SALT LAKE STAKE CONFERENCE.

The semi-annual Conference of the Salt Lake Stake of Zion will convene in the Tabernacle on Sunday, Sept. 24, 1899, at 10 a.m. Attendance from all the wards in the stake is urgently requested.

JOHN Q. CANNON,
GEO. Q. CANNON,
JOSEPH F. TAYLOR,
LORENZO W. PEARSON,
Presidency of the Stake.

SACRAMENT SERVICES.

Sacrament meetings will be held in the following wards on the next succeeding Sunday morning:

CITY COUNCIL SESSION.

The Usual Routine Business Transacted.

A PAVING MEETING CALLED.

Ordinance Passed Regulating the Practice of Medicine, etc.

Yesterday afternoon, at three o'clock, the City Council met in regular session. The reason for calling at that hour was that the council would be engaged in the evening as a board of equalization. Mayor Scott presided, and barely a quorum was present.

The Rapid Transit Company asked to have a fence removed in Seventh South Street. Referred to committee on streets.

All the members of the police united in asking for a suit of clothes each, at the expense of the city. Referred to committee on police.

The Eastern Oil Company asked permission to lay a spur from the U. P. track to their premises in North Salt Lake. Referred to committee on municipal laws.

E. R. Critchlow and others protested against the manner in which the Utah Central was obstructing and disfiguring Fourth West street. Referred to committee on streets.

Wm. Taylor and others asked to have the water mains extended on Second West Street. Referred to committee on waterworks.

Fred Trumer asked to have sewer deemed an alley 12 feet wide on lot 5, block 37, plat A. Referred to committee on streets.

James Pitt asked for pecuniary recompense for injuries sustained by him by reason of a defective sidewalk on Third East and Fifth South streets.

The Salt Lake City Railway Company protested against the proposed amendment to the ordinance regulating the light of electric wires. Referred to the committee on municipal laws.

A. T. Leonard desired to be appointed in the police force. Referred to the mayor.

A communication from John Connolly regarding his assessment was tabled.

The protest of Wm. Lowe and others against extending Third East Street into Second South and Third South, was insufficient.

The petition of A. McFarlane for a free license to public weigher.

W. J. Miles complained of the damaging of refuse on Third South Street, between Sixth and Eleventh West, and asked to have the street graded. Referred to board of health and committee on streets.

Geo. J. Hunter wanted to be a policeman. Referred to the mayor.

The R. G. W. asked relief from a plug placed on Third South street for the protection of its blacksmith shops and ice houses. Referred to committee on waterworks.

A bill of $15 was presented for the use of the New West school house for election purposes, and C. C. Dowling presented a bill of $10 for election booths in the Second District. Both were allowed.

A petition asking the gratuity of D. J. Loughlin on the police force was referred to the mayor.

Mrs. B. Hansen asked for a license to sell merchandise. Referred to the committee on license.

A communication from the manager of the American Well Company regarding work done for the city was referred to the committee on water works.

A petition of property owners on First East Street asked to have it made a paving district, and paved with asphalt. Referred to the committee on streets.

A petition asking to have an electric light established at the intersection of Seventh South and Seventh East streets was referred to the committee.

The city engineer reported favorably on adopting the plan of the Canal Addition that Capital Hill reservoir was nearly finished, and recommended that steps be taken to put the contractor on account that there was due Prof. G. Palmer $[illegible] for some cross water, a statement of the amount due Lyman Morris for common labor, accompanied by a bond to be executed to him. The letter was referred to the mayor to see the bond executed when Mr. Morris would be paid in the other money the recommendations were adopted.

The expert water commission reported that they had [illegible] maps, etc., to the city engineer, but needed more time to complete their report.

The committee on streets recommended the approval of the grades of certain streets, furnished by city engineer. Adopted.

Pendarvis moved that the City Engineer be notified that the grades of streets it was to grade had been established and that it might begin the work. Adopted.

The council confirmed the purchase of water rights in Emigration Creek made by Pendarvis, and passed an ordinance prohibiting the sale of medicines by outcry on the streets, and another regulating the practice of medicine, etc.

