THE NEW DECISION.

The Gates of the Fair to be Closed on Sundays After Tomorrow.

NO PROFIT IN SABBATH BREAKING.

Overwhelming Majority in the Local Directory for the Sunday Closing.

CHICAGO, July 14.—The World's Fair is to be closed on Sunday, after July 30th. The admissions of next Sunday have already been donated for the relief of the families of the firemen who lost their lives in the recent fire on the grounds, and but for this fact the Fair would probably have been closed next Sunday.

The vote of the local directors, rescinding its former action, was overwhelmingly in favor of closing, standing 24 to 4.

Tomorrow morning homing pigeons, to the number of 500 will be liberated in front of the Government Pieces. The birds were selected from upwards of 2000 offered, and come from many cities of the United States.

Auditor Ackerman of the World's Fair presented a financial statement of the exposition to the directors today, covering the period to June 30th. A note accompanying the statement says the receipts since July 1st were over $1,000,000, and a large retention was made to the floating debt since that date.

According to the statement the total gate receipts were $1,121,300; total expenditures, $20,610,195; operating expenses for May, $609,802 and receipts $219,802.

During June the estimated receipts were $1,000,000 and the expenses $942,921, leaving a balance for the two months of $1,271,671.

General Stevenson in California.

SAN BERNARDINO, Cal., July 14.—Vice-President Stevenson and party, consisting of himself, wife, Chief Justice Shope of the Illinois supreme court and daughter, Judge Ewing, wife and two daughters, Mr. Stevenson, sister-in-law of the Vice-president, and Judge Burnett and daughter, arrived in this city this morning. Owing to the early hour no attempt at a demonstration was made. The party left for Riverside, accompanied by the Los Angeles committee. After a short stay at Riverside, they will make a trip around the belt line and thence to Los Angeles.

HE REFUSES TO TALK.

LOS ANGELES, Cal., July 14.—Vice President Stevenson was requested by a reporter today to state his views on the silver question. He replied that he had steadfastly refused to talk on the subject, or on political topics of any kind.

WHAT JUSTICE SHOPE SAYS.

Chief Justice Shope of the Illinois Supreme court was asked for his views on the silver question, and replied: "I have none, so far as a definite remedy for the present condition of affairs is concerned. I don't believe any man exists who is big and broad enough to tell exactly what to do. The silver men have their emphatic views, the gold men their panacea, but the result must be a compromise, which will have to be an experiment. No man can tell just how it is going to work. I had several hours' talk with Vice President Stevenson on this subject and he agrees with me in these views."

Governor Waite Not Sustained.

NEW YORK, July 14.—J. Edward Simmons, president of the Fourth National bank, today received the following telegram from D. H. Moffatt, president of the First National bank in Denver: "All the better classes of this community are opposed to such ideas as expressed by Waite, Holden and other radical men. The meeting of yesterday was in no way a representation of the business interests of this city or state. Our best citizens will deeply regret that such speeches were made. We want bimetallism because we believe it to be right, but we do not expect to get it by such means as Governor Waite suggests, nor will we repudiate our debts under any circumstances."

Asks for Divorce.

NEW YORK, July 14.—Hattie Leavitt began suit in the supreme court for limited divorce from Michael B. Leavitt, the theatrical manager, and today she received an order from Judge Gildersleeve requiring her husband to show cause, Monday next, why he should not pay alimony and counsel fees to her, pending trial of the suit.

Charges Against a Bishop.

NEW YORK, July 14.—The *Herald* says: Charges have been made at Rome against Bishop Matz of the Catholic diocese of Denver. Father O'Farrell of this city is selected as his successor. Rev. Michael Caldin declares that Bishop Matz persecuted all the Irish priests who were connected with the diocese and only Germans receive fair play from the bishop.

A Cyclone in Minnesota.

HILLWATER, Minn., July 14.—Shortly after 5 o'clock this afternoon a cyclone struck this city, doing great damage to property besides killing and injuring a number of persons. The weather was very sultry before the storm and about 3 o'clock storm clouds were seen approaching from the west and south. They met near the city and immediately after the storm developed and tore a path fifty feet wide through a large portion of the town.

For Free Silver.

NEW YORK, July 14.—A Washington special to a local paper says: Congressman Hood of Missouri, in a letter to a colleague now in Washington, now announces that he has selected for his chief lieutenant in the campaign of free silver young Congressman Bryan of Nebraska.

