MUNICIPAL MATTERS

Ex-Councilman Cohn Again Changed His Mind By Telegraph.

HE WILL ACT AS COMMISSIONER.

Announcement Shelves Other Candidates and Prevents a Fight—Retrenchment—Other Matters.

The City Council met last night with the prospects of a hard fight before it over the naming of a fire and police commissioner to take the place Louis Cohn, declined. But there was no fight. Mr. Cohn at the last moment decided to accept and so wired to friends at home. Of course this was final and the other candidates were shelved. Another retrenchment report was submitted by the committee on finance. Action was postponed pending an investigation. The appointment of George Swan the new auditor was confirmed. Callister offered a resolution requiring the Mayor's clerk to appear before the Council on Tuesday night next and show cause why he should not be discharged. The resolution was tabled.

THE PROCEEDINGS.

The meeting was called promptly to order at 8 o'clock by President Newell. The expected fight over the fire and police commissionership as noted above drew a large crowd which later went away disappointed. The following telegram from Mr. Cohn was read:

NEW YORK, Feb. 18.

Dave Emery, City Recorder:

I accept the office of fire and police commissioner. Please say thanks to the Council. LOUIS COHN.

President Newell also read a telegram received by him from Mr. Cohn yesterday. It was as follows:

NEW YORK, Feb. 16.

Hon. E. P. Newell, President City Council: I withdraw my declination, having changed my mind, and accept the commissionership. Will be home in a few days. LOUIS COHN.

Then the reading of Mr. Cohn's declination was called for, which President Newell read as follows:

NEW YORK, Feb. 14.

Hon. E. P. Newell, President of the City Council: Express my thanks to the Council for the honor conferred upon me. Business, however will not permit my acceptance, and I positively decline the office. LOUIS COHN.

ANOTHER RETRENCHMENT REPORT.

The finance committee submitted the following report:

We, your committee on finance, beg leave to report as follows, in the matter of monthly allowance to the different departments:

First—We recommend that the Waterworks office be assigned and his duties added to those of the superintendent of streets, and that the attorney be instructed to draft a report at the next meeting of the Council an ordinance in accordance with these recommendations.

Second—That the attached schedule of monthly allowances for running expenses for the different departments be adopted, and the head of each department is hereby instructed that we must keep the expenditures of said departments within the allowance named, that the auditor be instructed not to pay any claim in excess of said allowance and when the expenditures of any department during any month have reached the amount of said allowance, and any claims remain unpaid, he report to the City Council at the first regular meeting thereafter, giving the list to be so unpaid.

Third—We believe after careful investigation that with the economy the departments are to run under the attached schedule and that even with the reduction this Retrench proposed it will require very close and careful management to meet our obligations during the coming year. Respectfully submitted,

GEORGE SCHRAY,
J. J. STEWART,
W. H. DALE,
E. P. NEWELL.

Newell, however, let it be noted, his name stood for the reason that he did not agree to the recommendation to abolish the office of waterworker.

Brooks moved that the matter be referred to a committee consisting of the chairmen of the committees on finance, waterworks, public grounds, sanitary rules and quarantine, Jordan canal and sewerage.

Callister moved as an amendment that it be referred to the committee of the whole and that the committee meet next Thursday evening to consider the matter. The amendment prevailed.

A communication was received from Beverly Sharp at Louisville extending an invitation to the Mayor and members of the Council to attend the services at the Opera house on St. Valentine's day. The communication was filed and the Recorder directed to express the thanks of the members to the Louisville church.

AS TO CITY PRINTING.

Banks offered the following resolution:

Whereas, In the interest of economy it is necessary to reduce the expense of our city to a minimum wherever practicable therefore, be it

Resolved, by the City Council of Salt Lake City, that the city recorder be and is hereby instructed to cut the bills from the daily papers of this city for the publication as provided by ordinance of resolutions, ordinances, notice of assessments to contract, street sprinkling and police improvements, and all notices required by ordinance to be published.

And be it also the sense of said council, simply notices for ten (10), twenty (20) and thirty (30) days, and that they work for less compensation works. The publications to be set in the following condensed type: nonpareil solid, with six point leads between heading, and nonpareil solid reading.

