LOCAL BRIEFS.

Sons of Wales to Meet—The Sons of Wales society will hold the first fall meeting this evening, at the Commercial club.

Dance at Saltair—The Association of High School Cadet Officers will give a dance at Saltair tomorrow evening. The train leaves at 7:45 p. m.

R. H. Dickey Appointed—R. H. Dickey of St. Joseph, Mo., has been appointed traveling auditor for the Rocky Mountain Bell Telephone company.

Death of Mrs. Sheldon—Mrs. Frederick W. Sheldon, formerly a resident of this city, died this week in Denver, and will be buried at Jamaica, L. I.

President of Typos Here—President George A. Tracy of the San Francisco Typographical union, is in town today, en route west from the Hot Springs, Arkansas, convention.

Will Be Held in Salt Lake—Reports that the next convention of the dry farming congress was to be held at Cheyenne, instead of Salt Lake prove to be groundless. The date of meeting will be Jan. 25 next.

Hotel Changes Hands—George H. Wood of the Knutsford hotel has bought the unexpired lease and part of the furniture of the Manitou hotel, just east of the Knutsford, from Mrs. Jessie D. LaForge at private sale.

Hand Badly Cut—M. H. Daniels met with a serious accident, which will incapacitate him from work for some time to come. He accidentally struck a bottle of heavily charged mineral water which he was handling against a radiator, when the bottle was broken, and fragments badly lacerated Mr. Daniels' right hand. It required a dozen stitches to sew the wound. The victim is a well known linotype operator and is president of the Salt Lake Typographical union.

Had to Re-Set Leg—A 4-year-old son of Bishop Lorenzo Argyle, of Lake Shore, Utah county, underwent an operation yesterday at the L. D. S. hospital upon one of his limbs. Eight weeks ago the boy was run over by a wagon, at Robinson. The member was set, but the work was not properly performed, and the leg grew crooked. The resetting yesterday was entirely successful, and it is expected that the lad will speedily regain his normal condition.

Mrs. Schellenger Called—Mrs. N. C. Schellenger, wife of the traffic engineer of the Rocky Mountain Bell Telephone company in this city, died Wednesday at Corsicana, Tex., where she was visiting with a sister, Mrs. Freedman Johnston. Mr. Schellenger was apprised a week ago of his wife's illness and hastened to her bedside. The couple were married two years ago, since which time they have made Salt Lake their home. The funeral will be held at Corsicana.

UTAH GETS THREE CADETS, APPOINTMENTS SOON.

(Special to the "News.")

Washington, Sept. 5.—Utah is entitled to three cadets; one to West Point and one midshipman to Annapolis to be appointed by Senator Smoot some time before the first of the year.

Congressman Howell has an appointment to make to Annapolis also. Wyoming gets an appointment to Annapolis through Senator Clarke.

WILL SINK WELLS.

State Board to Bring Some Relief to Arid Farmers.

The state board of land commissioners yesterday decided to sink two wells in the arid regions in Dog valley in Utah county so as to furnish water Tooele county so as to furnish water for culinary use for the farmers of those sections. Several attempts have been made in both of those valleys, but owing to lack of funds the farmers had to give them up. In both localities dry farming is being carried on now, but the farmers have to haul their water for domestic use a distance of 15 miles in Dog valley and nine miles in Cedar valley. The last legislature appropriated $8,000 for the purpose of boring wells in the arid regions of the state and it is from this fund that the two wells will be sunk. The cost of the work cannot be estimated for the reason that no one knows how deep the wells will have to go to get water.

The board has on hand about $200,000 which it will loan on securities authorized by law. It has already put out about $1,500,000, which is bringing in good interest and it has the amount first mentioned to loan yet.

SIDESTEP BLAME FOR HIGH PRICES

All Accused Associations Except The Jobbers Enter a Denial.

MEETING IN BARRATT HALL.

It is Marked by Attack of B. and G. On Parcels Post and Mail Order Houses.

Several valuable contributions to the local literature of unrest were made last night, and the prohibitive prices on the necessities of life was the topic treated in all of them.

