IS AGAIN A DEMOCRAT.

Gov. Smith of Montana Returns to His Fire Love.

A STRAIGHT TICKET IS NOMINATED.

Democrats Will Not Fuse—Populists and Silver Republicans Make Up a Ticket.

Anaconda, Mont., Sept. 21.—The Democratic, Populist and Silver Republican state conventions assembled their separate ends this morning. The southern frontier of the day was the scene of Gov. Robert E. Smith. He was a Democrat until 1894, when he joined Populism. He was a delegate to the recent Populist state convention. This morning the governor left good here by the Populists and Democrats. Democratic convention adopted a resolution to the effect that the delegates of the Democratic party be instructed to vote for Governor Smith. He was nominated by the Democratic convention for the office of governor. Mr. Smith was nominated by acclamation. The Democratic convention also nominated a straight ticket. Will Dean, J. Patterson of Record for clerk of the supreme court, Milton T. Fagan, of Great Falls, for associate justice, A. J. Campbell of Butte, representative to Congress, Henry M. Roberts of Deer Lodge for chairman of the supreme court.

The Populists and silver Republicans joined with the Democrats in the Butte district. Thomas C. Marlow, Republican, of Anaconda, nominated for congressman, and Henry Smith, Populist, of Helena, representative in Congress. Charles S. Thomas, Democrat, of Helena, was nominated for chairman of the supreme court, Oliver Hanson, Populist, of Great Falls.

The Democrats, through their platform, declared for free coinage and bimetallism at the ratio of 16 to 1; opposed the issuance of bonds; favored the Nicaragua canal; opposed the issuance of bonds; condemned monopolies; favored a graduated income tax; favored leasing lands; favored a law to the lessee in the Philippines.

The Populists adopted the Chicago platform, adopted by the St. Louis convention in 1896, favor bonds, an expansion of the currency, and subscribed to Mr. Morgan's resolution. Mr. Morgan intended to meet with, but continued to defend the Bag Rule chairman. Senator Mantle, of Montana, and Senator Carter, of the Nicaragua canal, believe United States sovereignty should be stretched by direct control of the canal across Anglo-French alliance as an impossible to safe policy of the United States from foreign complications, and have taken no hand in the politics of silver republicans.

Favorable to Senator Quay.

Philadelphia, Sept. 22.—At the Republican county convention today, the state arrived upon to the leaders of the "combine" and "anti-combine" factions of the party went through without a break. Nearly all of the executive positions are said to be favorable to Mr. Quay's return to the Senate. In one district, however, a contest resulted in the success of two men instructed to vote against Senator Quay if elected.

New York Silver Democrats.

Troy, N. Y., Sept. 22.—The Chicago platform Democrats of the state of New York, represented by about 100 delegates, met in executive session today, perfected an organization and adopted an attitude declaring their readiness to act with the Chicago platform shall be embodied in the platform to be adopted by the Syracuse convention.

Silver Campaign in Illinois.

Chicago, Sept. 22.—Ex-Gov. Altgeld will go to Missouri the second week of October to make two speeches for the Democratic state ticket. In return for the service, Ex-Gov. Stone and Congressman Hland have promised to visit Illinois during the campaign. This announcement is believed to mean that free silver will cut quite a figure in the state this fall.

RULING REGARDING CHINESE.

Secretary of the Treasury Makes One Affecting Treaties.

Washington, Sept. 22.—The secretary of the treasury today made an important ruling in which he holds that Chinese subjects who are not laborers are not entitled to bona certificates to privileged classes of Chinese entering this country. In a circular issued to all officers of customs attention is called to an opinion of the attorney general to the effect that the "Boxer" is no authority in exercising laws under which member officers of China in Foreign countries shall issue to Chinese subjects of exempt classes the certificate prescribed by section 6 of the act approved July 5, 1894, relating to the exclusion of Chinese."

Customs officers are instructed as follows:

"The practice which has heretofore obtained of accepting such consular certificates will not be discontinued and Chinese subjects of the privileged class and coming into the United States from China must produce certificates from the government of China, and those coming from other foreign countries in which there are residents must produce, under the treaty of 1894, the certificates of consular officers of such countries and not the certificates of consular customs or other subordinate officers of China.

All rulings heretofore made in conflict with the foregoing are hereby revoked.

The effect of this ruling will be to prohibit the entry into this country of the privileged classes on the presentation of certificates issued by the imperial Chinese government, and in view of the fact that the government has never issued certificates of the character, it is believed that comparatively few Chinese, even of the privileged classes will apply hereafter for admission.

Manila Gets Tallow-Wan.

London, Sept. 22.—A dispatch to the Globe from Hongkong purports to give details of the agreement concluded at Pekin on March 27th. It appears that Han Ping School of the Chinese Foreign office Chinese concluded an agreement with M. Pavlovsky by which China ceded Port Arthur and Talien Wan, stipulating that neither Russian and Chinese warships enter or dock at Port Arthur. Russia, it appears, gave an undertaking not to make inner harbor of Talien Wan, the sole administration of the ceded territories and a track of land north of Talien Wan is designated as a buffer zone.
