"Industrialists" in Ogden.

A detachment of the army of Industrials from Sacramento, under the command of Captain A. Ellison, arrived in Ogden yesterday afternoon. They were cared for by Chief Davenport last night and the city has made arrangements to look after them today. Nearly all of them are broken men. The captain stated to a News representative that they were a portion of the company which left Sacramento and of which one Colonel Paisley was shot and killed. Said he, "We have been treated very well along the road, being ill-treated but once and that was when our colonel was killed at Rock well. I expect the main body of the division will arrive in Ogden in a few days. We will make an attempt to pull out of Ogden today and will go to Washington. We hope to get through without any trouble as we are all law-abiding citizens."

Notes and Personals.

Mrs. F. M. Driscoll and family, of Aberdeen, Dakota, arrived in Ogden yesterday. Mrs. Driscoll is a sister to T. Kilkenny, S. P. train dispatcher, and will henceforth be known as a resident of Ogden.

Twenty-five men and ten teams were at work on the new canyon road yesterday. Three hundred and seventy-five names are now enlisted as applicants for work on said road and it is thought that each will obtain one week's work.

The city council met last night and went through its regular routine of business.

The home manufacture exhibit opens at the Grand tomorrow night.

She prays for a decree of divorce, the privilege of assuming her former name, Caroline M. Potter, and for such general relief as may be just and equitable.

James P. Hansen, of Sanpete county, has filed a divorce suit against Harriet Hansen. They were married in Logan on the 21st day of April, 1887. The cause for which the suit is brought is sanitary, claimed to have been committed by defendant with Magnus Erickson at the city jail of Ephraim, Sanpete county, on the 14th day of April, 1894, and divers other times. Plaintiff prays for a decree of divorce and for the custody of two minor children.

NEPHI.

NEPHI, UTAH, MAY 15, 1894.

FIRST DISTRICT COURT.

Court Bailiffs Appointed—Instructions to the Grand Jury.

Judge Smith convened court at Nephi at 10 a.m. yesterday. A good representation of the bar from Salt Lake, Provo and Nephi were in attendance. Among them were Messrs. Howat, J. T. Richards and John M. Zane, of Salt Lake, Watkins, Sutherland and S. A. King, of Provo.

E. J. McClure, Justice D. Cail and Mark A. Cazier were appointed court bailiffs.

The grand jury was empaneled, and J. B. Geary, of Lehi, appointed foreman. In instructing the jury as to their duties his honor laid special stress on the recent depredations committed in Utah county by the industrial army. If reports were true, these men had been guilty of grand larceny and riot. Men had no more right to appropriate a locomotive belonging to a railway company to their own use than they had to take a citizen's horse and buggy. In investigating this matter the jury should not permit themselves to be influenced by sentimentality. These men were entitled to the same consideration, if they had broken the law, as were other lawbreakers—neither more nor less.

GIVE US WORK

To enable us to put some idle men to work, we have decided to disregard profits and lay first-class Asphaltum work as follows, which is very much below the real value, and every dollar is paid to Utah workmen:

Garden walks, yards and tennis courts, 10c SQ. FT.
Sidewalks, etc., 1½ in. to 1¼ in., 15c "
Alley work, etc., 4 in. to 6 in., 25c "
Warehouse, stable and cellar floors, 1¼ in. to 2 in., 25c "

Road work, etc. at equally low prices.

Our Asphaltum is not slippery in winter, does not hurt the eyes in summer, and is far superior to the best cement work ever laid.

We hope everyone will fix their orders with us at once for all they can afford to do, and while saving money for themselves, help to furnish labor for the needy.

We will take part of the pay in store pay that our workmen can use on a cash basis.

THE PRICE OF IT.

Ah, there is the rub in these hard times. But consider what you save in so many ways. How you expedite your business, do specially an errand or attend to some duty with little loss of time that might otherwise be neglected. Think of the times you have gone home and been met by the wife of your bosom with the dreadful question to know why you had not sent up the meat, and you recalled how, when you thought of it you put it off thinking to have more time later on, and then forgot it entirely until the inquiry came, and your heart sank to your boots. How if you had had that easy running, light and graceful "Stearns" Yellow Fellow—that scorn and climax of bicycle construction—that account would say would have been attended to in a jiffy. Result: Conscience easy, money saved, wife smiling and affectionate, life filled with happiness and contentment.

"Stearns" Special 21½ lbs. Guaranteed Road Wheel
"Stearns" Model "A" 24 lbs.
"Stearns" "Lady Rosalind" 24½ lbs.
"Stearns" "Yellow Fellow" 15 lbs. A Racer.

The racer. The only racer. The only racer that is in it. The only racer that is in it and holds 14—fourteen—14—world's records. Urgent that you hail riders who want a mount that will get to the front.