A signed statement from the Real Estate association declares for a finish fight. The Manufacturers and Merchants' association loudly declares that it is not a price-fixing combine, and has never considered prices in its local discussions. At a meeting in Barratt hall the butchers and grocers asserted their innocence, and offered to open their books to all investigators to prove that they are working for the jobber and the rent man.

Meanwhile the grand jury is being looked to by the larger portion of people interested in the case to really show bedrock conditions, and expose the cause for what all unite in declaring to be a "radical wrong," in prices.

WANT GRAND JURY.

Interest in a grand jury has largely superseded interest in the Real Estate association as an instrument to express the wrong which the people feel, and perhaps this may account for the slimness of the Real Estate association's $10,000 fund, which is not yet to the $1,000 mark. This reason, however, is not the one the butchers and grocers give. Their officials gloat over the failure of the public to subscribe when the real estate men are to be custodians of the fund, and offer to show their "dead beat" books to illustrate what credit the proposed custodians have with them. More than that they offer to bet that no business man on Main street is unaware, through personal experience, with the "slow" way his bills are paid in that quarter, and then they demand to know what became of a $2,000 fund that was subscribed to help build a boulevard some time ago, and how much more than 10 per cent of it ever got to the boulevard?

RETAILERS AGGRESSIVE.

The retailers, with aggressive disregard for the consequences if any there be, jeer down any claims that they have indulged in boycotting and pressure to force high sales, and demand an investigation of the jobber, the wholesaler, the railroad, the rent man, the coal man, and the manufacturer behind him to find what is "radically wrong." That something is radically wrong they maintain with increasing force, coupled with the assertion that the more searching the investigation the more free from taint it will show them to be.

AGAINST PARCELS POST.

At Barratt hall last night the Butchers and Grocers made their claims public in a meeting at which John A. Greene, national secretary, was the principal speaker. Mr. Greene handled the parcels post without gloves, as it was predicted he would in last night's "News," for the reason the parcels post and the mailorder houses now afford the most dangerous competition to the retailers, who have pretty well closed the peddler and the independent store that is not "good" out of the field.

Besides the speech of Mr. Greene declaring against both of these, and lamenting the fact that any Salt Laker should be so blind as to look to the mailorder catalogues for goods, Prest. Marriott of the B. and G. made brief speeches, while presiding, and Vice Prest. C. M. Lees advised all merchants to open their books when accused of taking extortionate profits. Prest. Orson Hewlett of the M. and M. advised all parties to the "late unpleasantness" to bury the hatchet and work for Utah. His remarks were widely cheered. Musical numbers were offered by Mrs. W. J. Jensen and daughter; J. D. Bowers, Lew Halstead and little Miss Lees.

REAL ESTATE FUND.

From the Real Estate association, whose board of governors were meeting in another building, the following address issued last night, declaring for a finish fight and a $10,000 fund:

"The Salt Lake Real Estate association adheres to its original position as announced in its open letter to the Salt Lake public, viz., that it did not get into the discussion of unlawful trade combinations by intention, but by a combination of circumstances; that being in, it will stay in and lead the fight against wrong and oppression, if the people desire it to do so. This desire of the people will be evidenced by the response of the people in the way of contributions to a fund sufficient to pull out the iniquity by its roots—to go to the very bottom of the whole business in a lawful way. The association has not indulged in any abuse or vituperation; but has been the recipient of a perfect black vomit of it. For this it doesn't care. It willingly rests its reputation for decency and the reputation of its members upon community judgment. The funniest thing in the whole controversy is the anger of our friends, the butchers and grocers. What are they angry about? If they are innocent of wrongdoing they won't be hurt, and if they are guilty no amount of abuse that they heap upon the association, or General Breeden or the district attorney, or the newspapers will avail them. The fellow who boilers is generally the fellow who is 'stung.' Perhaps that is not so in this case; perhaps the fellow who boilers in this case is not the one who is 'stung.' If the public wants the Real Estate association to lead the fight it will do it; if they don't want to make any fight, and are satisfied to go on and be oppressed, the Real Estate association will be content. It's up to the public and the law and there the Real Estate association will leave it."