Parsons submitted a resolution providing that the property owners on Main Street, between South Temple and Third South streets, be invited to meet with the street committee next Wednesday, at 2 p.m., in order that their views as to the kind of material to be used in paving that street might be solicited and objections heard. The resolution was adopted.

The following appropriations were made:

[illegible]

Adjourned.

Reports Wanted.

In view of the Salt Lake Stake Conference being near at hand, and reports being required from all the organizations therein, the presiding officers will please see that these reports are sent in handed in promptly.

Where changes have occurred in any of the following named organizations, during this year, it is of great importance that they be reported, including dates, places and all particulars relating thereto. Bishopric of wards, quorums of Elders, and quorums of the Lesser Priesthood.

That there may be no possible chance for mistake, it is desired that only the names of the Bishopric of wards, Presidency of Elders' quorums and quorums of the Lesser Priesthood be given.

J. D. SPENCER,
Chr'n of Stake.

Strike Feared.

Omaha, Aug. 22.—George W. Vroomen, of North Platte, Neb., chairman of the grievance committee of the Union Pacific employes, has arrived with a number of members of the brotherhood. They discussed in secret the great strike in the East, with a view to making such preparations as might be required, should it extend to the interior of the country. The officials in the local yards say they would be surprised if they should be ordered out at any time. Said one of them: "If the strike reaches the Missouri river we will feel it in Omaha. It might affect only the Northwestern, but that road and the Union Pacific are so closely allied that the latter would necessarily try to handle the Northwestern freight and that would lead to trouble here."—*Mansfield.*

THE HANSEN CASE.

Extraordinary Correlation of Courts of Court.

The case of Nathan Hansen, under indictment on a charge of unlawful cohabitation, continued from Thursday last, came up before Commissioner Hiles again at 10 a.m. to-day and immediately a number of witnesses for the defense were called. A lively wrangle regarding permit English, gave a melody and literally truthful version to a question, where was only from the other answer, and yet was adjudged in contempt of the court, and sentenced to a fine of $100 and costs, all because neither the court nor the prosecuting attorneys had ever meant, and was unable to make clear to the witness what was meant by the question in the course of the following account of the proceedings:

[illegible]

A FRIGHTFUL WRECK.

Four Men Killed in a Railway Accident.

A frightful collision occurred on the line of the Central Pacific, five miles west of the Summit, Thursday night, which resulted in the death of four men.

Freight train No. 19 was at Summit, and freight train No. 23 at Cascade. No. 19 broke in two and the rear portion of the freight train dashed down the steep grade at a frightful rate of speed.

The conductor and one brakeman of the runaway train were in the caboose, and the same portion of the crew of No. 23 were in the station at Cascade.

When the runaway train struck the engine of train 23, the cars crashed into the station, killing the conductor and brakeman, who were in the office.

The conductor and brakeman of the runaway train were also killed.

The names of the killed are: Conductors Kingsley and Connelly and Brakemen Hales. The name of the other man could not be learned.

The station was completely demolished. Wrecking trains were immediately sent to the scene of the wreck. Passenger trains Nos. 1 and 5 were on the west side of the wreck, and were delayed about nine hours each.—*Ogden Standard.*

New Registrars.

The Utah Commission today appointed S. L. Gillespie to be county registrar of Box Elder County, vice J. K. Fowler.

George A. Burgon was appointed deputy registrar for South Cottonwood precinct, in place of Mr. Carlson.

J. L. May has been appointed deputy registrar for the Third precinct, in place of Geo. Lambourne.

Theatre.

A numerous house witnessed the performance of "Captain Swift" last night at the Theatre. Interest was maintained from the opening to the close. The well known Madison Square company need no eulogium of ours. They are every one in the front rank of dramatic art. Their delineations of the various characters were perfect.

"Jem the Penman" drew a fair house at the matinee today.

Tonight "Aunt Jack" will be the great attraction, preceded by "A Man of the World," which will close the engagement of this inimitable company.

