Volunteers Who Fought at Manila.

Baltimore American: Men so widely separated from each other as are Pennsylvania and Utah may be accepted as fairly typical of the average American. They teach that the American can be converted into a soldier in a marvelously short time, and that a standing army is unnecessary in this country, as Switzerland manages some fields.

Boston Journal: The Youth Pennsylvania and Fine California are good representatives of the national guard. The Utah infantry is an military new and model. None of these troops had ever before been under fire. They need authority have behaved with most creditable and military if they had been seasoned soldiers.

Coming to Salt Lake.

A Chicago paper says: A southern call has been extended to Rev. George Bailey of Broken Bow, Neb., to the Westminster Presbyterian church of Salt Lake City. If he calls it is understood he will be the Westminster people are in the original United Brethren church, in the Kearney Presbytery, where Mr. Bailey was ordained six years ago, he made quite a favorable impression and respect. The Broken Bow church will, it is believed, soon find a successor. Mr. Bailey has built up the existing parties. The new field will be occupied by the pastor elect about Oct. 1.

Democratic County Convention.

The Democratic county convention will meet at the Salt Lake Theater on September 6th at 12 o'clock noon to elect 129 delegates for the State convention which will be held at the same place on September 15th, for the election of a new county committee and for the nomination of candidates for the following offices:

Two members of the State senate and ten members of the house of representatives of the Utah Legislature. Three members of the board of county commissioners. County clerk, county recorder, sheriff, county attorney, county treasurer, county assessor, county auditor, county surveyor, and for the transaction of such other business as ever properly come before the convention.

The apportionment of delegates among the several election districts of the county is on the basis of one delegate for each 25 voters, or fraction thereof, cast for Hon. W. H. King at the congressional election held in 1896.

Primaries for the election of delegates will be held in the several election districts on the evening of Monday, September 5th, at such place and hour as the precinct committee may designate, but the committee recommends that, wherever possible, such primaries be held at public halls. The committee further recommends that at the primaries held for the election of delegates to the county convention, the same number of delegates also be elected to attend precinct conventions for the purpose of nominating candidates for justice of the peace and constable, to be held at such time and place as may be designated by the precinct committee. In those county precincts that are not divided into election districts, these candidates may be nominated at such time and in such manner as the precinct committee may decide. The qualifications for voters to be permitted to participate in the selection of delegates to said convention were prescribed by the Democratic county committee as follows:

"All Democrats who endorse the principles enunciated in the platform adopted at the Democratic national convention held at Chicago in July, 1896, and who will support the nominees of the Democratic national convention, shall be entitled to participate in the primaries and convention contemplated by this call."
