ADJACENT CITIES

OGDEN.

OGDEN, UTAH, - NOV. 4, 1893.

[illegible]

District Court.

The damage suit of Gillespie against the Rio Grande Western Railway company was commenced yesterday, the jury bringing in a verdict of $800 in favor of the plaintiff.

The complaint, as set forth by Gleason, was that in March, 1892, he was put off a moving train and sustained serious injuries of body. Thirty days were given the defendant in which to prepare and serve a statement in motion for a new trial. Execution is stayed for that time.

An arrest was made in J. M. White suit against the Citizens' case that all proceedings be stayed until November 6th, or until the motion to set aside the order of reference be heard.

An order was made by the court that Oscar E. Hill be brought up from the penitentiary on November 6th for trial.

The jurors for the present term of court were excused and a venire ordered for thirty-five petit and twenty grand jurors, to appear on Monday, November 20th.

John D. Sullivan, an Englishman, was made a full fledged citizen.

William Driver in less commenced suit yesterday in the Fourth district court against S. A. Thompson of Kaysville on an account. An attachment was prayed for and granted.

Coal Combine.

There has been considerable said of late concerning the coal combine entered into in this city. The three or four dealers who have practically been closed up are regulating some pretty hard knocks against the combination, and no effort will be made by them to learn the power of the octopus, as they call it. If the price of coal is going to be raised now that there is but one Erie engineer in hauling the "march shanties," the object certainly is not a good one, as the people are too able to pay even its old extortate prices than they have been, and any disposition of this kind on the part of the gentlemen now engaged in the business will not meet with the approval of the majority of the good people of Ogden.

Board of Education.

A short session of the board of education was held last night. Reports from the gentlemen representing the different wards were very encouraging and show the city schools to be in good running order. Authority was given Prof. Page to buy a supply of dictionaries for the schools.

The matter of procuring books for the business course was referred to Harcombe, Dwead Emerson. Bills amounting to $378 were presented and allowed, and the board adjourned.

Adultery Alleged.

George L. Black and Lillie Coyle were yesterday taken before Commissioner Hollenbeck on a charge of adultery preferred by Black's wife, who resides in this city. The accused have been living at Kelton where they were arrested by Deputy Marshal Smith. The testimony introduced was not considered sufficient to hold the pair and therefore they were discharged.

Good for Home Industry.

W. W. Browning & Co. of this city have been awarded the contract for printing a million wrappers for the "Lion Hominy," made by the Western Manufacturing company at Five Points. One hundred thousand are to be printed monthly. This looks like business, and it is to be hoped that the energetic gentlemen at the head of the industry will meet all the encouragement that they deserve.

General.

A twenty-fourth street car last night got off the track while making the curve on to the Washington avenue line. After half an hour's work the car was righted again.

Judge L. W. Shurtliff and Judge A. C. Bishop returned yesterday from their visit to the World's Fair.

Professor Whitney from the B. Y. academy, Provo, lectured last night to a large audience at the Weber Stake academy.

P. T. Farnsworth, of southern Utah, was in the Junction city yesterday.

Ogden is the home of Saint Claus, so there is a letter at the postoffice addressed to the old gentleman. The letter is postmarked at Montana.

Ben E. Rich of the *Banbury Press* is in Ogden for a few days.

Everything is awfully dull in Ogden except politics.

The Advertising.

O'Hood's Sarsaparilla is always within the reach of a man because it is found in almost every town. It is always appeals to the sober, common sense of thinking people because it is true; and it is always fully substantiated by testimonials which, in the financial world would be accepted without a moment's hesitation.

Hood's Pills cure liver ills, constipation, biliousness, jaundice, sick headache, indigestion.

PARK CITY.

PARK CITY - NOV. 3, 1893.

The agony at last is over, and it is beyond that the men in Washington feel satisfied they are right, but it would be very hard to make people of a mining town feel that way. The hope now is that, as the repeal bill is passed, something will be given the country to induce the people a brighter view of matters.

