CITY CEMETERY.

Tasks Repaired—Concerns Thrift of Flowers.

On Saturday a reporter visited the city cemetery and was shown through the streets of the city of the dead by the sexton, C. E. Angell, Esq., who has been in charge since the early part of last month. There are two large streets situated in the upper part of the cemetery, designed to contain a supply of water for irrigating the lawns, etc. At all three weeks ago Mr. Angell caused these to be cleaned out preparatory to being filled for spring work, but investigation showed that the tasks were incomplete, by order of the City Council, they have been repaired at City Engineer Young.

In the meantime the weather has come warm, and the lawns have suffered some from the lack of water. But now that tasks are in good order, the life will be watered and well cared for, as prior to last year the work is paid. Many owners of the completed flower plants dotted over the graves of their loved ones are seen. Many such cases were reported to the sexton and while he was walking with the reporter two complaints of this character were made, the parties stating that they would willingly pay a reward for information that would lead to the conviction of the thieves. The sexton is of opinion that these thefts are mainly of the work of children; but he is determined to prosecute the first culprit who shall be detected. Section 7 of chapter 42, revised ordinances, provides:

Any person who shall injure or deface any monument, tombstone, monument, tree, shrub, or any other property found in cemetery shall, upon conviction, be fined in a fine not exceeding one hundred dollars, or imprisonment not to exceed thirty days, or so much of the fine and imprisonment.

At Mill Creek.

Last night the quiet little settlement in the north end part of Mill Creek ward was treated to a very pleasant, though short, entertainment, at the home of Brother Andrew Jensen, where several of the youthful members of the east branch of the Sunday school, under the management of Miss Alice Bailey, rendered a number of nice songs and dialogues in a manner that would do credit to more experienced persons.

The object of the entertainment was to get a little money to help fix a room in the school house in that place, where the theological class meet on Sundays. The result was most satisfactory—not only from a financial point, but from the amount of pleasure afforded those who witnessed it.

Respectfully,

J. D. CUMMING.

MILL CREEK, May 12th, 1894.

EASTERN LADY WRITERS

Spent Sunday in the City and Resumed their Homeward Journey.

The Sunday morning Rio Grande train from the west brought to this city in a special car the members of the Woman's National Press association who left Washington, D. C., on April 14th for a tour through the southern and western states.

The party was met at the depot by a delegation from the Utah Woman's Press club. Among the ladies were Mrs. E. B. Wells, Dr. Ella Sharp, Dr. Ferguson, Dr. Pratt, Mrs. A. W. McCune, Mrs. O. F. Whitney, Miss Babcock, Miss Esther Cannon and Miss Rees accompanied them about the city in the omnibus. All of the visitors were very delighted with the beauty of the city and freely expressed themselves on that point.

They attended the service at the Tabernacle in the afternoon, and at 4 o'clock were taken out to Saltair in a special train provided by General Manager Clayton, of the Salt Lake & Los Angeles railway company. They were tendered a reception on the pavilion, where Mrs. Wells delivered an address of welcome, which was responded to by Mrs. Lockwood, president of the association. Later in the evening they returned to the city. The party resumed their eastward journey on the 8:30 train, assuring their entertainers that they had just passed one of the most pleasant and prosperous days since leaving home. The personnel of the visitors has heretofore been published in the News.

TERRITORIAL ITEMS.

The Markham mill at Bingham started up today, May 14.

The Park City Record states that the Latter-day Saints in that place are preparing to erect a new meeting house.

Some of the farmers about Spanish Fork are fearful of the ravages of the grasshoppers there this season, as the pests are being hatched out in large numbers.

The Ontario drain tunnel at Park City is now draining the mine, and the flow of water is so large that work is interrupted with.

C. H. Olisch and others operating the Woodside mine near Park City have been fortunate in encountering a large body of high grade ore.

John J. Carroll, who was arrested at Park City on the charge of propelling the dynamite outrage at the residence of John J. Rogan, has been discharged from custody, as there was no direct testimony to show that he was the person who committed the crime.

The six-year-old son of John Bowen, of Spanish Fork, was injured on Saturday afternoon. The child's mother was caught in a most unpleasant predicament, she had from her father's wagon while it was in motion, and one of the wheels passed over the head, crushing it.