An Assignment.

Swen Johnson, Joseph Thorn and Jacob Thorn, of Pleasant Grove, are three very much surprised individuals. The April stock taking of the Pleasant Grove Co-op. showed the institution to be in a fair condition, and these gentlemen concluded the plan of purchasing a controlling interest in the institution. They paid $5 cents on the dollar for about $[illegible] of the capital stock of the institution, the whole of the capital stock being $[illegible]. Stock taking was precipitated with the intended result of affairs which had little been expected. The liabilities of the institution were greater than the assets. On Monday evening an assignment was made in favor of the creditors of the institution, Z. C. M. I. of Salt Lake City being the principal one.—*Provo Enquirer.*

Diphtheria in the South.

A late issue of the News contained an account of the death of Mrs. Lottie Croft and her daughter, at Fillmore, August 2nd, evidently diphtheria. Since then two more of her children, Eva and Florence have died from the same disease. There are five of the children left, and it is thought the disease has been checked, as there are no new cases in that family. Within eighteen months, half of the family, including the father and mother, have passed to the other side. The youngest, a baby, still living, was born the day its father was buried, when walking the plank. It is reported that there is some excitement at Fillmore, though the people are all right. Fourteen people, having suffered so severely from that disease in the past, are really worked up over reports of its appearance anywhere near them. In this case, however, there is no need for fear or excitement. Instead of there having been eight deaths in Fillmore from diphtheria, as reported, there has been but one, that of Mrs. Croft. Her three children died at Deseret, one of them being buried at Fillmore. The father of the baby died in Fillmore, but not from diphtheria. The death of father Davis had been looked for a month or two before it occurred, he being in the eighteenth year of his age.—*Richfield Advocate.*

An Old Riddle.

THURSTON, Aug. 18th, 1899.

Editor Deseret News, Salt Lake City:

I send you a copy of a puzzle, clipped from an old paper, that may be interesting to your readers.

Respectfully,
A SUBSCRIBER.

A PUZZLE.

He is and Not, nor Noah's son, nor a Levite nor John the Baptist, nor yet the Wandering Jew. He was with Noah in the ark. The Scripture mentions him particularly in John, Mark and Luke. He knew no parents, sucking upon his mother's breast. He nothing is such as no man ever wore, he goes barefoot like a grave, old Father he wears no hat either in summer or winter, but often appears with a green apon his head; his wardrobe is not near spare, per is of silk, hair, linen, woollen, tack or cheap cloth, yet it abounds in colors and its close to his skin. He is wonderfully temperate; drinks nothing but water, and would rather die in a farmer's barn than in a king's palace. He is very wasteful and sleeps in a singular kind of chair with his clothes on. He was alive in the creation and nearly all the world based him. He preached a short sermon once that contained a score of his sons and caused him to be twice beheaded. He never was married yet he has fourteen whom he loves dearly, for if he has but a single morsel of food he divides it among them. He never rides on horseback yet he is in some respects equipped in a horse's head. He is an advocate of only doing things he never goes to bed. His prophecies are so true that the sayings you hear his name are more than what is approaching. Who is this prophet and what does he foretell?

TODAY'S TELEGRAMS.

Murder and Cannibalism.

BIRMINGHAM, Ala., Aug. 21.—Yesterday a Mrs. Cole went berry picking and left her child in charge of a large, deaf mutes of unsound mind. On her return she found the deaf mutes had killed the child and partially ate it for food. The murderess must have attacked the child shortly after the mother's departure.

Excited Wheat Market.

CHICAGO, Aug. 21.—Wheat wild and excited at opening this morning on the reports of cold weather in the Dakotas and frost north of this place. December opened with a scattering sale or two at 100½, but there was no real business transacted until it reached 100¾. It touched 100¾ a few minutes after it started but fell back to 100¼ at 11:15 a.m. and held strong around that figure.

More Startling Figures.

Last evening again the city council met as a board of equalization to hear protests against the assessor's valuation of property. There was not a quorum present and the objections were filed for future action.