Politics has been the ruling fad during the past week, and every night there has been a meeting of some kind. The Democrats are late in getting into the field, and remarks are frequently heard as to why they are not doing something up here. The Republicans are preparing for a grand rally tonight, when Hon. Frank J. Cannon will be the principal speaker. During the week we have had Republican speakers from E. L. Allen Jr. and Allen Miller. Next Monday night the Democrats will meet and the season by a rousing Governor West will be the principal speaker.

Robert Mawhinney, machinist for the Ontario mill, lost two fingers the week by a battery stamp falling on his hand.

The ladies of the Methodist church gave an oyster entertainment last evening. It was attended by a large audience. Those who took part in the entertainment were AMONG the international costumes, and created much amusement.

On Wednesday morning, about 10:30, a fire was discovered on the roof of the Manor mill. An alarm was put in immediately and promptly responded to by the fire department, but their services were not needed, as the mill men were extinguished the blaze. Twice during the past two weeks has fire been discovered at this mill.

Announcements at the theater are few and far between these times, but last Wednesday night the opera house was thrown open to a company from Salt Lake City, in a comedy of a Kind.

The days have been delightful during the week, and the nights are very cold. N. snow to speak of.

Travel to and from the Park over the two roads still keeps pretty good, but very little freight is moving at present. The northern are cautious about purchasing their winter goods until times get more settled.

A force delegation of citizens of the Park are talking of going to Salt Lake Saturday night to assist in the Citizens' parade.

The people here are looking to the future to take City to become the future place from Liberal hands.

BACK VOLUMES
—OF THE—
DESERET WEEKLY.

The sixth volume of the DESERET WEEKLY in the present form is now bound. A limited number of copies of these six volumes can be obtained at the DESERET NEWS Office, Salt Lake City, in bound form at $5.00 per volume. It is the best history of current events to be obtained, and by far the cheapest, and the time is not far distant when they will be eagerly sought after by students of history, anxious to be informed of the stirring events which have transpired within the past three years—the most interesting period of the history of the Latter-day Saints. Every person who can afford it should secure these volumes while they are to be had for future reference, and especially should they be obtained for every Sunday School, Improvement Association and Ward library. Apply early to make sure of getting them.

PATENTS
Caveats and Trade Marks obtained and all Patent Office business transacted for MODERATE FEES.
Our office is opposite the U. S. Patent Office and we can secure patents in less time than those remote from Washington.
Send model, drawing or photo, with description. We advise if patentable or not, free of charge. Our fee not due till patent is secured.
A PAMPHLET, containing full directions, laws, forms, and how to obtain patents, sent free.

MILLER'S GENEVA
MINERAL WATER.
SPRINGS, GENEVA, N.Y.
NATURE'S REMEDY.
A Tonic and a Regulator.
HAS CURED
Dyspepsia, Indigestion, Bright's, Diabetes, Kidney Troubles, Inflammation, Nervous Dyspepsia, Nervous Debility, Constipation, Gravel, Rheumatism, Catarrh of the Stomach, Liver Complaint, Female Complaints, Catarrh and Inflammation of the Bladder.

SEE WHAT IT HAS DONE FOR ME
I am as good as one from the dead. A few months ago I had given myself up to die, and by mere chance I heard of Miller's Genevа Mineral Water, from Geneva, New York. I called at the Water Depot in Portland, Oregon. I told the agent I had been afflicted for many years with what is called Cystitis, or inflammation of the bladder, also diabetes, that I had lost fifty pounds weight in the last year, and that I would soon pass to an untimely sphere. I have spent thousands of dollars on doctors and medicines, and all to no avail, and was using medicine all the time for the past six years, so the time I took five gallons of the Geneva Water I was comparatively well. Oh, hear me, all you that are afflicted and suffering with Urinary Troubles or Diabetes Allow me my tribe, the Geneva Mineral Water will cure you. It does cure me.
Come and see me and judge for yourself. 109 Post office Block, Salt Lake City.
