DESERET EVENING NEWS.

Wednesday, June 5, 1895.

Y. M. M. I. A. Conference.

The annual general conference of the Young Men's Mutual Improvement Associations of the Latter-day Saints will be held in the Tabernacle, Salt Lake City, Utah, on Saturday and Sunday, June 8th and 9th, 1895. Stake and ward officers and Associations members are especially urged to be present, and a general invitation to attend the conference is extended to all interested in the cause of Mutual Improvement.

WILFORD WOODRUFF,
JOSEPH F. SMITH,
MOSES THATCHER,

GEO. D. PYCKE,
Secretary.

Salt Lake Temple.

The Salt Lake Temple will close on Friday evening, June 28th, and re-open on Monday, July 29th, 1895.

LORENZO SNOW,
President.

MUNICIPAL MATTERS.

A New City Jail Again Decided Upon—Prisoners Must Go to Work—Other Matters.

At the meeting of the City Council last night all the members were present except Cheesman and President McCurdon presided over the deliberations. At the session it was decided that Assistant Attorney Van Horn should hereafter spend his time in helping Judge Hogg with city cases in the Third district court. Under the new arrangement he gets $125 a month, an advance of $25 over what he formerly received. Clerk James of the police court will be involved in the same change to the effect that he will be required to prosecute cases before Justice Smith in addition to his clerical duties and for that he will receive $100 per month, an increase of $25 over the old schedule.

A communication was received from Assessor Lynch stating that the assessed valuation of property within the limits of Salt Lake City was $25,000,000, as shown upon the assessment rolls. Referred to committee on finance.

An invitation was received from the Travelers' Protective association inviting the Mayor and City Council to attend a convention at San Antonio, Texas, on June 3rd to 5th inclusive. The recorder was instructed to thank the association for the honor conferred.

The Salt Lake & Ogden Gas and Electric Light company produced vigorously wailed their water assessment in the sum of $1,241 for the year ending June 30th, claiming that their tax last year was only $900 and that they have not used any more water this year than last. Referred to committee on waterworks.

The board of public works submitted with its approval the twentieth partial estimate in favor of Houlahan, Griffin & Morris, Hobson & Wilkerson, for gravity sewer work, in the sum of $17,362.80, during the month of May. Adopted.

The board of public works recommended that the bid of C. S. Ford in the sum of 12.9 cents per lineal foot for the construction of a fence on each side of the gravity sewer at various points between the Salt Lake Mill & Elevator company's building and Beck's Hot Springs be accepted. Rejected.

Treasurer Dake sent in a communication announcing that he had appointed L. P. Palmer, clerk to succeed C. G. Hiller, deceased. Committee on finance.

Recorder Backman reported that $20 had been received for dog licenses for the month of May, in addition to $2 for pound fees, and that thirty-five dogs had been destroyed, for which W. W. Taylor should receive the sum of $70.35. Adopted.

The board of public works submitted a report to the effect that George F. William A. and Walter Wason had not been paid in full for services rendered by them upon the gravity sewer under J. C. Wason & Bros., and recommended that the amounts due them be paid by the city and charged to the original estimates. The board also reported that the principal contractors objected to the payment on the grounds that the parties were minor sons of J. C. Wason, who is a member of the sub-contractors' firm, and one of a polygamous wife, but as it appeared that the young men contributed their earnings to the support of their mother, the board believes they should be paid, and so recommended. The Council was of the same opinion, and the report was adopted.

The superintendent of waterworks reported that $4,903.12 had been expended in his department during the month of May. Filed.

City Attorney Hoge recommended that the sum of $5,951.40 be appropriated to Treasurer Dake for payment in the Third district court in the case of the City vs Jonn Beck, wherein judgment was rendered in favor of the defendant for the amount named, demands assessed against the city for the construction of the gravity sewer through Mr. Beck's land. Adopted.

The committee on streets, reporting on the resolution of Councilman Clawson, providing that the city's prisoners be put to work under the supervision of the chief of police and superintendent of streets, recommended that they be employed under the supervision of the street supervisor, that they walk to their work, instead of riding, and that all expenses connected with their work be paid out of the amount set apart for incidental expenses, and not charged to any other department, and that no credit be allowed to any department for the labor performed by the prisoners. The report was adopted.

