DIVIDEND HAS BEEN INCREASED

Silver King Will Hereafter Pay $100,000 Per Month.

BONANZA IN FINE SHAPE.

News Announced Today by Senator Kearns—Will be Continued Indefinitely.

The great Silver King of Park City has increased its dividend from $75,000 to $100,000 per month. This was the cheerful news given out by Senator Kearns, previous to his departure for Washington at noon today. The matter was decided after due deliberation and after a pool had been effected of the stock owned by the largest shareholders. It was doubtful yesterday whether this would be accomplished, but the pool was satisfactorily made this morning and the announcement of the dividend was then in order. At the meeting of the directors it was also decided to install an assistant manager and the many friends of Mr. M. J. Dailey will be very pleased to know that he has been selected for the above responsible position. Owing to the fact that Senator Kearns' State duties will require so much of his attention that he will not be able to consider the details of the great bonanza. Mr. Dailey has been given full power to act in the absence of the man to whom so much of the Silver King's success is due. Mr. Dailey has been connected with the King for a number of years. He was raised in Nebraska near Senator Kearns' old home and after coming to Utah he acted for several years as the Silver King company's steward. On the resignation of Foreman Tim Sullivan about two years ago, Mr. Dailey was put in charge of the mine and he has discharged his duties in a manner that is perfectly acceptable to the management of the mine. In speaking of the recent developments at the mine today Mr. James Ivers said that the recent strike on the 1,200 level was made under Mr. Dailey's direction and his services had been such that the company felt that as assistant manager he would be quite as successful as he had been as mine foreman.

In a retrospect today Mr. Ivers recalled the time when, in 1888, Senator Kearns, David Keith, A. B. Emery, John Judge, Wm. Dodge and himself took a lease on the Mayflower group in Park City. After sinking a shaft 300 feet they drifted about 150 feet and struck the lead, which, they were assured, ran into the Silver King group of claims. They then secures an option on the Silver King claims and started a shaft on the group. This was pushed down 700 feet and after running 200 feet the immense ore chute on that level was tapped. In the meantime the little band, whose names in connection with Utah's greatest mine, are known to everyone, had taken up the options and were reaching out and securing additional property, until today the company owns practically 150 patented claims in Park City. No one can comprehend the size of the stopes between the 700 and 900 levels of the bonanza from which nearly $3,500,000 has been paid in dividends. But notwithstanding the fact that the company paid $1,000,000 last year, the company came out at the end of the year with 75,000 tons more ore in sight than it entered it. The ore runs nearly $50 per ton on an average, but good as are these values Mr. Ivers says the latest tests on ore from the 1,200 level show an average value of better than $150 in gold, silver, copper and lead. "There is no doubt," said Mr. Ivers, "that the bonanza will astonish everyone when the management begins the marketing of the ores from the lower levels. We have 1,700 feet of drifts in ore on the 1,000 and 1,100 levels on which not a solitary man is working. We could double the output at any time if desired."

Asked as to the intentions of the management when the new tramway is completed, Mr. Ivers intimated that a material increase in the production would then be made. He had nothing to say regarding the Crescent Hill, which rumor says will pass into the hands of the Silver King. Mr. Ivers smiled broadly, however, as he intimated that time would show the plans of the Silver King management.

FIRE AT FAY, NEVADA.

Two Buildings in the Mining Town Were Burned to the Ground.

Special Correspondence.

Fay, Nevada, Jan. 26.—The town of Fay was visited last night by their first fire, which burned two buildings to the ground. One was the Fay hotel, belonging to Mr. Ohlstrom, the other to Mrs. Gillens, both of Fay. The wind blowing down the canyon instead of up, saved the loss of several buildings. Some of the furniture was saved from the flames, still the loss amounted to considerable. Mandages saloon, the next building above, and only a few feet away from the fire was miraculously saved, but during the excitement, all the stock and fixtures were taken out., some things being badly broken, and some things were also taken away by unscrupulous men. Geo. Moody's store, joining this saloon, was also cleared out, and he also sustained a loss of a few hundred dollars, by having things broken, damaged, etc. Most of the houses in town being frame houses, would have been in great danger, had the breeze been from the south.