A SIOUX CHIEF DEAD.

Young-Man-Afraid-of-His-Horses Gone.

OMAHA, Neb., July 14.—A *Bee* special from Pine Ridge agency says: Young-Man-Afraid-of-His-Horses, head chief of the whole Sioux nation, dropped dead yesterday at New Castle, Wyo. He and Little Wound left this agency some few weeks ago with a party of sixty Indians to visit the Crow agency. Young-Man-Afraid-of-His-Horses was the most reliable Indian of all the tribes and a great friend of the government.

A Shrewd Shot.

MEMPHIS, Tenn., July 14.—Sheriff Warner of Chickasaw county, Ark., left here late last night on the Iron Mountain train. Just across the river, at the junction, he stepped on the platform, when some unknown person shot at him. Sheriff Warner called his gun and left, but he wounded landed a second shot the sheriff's right side. The sheriff's shot went wild and the gun fell from his grasp. The robber then went through him for $12,000. The sheriff is now at Gaston's hotel, this city, where the doctors are dressing his wound. The assailant escaped.

The Choctaws Will Die.

CADDO, I. T., July 14.—Governor Jones of the Choctaw nation and Inspector Faleson of the interior department had a conference today. It can be stated with confidence that on August 4th the execution of the death sentence upon the nine will take place. Inspector Faleson says he is now convinced that the murderers were fairly tried and condemned.

Sensational Tragedy.

CITY OF MEXICO, July 14.—A sensational tragedy occurred in the courtroom at Tulancingo yesterday. An outlaw named Saufranciscos Roberts was tried and found guilty, and the judge had just finished reading the sentence when the prisoner drew a pistol and killed the judge.

Left By Stanford.

ASBURY PARK, N. J., July 14.—Mrs. Hugh S. Kimmoch, wife of Dr. Hugh S. Kimmoch of this place, has inherited $150,000. This sum was left her by her father's brother, Senator Leland Stanford of California. Her husband states that she will receive $100,000 outright, and one-third of a like sum by a division.

Hanged By a Mob.

VINCENNES, Ind., July 14.—Allan Butler, a wealthy colored man of Lawrence county, was found hanging by the neck, dead, at an early hour this morning, and it is believed he was hanged by a mob. He had a young white girl working for him. His son became intimate with her and when she was found in a delicate condition it is alleged that Butler, who was a horse doctor, performed an abortion.

NEWS FROM FOREIGN LANDS

The Killing of the Siamese by the French a Misunderstanding.

Count Herbert Bismarck Makes a Stirring Speech.—Russian Ships in American Waters.

BANGKOK, July 14.—The French minister has informed the Siamese government that the commanders of the gunboats Comete and Inconstante misunderstood the situation when they fired upon the Pakanam forts and ascended the Menam river. Their instructions contemplated no such action.

The announcement was made this afternoon that an armistice had been concluded, and the incident might possibly be explained by France as regrettable.

THE NEWS RECEIVED AT WASHINGTON.

WASHINGTON, July 14.—The only official news of the trouble between the French and Siamese received at the state department is contained in a brief cablegram from Acting Consul General Boyd at Bangkok, stating that after an hour's engagement the French vessels passed the fort below Bangkok. It is not the present intention of the department to specially dispatch an American war vessel to the scene of war, in view of the fact that American interests in Siam are insignificant. Nevertheless, it is suggested if the war assumes formidable proportions, the Siamese may make it very unpleasant for the foreign residents, including the few Americans there.

LONDON, July 14.—In the commons this evening Harcourt, speaking of the Siam affair, said the government was disposed to believe that the French naval officers acted without the authority of the French government.

HOW IT HAPPENED.

PARIS, July 14.—A semi-official note, to be published tomorrow, explains the Bangkok incident thus: France learning that England and other nations were sending war vessels to Bangkok, notified the Siamese government July 9th of her intention to increase the French naval force at the mouth of the Menam river, where only the gunboat Lucen afforded protection to the French residents.

In accordance with article 15 of the treaty of 1856, French men-of-war have a right to enter the Menam river and anchor off the Paknam, but must give the Siamese government notice, to arrange for an anchorage in case intending to ascend the river to Bangkok. As however, no other than British vessels entered the Menam river, Siam having objected to the presence of more than one foreign vessel, France, while reserving the formal treaty rights, instructed rear-admiral Humann not to cross the bar of the Menam river, and notified the Siamese government accordingly. The order was received too late by Humann, and the gunboat ascended to Bangkok.

