Gasoline Stoves at Cost.

DESERET EVENING NEWS.

Wednesday, September 13, 1893.

EXPENSIVE BLUNDERS.

Thousands of Feet of Waterpipe Almost Exposed to the Sun.—Rust be Rotted.

Railroad engineering and the establishment and construction of street grades on the level plain and slight incline order will prove to be an expensive luxury for the city before very long if reports are true.

It was stated by a city official last night that there are thousands of feet of water pipe in different parts of the city practically lying on the surface of the ground on account of certain street work having been done in which the idea of following the natural contour of the ground has been apparently ignored as far as possible. As a result these pipes must be taken up and relaid at once at a great expense or they will be frozen up during the first sharp frost, and water-takers be cut off from regular service. In many instances the relaying of pipe is absolutely necessary, but to make it so while the city treasury is barren of funds and really insolvent is looked upon as an unpardonable blunder.

AT SALTAIR LAST NIGHT.

The Press Club Excursion a Success Notwithstanding the Cold Weather.

Barring the weather yesterday afternoon the Press club excursion to Saltair was a very pleasant affair. The program was the most varied and unique given at the popular resort during the season.

The fancy dances by Professor Younger's pupils were artistic in the extreme and clearly indicated the ability of the professor as a terpsichorean master. The trapeze performances of Edwys and DeClairville were very clever and called forth a generous amount of applause. The sparring exhibition between Frank Fitzgerald and Richards, the colored man, was a feature much enjoyed and applauded frequently, by that class who never witness a bout in the fistic arena, joining heartily in the demonstrations of satisfaction. In weight and reach Fitzgerald was outmatched by the darkey, but the white man proved himself more agile and scientific than his opponent.

Then came a series of splendidly executed military maneuvers by the Northern Military company which never matched or showed up to better advantage than on the great dancing pavilion last night. The audience was well pleased with the exhibition as evidenced by frequent outbursts of applause.

The bicycle riding and racing was interesting and thoroughly enjoyed by all. Eliason, the "Magician of the Mountains," entertained the crowd with tricks beyond their comprehension.

Singing, dancing, the moon managerie and fireworks made up the remainder of the program.

THE CITY COUNCIL.

The Disputed Estimate Allowed to the Gravity Sewer Contractors.

FIRE CHIEF STANTON'S BUGGY.

Mr. Dormon Gets an Assistant Engineer.—In Favor of Five Cent Fares.—Heavy Appropriations.

The City Council met in regular weekly session last night. The members present were: Lawson, Hales, Wantland, Beardsley, Stimpson, Kelly, Bell, Moran, Hardy, Kerrick, Rich, Irvine and Horn. In the absence of President Loofbourow Horn wielded the gavel.

THE PROCEEDINGS.

The Culmer-Jennings Paving company, sent in a communication stating that they were in receipt of a letter from the city engineer and board of public works, complaining that their paving contract was not being carried out as rapidly as desired, and threatening to take such measures as would relieve them of the work and leave it to be completed by the city at their expense. The company stated that they had performed work to the amount of over $125,000 on their contract. They had received estimates on over $112,000, on which they had received cash to the amount of $91,995.25 and warrants for $21,105.05, upon which payment had been refused, and with the city so far delinquent on the contract they could not perform the work without serious damage and loss. Attention was then called to the fact that the warrants were being heavily discounted, for that the city could bring them almost to par by making them interest-bearing and issuing them in denominations of $1 and upward. The company also stated that they had taken the contract at a very low price and would hold the city responsible for all loss arising from nonfulfillment or contract on the part of the city. In conclusion they asked that the city pay them $7000 cash in order that they might meet drafts at the banks for materials purchased and pressed with work. The petition relating to the paving was referred to the board of public works and the city engineer with instructions to push the work. The cash proposition was referred to the finance committee with the Mayor associated.

AGAINST MR. LE SIEUR.