All bids to be opened at the next public session of the Council and be it

Resolved, That the recorder is hereby authorized to make a contract with the successful bidder for the year 1896.

This Council reserves the right to reject any and all bids.

THE SUNDAY SEASE SCRAP.

Callister then introduced the following, which was voted down:

Whereas, one of the members of the Council, while engaged in performing his duties as a councilman in the Tabernacle, last Thursday evening, was attacked and assaulted by an employee of the city, said assault being against the peace and dignity of the city by dishonoring the sacredness of its council chamber, degrading the dignity of its representatives and breaking its laws, and

Whereas, it is duty imperatively upon the members of this Council to preserve and uphold the dignity and peace of its city, therefore, be it

Resolved, That the city recorder is hereby instructed to notify said employee W. A. McKay, to appear before this honorable body next Tuesday evening, February 25, at 7:30 o'clock, and show cause, if any, why he should not be discharged from the employ of this city for his conduct.

WE AN NOW DEPUTY AUDITOR.

The majority of the committee on finance recommended the appointment of George Swan to the office of city auditor by the Mayor to be confirmed.

The following minority report was submitted, signed by Newell and Dale:

We, the minority of your committee on finance, report upon the appointment of George Swan to city auditor by recommending that it be not confirmed. In doing so we desire to in no way reflect upon either the character or integrity of the gentleman, but would call the attention of the Council to the fact that, in the interest of economy, the office of deputy auditor has been abolished and therefore the work of that office must and should be done by one man. We believe that one man can handle all the business of the office, but, in our judgment, under these circumstances, the appointee should be a young man, bright and quick, with an aptitude for hard work and no objection to long office hours.

The majority report, however, was adopted, all members voting in the affirmative except Dale and Newell, who voted against it.

MISCELLANEOUS.

A communication was received from Stephen W. Taylor asking the city to lease to him the old woolen mills property. Committee on public grounds.

Andrew Mickelsen asks permission to use the surface land of the Salt Lake and Jordan canal adjoining his property, part of lot 5, block 20, Plat B, Salt Lake City survey. Referred to the committee on canals.

The Board of Public Works presented an estimate of the Colmer, Jennings Paving company to the sum of $6,290.53 and recommended that it be paid. Referred to the city attorney.

Morris, Hobson and Wilkinson, sewer contractors presented a bill for extra expenses $28,459.26. The items include $2,973.52 for shortage in measurements on excavation and backfilling, $7,106.24 for extra work through change of proportions in concrete and plaster, $[illegible] on drain tile, $[illegible] on stone work under tracks, $5,[illegible] for causes of concrete masonry, $4,[illegible] on bill of brick and material around, $169.45 on error of measurement in plaster on sixty-fourth sewer, also $7,800 for damages. Referred to the sewer committee.

Claims were allowed to the amount of $1,152.34, after which the Council adjourned until next Tuesday evening.

Ward Entertainment.

The young people of the Fourteenth ward have provided an excellent program for their entertainment to be given in the ward assembly rooms this evening at 8 o'clock. One of the features of the evening will be a doll drill by a number of "little folks." Miss Allie Brown gives a solo, and Misses Minnie Goss and Mr. Butler a duet. In addition there will be instrumental music, tableaux and the farce "Which is Which." The following persons are to assume parts in the farce: Messrs. Heald Bowring, Minnie Taylor and Mary Cannon, and Messrs. Jesse Dalgety, Uel Barger and Jesse M. Fox.

The proceeds go to help the poor of the ward.

In the Twenty-Second Ward.

A leap year entertainment will be given in the Twenty-second ward meeting house on Friday evening, Feb. 21, at 8 o'clock, and Saturday afternoon, Feb. 22, at 3 o'clock, under the auspices of the Young Ladies' M. I. A., in which the program includes the following pieces: Parting, or the Death of Hewald; a beautiful recitation; a scarf drill; an appropriate song; pantaress, The Broken Hearted Club; and a tableau and serenade, Slumber Song.

The entertainment is in good capable hands, and is sure to be a delightful one each occasion of its presentation.

Washington's Birthday.