The cause of the fire is not known, but it is supposed to have been a candle left burning in a room while the occupants went to supper. This makes one fire for each of the three camps, Stateline, Deer Lodge and Fay, with but a short time between each.

Seven Devils Activity.

Work is reported to have been resumed on the Nicholson group, in the Seven Devils district. It is said to have a ledge that is four feet wide at the surface and widened to seventeen feet at a depth of seventy-five feet, and is clearly defined between walls of porphyry and lime. At the surface the values are in chalcopyrites, but forty feet down chance to bromides. The ore is of smelting material and carries 50 to 60 ounces in silver, $2.50 to $6 in gold and 6 to 14 per cent in copper. Croppings on two of the claims carry as high as 35 per cent copper and small values in silver.

MINING NOTES.

Two cars of ore were reported today from the Niagara of Bingham.

The Ophir-Hill was on the market today with six cars of concentrates.

Milan Packard of the Star Con. came in town today with three cars of ore.

H. J. Michaels, of Brooklyn, N. Y., is now a director of the West Argent, of Stockton, vice J. A. White resigned.

The latest assays from the Ben Butler strike show 55.8 per cent lead, 12.6 ounces silver and 60 cents gold per ton.

The first car of anthracite coal was on the market today from the coal lands near Price, in which Sam Gilson and Col. Milner are interested.

Some very high assays are reported from a small gold streak in the Tuscarora vein which is being encountered on the 250 drift from the Dexter shaft.

George R. Russell of the firm of the Denver broking firm of W. R. Owen & Co. has been in the city for several days looking over the mining situation.

Returns from a car of ore from the Rocco-Hamestake mine at Eureka, Nev., is said to have showed the presence of 95 ounces silver and 64 per cent lead.

As announced in Monday's "News" the Mammoth's shipment of high-grade ore was sold on controls showing 288 ounces silver and 11.65 ounces gold per ton.

ROCK ISLAND THE FEATURE

It Overshadowed Everything, Advancing Strongly on Large Orders.

Early Losses in St. Paul Wiped Out—Large Offerings of Southern Pacific.

New York, Jan. 30.—The market was feverish and irregular in tone in the opening dealings, and trading was largely congested in a few prominent stocks. Five thousand shares of St. Paul sold at 1.50@1.50½, compared with 1.51⅝ last night, and 5,000 shares of Northern Pacific sold at 81¾ to 82, compared with 82½ last night. Steel and Wire broke ¾, and Erie first preferred 1¼. The opening sales of Southern Pacific were 15,000 shares at 47½ down to 47, compared with 47 last night. Mobile and Ohio rose buoyantly 3¼. The Chicago Terminal Transfer stocks were up a point each.

Rock Island was the overshadowing feature of the market, advancing strongly to 1.26¼ on very large buying. Other stocks were pushed steadily upward, including the Atchisons. Earlier losses were wiped out in St. Paul, Northern Pacific and Steel & Wire, these stocks selling from 1 to 1⅝ above yesterday's close. Southern Pacific encountered very large offerings. When Rock Island reacted 1½, prices fell back, St. Paul dropping to below the opening level.

Business became quiet during the early part of the second hour, and the general pressure ceased. A rise to 57 in Kansas & Texas preferred encouraged bidding up elsewhere and St. Paul and Federal Steel responded sharply. Later Kansas and Texas preferred dipped to 54½, but the advance was taken up by Louisville and Nashville, Brooklyn Rapid Transit and New York Central. The earlier strong stocks did not recover fully to the best.

