The Railroads Slow in Transporting World's Fair Goods.

BOSTON, IF SANE, CAN BE HELD.

The Hawaiian Investigation to Commence Under the Morgan Resolution Without Delay.

WASHINGTON, D. C., Dec. 26.—Information has reached the treasury department from the appraiser of merchandise at the port of Chicago that the transportation companies have failed to take away rapidly the portion of merchandise at the World's Fair intended for exportation. Consequently there are now at least 20,000 packages lying in the building which cannot be removed by the 31st of December. The collector accordingly asked that the time be extended for holding the buildings as constructive bonded warehouses, and the Executive officials have agreed to provide suitable police supervision for the customs interests during the period which the customs control shall be maintained. In consideration of these facts, the treasury department has instructed the collector to continue in control of the goods referred to until further instructions are given him. It is said the condition of things is the result of bad faith on the part of the railroad companies. Now that the Fair is over, they are using their own conveniences and giving other freight the preference.

THE CASE OF A CRANK.

It leaked at the secret service bureau that there are several charges on which Dorjon can be held, in case his sanity is proven, namely, sending threatening letters through the mails, attempted blackmail and forgery. It is said, by the laws of New Jersey, the latter can be compelled to appear against him. There will be a hearing at the same in the police court tomorrow, when Mr. Drummond will appear against the prisoner.

The Hawaiian Affairs.

WASHINGTON, D. C., Dec. 26.—The House foreign affairs committee will tomorrow begin the Hawaiian investigation under the Morgan resolution. The proposed investigation will take the shape of an inquiry into the conduct of Minister Stevens at the time of the revolution, and of Commissioner Blount, with the possibility of going into the question of recognition of the provisional government, and also an investigation as to the regularity of Blount's appointment. It is not yet known whether the meetings will be open to the public or held behind closed doors.

Armed Tramps.

HARTFORD CITY, Ind., Dec. 26.—A band of tramps, armed with revolvers, have been having things all their own way until this afternoon, when six were captured, after an exchange of several volleys with the posse of citizens. One citizen was shot through the leg and a tramp was wounded in the arm.

At the point of revolvers the tramps held up a train at noon today, and the same gang robbed a school teacher, by a display of pistols, compelled the bartender to serve them drinks. They had with them a bag full of money, supposed to be about $1,000. The leader of the gang escaped when the balance of the gang were captured, and is supposed to have carried off the money.

World Will Parbleuez.

NEW YORK, Dec. 26.—A crank, giving the name of Timothy Kane, called at the police station this morning and announced that he was going to kill the Rev. Charles Parkhurst and wanted two policemen to accompany him and arrest him after he did the job. He was locked up after a rare struggle.

Rev. Dr. Charles Parkhurst has opened his batteries again on the police, this time on Captain Slevin of the Oak street station. This morning he gave out for publication correspondence between his society and Mayor Gilroy and the police officials. The communications, in substance, prefer charges of neglect of duty against Captain Slevin for failing to close up certain disorderly houses in his precinct.

THE BODY FOUND.

A Lady Student Drowned a Month Ago.

RICHMOND, N. Y., Dec. 26.—A special to the Herald from Ithaca: The body of Miss Mary L. Yeargin, the student drowned November 25th while boating on Cayuga lake with Professor Morrison of Cornell university, was found today at McKinney point. The general impression is that old man Bishop, who went to the scene of several days ago to see if the reward would not be increased for the recovery of the body, knows more than he cares to tell as to where it has been so long a time.

The Wreck of a Schooner.

NEW YORK, Dec. 26.—The crew of the schooner Milford, which sailed from Mobile to Kingston November 16th, had an extraordinary experience of peril and hardship. On the night of December 3rd, the schooner was driven on the edge of a reef by a heavy squall. The men tried to reach the shore in a boat, but could not get through the surf. The boat was smashed to splinters in hoisting it back on deck. At daylight one of the crew swam to the rocks near by, through water infested with sharks, and made fast the end of a line, by which all the crew reached the shore safely. They remained on the rocks four days with scant food and no shelter, until finally taken off by canoes in tatters.

To Work for their Food.

ATCHISON, Kan., Dec. 26.—The new Populist police commissioners have decided to compel the tramps who apply for meals and lodging to work on the rock pile in Sylvester Kaiser's yard. Hitherto tramps were fed and lodged free.