On Saturday next the Sabbath school Sunday school, which for more than twenty years has held an annual celebration on the 22nd of February, will have its usual exercises. All is invited, and the day will be spent in games, dancing, a school, etc., with a good lunch for those who like pie.

For Hans Bridey.

A letter has been forwarded to this office from No. 23 Penton street, Islington, London, for Hans Bridey, with the statement that it is believed the person to whom it is addressed came to Utah several years ago. Where his departure before have been frequently sent to the address given but were always returned to the post office with the line that they would at not that their way back to the sender. The letter forwarded to this office for Mr. Bridey can be had on proper application.

IN SOUTHERN UTAH.

Trees are Budding and Crops are Being Irrigated—Rising Properties Looking Up.

Hon. B. C. Lund, of St. George is again in Salt Lake on a brief business trip. The people of Washington and other southern Utah counties, he says, are enjoying fine springtime weather at present. The season is well advanced over for that section. Fruit trees are budding and wheat, oats and other crops are being irrigated in Washington county to amount of the drought.

As to mining Mr. Lund says that kind of business is looking up in southern Utah. That is especially true with reference to the Silver Reef mines.

GOOD TIMES AT ALMY, WYO.

That Is, Good Times Socially and Educationally, Though Work Is Slack.

ALMY, Wyo., Feb. 17th, 1896.

To the Editor:

On Saturday the 15th inst., the Latter-day Saints of this ward had a grand reunion, which was a perfect success. All who were being well and trying to do their duty (about 90 per cent of the people, I should judge,) participated, and a good time was enjoyed. An excellent program, consisting of songs, recitations, dialogues and speeches, was rendered, and received in such a manner as to show the good feeling that prevailed. The singing done by our aged brethren, Brothers H. Davis, Charles Beveridge, Robert Hunter, P. Hook, Et. Bleeker and others, was received with great applause.

After the program all present partook of the good things of this life, in the form of pies, cakes, sandwiches, cocoa, coffee, etc., of which there was an abundance.

About half past 5 o'clock the people went to their several homes, after having spent a most enjoyable afternoon. In the evening there was a dance, under the direction of the reunion committee, and for good order and enjoyment I will say that it was a model one.

The next day, Sunday, the Alma Sunday school gave to the people of the ward a review of their studies for the past quarter. The singing and the class exercises were excellent, and showed care and training by competent teachers. The Bishop highly complimented them, especially the Theological class, which I think they justly merited.

Work at the mines is very poor—about half time.

The health of the people generally is good, for which we are all thankful.

In a recent editorial the Salem, Oregon, Independent says: "Time and again have we seen Chamberlain's Cough Remedy tried and never without the most satisfactory results. Whenever we see a person afflicted with hoarseness, with a cough or cold, we invariably advise them to get Chamberlain's Cough Remedy; and when they do, they never regret it. It always does the work, and does it well." For sale by druggists.

The exposure in all sorts and conditions of weather that a lumberman is called upon to endure in the camps often produces severe colds which, if not promptly checked, result in congestion or pneumonia. Mr. J. O. Davenport, storekeeper of the Fort Bragg Redwood Co., an immense institution at Fort Bragg, Cal., says they sell large quantities of Chamberlain's Cough Remedy at the company's store and that he has himself used this remedy for a severe cold and obtained immediate relief. This medicine prevents any tendency of a cold toward pneumonia and insures a prompt recovery. For sale by druggists.

ANOTHER RAMBLER DAY.
The Rambler boys made a great showing on the Ogden roads. The first event of the day was the ten mile contest in which McCandless finished third, taking third prize and third time prize. Then came the track race. Joe Beck taking second in the mile. Fowler first, Waite second, and Thatcher third in the mile scratch, class B, all "Rambler" you will note. In the half mile class A, May took second, Orme third. Half mile class B, Thatcher second, Fowler third. Five mile, class B, Fowler second. In this race a man in a yellow suit lost his head and fell. Chamberlain and Weber being immediately behind him, the result was a spill for these parties and the race left to Evans. The five mile, class A, was won by Hamilton second, May taking first. Joe Beck second and McCandless third. Fourteen prizes in one day is glory enough for any one.