The committee on license recommended that renewal of liquor licenses be granted to Tuckfield & Riley, Fernando E. Rodella, Mrs. Ogden Neilson, S. J. Levy, O. T. Nystrom, Henry Heller, Oscar Youngberg, Kentucky Liquor company, Can Quinnin and John Fanton. Adopted.

The committee on fire and police recommended that room No. 18 in the old city hall be set apart for the use of the health department in emergency cases. Adopted.

The ordinance relative to the appointment of collector of water rates passed. The man employed will get $3 per day.

An ordinance providing that the fire department shall consist of the board of fire and police commissioners, a chief engineer, an assistant engineer and twenty-four additional officers and men, was passed.

John introduced a resolution providing that the sum of $25,000, the amount converted into the treasury from the copper plant bonds, be set aside to build a new city jail, and that the committee on grounds be instructed to secure plans and specifications for the building, the cost when completed not to exceed $25,000.

Clawson arrayed himself against the resolution on the ground that the sum stated would not be sufficient, as a site would have to be purchased, but Cohn maintained that it could be built on the old site. The resolution was amended to read that the committee on prison be instructed to secure plans and specifications for a jail, the cost of which when completed shall not cost to exceed $25,000, which was adopted by the following vote. Yea—Cohn, Curran, Handy, Mason, McMillan, Morris, Newell, O'Meara and Watson—8. Nay—Backe, Clawson, McCornick and Young—3. Absent—Cheesman and Lynn—2.

Cohn offered a resolution providing that all committees of the City Council be composed of three members only, and that the committees on sections, public works, ways and means, revision, markets and unfinished business be dissolved with. Also that the first three names on committees consisting of five members as now constituted, remain on their respective committees as their new stand. Referred to the committee on revision.

An ordinance was passed providing for a license of $25 per year on each wagon used by scavengers, and that all such work be done under the supervision of the health commissioner.

On motion of O'Meara, Councilman Mason was appointed city member of the board of equalization and review, which will sit in the joint building from July 10th to 20th, inclusive.

Appropriations were made aggregating $23,930.53, after which the Council adjourned.

Divorce Suit Entered.

Emma L. Peterson filed a suit against her husband, Andrew J. Peterson, for divorce, in the Third district court yesterday afternoon. The parties were married in Park City, June 16, 1890, and have since lived in Summit county. Mrs. Peterson alleges that since the 1st of February last, her husband has failed to support her, though he has property estimated to be worth $3,000. She states also that she has been in delicate health for months, but has been compelled, since her husband abandoned her, to earn her living by working as a domestic. She applies for temporary and permanent alimony and money for court expenses, and has asked to have the infant child of the marriage awarded to her, alleging that as her husband is addicted to the use of intoxicating liquors, he is unfit to have the care of the child.

The court issued an order requiring the defendant to show cause on June 22nd why he should not pay temporary alimony and costs.

Fifth Ward Festival.

The people of the Fifth ward of this city had a very pleasant time yesterday afternoon and evening when, under the auspices of the Relief Society of that section, a strawberry and ice cream festival was given. In the afternoon the old folks, over whose venerable heads seventy summers and winters had passed, were entertained in the meeting house, where an interesting program was rendered by the members of the Primary association. Among the ladies present were Sisters M. I. Hoag and Bathsheba Smith. The evening hours were given over to the young people, who enjoyed themselves thoroughly in the merry dance. The affair was a very pleasant and successful one and as such will long be regarded by those who attended.

Publication of the Constitution.

There has been some delay in the issuance of the printed Constitution as framed by the late Convention. But the News is informed by Hon. Richard G. Lambert, who is superintending the work of publication, that it will be issued now in a few days.

AN OPINION GIVEN.

Recently Mr. J. D. Thomas, of North Dakota, visited the Shenandoah Valley, Virginia, and after carefully examining the country located in Winchester, he writes to Mr. V. Richards, Land and Immigration Agent, Baltimore & Ohio Railroad, Baltimore, Maryland, as follows: "I have been in nearly every state and territory of the United States, and am frank in my opinion that this valley surpasses all other sections in the Union. The lands are low in price, and produce profitable crops. I thank you for directing me here, and solicit those seeking pleasant and profitable homes to locate in this country."

Call up Telephone No. 1244 and we will fetch your horse and shoe it. Prices reasonable.
