ARIZONA AND NEW MEXICO.

Lively Debate in the Committee on Territories.

WASHINGTON, Feb. 12.—The House committee on territories held a warm session today over the bills to admit Arizona and New Mexico into the Union. For several weeks it has been apparent that there was a disposition among some of the opponents of free silver on the committee to postpone favorable reports on those bills, at least for the present, to prevent the increase of the free silver strength in the Senate. Today the fight culminated, while the bill to admit Arizona was under discussion, the committee voted, six to five, to adjourn.

It was erroneously reported about the House today that the vote was taken on the Arizona bill and that the bill itself had been defeated. Although as stated, the opponents of free silver were responsible for the postponement of action on the bill, the opponents of free coinage on the committee were not in favor of deferring action. Mr. Stevenson of Pennsylvania, the chairman, Mr. Perkins of Iowa, Republican, and Mr. Turner (Dem. Va.) who voted against the motion to adjourn, are also opposed to free coinage.

It is apparent the test of strength today indicates the committee is opposed at least for the present to reporting these statehood bills. It is claimed both the statehood are also in favor of deferring action, but Mr. Murphy, the Arizona delegate, denies this. As the bill itself has not been debated in committee, the vote can be taken whenever the advocates of the bill are able to muster a majority.

Mrs. Lease on a Furlough.

WICHITA, Kan., Feb. 12.—Next Sunday morning Mrs. Mary E. Lease will make her debut in the sensational profession and henceforth her Christian prefix will be "Rev." instead of "Mrs." Her recent sickness was the immediate cause of her mind taking a divine turn. She promised the Master that if she got well she would consecrate her life to him, and she is keeping her promise. Next Sunday she will preach in the United Church of Christ and it is thought she will be offered the pastorate, which is vacant at present. She promises to echo the "Wolves" in the church when she gets in and she says there are many of them there.

New Indian Policy.

WASHINGTON, Feb. 12.—The secretary of the interior today transmitted to Congress agreements made with the Gros Ventre and Assiniboine Indians at Fort Belknap agency, Montana, and the Indians of the Blackfoot reservation in Montana. Under the first named agreement the Indians sell all lands supposed to be mineral, estimated at 40,000 acres, to the government for $300,000 to be expended for them by the secretary at the rate of not more than $50,000 a year. The latter agreement involves 800,000 or 1,000,000 acres of mountain land of a supposed mineral character, for which the government agrees to pay $1,500,000, to be expended by the secretary at the rate of not more than $150,000 a year. The lands of both these agencies will be disposed of under the mineral laws, except that purchasers of Fort Belknap lands will be required to pay $10 an acre instead of the customary $5.

In his letter of transmission, Secretary Hoke Smith formally announces a new policy, which will be attended to at all Indian reservations. He says: "I am convinced that the better policy in such cases is for the government to take charge of and sell for what they will bring, such lands as the Indians do not need, the net proceeds being placed in the treasury of the United States to be expended for their benefit. If this course is not practicable in any given case, and it be thought best for the government to purchase any Indian land at a fixed price, then care should be taken to make such provision for their disposal as will safely and fully reimburse the government, the whole purchase price. In other words the government should not be subjected to the loss of money in these transactions.

CUBAN AFFAIRS.

General Weyler's Plans for the Salvation of the Island.

HAVANA, Feb. 12.—The committee appointed by the Havana Chamber of Planters, and presided over by Senor Arrillo, called upon Captain General Weyler today, led by their anxiety over the unfavorable condition of their business, to try and get an idea of what the new captain general's views are on the prospect of a better condition for the planters. Senor Arrillo acted as spokesman for the committee and tendered a request for information to General Weyler, who said in reply:

"It is evident that the present serious aspect of affairs must be remedied very soon if we are to effect the salvation of the island. I have confidence hope that the grinding of sugar cane can be safely started by the middle of March in Pinar del Rio, Havana, Matanzas and Santa Clara provinces.

"For the present, however, my whole attention is given to the task of reorganizing the army on a basis suitable for carrying out any plans of campaign. Until that reorganization is effected, it is my purpose to depend on the volunteer forces for the protection of the colonies."

The future of Gen. Campos's plan of campaign which met the most criticism and opposition here, was the calling up of his large force into central Cuba to form a separate guard for nearly every estate on the island. Gen. Weyler's remarks indicate he intends to complete this plan and mobilize his forces into an effective military force for aggressive military operations.

The act of Gen. Weyler in setting free twelve prisoners who were sent from Santiago de Cuba, convicted with conspiring, on the ground that there was no evidence to warrant holding them, has produced a favorable impression towards him in the public mind, and it is understood he intends to deal with suspects strictly according to principles of justice.

Something of a sensation has been created by the discovery in a house in Havana of a supply of cartridges, the intended destination of which, it is believed, was the insurgent camp. The landlord of the house has been arrested. The belief is prevalent that some successful ventures for the supplying of the insurgents from Havana have escaped detection.

Gen. Weyler today called the colonels and chiefs of the volunteer corps in to his palace for a personal consultation with him on the social situation.

Word has been received that the firemen have gone over in the insurgents in Porto Rico.

Generals Castillo and Carrasco and Nunez have effected a junction of their forces.

It is surmised that extensive operations are soon to be inaugurated against the insurgents. Horses for the infantry soldiers are arriving, and the work of teaching the soldiers to ride is being continued from morning until night. The main object in mounting the infantrymen is to enable them to travel longer distances and with greater speed than heretofore, the advantage of the insurgents in this respect having been the most marked feature of the insurrection up to the present.

The reports asked for by General Weyler relative to outrages received recently all quarters, and it is understood that he understands the situation to be more favorable than he anticipated. He has issued a number of notices to the commanders of the different districts and the ammunition and supplies landed from the Alphonso XIII and other steamers which have recently arrived here from Spain is being forwarded under strong escorts to the different points at which such material is needed. The number of ammunition cars has been greatly increased during the past two days, and several observation trains have been sent out to Fort and into the province of Pinar del Rio.

Held for Murder.

NEW YORK, Feb. 12.—William and James Fitzgerald, aged respectively 20 and 18 years, were today held for the murder of Peter Max Eglom, in the Lexington Avenue Improved Instruction of Good Morals, on Monday. The charge against the young men is based upon the finding of a pistol belonging to their brother and of a blood-stained pair of cuffs and handkerchiefs which have been identified as the property of the Fitzgeralds.

These articles were discovered under a wainscoted in the hall adjoining the room in which the murder was committed. It is thought by the police that robbery was the motive of the murder.

GRAVEL CURED.

Mrs. Benjamin Hulse's Story, of MILL CREEK, UTAH.

Mrs. Hiram Yeager of Arcadia, Salt Lake City, is writing of the great benefit her little boy had derived from the use of Dr. David Kennedy's Favorite Remedy, tells of a similar result obtained by the son of Mrs. Benjamin Hulse of Mill Creek, Utah, by the same means. "Mrs. Hulse's little boy of six years was very sick, lingering along under the doctor's care with no apparent improvement. He was suffering from gravel in the bladder.

DR. DAVID KENNEDY'S FAVORITE REMEDY

Was then given him and before he had taken a whole bottle he was up and about the house, the disease had been conquered and cured by Favorite Remedy, today he is as healthy a child as you would wish to see."

The best proof of the value of an article is the good it has done.