THE NORTHERN PACIFIC.

An Injunction Restraining the Employees from Striking.

MILWAUKEE, Dec. 26.—The receivers of the Northern Pacific are preparing for a strike of all the employes. They applied some time ago to Judge Jenkins of the United States circuit for an order restraining them from striking, on the ground of the great damage to the property and interfering with the operation of the road. The receivers have offered a general reduction in wages of from 5 to 25 per cent, and the employes objected. Negotiations between the representatives of the employes and receivers were in progress three weeks, and many were broken off, and a strike being imminent, the receivers have decided to make use of the injunction issued by Judge Jenkins, which they hope will enable them to operate the road tomorrow with new men.

The prospect is that 5,000 men in the employ of the Northern Pacific will quit work January 1st, when the reduced schedule of wages goes into effect. The receivers telegraphed tonight to all the agents and attorneys along the line of the road to have the injunction served. The injunction is said to be the first ever issued against labor issues in the United States. A somewhat similar injunction was issued during the Ann Arbor troubles, but not until the strike was in progress.

MURDEROUS VILLAINS.

Christmas Celebrated with Bloodshed in Chicago.

MARSHALL, Mo., Dec. 26.—Last night, during Christmas tree exercises at the county church of Mechanicsville, Wm and Caleb Branch got into a dispute with Tom and Hume Poindexter. Caleb threw a pistol and fired five shots, fatally wounding both the Poindexters. A battle followed and women and children were injured in the rush to get out.

About the same hour, during a display of road performances at the Christian church, Dutch Woods, a dynamite cartridge, attempted to be by the city marshal and Deputy Carlos Holmes. He stabbed the former with a knife, took a pistol away from the city marshal and fired two or three shots at Woods, who shot killing his [illegible].

ANARCHISM IN EUROPE.

A Mob Damaging Property in the Streets of Orleans, France.

Bomb Throwers Confess—The Deadly Missile Concealed in a Pot of Flowers.

ORLEANS, Dec. 26.—The city last night was thrown into a state of terror by a violent demonstration on the part of the anarchists, who ran along the Faubourg de la Madeleine, acting in a most furious manner and shouting, "Long live the anarchists!" They stole the gas lamps all along the thoroughfares through which they passed, tore away sign posts to a number of houses and with these smashed all the windows in the vicinity.

The police today are searching for the leaders of the mob, who are known to be friends of the arrested anarchists Moulinier and Chabin. Letters, evidently written by anarchists, have been received by the principal residents of Orleans.

THE SPANISH SOCIETY SMASHERS.

BARCELONA, Dec. 26.—The anarchist Unitarios, recently arrested at Hospitalet, has made a confession, setting forth the manner and showing "Long live the anarchists!" They stole the gas lamps all along the thoroughfares through which they passed, tore away sign posts to a number of houses and with these smashed all the windows in the vicinity.

The police today are searching for the leaders of the mob, who are known to be friends of the arrested anarchists Moulinier and Chabin. Letters, evidently written by anarchists, have been received by the principal residents of Orleans.

THE SPANISH SOCIETY SMASHERS.

BARCELONA, Dec. 26.—The anarchist Unitarios, recently arrested at Hospitalet, has made a confession, setting forth the manner and showing [illegible] Gas Lamps in Paris Made.

LONDON, Dec. 26.—The Times this morning prints a three-column article headed "American Gas Lights in Paris Made," intended to refuting what it styles Gladstone's frequent assertions that the American Constitution affords a complete parallel of and justification of his Irish policy. It quotes long extracts from Dr. Lagrevine, Lockey, Bitts and other Eiffel claims.

Locked in Boxes.

PARIS, Dec. 26.—Dangel and Brugan, two members of the secret political society of Guillotins, arrested for complicity in having murdered Governor Barra, confessed their guilt. They say they were tested to commit the murder by a speech of Dr. Herrola, one of the ruling Czar leaders, in the course of which he mentioned Barra.

BRIEF TELEGRAMS.

The Mehoning Rolling Mill company, Philadelphia, went into the hands of receivers today.

A receiver was appointed this afternoon for the Bunker Brewing company, Cincinnati.

Friedman & Co., cotton dealers, Pittsburg, made an assignment. Judgments aggregating about $125,000 have been entered against the firm.