ANXIETY PREVAILS.

LONDON, July 14.—The Bangkok correspondent of the *Times* says: Last night passed quietly, the Inconstante and Comete dropping down stream to better anchorage, where they remained today, cleared for anchorage. Neither the forts nor gunboats were damaged in the skirmish yesterday, but one Siamese gunboat ran down a French pilot boat and sank it.

The city is tranquil, but intensely anxious. Other French and English gunboats are expected. The British surplus are awaiting anxiously news of the steps which England is to prevent the great calamity of a bombardment of the city.

The Nicaragua Canal.

NEW YORK, July 14.—The board of directors of the Nicaragua Canal company had a meeting today to raise plans to devise means to raise money. General Manager Taylor presented a plan, among the features of which is the issue and market of $65,000,000 in bonds. An estimate of the cost of the canal places it at $56,000,000, at the present prices and methods, the difference between the newly estimated cost and $65,000,000 of bonds to be raised for the payment of interest during the construction, an active propaganda is to be established all over the country as a preliminary to placing the bonds on the market; the money to be obtained from the first subscription to be at once employed in active work on the line of the canal; if the amount of the first subscription is satisfactory, the bonds to be offered at 90; if unsatisfactory at 85. The committee will consider the plan further.

IN THE REICHSTAG.

Count Herbert Bismarck Called to Order.

BERLIN, July 14.—During the debate on the army bill Count Herbert Bismarck made a speech that aroused general interest. He declared that he was satisfied with the adoption of the bill, though he opposed the two years' service system because the necessity, through the short term of service, might corrupt the army. A three-year service would make the service a labor unpaid school.

This remark caused a great uproar, which for a time the president was unable to quell. The upper Reichstag cheered, and Caprivi followed Bismarck. He said the two years' system could be carried through without the concurrence Count Herbert feared. Count Herbert frequently interrupted the chancellor, who at last appealed to the president and Count Herbert was called to order.

Herr Bebel, leader of the social democrats, said, in listening to Count Herbert, the house had heard the father speaking through his son. The great father had been unable to kill the social democracy, and still less was the son able to do so. Bebel concluded, "We exist; you will not be able to get rid of us except by killing." These remarks caused a most decided sensation.

Later in the day Count Herbert Bismarck presented himself before the chancellor and said he desired to correct a statement made by Caprivi. This gave the to another uproar and the president reminded the count that the article on which he wished to comment had already passed the house, and the count retired to his seat amid howls.

THE CZAR'S SHIPS.

New York to Be the Russian Naval Center.

NEW YORK, July 14.—The *Times* will say in the morning: It was learned from high Russian authorities yesterday that the Russian government has decided to maintain a permanent fleet at warships in United States waters, and the port of New York will be made Russia's western naval center. Yesterday representatives of the Russian government made overtures to the Erie Dry Docks establishment to undertake the care and overhauling of all warships maintained by Russia in American waters.

The opinion was ventured in naval circles last evening in view of the likelihood of the Bering sea case going against Great Britain, and the late announcement that England is reinforcing her naval force at Esquimalt, the proposed action of Russia is of great importance to the United States.

The Samoan Difficulty.

BERLIN, July 14.—The *Vossische Zeitung* says: The only practicable way out of the Samoan complications is to be found in annexation by one of the great powers, and the removal of the native king and signatories.

England is suggested as the annexing power. It is reported this evening that the signature powers have directed the men-of-war to co-operate and restore order in Samoa.

HOOSIER'S CHEER.

S. H. Clifford, New Cassel, Wis., was troubled with Neuralgia and Rheumatism, his Stomach was disordered, his Liver was affected to an alarming degree, appetite fell away, and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him.

Edward Shepherd, Harrisburg, Ill., had a running sore on his leg 7 eight years' standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve, and his leg is sound and well. John Speaker, Catawba, O., had five large Fever sores on his leg; doctors said he was incurable. One bottle Electric Bitters and one box Bucklen's Arnica Salve cured him entirely. Sold at A. C. Smith & Co's Drug Store.

EXPLOSION

It is destined to go sounding down the circle at time as the most appalling reduction of prices that ever occurred in this or any other community.