The steel stocks came in for an advance late in the day, Steel and Wire rising 3¼ from the lowest, Federal Steel 2½ and other members of the group 1 to 1½. Chicago and Alton rose 1¼; Mobile & Ohio rose further to 61, and B. & O., advanced 1⅝. The general market hung suspended without animation. The closing was moderately active and steady and showed mixed net changes.

Bonds were firm all round.

A Good Joke Told on Officers Davies and Randolph.

Members of the police department are having the laugh on Officers Davis and Randolph. It is a joke, and the kind that is too good to keep. The officers referred to, with several other minions of the law, attended the Kearns banquet at the Knutsford the other evening, and they were told that the best there was in the house was not too good for them, and to order what they wanted.

The officers were seated at a private table, and after they had been studying the menu for about five minutes, and given up in despair, it is said that Randolph called the waiter and ordered "corn beef and cabbage." The black man looked surprised, but said nothing. Then Davis spoke up and asked: "Have you got any ketchup?"

"Uncle" Abe turned quickly on his brother officer and blurted out in a voice that could be plainly heard several tables distant: "Don't show your d—d ignorance by calling for 'ketchup!' I have eaten in such places before!" Davis collapsed and for the rest of the evening spoke only in whispers.

AMUSEMENTS.

Extreme disappointment was felt by the large audience which assembled at the theater last night in the expectation of hearing "Il Trovatore," when Manager Pyper came before the curtain and announced that owing to the indisposition of Collamarini, no performance could be given. Mr. Pyper stated that he had just returned from paying a personal visit to the singer, whom he found suffering from a severe cold. Her doctor had advised her not to sing, and she had reluctantly consented to be governed by his advice. The people in the audience, while disappointed, took the matter good naturedly and the money taken in at the box office, something between $600 and $700, was handed back. Whether "Il Trovatore" will be heard during the week or not, depends on the condition of Collamarini's throat. As she does not sing in the comic operas, however, there will be no change in tonight's bill, and "The Fool's Eye" will be rendered, Miss Davis having the soprano role and several of the principals who did not appear in "Carmen," taking other parts.

"It's an ill will that blows nobody good," and so the Grand found it last evening. The first act of "Chumley" was about half finished, when the doorkeeper and ushers were astonished to observe a big throng of people pouring into the lobby demanding seats for the performance. They came down, of course, from the Theater, and in less than half an hour, they filled all the available space the Grand had to offer. Under the impetus of such an audience, "Lord Chumley" went with renewed smoothness and the verdict was in all ways a decidedly favorable one. The sale for tonight indicates that there will be another large house.

Mr. Townsend, the advance manager of the "Prisoner of Zenda" Co., states that Miss Ruth Eldredge is not a member of their company, as has been supposed. The lady is Miss Aldridge, a totally different person.

WITH THE JUSTICES.

Yesterday afternoon James Mitchell was taken before Justice Smith on the charge of threatening to kill W. H. Branch. It was shown that Mitchell aprcached Branch the other day and said that he would kill him and his whole family if he did not give him money to get out of town with. Justice Smith gave Mitchell twenty-four hours to get out of Salt Lake, or serve fifty days in the county jail.

Mitchell chose to do the former, remarking that it would take him only "twenty-four minutes to leave town." Mitchell is regarded by the police as a dangerous character, and his departure is hailed with delight.

JUDGE STEWART RETURNS.

Finds "Dixie" a Pleasant Country Country With a Peaceable People.

Judge Stewart, who presides oover the criminal branch of the Third district court, after an absence of about two weeks, has returned from Washington and Iron counties, where he has been holding court in place of Judge Marioneaux, who, having formerly been prosecuting attorney, was disqualified to try the pending cases. The judge reports having had a pleasant time, especially while in Dixie. He says the winter climate prevailing there is simply elegant at this time of year, and well adapted to satisfy those who desire a southern home during the winter.

Judge Stewart says the people in the lower counties are a very peaceable and law abiding community, and as evidence of this cites the fact that only one criminal case has been before the district court in the whole of Washington county during the past year.