St. V. Le Sieur represented that he had furnished material and labor on account of the contract between the Culmer-Jennings Paving company and the city for paving, and that there was now due to him $7000.00, and in addition there is work in progress which, when completed, will make the total amount due to him $10,000. The communication stated that the Culmer-Jennings Paving company was insolvent, and that a suit at law to recover the amount due would be without avail, and further that the petitioner had no means of his own to carry on the pavement without a payment on the aforesaid account. Wherefore the petitioner prays that the council make an appropriation of a sufficient amount to enable him to proceed with the work of laying asphaltum as provided for in the contract, and that the amount be deducted from the estimate of the amount due the Culmer-Jennings Paving company. Referred to the city attorney.

PETITIONS.

Mrs. Ann Terry asked for the release of certain land owned by her and sold for unpaid taxes. City attorney.

Charles Wanless asked that he be allowed to enclose a portion of the sidewalk in front of his premises for a period of ninety days, while erecting a building thereon. Committee on streets.

M. L. Rogan and others asked that Redwood road, over Jordan, be improved. Referred to the superintendent of streets.

Samuel Rieben asked that a water course be made on Fifth South between Thirteenth East and the reservation line. Watermaster for repairs if practicable cost.

IN FAVOR OF FIVE CENT FARES.

Samuel Paul and five others protested against further franchises being granted to the Rapid Transit Street Car company until they reduced their fares on all lines to 5 cents per ride for each person within the corporate limits of the city. Committee on improvements.

LEGAL POINTS INVOLVED.

In regard to the claim of St. V. Le Sieur against the Culmer-Jennings Paving company for $10,000, the board of public works reported that the points involved were legal ones and therefore they did not feel to offer advice on the matter. Referred to the attorney.

A MENACE TO HEALTH.

Health Commissioner Beatty reported that the Salt Lake & Jordan canal was a constant menace to the health of the public and action should be taken at once. Referred to the city engineer and committee on Jordan canal and irrigation.

A NEW STREET.

The committee on streets recommended that the new street proposed to be opened in Winder's subdivision be accepted and that the street now existing in that locality be closed as asked for. Adopted.

A BOULEVARD FORCE.

Wantland and Hales of the finance committee recommended that poor property owners be allowed to pay their taxes by constructing that part of the boulevard located in City creek canyon.

Bell said he was opposed to any such a wild cat scheme as the one contemplated in the report.

Moran declared it was the idea of the committee to benefit the interests of the west side in other parts of the city, in adopting the plan, and was unnecessarily here up on account of popular grades, and which would cost thousands of dollars. Left on the table temporarily.

CHIEF STANTON'S BUGGY.

The committee on fire department reporting on the purchase of a fire buggy by the Chief Stanton without submitting the Council, said they believed the vehicle was necessary and that the amount should be appropriated. Referred to the chief for a requisition.

SEWER SQUABBLE BOBS.

The special sewer committee consisting of Beardsley, Hales, Lawson, Rich and Horn reported as follows:

"We recommend that where the work of laying material is delayed to such an extent as to justify its removal it shall be taken out and be replaced by the contractors as shall be ordered by the city engineer, and for all work done on the 1st day of September, 1893, and not ordered to be taken out and replaced that the contractors be required to give a bond in the sum of $50,000 (the amount of the estimate in question), obligating themselves to make good any defects which may develop in the work at any time during the next five years, the said bond to be approved by the city attorney and the sureties therein seen; this to the City Council and the Mayor. If the contractors furnish such a bond we recommend the estimate be allowed and the amount placed in the appropriation bill." Adopted, and the bond referred to the Mayor for his approval. The amount was then placed on a separate appropriation list, subject to the approval of the bond by the Mayor.

ASSISTANT CITY ENGINEER.

The same committee reported recommending that the city engineer be allowed to employ an assistant subject to ratification by the council.

APPROPRIATIONS.

The following appropriations were made:

ANOTHER BLOW AT SHOWELL.

Rich offered a resolution providing that on and after this date the treasury and all things pertaining thereto be placed under the jurisdiction of the board of health. Adopted.

Adjourned until Tuesday.

Kanab Conference.