Now that Prof. Cannon candidly has been made the subject of a paragraph in that place note for three cases upon which it was essential to the welfare of the people, i.e.: the holding of a meet of the district court; the completion of waterworks at Provo; the number and giving the wave to all parts of town; and the organization of the Chinese. The reasons given why the latter should be made are that the Celestials propose to pay a good tax for the privilege of keeping one of the town worthies on the case and behind the counter, and of employment given the Chinese. Prof. Cannon, of course, will not be the "unfortunate victim" but these Chinamen look to him very discouraging eyes.—"

Lawrence Kimball, of Ruby & Kimball, has gone to Idaho, Colorado, Nevada, where he is now in Alta, Utah, for the Mr. Ruby is a live gentleman in his business, a genius in the liquor business, says the Park City Record. It is a pleasure for the very reason that he all kinds of liquors that make whisky in reality, while there is no adulterants known that will counteract the deadly poison in the stuff. Adamson, Coffey (cowardly) gives him at times has to be not reliable, and the Mr. Ruby and Indeed of the Park company will show in mental fear. They are familiar with the intelligence, intelligence and intuition, not the right of a Gila monster makes them in real pain. With fear. Mr. Ruby has prepared a glass cage for the Gila monster which will give it full ease to live and keep it alive as long as possible. It is a genuine curiosity, and Mr. Ruby is justly proud of it.

Popular Preacher

Says HOOD'S Rallies the Vital Forces and Gives Strength.

Rev. J. Meredith Reilly, D. D.

Is widely known as leader of the First M. E. Church of Germantown, Phila., and is a powerful pulpit orator. His labors, energies and responsibilities are great. He says of Hood's Sarsaparilla, "the medicine work, gains from year to year."

"Gentlemen: I can say the efficacy of all my medicine, I regard Hood's Sarsaparilla as the best blood purifier. I know it to be a wonderful, as a preacher and lecturer, I can thus see and feel that I am not equal to the task unless I take Hood's Sarsaparilla. Invigorate My Body, Clarify My Mind, and Make me feel Like a New Man. "In a word I am up to my work, pick up quickly, sleep well and enjoy life. Hood's Sarsaparilla is my friend."

HOOD'S Sarsaparilla CURES

Hood's Pills cure liver ills, indigestion, biliousness, jaundice, and kindred troubles.

Coxey

Has got to Washington, but we have got the shoes, as rather the shoes of his future station, on exhibition. While our competitors are complaining about hard times we are selling goods. It is true we are not making the profits they are expecting to get, but we are satisfied with a small profit and doing some business.

Our EAGLE GATE and MULE EAR Cigar, sold at 10 cents straight, is meeting with success beyond our most sanguine expectations, and now we have added a 5 cent cigar to our list that is bound to be a winner. It is called the RED LINE. We also have a few of those cheap cigars left.

PEPSIN WINE BITTERS. PRICE, $1.00 per bottle.

For sale by druggists and grocers, by the Kate Fox Bottling Co., Ogden, Utah, wholesale agents, Salt Lake City. Agents wanted in every town in the Territory.

GIVE US WORK

To enable us to get some idle men to work, we have decided to change our prices, and by first class Anglesian work at tailoring, which is certainly unsurpassed, will offer, and every dollar is paid to Utah workmen:

Garden walks, walls and tennis courts,	10c SQ. FT.
Sidewalks, etc., 12 in., 15c; 18 in., 17½ in.,	15c "
Alley work, etc., 4 inches,	25c "
Warehouse, stable and cellar floors, 4½ in. to 6 in.,	25c "

Road work, etc., at equally low prices. Our Anglesian is not slippery in winter, does not hurt the eyes in summer, and is far superior to the best cement work ever laid.

We keep everyone and file their orders with us at once for all they can afford to do, and while saving money for themselves, help to furnish labor for the needy.

We will take part of the pay in store pay that our workmen and we can use in exchange.

CIGARS

Factory 3rd floor Walker Bros. Bank Building, Salt Lake City.

THEY BUILD UP UTAH and are entitled to the support of the people. By dealing with the merchants who give preference to the sale of Home Made goods, you help the Home Industry cause. You help to give employment to worthy people, you help to keep money at home, which circulates in our midst and you get back a part of that money again in your business or profession. Keep this in mind, every dollar expended for Utah made goods, means more employment for home labor; every dollar expended for goods manufactured elsewhere means employment for somebody living elsewhere, and whose interests are generally not with us. "Charity begins at home." This is a time for both business sense and patriotism.

When you wish to buy anything be sure to look over the following list before making your purchase:
