TOMORROW'S BATTLE

What the Citizens Will Have to Meet In the Great Contest.

FRAUD BY THE MACHINE GANG.

Bogus Tickets Being Industriously Circulated By Liberals.—Reward For Illegal Voting.

The great battle of the ballots will be fought in this city tomorrow and today not only hundreds but thousands of earnest, honest and patriotic citizens were impatiently waiting the victory that they know is theirs by right and which they believe will surely be theirs by reason of wise detail management and superior generalship.

Reform is the war cry and those who sound it are the bone, sinew and brains of the community—the tax payers—the people who have their homes, their families, their all here. It is a contest between this class and the machine gang and not particularly—in fact not at all, in one sense, against the better element who unfortunately for themselves and all concerned still cling as to the shadow of what once passed for a political organization but which is now simply an instrument of public avarice, greed and destruction.

Every man who intends to vote the Citizens' ticket should see to it that he is not deceived or led astray by the heelers of the enemy who are and will be very numerous and officious about the polls throughout the various municipal wards tomorrow. Every artifice and device known to the accomplished trickster and unscrupulous politician is being resorted to and if the machine does not commit as great a fraud as it has done on other occasions in such engagements it will simply be because the strong arm of the law will prevent it.

There are bogus tickets almost without number. Some of them are in colors with the names of all of the citizens' nominees printed all right either under the Democratic or Republican legislative ticket above. Don't use these. Don't vote anything but a ticket printed on white paper. Under the law a colored ticket is void.

The citizens' committees are distributing thousands of notices of which the following is a copy:

LOOK OUT FOR THE PASTERS!

Voters are warned to look out for PASTED and UNAUTHORIZED COMBINATION tickets. Pledges and "deals" have been made by prominent Liberal candidates in all possible quarters, and as a result there will be efforts made on all hands to combine on certain candidates. Be sure you examine critically every name on your ticket, and get your ticket from some one you know will not deceive you.

VALUABLE INFORMATION TO VOTERS.

With the above notice the following letter of information which explains itself was mailed to thousands today to prevent [illegible]:

SALT LAKE CITY, Nov. 6, 1893.

Dear Sir:—Enclosed you will find Republican and Democratic Legislative tickets, to each of which is attached a Citizens'-Independent municipal ticket. Our object in placing these tickets in your hands is that you will be enabled to vote the Citizens'-Independent ticket, which is purely non-partisan, and at the same time exercise the privilege of voting for either Democratic or Republican Legislative candidates. Nothing, as this city is today, from the effects of an extravagant, dishonest and incompetent administration, the question of all citizens is a matter of vital importance, as the citizens of Salt Lake City, that this city be in a more critical condition. It will take years for her to recover from the effects of the present administration, and she never could recover from another one like it. The Liberal party has selected an almost entire new list of candidates, but it is true that these platforms and speakers endorse the policy that has been pursued by the administration now in power. If the Liberal candidates are elected the same policy—a policy which has bankrupted and disgraced our city—will naturally be continued. A change of policy can only be insured by a change of party. By voting for the Liberal candidates, standing as they do, upon a platform endorsing the present administration, you ratify all that has been done, and encourage the continuance of the same line of conduct in the future.

This is not a question of politics or religion, but a simple business proposition. The election of the Citizens' ticket means good government and prosperity for the people of this commonwealth. The success of our ticket is already assured, but nothing must be left undone to make our victory.

Yours very truly,
D. C. DUNBAR, Chairman.
JAS. DEVINE, Secretary.

PUNISHMENT FOR FRAUDULENT VOTING.

The committee have also found it necessary to issue the following in view of the great amount of illegal voting they feel assured the machine will attempt with its horde of imported bums:

$25 REWARD!

There are hundreds of names on the registration list of men who have undoubtedly taken false oaths, and who in many cases will try to vote. These men are liable to arrest and prosecution, and the Citizens' Executive committee will pay a REWARD OF $25 for information that will lead to the arrest and conviction of any person fraudulently voting. Attention is called to

THE LAW.