The Kanab Stake Quarterly Conference was held in Kanab Sept. 2nd and 3rd, 1893. There were present on the occasion beside the Kanab Stake authorities, Elder F. M. Lyman, of the Apostles, Elder Jesse W. Crosby, president of Panguitch Stake, Elder Daniel Thomson of Millard Stake presidency, and Elder John Brown, Bishop of Pleasant Grove, Utah Stake.

Saturday forenoon was mostly occupied by the Bishops of the various wards giving in their reports. President Winter first gave a report of the stake, showing that the majority of the saints were endeavoring to live their religion. Bishop John Adams followed with a few, but very instructive remarks, showing the necessity of the Saints being humble and obedient to all of the Lord's commands.

The High Council met between the forenoon and afternoon meetings, Elder Lyman giving much valuable instructions on the duties, callings, and ministry of the Stake Presidency, High Council, Bishops, etc.

The speakers in the afternoon were: Thomas Chamberlain of Kanab Stake Presidency; Daniel Thomson, of the Millard Stake Presidency; and Elder Lyman. The latter presented the General Authorities of the Church and Kanab Stake authorities, all of whom were unanimously sustained.

Elder John Adams having resigned his position as Bishop of Pleasant Grove, Elder Lyman said he had suggested his name to President Smoot of Utah Stake for him to become a Patriarch, and he invited the Saints here to sustain him as such, whereupon a vote was called and Brother Adams was sustained as Patriarch. He was afterwards set apart by Elder Lyman. He intends visiting with his relatives here a short time.

The Relief Society and Y. L. M. I. A. conferences were held after the afternoon meeting, and the Y. M. M. I. A. conference in the evening.

Sunday forenoon was occupied by Elder Lyman on the subjects of faith, repentance, baptism, keeping the Sabbath day, and the necessity of proper records being kept in every ward as well as in every quorum. He also suggested that individuals should keep a history of their own lives.

In the afternoon the Sacrament was administered, after which Elders John Adams, Jesse W. Crosby and F. M. Lyman continued the people, the latter speaking upon the power of the atonement and of the relationship of the Father and the Son as two distinct personages. He spoke with much power.

Primary Conference was held at 4 o'clock p.m., and Sunday School conference was held in the evening.

Elder Joseph E. Johnson was established as Stake Superintendent of Sunday Schools in place of Joseph Meeks, whose resignation was accepted with the blessing of the Lord to go with him to his new home.

F. L. POWELL, Stake Clerk.

The British Mission.

The Millennial Star of September 4 announces that on Monday, August 28, 1893, the following Elders arrived in Liverpool, per Gallia: H. S. Anderson, Thomas Mather, of Huntsville, Utah, and James Thomas, of Idaho Falls, Idaho. The latter was accompanied by his wife. Elder J. W. Saunders, of Salt Lake City, also arrived on the same steamer, intending to spend some time in genealogical research.

The same paper gives the following list of releases and appointments in various parts of the mission:

Elder John McQueen has been honorably released from his labors as traveling Elder in the Sheffield conference, to return home.

Elder Thomas Fleming has been honorably released from his labors as traveling Elder in the Sheffield conference, to return home.

Elders Joseph H. Calloway and S. C. Chadwick have been honorably released from their labors as traveling Elders in the Cheltenham conference, to return home.

Elder F. M. Cutbirth has been honorably released from his labors as traveling Elder in the Norwich conference, to return home.

Elder Lorl John has been honorably released from his labors as President of the Welsh Conference, to return home.

Elder T. D. Roberts has been honorably released from his labors as traveling Elder in the Welsh Conference to return home.

Elder R. A. Stratford has been honorably released from his labors in the office of the Millennial Star, to return home.

Elder Lorenzo T. Shepherd has been released from his labors as traveling Elder in the Cheltenham Conference, and has been appointed to preside over the Welsh Conference.

Elder Thomas Mather has been appointed to labor as traveling Elder in the Liverpool Conference.

Elder James Thomas has been appointed to labor as traveling Elder in the Welsh Conference.

The attention of economical housekeepers is called to the Gold Band Package Coffee. It is the best.

When Baby was sick, we gave her Castoria.
