods. Apple trees in bloom; garden truck looking fairly well; fine crops improving with the warm weather.

Bluffdale—Fine growing weather; everything doing well and prospects now quite promising.

Morgan—Week warmer; grain and other vegetation growing fast; potatoes planted early coming up; light frost on night of 5th.

Uintah—Ideal weather for farmers; everything growing nicely.

Pinto—The week close warm and pleasant; crops making good growth now; corn coming up; the late rain was a fine thing for the country.

New Harmony—The past week has been warm and pleasant. Heavy hailstorm on May 25th damaged the gardens and lucern.

Tooele—Small grain never looked better. Corn and potatoes about all planted and never under such favorable conditions.

Hinckley—Fine weather now and everything is growing nicely. Plenty of water; fruit trees now in bloom.

Spring City—The last week has been favorable to all kinds of crops. Warmer and dry with very little wind. All crops doing well.

Leyton — Everything in great forwardness; stacks will soon be ready to cut; wheat and barley beginning to head; peas in bloom; water for irrigation is holding out well; weather is quite warm.

Brigham City — Warm days and cool nights; some rather strong winds. Fruit not as much injured by late as previously estimated; crop promises fair. Bathering, Rain on 5th, 0.12 of an inch.

Kanosh—Week has been warmer. Vegetation growing nicely; rain quite heavy within yet.

Joseph—A warm week; plenty of water but supply on the decrease; grain growing nicely; potatoes coming out; lucern about one foot high; fruit looks promising. J. H. Smith,

Sunday School Anniversary.

PLEASANT GROVE, Utah, June 10, 1896.—The Pleasant Grove Sabbath schools are today holding their annual celebration in honor of Brigham Young. Special preparations have been made in the way of decoration, until the young grove south of the ward meeting house appears as the rest house of beauty, purity and patriotism. Great credit is due Supt. Smith and his aids for the variety displayed in this direction. Our Sunday school is acknowledged as being among the most prosperous in Zion. We are not fast to boast of our success, but we should like to express our appreciation of the labor of our Sunday school workers.

The following program was carried out (substantially) (extracted):

Davis Stake Conference.

The quarterly conference of the Davis Stake was held at Centerville on Saturday and Sunday, June 6 and 7, 1896. There were present on Saturday President George Q. Cannon of the First Presidency and Elder Heber J. Grant of the Council of the Twelve, the Stake Presidency, members of the High Council, and Bishops of wards. The speakers on Saturday were President John W. Hess (who gave a brief report of the Stake); Elder H. J. Grant and President George Q. Cannon. On Sunday afternoon President Cannon and Elder H. J. Grant ordained Orlando Hadlock a Bishop and set him apart to preside over a new ward recently organized in the north part of the Stake (known at present as the Bush). The brethren also set apart Bishop Hadlock's counselors who are Charles Mitchell as first and Isaiah Butterworth as second.

On Sunday, besides the local authorities, there were present of the general authorities, President Cannon, Elders F. M. Lyman and R. H. Roberts. President Cannon only singing for the morning service, at which he addressed the congregation. Elder Roberts also spoke but a few minutes during the morning service.

At the afternoon meeting the general and Stake authorities were present and unanimously sustained, after which Elder F. M. Lyman addressed the Saints.

There was a large attendance of the Saints, and a good spirit prevailed during conference. The brethren that addressed the congregation gave much excellent counsel and instruction, which, if carried out, will make us a better and a more united people.

On Sunday, Elder William A. Muir of West Bountiful was ordained a Patriarch under the hands of President Cannon and Elder Lyman.

Conference adjourned for three months to meet at Farmington.

JOHN J. SMITH, Stake Clerk.

Horses Kick
is self-evident. It is their most vigorous form of protest against the abuse of Spike Nails that are now sold for horseshoes, and which are in opposition of the danger that is liable to follow.

This is what happens: One nail comes out, when it should be clinching the other goes too, the loosened horse shoe rattles on the road—The end of a nail can be felt sticking to the rough edge along the sole over the pinch.

Shearing Process

Is what it the form of metal are separated and one side is sheared off, leaving the finger-nail. The edge of a nail can be felt sticking to the rough edge along the sole over the pinch.

Putnam Nails

are exclusively Hot-Forged and Hammer-Pointed, precisely like the old-fashioned handmade nail. This process which is peculiar to themselves together with a perfect form and the cement Spike, Screw or Brad, and is

Absolutely Safe.

Experience calls in your aid to show the wisdom of using nails of a reliable make. Ask your dealer for Putnam Forged Patents. If he will show some other nail, it is evidence that he is not in the interest of his customers.