M. & M. DENIAL.

From the manufacturers and merchants, came this statement last night, declaring innocence of all blame for local prices:

"As there seems, at the present time, to be a very grave misunderstanding in regard to the Manufacturers & Merchants' association, we feel it a duty to the people, as well as to ourselves, to make a brief statement at this time.

"The Manufacturers & Merchants' association was organized for the purpose of fostering Utah industries and helping Utah merchants by encouraging our people to support these business interests and keep their money at home, by giving Utah-made goods and Utah merchants the preference when the quality and the price were the same as on the imported articles.

"The association was also formed to encourage men of means to establish more factories here, and thus increase our payrolls and add to our prosperity.

"The Manufacturers & Merchants' association has never swerved from its purpose for even a single moment.

"This association is entirely distinct and is not connected with any other organization, and it has never attempted to establish a price on a single article, whether Utah-made or imported. Such matters have not even been in any way suggested or hinted at. Moreover there is not now, and never has been, any thought of merging or amalgamating with the Butchers & Grocers' association.

"If we shall succeed in encouraging our manufacturers and merchants, by converting the public to give them the preference when the quality and price of the products are the same as those shipped in from the east or west, we shall have accomplished all for which we can hope. The fixing of prices has never been considered by the association or its directors in any way whatsoever.

"We regret the bitterness that has been created between certain associations, and trust the grand jury investigation, that now seems certain, will clear away many of the matters that now seem misunderstood, and will place the different organizations interested in this controversy in their proper light in the eyes of the people.

"If food products are too high, or if coal is too high, or if rents and clothing are too high, and there is no legitimate reason for it, we want to know it, and if possible remedy the evil.

"In the meantime, the bitterness and hard feelings that have been engendered should be buried, and all should be friends and fellow workers in helping to make a bigger, busier and better Utah. Respectfully,

"MANUFACTURERS & MERCHANTS' ASSOCIATION."

ATTACK OF DIARRHOEA CURED BY ONE DOSE OF CHAMBERLAIN'S COLIC, CHOLERA AND DIARRHOEA REMEDY.

I was so weak from an attack of diarrhoea that I could scarcely attend to my duties, when I took a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It cured me entirely and I had been taking other medicine for nine days without relief. Heartily recommend this remedy as being the best of my knowledge for bowel complaints.—R. G. Stewart, of the firm of Stewart & Bro., Greenville, Ala. For sale by all druggists.

OUT AFTER ENCAMPMENT.

Steps Taken to Invite G. A. R. to Gather in Salt Lake.

A short special meeting of the city council was held last night at which steps were taken to invite the Grand Army of the Republic to hold its annual encampment in this city in 1909. A resolution bearing on that matter was introduced and was adopted. A copy will be sent to the Utah delegation at the encampment soon to be held in Saratoga, N. Y., and they will use every effort to secure the encampment. The resolution follows:

"Whereas, The Grand Army of the Republic holds an encampment each year, at which time the veterans of the Civil war and their families and friends assemble for the purpose of reunion and recreation; and,

"Whereas, The city wherein this encampment is held is greatly honored thereby, and is proud to extend greeting and hospitality to the members of the Grand Army; and,

"Whereas, Utah has a large and noble contingent of these noble veterans and would be proud to do them and their comrades honor; and,

"Whereas, Salt Lake City possesses all the requisites for the entertainment of the Grand Army of the Republic, including hotel facilities, summer resorts, places of interest, large adutiroums, etc.; now therefore, be it

"Resolved, That the city council of Salt Lake City, in regular session assembled, does hereby extend a cordial invitation to the officers and members of the Grand Army of the Republic to hold the 1909 encampment at Salt Lake City; and be it further

"Resolved, That the delegates from Utah to the 1907 encampment at Saratoga be, and are hereby requested to do everything in their power to secure the encampment for Salt Lake City as aforesaid; and be it further

"Resolved, That the citizens of Salt Lake City, through us, their representatives, do hereby pledge themselves to provide for these veterans, in case the encampment is secured for this city, every possible facility for their comfort and entertainment."

