# MUNICIPAL MATTERS.

## Contract for Street Lighting Submitted and Referred.

### GRAVITY SEWER EXTRAS AGAIN.

### Council Promises Aid to the Midsummer Carnival Movement—Miscellaneous Items.

The City Council met at the usual hour last evening with Councilman Dicks in the chair. The contract for lighting the streets was discussed but no definite action was taken. City Attorney McKay presented the following:

Gentlemen—In accordance with the request of the Council contained in the office I have the honor to transmit to you herewith duplicate contracts ready for execution, between the city and the Big Cottonwood Power company for lighting the city streets for two years next ensuing. I have hitherto kept the number of lamps to be furnished, as I was not asked what number the Council may decide upon at this time.

The contract provides, if the city desires it, that an inspector of lights may be appointed by the city. It also provides, in the event the city shall desire it, that the Power company shall run wires at its own expense from its several street circuits to the city and county building, and there connect them with something instrument, for the purpose of ascertaining at any time whether the Power company is furnishing the voltage or volume of current contracted for. It also provides that the department may at its expense of the city place in the Power company's station a suitable gong to be connected with the fire department's lines, by which the Power company may be informed as to the location of a fire, so that when necessary the Power company shall send one or more men to remove dangerous wires under direction of the fire department.

These provisions are usual in contracts of this kind, and though we have not hitherto paid much attention to them in this city, they may become important in the future, and for that reason I have inserted them.

On motion of Councilman Callister, Colonel Dunsdale of the Power company was the floor and stated his objections to the contract, which he said was in some respects rather exacting. Relative to the provision to have a measuring instrument placed in the city and county building he wanted that stricken out, as it would involve a large expense. The company was perfectly willing to place such instruments in its substation near the Kaniland hotel so would enable the inspector to determine the volume of current distributed on all wires. The contract also provided that the lights should be turned on within fifteen days after the acceptance of the contract. This was objected to by the company, which requested that "within a reasonable time" be inserted instead.

Buckle moved to refer the contract to the improvements committee.

After the matter had been discussed for some time Buckle again renewed his motion to refer the subject to the improvements committee, which motion carried.

### WANT THEIR "EXTRAS"

A lengthy petition was sent in from Morris, Holden & Wilsenen, the gravity sewer contractors asking that the Council take some action to the matter by urging the city engineer to promptly issue the order on the treasurer in settlement of the $11,300 for extras.

Wisenen made a motion instructing the city engineer to comply with the contractors' request.

Buckle then introduced the following substitute resolution, which was adopted:

Resolved, That the city engineer be and is hereby instructed to issue orders on J. L. May, trustee, for the amounts as detailed by him in a report to this Council under date of April 28, 1896, in the aggregated sum of $11,300, in favor of the creditors of Fox, Wisenen & Co., subcontractors, in all accounts incurred in the construction of the gravity sewer; and the balance of the $11,300, that is $4,300, be paid to the original contractors, Morris, Griffith, Holden, Morris & Wilsenen.

### SUBMARINE MADE.

Councilman Stewart offered a resolution to rescind the order of the Council at its last meeting instructing the reporter to call for bids for the removal of garbage in the city. It carried by a vote of 8 to 5, and accordingly the recorder will recall the advertisement for bids.

### TO LICENSE VEHICLES.

A petition from commission merchants asking that street vendors of fruits and vegetables be required to pay license was referred to the committee on license and markets. The petition asks to have the license of a two horse team be placed at $500 or $25 per month, and that all persons vending fruits or vegetables be assessed at $125 per year or $10 per month. It is asked that fees for violation of such provisions be fixed at not less than $50 nor more than $100.

### FEES COLLECTED.

County Collector Spencer submitted a statement showing the collection of city taxes for the year 1895, as follows:

Credits—
By cash paid as certified to and approved by county clerk ..... $94,197 71
Debits—
To amount put city warrants ..... $93,340 40
Less amount to credit cash on property escaping or funds that have expired by statute unexpended or lapsed, viz. ..... 1,756 85
Leaves to be credited to city warrants ..... 91,583 55
Deficit unexpended and uncollected for year ..... 614 16
Due from county on account of collections ..... 1,598 40
$93,197 71

### WATER MAINS EXTENSION.

J. G. Anderson petitioned for an extension of water mains on Third, between J and K streets.

### A PERMANENT GRADE.

Harry Dinwoodey and others petitioned to pave the grade on Fourth East permanently established.

Petitions for extensions of water mains were also received from E. J. Beech, 100 feet on L and Seventh streets; E. J. Hinkins on Fourth West; J. W. Powers at 41 on Palm avenue.

### MIDSUMMER CARNIVAL.

E. O. Hogson, chairman of the executive committee on the midsummer carnival, sent in the following letter:

We request the indulgence of your honorable body in bringing to your attention the efforts now being made by the executive committee to hold a grand Midsummer carnival in our city next July 2, 3 and 4.

The program will consist of three days and three nights of brilliant street pageants and entertainments ending in the grand celebration of the State of Utah's first Fourth of July, when we believe will attract thousands of visitors not only from Utah but from adjoining states.