Sec. 4102, Compiled Laws, 1888. "Every person not entitled to vote who fraudulently votes, and every person who votes more than once, at any election or knowingly hands in two or more tickets folded together, or changes any ballot after the same has been deposited in the ballot box, or adds or attempts to add any ballot to those legally polled at any election, either by fraudulently introducing the same into the ballot box before or after the ballots therein have been counted, or adds to or mixes with, or attempts to add to or mix with, the ballots lawfully polled, other ballots, while the same are being counted or canvassed or at any other time, or fraudulently carries away or destroys, or attempts to carry away or destroy any poll list or list of ballots, or wilfully detains, mutilates or destroys any election returns, or in any manner so interferes with the officers holding such election, or conducting such canvass, or with the voters lawfully exercising their rights of voting at such election, as to prevent such election or canvass from being fairly held or lawfully conducted, is guilty of felony and shall be punished by a fine not exceeding one thousand dollars, or by imprisonment in the penitentiary for a term not exceeding two years, or by both.

POLLING PLACES.

The polling places where the election will be held in the various municipal wards tomorrow are as follows:

First—Territorial Exposition building.

Second—Kennedy's hall, corner of Market and West Temple.

Third—Old Sixteenth ward school house, corner of First North and Fourth West streets.

Fourth—Burlington school house on H street between Second and Third streets.

Fifth—Rochelieu Hotel, corner of Third East and Second South streets.

THE BIG PARADE

And Final Rally of the Citizens on Saturday Night—Fireworks, Transparencies.—Music and Speeches.

The Citizens' parade on Saturday night was a most magnificent and successful one in every sense of the word, both as to numbers and enthusiasm and indicated clearly that the great contest that is now being waged comes from the people so overwhelmingly as to make their defeat well nigh impossible.

From 8:30 until 9 o'clock the streets were filled with thousands of spectators of both sexes, all ages, stages and conditions and they cheered the mighty procession till they were hoarse as it marched and countermarched on East Temple and cross streets between the DESERET NEWS corner and Third South street.

In the parade were all and many more detachments than mentioned in the NEWS on Friday and Saturday. There was an abundance of fireworks along the entire line of march, while there were flags, banners and transparencies without number. Among the most notable mottos were the following: "Boodle and Bigotry Have Deserted the Liberal Party." "The Pioneers of '47 the Pathfinders of the Rockies." "Orlando in the Commons," an exaggeration that showed the helpless form of the Liberal chieftain floundering in an immense soup bowl. "Save the Waterworks to the People by Electing the Citizens' Ticket." "Look Out For a Landslide on November 7." "We Have the Power Without Powers." "We, the True Workmen, and Bona Fide Citizens of Salt Lake Demand Recognition." "Board at Hegney's or No Work, W. H. Ryan." "Not Less Than 1500 majority For Our Ticket." "The War is On. Homes vs Hobos. Taxpayers vs Taxeaters." "We Have No Creed. We Exclude None." "'No Reputable Citizen Can Defend the Work Done'—Tribune." "The Rich Man has Been Robbed, the Workingman Starved."

After the parade had disbanded the Theater filled to overflowing with an immense audience. The meeting was no less interesting or successful than the others of the present campaign that have been held in the building. The speakers were Fred Simon, Mayor Baskin, J. H. Timmony, Grant H. Smith, W. W. Taylor, Arthur Pratt, C. L. Rood, John Henry Smith, Abraham H. Cannon and John C. Sandberg. The Citizens' quintette rendered some excellent campaign songs and Professor Held's band played with exceptional skill. The meeting ended with three cheers for the candidates.

SUNDAY MORNING BLAZE.

It was of Incendiary Origin but Who the Fire Bug was Does Not Appear.

Early yesterday morning the brick dwelling and barn of Samuel Jackson, situated in Waterloo addition, were found to be on fire. The flames were discovered by Mr. Irwin, who with a number of others managed to get the blaze under their control. It was found beyond question that the fire was caused by an incendiary. Several empty coal oil cans were found and carpets, lounges and other articles of furniture were saturated with the oil. The barn was completely destroyed and a valuable horse roasted to death. The occupant of the house was Louis Karalatsky, who was away from home at the time of the fire. His wife was also absent at the time. Much speculation has been aroused concerning the cause of the fire, as the house, furniture and horse were covered by insurance. The affair is under the investigation of insurance men.

JOHN BROWN, PIONEER.

Came Into the Valley July 22, 1847, and Swung the First Scythe.

KANAB, Utah, Oct. 29, 1893.
Editor Deseret News:

I left my home in Pleasant Grove, Utah, on the 27th of June last in very poor health. I spent two months on the Sevier river and at Panguitch lake, then passed over the rim of the basin down to this place, meeting with many old friends and relatives all along the route, with whom I have had a very pleasant visit. My health is much improved, but I am still very feeble.

