PREPARES SULLIVAN APPEAL.

John Bailey Claims to Have Garcia's Statement Clearing Murderer,

J. H. Bailey, Jr., who acted as counsel for Joseph Sullivan and made a remarkable address to the jury in his behalf during the trial of Sullivan for the murder of Policeman Charles Ford on the night of Dec. 14 of last year, and for which Sullivan is now serving a life term in the penitentiary, is busy in perfecting the appeal to be made to the supreme court in behalf of the convicted man. Mr. Balley said yesterday he had received a letter from Seattle stating that Joe Garcia, who was killed while resisting the officers in the Washington city, made a confession be-fore he died completely exonerating Sullivan from the crime of killing Ford. When Mr. Balley heard of the capture of Garcia and his probably fatal shoot-ing by the officers whom he was re-sisting he telegraphed to a firm of Seatthe lawyers to secure a statement from Garcia, Mr. Bailey claims that the statement was secured and that it clears Sullivan of the crime. Sheriff Emery, who was present when Garcia was taken, said when he returned from Seattle that Garcia had made a statement directly implicating sulfivan in the murder, but nothing further had been heard of this statement.

PLEASING REUNION.

Philomathic Literary Circle Gathers At Wandamere for Banquet.

A pleasing event was the reunion at Wandamere last night of the Philomathic Literary circle. The circle was organized 21 years ago, and the reunion was the occasion of felicitous greetings and glad handshakings on the part of the members. The affair was held at the banqueling room at Wan-damere. A program was carried out after the banquet, which was highly njoyed by all present.

The program consisted of instru-mental music by Prof. Laubengaler, and address of welcome and introducand address of welcome and introduc-tion of toastmaster, by Thomas W. pany was held yesterday in the company's broard room on Main street and the old board of directors was re-elected for the ensuing year. At the meeting sched-uled for next week the officers will be selected. One of the features of the meeting was the reading of the president's report which is as follows: "Shortly after our last stockholders' meeting there occurred one of the sever-est linancial panies in the history of the United States, it being general in all parts of the country. Many financial in-stitutions were compelied to close for lack of ready money, even where they had sufficient assets to be solvent. "The soundness of the methods of this company was shown by the fact that our business actually increased during that period. Depositors and investors hasten-ed to put their movey into our mortgage securities, which is the basis of our business. Our business shows an increase

in volume of upward of 25 per cent over a year ago. "On account of the disturbed and un-certain conditions the management has proceeded carefully for the past year, not desiring to branch out in any new direction. Notwithstanding this, however, the profits of the business have been sufficient to pay all expenses, and a 7 per cent dividend, as well as increasing our surplus in more than a like amount. "The directors have taken an activo part in the management of the business. They have held meetings each month, and the executive committee, consisting of three of the directors, has investi-gated and consulted between meetings, and their advice and suggestions have been of great value to the managing of-ficers.

The booklet has on its first page a paragraph from President Roosevelt's speech at Indianapolis, Independence day, last year, in which the president said much of the talk about overcapitalization of railroads was wild and capitalization of rairoads was wild and not substantiated by the census re-ports on their commercial value.