It is the intention to make it as unique and brilliant in every respect that it will be a grand event in the history of our state, and to accomplish this we urgently request all public spirited citizens to assist us. We also request that your honorable body pass a resolution sanctioning the enterprise and giving such other recognition as you may deem the merits and importance of this matter demand.

The communication was received and filed and the Council constitutes a committee of the whole to assist in furthering the enterprise.

### ASKED FOR A LICENSE.

The Wallace Bros. circus people asked for a license to show on Pioneer square next July. Referred to license, public works and waterworks committees.

### BICYCLE ORDINANCE.

The committee on streets reported on the bicycle ordinance, recommending that no change be made in the present ordinance. The committee also suggested that heavier penalties be imposed on offenders.

### MISCELLANEOUS.

The appointment of M. Mathews as clerk in the city recorder's department was confirmed. The financial report of the city auditor was received and referred to the finance committee.

The committee on waterworks recommended an extension of the waterworks on West Third South between Seventh West and Poplar avenue.

The committee on waterworks also recommended that the water rates in the Temple block given as for the year ending June 30th, 1896, be remitted and further that during the life of the present Council the free use of water be granted. Adopted.

O'Meara then offered the following resolution, which was adopted:

Resolved, that the city attorney is hereby instructed to file with the Council at its next meeting as to what in his opinion are the duties of the committee on police and fire and also the constitution of persons under the existing law.

The resolution was contained in protest against a conflict between the police committee of the Council and the fire and police commissioners.

Another resolution of O'Meara granting the Women's Exchange a free license for the period of one year was also granted.

Kimball moved a motion to rescind the action of the Council in fixing the license of Reid Brothers at $250, after some discussion of the matter a resolution to the citizens people was adopted of the amount paid not license in excess of $250.

An appropriation list was passed amounting to $1,473.49, and the Council adjourned for one week.

Sixty Per Cent

Of all the people need to take a course of Hood's Sarsaparilla at this season to prevent that run-down and debilitated condition which invites disease. The money invested in half a dozen bottles of Hood's Sarsaparilla will come back with large returns in the health and vigor of body and strength of nerves.

Hood's Pills are easy to buy, easy to take, easy to operate. Cure all liver ills. 25c. 2

One of the best evidences that Ayer's Hair Vigor is an article of exceptional merit is the fact that the demand for it is constantly increasing. No one uses the intermediate doubtful things of trying any other preparation for the hair.

"Ten people out of a dozen are invalids," says a recent medical authority. At least eight out of these ten, it is safe to allow, scrambling from some form of blood disease which a peculiar tonic of Ayer's Sarsaparilla would be able to cure. Then, don't be an invalid.

Hall's Hair Renewer renders the hair lustrous and silken, gives it an even color, and enables women to put it up in a great variety of styles.

40 YEARS THE STANDARD.

### YOUNG FAMILY REUNION.

The Young Family association will hold its annual reunion by having a free reunion in the late President Brigham Young's old school house near the Eagle Gate, Salt Lake City, on June 1, 2, 3, 4, 5, 1896.

All the living children of Father John Young, father of President Brigham Young, are invited to attend.

It is hoped that those who can will bring with them all genealogies of their own families, or genealogical family records, which they may have in their possession, so that such can be added to the general Young Family record.

The invitation is to meet at the old school house and build a family for dinning, long planned by President Young's private secretary and records in his care. Those who can bring flowers for this purpose are invited to do so.

On Tuesday, June 2nd, it is the desire, if possible, to have baptisms for the dead performed in the Temple for as many persons as are willing to bear half of the work, and on Wednesday, June 3rd, complete the Temple Work for as many names as can be arranged for. It must be understood by those intending to do this work that it will be necessary to bring with them proper recommends to enter the Temple, so that no delay will be caused.

By order of the executive committee.

W. R. DONNAN,
Secretary Young Family Association.

May 9th, 1896.

Worth Reading.

It is worth your while to know that we sell Hood's Sarsaparilla and Hood's Pills. We believe you will be pleased to have such medicines at your disposal. Hood's Sarsaparilla is the best blood purifier and strengthener we know of. Hood's Pills are the best cathartic pills. They are prompt, sure, and positive and yet gentle. Our prices are as low as can that quality is sold.

We now stand ready to supply the reliable Hood's Sarsaparilla in the usual form, or if you prefer it, in the concentrated form, called Extra Strong.

Our Combination Boys' School Suits.

When we were buying our boys' spring Combination suits we decided to find the best school suit, with extra pair of pants and cap for $5.00. We wanted something special, something that a smart, tough school boy could not wear out at once. We found it. We would like to have you come in and look at the suit, and see if you do not agree with us that it is the best suit shown in the city for $5.00. We are going to paralyze the trade by giving you this suit for

$2.50

$1.50

At $1.50 we can give you a good school suit, double breasted coat and knee pants. Do not think we carry only the low price suits; we carry the better ones also, and they are just as big bargains as the cheaper ones. Our stock of nobby collar and jacket suits for spring and summer is now complete. For artistic and unique designs there is nothing in the market to compare with them.