"Some of the people," says the judge, "are quite apprehensive over the water outlook for next season;" still in some localities there is reported to be more snow now in the mountains than there was last January."

The judge returns enjoying good health, accompanied by his stenographer, Mr. F. E. Barker. Judge Marioneaux left for the south this afternoon.

CRIMINAL COURT.

Campbell Gets One Year for Burglary—Other Cases.

The following business was transacted before Judge Marioneaux yesterday:

State vs William Campbell, burglary; defendant arraigned and plead guilty, waived time and was sentenced to one year in the State prison.

Salt Lake City vs W. P. O'Meara; continued till January 30, at 2 p.m.

State vs James O'Connor; defendant's bonds reduced from $1,000 to $500, by request of defendant.

All jurors in attendance upon the criminal court were excused till February 25, at 10 a.m.

Case of Salt Lake City vs Rocky Mountain Bell Telephone company was set for hearing tomorrow.

AGREE TO DISAGREE.

Husband and Wife Settle Things Satisfactorily Out of Court.

The case of Mary Hillstrum vs Lee Hillstrum, for divorce, was scheduled to be tried in Judge Hall's court yesterday, but just before the case was called the parties, by their attorneys, got together and arrived at an understanding whereby plaintiff should have her divorce, upon which agreement his honor made an order granting a decree accordingly.

The parties married at Bingham, October 2nd, 1884, and six children have been born to them. The grounds alleged by plaintiff were cruel and inhuman treatment.

SIBUTU AND CAGAYAN DE JOLO

Their Cession to United States Gazetted in Madrid.

Madrid, Jan. 29.—The cession of Sibutu and Cagayan de Jolo islands to the United States has been gazetted.

APPROPRIATION TO PAY FOR THEM.

Washington, Jan. 29.—The President today sent a message to Congress, recommending the appropriation of $100,000 for the payment of the claim of Spain for Sibutu and Cagayan islands in the Philippine archipelago in accordance with the terms of the treaty recently ratified by the Senate.

Court Cases.

Judge Hall attended to the following business this forenoon in his court:

Case of Lucretia Perkins vs Murphy Perkins; referred to Judge Timmony to take testimony. Motion for alimony and attorney's fees stricken out.

McConaugh-McCaskey Lumber company vs John J. Haight; judgment for plaintiff by default for $165.49.

Musser is Trustee.

In the case of the Utah Light and Power company vs the Salt Lake and Ogden Gas and Electric Light company et al, Joseph W. Musser was yesterday afternoon appointed trustee, on petition of plaintiff, to cancel the $75,000 mortgage, secured by bonds, which has been paid; but as the Central Loan & Debenture company of Kansas, who held the mortgage, is insolvent, there appeared no one authorized to make this cancellation, hence this action.

Judgment has been entered in the district court for $475, in favor of M. S. Aschheim and against Michael Fitzgerald.

STORY OF MASS MEETING.

Special Correspondence.

Scofield, Utah, Jan. 29.—At 12 o'clock Sunday the employes assembled at the I. O. O. F. hall, where they formed in a procession of 278 men and boys, and proceeded to march to meet the Clear Creek employes. After marching about three miles they stopped for about 45 minutes and rested themselves. They then marched about one mile further, where the met the miners' committee of Clear Creek coming down. They stopped long enough to hear the report of the committee, after which they gave Clear Creek three hearty cheers, and the band played a selection. The Clear Creek employes were then seen at a distance coming down in procession, headed with a large American flag and a brass band. Upon meeting the Clear Creek employes divided ranks, Scofield marching through, and falling to the rear, allowing Clear Creek to lead the procession to Scofield, where they arrived at 3:30 p.m. They marched down to the depot, and from there through Scofield's main streets to the I. O. O. F. hall. The band divided ranks and the procession marched into the hall with the sweet strains of the two bands, playing, "Rally Round the Flag." Also Mr. J. H. Dilley's drum corps, consisting of a band of small boys, felt delighted in marching with the men, and gave their services free.