H. F. Norris, head of a large wholesale jewelry firm, once for creditors from his wife, who, with her son Charles, is now living in San Francisco, on the ground of alleged cruelty.

The Herald's advices from Managua, Nicaragua, say: The government of Nicaragua has been considering forced war some time with Honduras, which resulted here in violation of the treaty.

Six more lockers were compelled to shut down today for lack of work, on account of the strike. Ten out of sixteen of the lockers in which the men are contented by the lockers' union have struck.

Three Milwaukee institutions assigned today for the benefit of their creditors, the Bellaire Iron & Wire works, the Whitaker Hay Hook Extension and the Phoenix Enrymder company.

Professor Hicks, director of the Smith observatory, has just been awarded the medal of the Astronomical Society of the Center for the recovery of a comet. Gerard H. Tate is the fourth medal awarded by the Astronomical Society of Phoenix.

Dangerous Fire in Amsterdam.

AMSTERDAM, Dec. 26.—Two thousand stevedores, warehousemen and laborers parade by socialist agitation, marched in procession today through the leading streets, though repeatedly dispersed by the police. Finally, however, a detachment of a hundred policemen charged with drawn sabers upon the assembled mob. The latter replied by showering stones at the police, and several pitched battles followed, during which a number of people on both sides were more or less injured. Three socialists and one policeman were severely wounded.

NEWS FROM UGANDA.

Christian Factions Fight Each Other and the Mohammedans.

BERLIN, Dec. 26.—News is received from Uganda that the Mohammedans have been expelled by the Christians. Severe fighting is now imminent between the Christians and Mohammedans, and the encounter will probably take place at Mycoja. It is believed there will be renewed conflicts between the Protestants and Catholics, owing to the fact that the former have broken their agreement with the Catholics and depopulated the provinces of Kimia and Dwamboa and the large Boso islands, where the population were Catholics. The Protestants are also said to have declared the people upon these islands to be subjects of the Protestant sphere by the Nile Mission.

Probably Not.

BUENOS AYRES, Dec. 26.—It is rumored that Thompson, United States minister to Brazil, has recognized the Brazilian insurgents as belligerents. The explosion of a powder magazine at Caes has done some damage.

IN WASHINGTON.

WASHINGTON, D. C., Dec. 26.—Not a particle of credence is placed here in the report from Buenos Ayres that Minister Thompson at Rio has recognized the insurgents as belligerents. It is impossible that Thompson would take any such step without receiving instructions from Washington.

The French Navy.

PARIS, Dec. 26.—Deputy Lockroy, in an interview today, emphasized his intention of interpellating the government regarding the condition of the French navy directly the chamber of deputies reassembles. During the interview Lockroy said he had formed a conclusion that the French navy, for the time, was the lowest in the world.

Safe Lights on Home Rule.

LONDON, Dec. 26.—The Times this morning prints a three-column article headed "American Gas Lights in Home Rule," intended to refuting what it styles Gladstone's frequent assertions that the American Constitution affords a complete parallel of and justification of his Irish policy. It quotes long extracts from Dr. Lagrevine, Lockey, Bitts and other Eiffel claims.

FORTY YEARS IN UTAH.

And Thirty years a Sufferer From Catarrh. Blinded With of Kaysville, Utah, States What Was Done for Him. What Has Been Done for Others Can Be Done for You.

"I am 72 years old, and have lived in Utah for the last forty years. I have suffered from catarrh for the last twenty years, and the disease has caused me to lose my eyesight. I am very grateful to God that at last I have found relief, and that my treatment given by the Zion Medical and Surgical Institute, which has placed me on the road to some health," said Mr. Webb to the writer.

Continuing he said:

"I suffered with headaches, ringing in the ears, my eyes were watery, my nose stopped up, I hawked and spitted and snorted all the time, I could scarcely speak, such was my stoppage. Still about two years ago, when my hearing became affected, my stomach began to have no digestive powers, my appetite was good enough, too good, in fact, as I was not satisfied by eating enough for four men, and after eating, the food lay like lead in my stomach.

"My sleep was broken and broken, and I felt tired all the time. I had many different kinds of catarrh remedies, but none of them done me any good, except a slight temporary relief. I read of the success of the Zion Medical

HOME TREATMENT.
