with his mouth open.' When we got into the bathroom Frank was lying dead. "I don't know what caused it, but it certainly wasn't suicide." At the Vienna cafe, where Huston was employed, his fellowworkers say that when he left the restaurant last night he had been in the best of spirits and had shown no signs of sickness nor High school, Miss Anna Nebeker of the L. D. S., and Prof. Maude May Babcock of the university.

had he made any complaint of illness. He had been preparing to go to Seattle within the next two weeks and during within the next two weeks and during the past few days and yesterday had spoken fequently with pleasurable an-ticipation of his going there. Huston is survived by his wife and one brother.

ELECTRICIANS STILL OUT.

-Contractor Orders Men In.

ot materially changed today. The men who were working for the Electrical Engineering and Construction company on

who were working for the Electrical En-gineering and Construction company on the Newhouse buildings were ordered to resume work this morning on account of the agreement the company had entered into for the payment of 33.50 per day until the buildings were completed. This job will take about 12 or 14 men off the list of unemployed, but there are about 8 union men still out, with about 40 sym-mathizers who went out with them. The firms who have agreed to pay the form & Gunn, Bywater & Lawrence and Randall & Lawrence. These firms are said to have signed up. The firms who are holding out against the demands of the men are the Salt Lake Electric com-pary, the Intermountain Electric com-pary. The Electric company, the Citi-ters' Electric company, Independent Electric company, Electric Wiring and Fixture company. Electric Wiring and fixture company of the alt the art Metal and Chandelier company. E. G. Holding and Eardley & Bro. The union has made some concession in the demands first talked of, and the agreement which all the employers are now asked to sign requires only that all work done on the building be done un-der the direction of a journeyman, who must be qualified as a journeyman who-man, the payment of the men weekly, inta eight hours work shall constitute a day's work, and on Saturday four hours, excepting in emergency cases. Time and a half is asked for overtime and double time for Sundays and hol-days. Journeymen are to receive \$1.55 per day, helpers \$2 and apprentices what-ever the contractor deams sufficient. The men waive the requirement at first talked of that none but union men shall be employed on a building, so long as the work is under the direction of a jour-heyman.

UNITED COPPER DIRECTORS.

Meiklejohn Lately Private Detective;

Also Accospager Shift. Butte, Mont., June 3.-David Meikle-join, elected a director of the United Copper company in New York yesterday in the course of the war for control of that corporation by F. August Heinze and others, is a former deputy United States marshal and lately a private de-tective. Richard R. Kilroy, who also goes on the United Copper board in Heinze's interest, is a Butte newspaper man. Both have long been Heinze adherents, but neither is reputed to be wealiny.

volved overlap each other.

Frank D. French, filed an answer yesterday in the Third district court to the suit brought by Amos E. Wal-ther, his divorced wife's brother, to recover \$3,926.93 on several promissory notes. French denies liability and says that the amount he seeks to recover is to pay for Mrs. French's board while she was an invited guest at his house,

TAKEN FROM JAIL AND LYNCHED Frankfort, Ky., June 3.-John Maxey, a negro who shot and seriously wounded B. C. Bowers, a circus man, last night, was taken from jail here early today and lynched. The jailer resisted the mob, but the door was broken down. The shooting was the result of the ne-gro's efforts to get into the tent under

CAME ALL TOO LATE

Foreign Laborers at Commercial Club Building Decided a Few Minutes Before Noon to Strike.

The constructive work on the new Commercial club building is getting to be a good bit of a realism of the story of the Irish section foreman, Finnegan, who reported "Off agin, on

complaint which was filed by H. E. Booth, United States district attorney, that the land was secured from the government through misrepresentation. It was said to be agricultural and graz-ing land, whereas in the complaint it is set forth that it is more valuable for mineral. Affidavits are alleged to have been made in one case by Robert L. Fulton and R. H. Frazer in 1904 in regard to the value of the land for agricultural purposes. These affidavits are said to be false in the complaint. It is also alleged that the notice in regard to the railroad company's filing on the land was published in the Boxelder Re-port and not in the Corinne Inter-Mountain News, as ordered by the de-pariment of the interior, this point be-ing nearer to the land in question than Brigham City, as required by law. The land was examined some months ago by the authorities at Washington, and the action of Dist. Atty. Booth is taken at the request of the United States attorney-general. Finnegan, who reported "Off agin, on agin, gone agin." Yesterday morning the tie-up was thought to have been broken by the employment of about 65 Japs, Greeks and Austrians. At noon they struck. This morning work was again re-sumed with about 25 Austrians, Greeks and Assyrians. This crew did good work during the forenoon hours, and the contractors handling the structural iron and steel work weren't going to iron and steel work weren't going to take any chances on the men being talked out of their job during the noon hour. Meals were ordered from res-taurants to be served to the men with-in the excavation-but when the lunch in the excention—but when the function was brought to the ground, it was just 15 minutes too late. The men, with the exception of two, quit and went 'on strike" just a quarter of an hour before the noon whistle sounded. The situation at the Commercial club building a developing (into an increase

Ine situation at the Commercial club building is developing into an increas-ing embarrassing position for the sub-contractors, the Minneapolis Steel & Machinery company, who have the con-tract for the crection of the iron and steel work of the building. Refusing to meet the demand of the unline, Relusing to meet the demand of the unlon for a wage schedule o \$4.50 per day of eight hours, resort was made yesterday to the employment of foreign cheap labor. After half a day's work the Japs, Greeks and Austrians were talked out of work, and today this same thing was duplicated.

There has been no disturbance of any kind at the scene of the trouble, but the whole matter has been carried on

quietly. Today, as yesterday, a quiet-speaking man simply walked about the workmen saying a few words in low tones-and then came the refusal to vork.

From present indications, the sub contractors will likely be forced from their position within at least the next day or two and the work will be begun with union labor. The Commercial club

has taken the stand that pulon while labor must or at least should be em-ployed, and while no statement has

ployed, and while no statement has been given by the general contractors, James Stewart & Co., there is sufficient indication to lead to the belief that they are of the same opinion. So far as the differences existing be-tween the union and the Minneapolis Steel & Machinery company is con-cerned the general contractors have nothing to do except that they will in-sist upon the completion of the sub-con-tract. They have in reality nothing to tract. They have in reality nothing to do with the employment of the labor, but will demand, however, that work must progress or else the contract will

board of governors of the Commercial club and representatives of the build-ers' trades' council tomorrow at noon and Prest. Halloran of the club is hopeful that the situation will be com-pictely cleared at that time,

Southern Pacific Rallway company, and Southern Pacific Rallway company, and the United States Trust company were made defendants today by the United States in a suit filed in the United States circuit court to declare certain patents for land in Boxelder county invalid. Two suits have been filed which are practically the same. The land in question contains in all 555 and one-fifth acres. It is alleged in the complaint which was filed by H. E. Booth, United States district attorney, that the land was secured from the ARMINGTON.-In this city, June 1, James Henry Armington, in his eighty-third year. Funeral was held today from the resi-dence of Robert Howard, 228 east Fourth South street, at 2 p. m. Interment in Mt. Olivet.
