NEWS OF THE WEST.

Application of the "Tail-and-Chain," Remedy to Professional Tramps.

A VICTIM OF DESERT THIRST.

Trade Between California and the Broken States—Suicide of a Well-Known—Contract Marriages.

Many cars are loading walnuts in Southern California for shipment East.

Snowstorms have driven the miners and prospectors from the mountains of southern Oregon.

The supervisors of El Dorado county have passed an ordinance to prohibit the killing of quail in that county for market purposes.

There was a boiler explosion at the camp of contractors on the Los Angeles outlet sewer. Three men received serious wounds and were badly scalded.

A Walla Walla (Wash.) dog recently signed an agreement not to work within two blocks of a given store. He did so and the one headlessness has been arrested.

It has been decided by a Seattle justice that a man cannot be convicted of using vulgar language to an officer unless a person besides the policeman hears him.

They ring the church bells at 8 P. M. at Lebanon, Or., now, the Express wants an ordinance passed providing punishment for ringing one bell longer than a minute.

The last rain in Southern California was more injurious to crops than was supposed. Much of the second raisin crop was spread and in some vineyards this crop was ruined.

William Vawter, who had his left hand blown off and was otherwise injured by a premature explosion of a shot in the Nixon Pass mine, in Washington, has succumbed to his injuries.

Stockton police officers are indignant at an elective streetcar line that the men's rule compelling members of the force to ride on the front platform or pay regular fare. They refuse to ride at all now.

It is reported that Southern California capitalists are considering a proposition to build a best water factory at Newton, on the Los Angeles branch of the Southern Pacific line, north of Buena Vista lake reservoir.

Charles D. Trotter, arrested at Stockton for having fired his premises, causing the round insurance exposure there, is confined to his bed from injuries sustained. He has not expressed the papers were served on him.

An attempt is being made by the Mexican Central Railroad company to link up the lines between California and the Mexican state along its line. The freight rates will be fixed at such figures as to put the San Francisco shipper on a parity with eastern firms.

Louis Brosson, a girl of 20, has remained so close to the chicken coop in the Bon Ton dining house, Bush street, San Francisco, she was a waitress and been unable to secure employment for some time. Dependency is presumed to have been the cause.

A Santa Clara county poundmaster attempted to take a mess certain of a Mexican, when the latter drew a large knife. The poundmaster took from his pocket a tobacco pipe, and, pointing it at the Mexican, ordered his surrender. Thinking he was outnumbered with a loaded Mexican immediately complied.

The Northern Pacific railroad has lowered an average of one cars of sugar-pine every month so far of the present year, from Point Orford to eastern cities, and 200 cars a month to the same cities have been shipped by water to Hawaii, Australia, South America and Europe.

The contractors boring the new gas well at the Stockton, Cal., in a new syndicate in difficulty. A large iron cone became detached from the apparatus and dropped to the bottom—1700 feet below the surface. They are trying to remove the obstruction to one side so that work can go on.

The survey of the gravity system of waterworks at Casper, Wyoming, has been completed. The estimate provides for a reservoir 60x150 feet in size and twenty feet deep, to contain 1,180,000 gallons, sufficient for a population of 2000 people. It also provides for twenty fire plugs, distributed throughout the city. The entire cost is to be $26,000.

John A. Milan, an employe of the Union Pacific at Cheyenne, was held up and robbed on the viaduct the other night. He had just cashed his pay check and was returning with the money when he was met by two men who demanded the money. Milan refused to give it up they took it from him with violence. There is no clue to the robbers.

Sheriff L. E. Drake, of Fresno county, and James McCoy were driving on the road from Casa Grande to Atascadero, the team became so unmanageable and collided with a telegraph pole, smashing the buggy and throwing out the men and severely injuring both. The horses ran into a barbed wire fence, cutting themselves so they were removed worthless. It was a valuable team.

Cattlemen in the southern part of Mariposa county, Cal., in the neighborhood of Tim valley and Lake Cienega park, have for the past few months been greatly annoyed by the operations of a gang of cattle thieves. The sheriff was notified; he has been quietly working on the matter, and it has secured evidence which points to Frank Posey, of Tim Valley, and Charles E. Lainer as the thieves or leaders of the gang.

The desert thirst has claimed another victim, says the San Francisco Chronicle. Henri C. Lemoinette, an employe of the Treasury of Lake, United states, in Washington, disappeared. He was 18, and left for the Jewelers, and in a drunken delirium became lost in the desert. Lemoinette was found almost dead, and was overcome by thirst.

The town of Tekoa, Wash., has adopted the tail-and-chain remedy for tramps, and in five applications it cured them. The tramp was made fast to a ball and chain and set to work on the street. When the guard was taking a rest some were the prisoner picked up the cannon-ball and started to walk off with it. He was caught and three heavy balls were attached to his legs. He will not work, but throws away the implements of street labor that are given to him.

A man, evidently of the class who has been operating in Tooele, has tried to work Helena on the plan United Mine Workers report, say the Helena Independent. At a saloon on Main street he presented a check which had been taken on the Iron Hill. Are clothing store he tried to pass another, which had been changed to a $5. He was very drunk in both cases and the fraud was detected in time to prevent any loss to the clothing people to whom it had been presented. At the saloon the game was worked all right. In neither case has any effort been made to alter the form of the bills.

In regard to the San Francisco practice of paying mining interests by the Union instead of assuming the tax rate of a minority of land owners, the Pomeroy Tribune says without "There are people in Pomeroy, we the L. D. who consider the minority of a million as renegade abolitionists. There are also hard, the investigator, that they cannot afford to pay the proper amount to be spent in Uncle Sam's the million minority of the country. They protest that if Cleveland will not give million silver, we'll have two million copper-Boston. On any proposition Pomeroy will go San Francisco one better."

It can have no substitute. Cures others, will cure you

Liebig Company's

Extract of Beef.

The standard for purity, flavor and wholesomeness. Its quality never varies and it is the same today as when first put up by its inventor, the great chemist, Justus von Liebig, whose signature it bears, thus

J. v. Liebig

It is the pure essence of meat, both of condensed Beef Tea, free from fat or gelatine, and indispensable IN IMPROVED AND ECONOMIC COOKERY.

BEFORE CONGRESS.

--Working for the West.--

After a stay of several years at Washington, D.C., during which he has become familiar with the workings of Congress and the departments, Judge Char. W. Varner, an Attorney and Counselor of the Supreme Court of the United States, is prepared to promote proper legislation by appearing before Committees and informing influential Congressmen as to the needs of clients and communities represented by him.

He also considers his practice in the General Land Office, prepares appeals, makes answers and argument before the Commissioner and Secretary, analyses and reports on cases to attorneys at distance, and attends to general land business. Terms reasonable. Services prompt and reliable. P.O. Address, Box 474, Washington D. C.
