For the Relief Societies.

In order to secure a uniform method of keeping the accounts of Relief Societies, and at the same time save much labor, Elder L. John Nuttall, who is exclusively known for his labors in the cause of the society, has prepared an account book that has just been issued by George Q. Cannon & Sons Publishing company, Salt Lake City. It will be found exceedingly useful and convenient for the secretaries of the societies. It contains two parts, one for receipts and one for disbursements, with printed headings and plainly ruled, and should be secured at once, in order that the records of these societies may be kept uniform. The book, strongly bound, will be sent to any address on the receipt of $2, post paid. An order book on the treasurer of the Relief Societies has also been prepared and can be had for 25 cents. For the use of these books no extensive knowledge of scientific bookkeeping is required, and yet they are so arranged that the financial status of the society at any time can be seen almost at a glance.