LAME BACK.

This is an ailment for which Chamberlain's Pain Balm has proven especially valuable. In almost every instance it affords prompt and permanent relief. Mr. Luke LaGrange of Orange, Mich., says of it: After using a plaster and other remedies for three weeks for a bad lame back, I purchased a bottle of Chamberlain's Pain Balm, and two applications effected a cure." For sale by all druggists.

OPPOSED TO COURSING.

State Humane Society Will Endeavor To Put Quietus on Sport.

At a meeting of the State Humane society last evening, a resolution was adopted against the practise known in sporting parlance as "coursing," which is nothing else than the chasing of rabbits by hounds. Such a series of matches is proposed to take place in this city about Oct. 15, but if members of the Humane society have their way there will be no such contests take place.

The resolution was presented by Geo. Y. Wallace, and was unanimously adopted, after considerable discussion, most of which was strictly in favor of the action. The exact wording of the instrument is as follows:

"It is the sense of the Humane society that the coursing of captive rabbits is cruel, and directly contrary to the laws of the state, and should be prosecuted as such, this resolution to be sent to all parties interested in the enterprise."

Present at the meeting was O. P. Smith, representing the American coursing board, who is trying to arrange the coming meet. He endeavored to explain to the board the almost harmless character of the game, saying that seven rabbits out of 10 escape their pursuers, and that the fate of the ones that are run down is far less cruel than is that of one wounded by a hunter's gun.

Some members of the board wanted to know why muzzles could not be used upon the hounds, but friends of the sport protested that such procedure would rob the game of its interest. The event will not be pulled off here, if the board has its way, but unless it can be shown, after the contest begins, that the practise is cruel, there is nothing in the statutes of this state to prohibit coursing.

TIMELY INFORMATION

The Jamestown exposition at Norfolk, Va., in its completeness, is, indeed, a handsome spectacle. Located, as it is, overlooking Hampton Roads, a short distance from Norfolk and Portsmouth, near Old Point Comfort, Hampton and Newport News, in a region full of historic interest and places; in a state which has always been a battleground; emphasizes the wisdom of its projectors, who, knowing the patriotic fervor of the great American people, also knew that they would generously patronize this most unique of expositions.

This is the first great exposition to be held at the seaside, in a beautiful country, and within the center of a populous civilization. The potency of the combination is obvious. Delegate, soldier, sailor, diplomat, and civilian meet there to commemorate the three hundredth anniversary of the nation's birth.

The Erie railroad offers to the exposition visitor an excellent train service with close connections at Marion, O., Peoria, O., Mansfield, O., Youngstown, O., Olean, N. Y., Elmira, N. Y., Waverly N. Y., and New York City.

A daily through sleeping car line is operated from Chicago on Erie train No. 8, leaving at 9:20 p. m., to Marion, O., via Hocking Valley to Columbus, thence Norfolk and Western train, leaving Columbus 8:00 a. m., arriving Norfolk 8:30 following morning.

The Erie equipment is comprised of comfortable, high back seat day coaches, the best Pullman drawing room sleeping cars, and Erie dining and cafe cars operated on the European plan; you simply pay for what you order.

Tickets can be purchased going one-way via New York, returning direct, or reading going and returning via New York and rail or steamer.

The routes embrace trips via Baltimore and Washington, thence various steamer lines.

In addition to stop-over privileges now permitted at Niagara Falls, Chautauqua lake, until October 15, if ticket is deposited on or before September 30th, (Jamestown or Lakewood), Cambridge Springs and Saegertown, stop-overs are permitted at any station on this company's lines, including stopovers at New York at the later point for 10 days if desided. Stopovers are permitted only within final return limit of ticket.

A delicious luncheon with prompt service at all hours at the Royal Cafe. A good place to eat.