I see in the index of Bancroft's History of Utah John Brown, who ascended the Twin Peaks in 1847, also John Brown, Pioneer of 1847, who was cut off the Church. I wish to say that J. Brown who ascended the mountain called Twin Peaks in 1847 and John Brown, Pioneer of 1847, is the same individual, but up to this date he has not been cut off the Church; he it is who writes this article.

It was stated in the obituary of the late Robert L. Thomas, who died in Provo a year ago, that he was the last of the advance party of Pioneers who entered the valley on the 22nd of July, 1847, with Orson Pratt. That is a mistake, John S. Gleason, Henry Walker and myself, all now living in Pleasant Grove, were of that party.

There is some dispute as to who plowed the first furrow in Utah. That I cannot decide, although I was there. I was the first man who mowed grass with a sythe to clear off a piece of ground for a turnip patch. This was on the 23rd of July, 1847. How easy it is for errors to get into history.

JOHN BROWN.

Held Up and Robbed.

A holdup occurred last Saturday night near All Hallows College. The victim was Mr. H. C. Phillips of 357 East Second South. He was suddenly accosted by three men with revolvers. Mr. Phillips had no money on his person, but he was deprived of a gold watch valued at $250, and which was highly valued by the owner as he had received it as a gift from the Hebrew congregation B'nai Israel of this city. Mr. Phillips was also robbed of several other pocket articles which he had on his person.

Double Surprise at Preston.

The seventy-[illegible] birthday of Father William Millard came on October 31, 1893, and to show him the appreciation they felt for his untiring work among the children (as Sunday school teacher, etc.) the Primary society met at the ward meeting house at 2 o'clock p.m. Bishop W. C. Parkinson then brought Father Millard to the meeting house and he was nearly overcome when he saw the house filled with happy, smiling children. The afternoon was spent in singing, reciting, dancing, etc. Father Millard received some nice presents.

At 8 o'clock p.m. many of the older folks (not wishing to be outdone by their children) met at the residence of Brother Millard and had a very enjoyable time, dancing, singing, feasting and speech making. The party brought an abundance of eatables which were partaken of with a relish. Father Millard gave us a sketch of his early history which ended the evening's entertainment. K. O.

Immigration Diverted to Canada.

The rigid inspection now instituted at the ports of the United States to keep undesirable immigrants out of the country are likely to divert immigration into Canada, where it is welcomed, and the minister of the interior is already rejoicing in the prospect of increased population. What is chiefly interesting to an outside observer is that countries which do not generally export their citizens are now beginning to do so. France, for instance, is maintaining settlers, not to the northwest territories, and Dutchmen are beginning to flow into Manitoba. It is less satisfactory to find that Chinamen continue to pass over into British Columbia, though eventually they are certain to be swamped there.—Westminster Gazette.

How the Senators Speak of It.

It is interesting to note the way in which senators refer to the silver act. "I have here," they begin, "a petition from the blank board of trade of blank asking for the repeal of the"—

Here there is a long pause, a glance toward the senior senator from Ohio in a deprecating sort of way, as though they wanted to avoid bruising any one's feelings, and then:

"The so called Sherman act," with great stress upon the "so called."

This little passage has occurred about fourteen times up to date, and it is always the same.—Washington Post.

IMPORTED LIBERAL VOTERS.

Persons Favoring an Honest Election Requested to Report Them at Citizens' Headquarters.

Citizens of Salt Lake: Information of undoubted character reaches us from various parts of the city, especially from the Fifth and Second Precincts, that the horde of imported voters with whom the Liberal leaders hope to carry the city are beginning to make their appearance with the intention of voting on Tuesday next. Empty houses are being filled up by small squads of men who rent them for periods reaching just beyond election day. These men will attempt to vote the names of the 300 or more whom the various deputy registrars failed to find in making their canvass of the city, but who came in droves to Registrar Waldon's office and registered there, swearing that they lived at various addresses in the First, Second or Fifth precinct. A second and third canvass has failed to find these men, many of the addresses given being on empty lots, in stores, or residences of well known citizens.

We ask all people who wish to see a fair and honest election on Tuesday next to promptly report to Citizens' Headquarters, Hooper Block, any suspicious cases coming under their notice where numbers of men move into vacant houses, or arrive at Boarding houses or Hotels within the next six days. Prompt reports will enable the committee to take steps for the detection of frauds, and aid in securing a fair and honest expression of bona fide citizens and none others at the coming momentous election.
