THE ARIZONA SQUABBLE.

On Monday last President Cleveland sent to the Senate the name of Benjamin J. Franklin to be governor of Arizona, vice Lewis C. Hughes, the incumbent. This action is claimed to have been the result of a compromise between a number of influential Democrats in our neighboring territory, and the circumstances would seem to bear this out anyway, Governor Hughes refused to vacate, claiming that he had a right to hold on till his successor was confirmed. This was a legal point which the President has probably overlooked, but he was equal to the occasion, for yesterday the acting secretary of war, by Mr. Cleveland's direction, telegraphed Mr. Hughes that he was removed and ordered him to turn over his office and its effects to the secretary of the territory, Charles M. Bruce. This is a peculiar way of doing things, but that it is effective whenever the President wishes to resort to it, we of Utah can bear abundant witness to. The governor Cleveland stayed not upon the order of his going but went at once.

Without knowing or caring particularly regarding the merits or demerits of the Arizona imbroglio, we sincerely hope that it will be decided when our neighbor like question will be settled and managed by people in the territory itself. The plan of governing and regulating distant commonwealths at the seat of the nation seems a little too strongly of colonial times and the causes which led up to the Revolution to be altogether satisfactory to this day and age. Happily, there are no new territories left now, and there is every assurance that statehood years can elapse before they will all enter into their rightful inheritance. Spare the day!

RUSSIA IN CHINA.

Events in South America, Asia Minor and Africa have for a long time almost eclipsed the developments in eastern Asia, and the fact is nearly lost sight of that the last war in those regions resulted in a victory that in the course of time is certain to give a new direction to the history of the world.

Russia, ever watchful when her commercial interests are involved, has long been power behind the throne in Japan, and had part of the price which they were to receive, not from Japan, but from China. Corea was Russia's for the picking and Japan knew it. Russia is developing and Russia possesses what the other Japan is not supposed to have, and that is money to lend to her people.

The Russian people is quartering in the dominions that Japan must be made to fit herself to do, and this must be accomplished notwithstanding the government. The point raises the question

How Men Dress.

A man can step into the great store, with the one clothing department and order his entire outfit. He does get each article just as he wants it, at price as low as he likes it and have full satisfaction from head to foot and have more money remaining in his pocket than if he had bought everywhere. His selections here would be among these prices:

Men's Underwear from 50c to $1.00 a garment.
Men's Hosiery from 10c to 25c a pair.
Men's Wool Shirts from 50c to $1.25 each.
Men's Collars 20c, 2 for 50c.
Men's Ties 25c.
Men's Linen Handkerchiefs 20c to 50c.
Men's Silk Handkerchiefs 50c to $1.25.
Men's Suspenders 25c to $1.50.
Men's Ties from 25c to $1.50.
Men's Suits from $10.00 to $25.00.
Men's Overcoats from $15.00 to $25.00.
Men's Hats from 75c to $5.00.
Men's Gloves from 75c to $2.25.

Men's Waterproof Coats $6.00 to $15.00.
Men's Umbrellas from $1.00 to $10.00.

You will find surprising values in everything. We can have our store open when you want. No other house in Salt Lake offers so generally and equally to man's trade.

HOW BOYS DRESS.

Here's a department that we take particular pride in. We want the boys to dress well. We have this department full of the nattiest little boy's little boys. Just enough little brother to each garment to remodel the mother to satisfy each manifest little lady's boy-hood in clothes. An other section filled with a lot of nobby suits for youths and a display of juvenile clothing exceeding anything we have ever shown.