When all were gathered in the hall, the chairman stated that there was some business to transact, but would not state what it was, in order that curiosity would bring them all back at 7 o'clock. The Scofield miners extended an invitation to all Clear Creek miners to dine with them at 6 o'clock. One special note of kindness was very much noticed by the community. That of Mr. Defrez, at his own expense sending 12 or more of Clear Creek employes to the Scofield house for supper.

At 7 p.m. a meeting was held by the Scofield and Clear Creek employes, and motion was carried that the grievance between the employer and employes be settled by the State board of arbitration. A committee was appointed to wait on General Manager W. G. Sharp. When the committee was marching out of the hall for Winter Quarters, the band played, "The Star Spangled Banner."

The question of families being in need was discussed, and a committee of six was appointed to make a house to house canvass to find out if any one was in need. The committee was also instructed to collect from those who were willing to give.

MR. SHARP'S ANSWER.

The committee then returned from Winter Quarters, with report from Mr. Sharp, which was as follows:

To Committee of Clear Creek Miners—Answer to your verbal and written communication of this date and referring to the resolution passed by the meeting of Clear Creek miners today, and also referring to your demands, presented Jan. 23. 1901, will say that under the law creating the State board of labor and arbitration, such board cannot act or take jurisdiction while employes are out on strike, or employer has made a lockout, and in either event neither party is entitled to benefit of the law creating that board.

As Winter Quarters miners are out on strike there is nothing to arbitrate.

We consent to meet a committee of Clear Creek miners and try and agree on a statement of Clear Creek mine grievances as provided for in section 1328 of the law creating the board of labor and arbitration, which section is as follows: "The application shall be signed by the employer of by a majority of his employes in the department of business in which the controversy or difference exists, or by both parties, and shall contain a concise statement of the grievances complained of, and a promise to continue on in business or at work, without any lock-out, or strike, until the rendition of a decision by said board. If said decision shall be rendered within three weeks of the filing of the said application."

If we shall fail to agree on a statement of facts this does not prevent the employes from presenting their side of the controversy to the board, provided they are at work.

W. G. SHARP,
General Manager.

After the reading of this the question was discussed and a motion was unanimously carried that all employes resume work, if the company were willing to arbitrate. But to make sure that the company would settle the grievances between the employes and employer, by arbitration, after they would resume work, a committee was sent to wait upon Mr. Sharp for an answer. Also the question was inserted: "Will there be any discrimination used?"

NO UNJUST DISCRIMINATION.

Mr. Sharp's answer was as follows:

"In answer to your communication asking whether the company will be willing to arbitrate immediately if you resume work, which is handed to me at 11:15 p.m., with request for immediate answer, as the men are waiting in mass meeting, would say that I am not authorized to say, nor willing to recommend that the company will recede from its position of not wishing to arbitrate with men who are out on a strike. I sincerely hope that the men will decide to go to work and have future differences and grievances to be settled as they come up. As to your question 'Will there be any discrimination used?' would say that there is no desire on the part of the company to discriminate unjustly against its employes, nor to harbor any ill feelings.

"W. G. SHARP, General Manager."

After this was read, it was received as a blank refusal to the employes for arbitration, if they did resume work. So it was moved and carried that the employes stay out until the company would promise to settle by arbitration when they resume work. A committee of two from Scofield and one from Clear Creek was appointed to go to Salt Lake City, and lay their case before the State board of labor and arbitration. Also to do such business as was necessary for the employes of Winter Quarters and Clear Creek.

Three cheers were given Mr. and Mrs. Wm. Edwards for throwing open their boarding house for such as needed board and lodging, some of whom were turned out of the company boarding house. Also three cheers were given to the general merchants, John E. Ingl[illegible] and Neil Matson, who were very accommodating to the employes. Mr. David Nicklas was given three cheers for voluntarily marching with the employes.

No further business was transacted and meeting was adjourned at 1 o'clock a. m.