Louisa M. Johnson owned a small piece of property which the county assessor valued at $8,930. Mr. Clute's valuation was $9,000, which she considered excessive.

Mrs. J. L. Sprague owned 6x165, in lot 8, block 75, plat A, which was assessed at $23,000, which was too high.

Kate Farrell stated that she owned 10x60 rods in the Ninth Ward which was assessed at $11,100, while the county assessor's valuation was $2,100. On another piece in the Seventeenth Ward Mr. Clute's valuation was $5,225, while the valuation of the county assessor was $3,200. She thought the city assessment too high and asked for relief.

A. Livingston owned a lot in the Twelfth Ward which was valued at $[illegible]. This was altogether too high.

C. V. Spencer stated that he owned a lot in the Twentieth Ward which was valued at $9,000, Mr. Spencer was willing to sell the property for less than that.

Mrs. Sarah Newell's property in the Eleventh Ward was valued by Mr. Clute at $4,370, while the county assessor's figures were $2,500. She thought the latter's valuation was about right.

William Haystick, of the Nineteenth Ward, owned two lots which were valued at $4,000. This was more than double last year's assessment and was excessive.

George Kilpack owned a lot in the Twentieth Ward, upon which he was taxed $18.50. Last year his tax on the same piece was $1.60.

Mrs. Annie Brown owned a lot in the Nineteenth Ward which was valued at $2,900. This was just $1,000 higher than the county assessor's valuation and she thought it too high.

Mrs. Clara M. Clawson owned a lot in plat I which was valued at $[illegible]. Mrs. Clawson considered this too high and was willing to sell it for less than that.

The following persons asked for reduction on account of poverty, etc.: Thomas Watts, of the Twenty-first Ward, $7; Hannah Midland, Nineteenth Ward; Mary A. Green, Tenth Ward, $14.50; A. J. Boer, Tenth Ward, $12; Ann Sykes, Fifth Ward, $12.48; Thomas Westwood, Sixteenth Ward, $9.48.

Alfales Young objected to the valuation on lot 1, block 19, plat B. The property was valued by the assessor at $75 per front foot, while contiguous of said rate added to $25 per foot on account of its being a corner. Mr. Young thought this was about a third higher than a fair valuation of the property, and asked a reduction to that extent.

Elbridge Tufts claimed that he was assessed twice on the same property, and after examination, Mr. Clute acknowledged this. Then Mr. Tufts objected to the valuation placed upon his property, which was $1,500, when the county assessment was $[illegible]. He also objected to the valuation of $1,200 on his merchandise and claimed that $1,500 was all it was worth.

The following recommendations were filed:

[illegible]

Dear Sir:—Enclosed find [illegible] of lot 2, block 3, plat A, in the name of Mr. Atwood, which we have to pay an assessment on our estimate upon an entirely different lot. The county tax on the same is valued at $[illegible], the city valuation is $2,000. Your petitioners respectfully request a fair correction be made.

[illegible]

To the Salt Lake City Board of Equalization:

Gentlemen:—I hereby enter my protest against the unjust assessment of my property, viz.: lot 3, block 86, plat B, city. This year the same property is assessed at $[illegible].

I also enter protest against the assessment as charged on the above property. The only improvements that I have made consist of two sides of a summer kitchen and a chicken coop. I am prepared to prove to the gentlemen that all the above aver that the cost of the same did not exceed twenty-five dollars.

Hoping you will make my assessment, I remain, gentlemen, respectfully yours.

GEORGE DENHAM.

The board then adjourned until 9 o'clock tonight.

The best medical writers claim that the successful remedy for nasal catarrh must be non-irritating, easy of application, and one that will reach all the nasal cavities and ulcerated surfaces. The history of the efforts to treat catarrh during the past 40 years is to admit that only one remedy has met these conditions, and that is Ely's Cream Balm. This pleasant remedy has mastered catarrh as nothing else has ever done, and both physicians and patients freely concede this fact. The more distressing symptoms yield to it.
