ROBBERS ON A ROAD.

The Mobile and Ohio Again Held Up at Forest Lawn.

PARTICULARS OF THE AFFAIR.

The Conductor Fired at but Without Effect.—The Bandits Escape in the Dark.

ST. LOUIS, March 6.—Tonight about 8 o'clock the Mobile & Ohio train, which left here at 5:30 o'clock was held up by three robbers at Forest Lawn, Ill. This is the third time within the past six months that this road has suffered from robbers at this point. It is thought tonight's hold-up was perpetrated by members of the same gang which committed the other robberies. There is no telegraph office at Forest Lawn and the particulars are very hard to obtain.

When the train reached Murphysboro, Ill., the Republic's correspondent obtained the true story of the affair. Three men climbed on the engine. They covered the engineer and fireman with their revolvers and ordered them to stop. The engineer and fireman were then marched from the engine to the express car. The robbers then ordered the express messenger to open up, which he did. One of them entered the express car and ordered the messenger to open the safe and the messenger told him there was nothing in it, but opened it. Conductor Kohler stepped outside to see what was wrong, when the robbers fired at him, without effect. The conductor then learned the train and the robbers told the engineer and fireman to get on the engine and pull out, which they did and the robbers escaped in the dark.

Postal and Telegraph Service Wanted

WELLINGTON, New Zealand, March 6.—A conference to discuss the international postal and telegraph service the matter of the Vancouver mail service was opened at seven tonight. Hon. Mr. Ward, who presided, moved that the conference should support a weekly service, to alternate with the San Francisco service. Ward's motion was carried by a unanimous vote.

A resolution was also adopted that strong representations should be made to the Washington government, pointing to the inadequate support given by it to the San Francisco route, and urging that increased payments be made to support the steamship line, and that arrangements be made to the heavy overtime charges.

A Santa Fe Notice.

CHICAGO, March 6.—Notice of withdrawal from membership in the Western Passenger association was filed today by the Santa Fe road. It will become effective in ten days, but meanwhile the Santa Fe will act as if it had already become operative. It will not attend any association meetings nor act in any way in conjunction with the other roads.

The notice filed today does not involve the withdrawal of the road from the Inland Empire clearing house arrangements. That business is to be way related to the Santa Fe's present notice, and it has nothing to gain at present by withdrawal from the agreement. What its future policy in regard to it will be remains for further consideration.

C. Seiman Midgley of the Western Freight association received a long telegram today from President Reinhard of the Atchison, which declared that the Atchison was and always had been willing to resume negotiations where they had been indefinitely postponed by Vice President Crocker of the Southern Pacific. Now that President Huntington of the latter line has shown a willingness to negotiate, it is possible that an agreement may be patched up.

A Revolution in Costa Rica.

LONDON, March 6.—A dispatch received here from Panama says a revolution has broken out in Costa Rica, but it adds, so far the rebels have not been successful.

NO INFORMATION.

WASHINGTON, D. C., March 6.—Minister Peralta of Costa Rica has no information about the reported revolution in his country. A dispatch from New Orleans reports the arrival of a steamer with news from Costa Rica to the effect that a battle has been fought at some place, the identity of which is not clear, and resulted in defeat for the rebels.

ATTORNEY CLAY WILD.

A Focus in the Business of a Commerce Company.

MINNEAPOLIS, March 6.—A scene of a violent excitement and terror was created this afternoon in the rooms of the Commerce & Commission company when Attorney R. H. Clay, who has been operating extensively, became greatly excited and pulled a revolver on Manager Clarke. Clay's desk had not been entirely satisfactory and when Sugar went up twelve points he was wild. He showed a revolver under the nose of Manager Clarke and demanded the money that him. Clarke said no money was due, but offered to give Clay a check for $100. He went into a vault and got a check book and slammed the door after him, where Clay on the outside. The latter began waving his revolver and everybody on the floor made a wild break for cover. Clay, after cursing out the place, departed without offering to shoot. It was fully half an hour before anybody relieved Clarke from the vault.

To Stand off the Tariff Bill

WASHINGTON, March 6.—It develops that there is a concerted action of republican senators in an effort to stand off the house wool schedule bill at this time, with the purpose of displacing the tariff bill as a result of a conference by the advisory committee of the Republican senatorial caucus. While the Republican senators, both favorable to and adverse to silver, express themselves in favor of the amendment, there is no great zeal manifested on either hand. Neither the free coinage Republicans nor the anti-silver senators care much for the Bland seigniorage bill as such. Of course the anti-silver Republicans would oppose the bill, and if they support it now so appear to do so, their only motive is to stand off the tariff bill. The silver men do not realize that the passage of the bill would have any to Bimetal whatever in behalf of silver.

Burglars Use Chloroform.

JEFFERSONVILLE, Ind., March 6.—Thieves made a wholesale clothing raid on residences by burglars in this city last night. The entire family of Frank Briggs was put under the influence and the house ransacked. A large amount of money was taken and it was several hours before the family could be revived. The home of Wm. Quick was then visited and the same chloroformed. Next the burglars visited Frank Bayer's home and chloroformed the entire family. It is believed the burglars were the same who ransacked Stephen Glass' Lybrinks is among the possibilities if the burglars are caught.

Against Ticket Scalpers.

WASHINGTON, March 6.—Senator Wilson of Iowa has introduced a bill to put an end to ticket scalpers. It provides for an amendment to the interstate commerce act, to require carriers to support all their ticket agents with a certificate of appointment, which is to be exposed to public view. All tickets sold must have the name of the agent and the date stamped on them. It is made unlawful for any one to sell tickets of a road from which he does not hold a ticket. The penalty is a fine of $1,000. Railroads placing tickets in the hands of unauthorized agents are liable to a fine of $5,000.

In the Hands of a Receiver.

LOUISVILLE, Ky., March 6.—The Louisville Terminal Railway company was placed in the hands of a receiver today on application of the Farmers' Loan & Trust company of New York. The company defaulted in payment on the January interest.

THE WEATHER BUREAU.

A New Division Added Recently to the Organization.

WASHINGTON, March 6.—Secretary Morton has just added a new division to the organization of the weather bureau, namely a division devoted to the subject of meteorology in its relations to agricultural soils. The division is to study the climatic conditions, heat and moisture under the surface of the ground, and the relations of these conditions to crop producing. The secretary has appointed as chief of the new division Professor Milton Whitney of Maryland, late of John Hopkins University.

The Christian Amendment.

WASHINGTON, March 6.—An audience was given by the House committee in judiciary today to a large deputation of clergymen of the reformed Presbyterian Church, who advocated the resolution introduced by Representative Morse of Massachusetts for an amendment to the Constitution recognizing God and Jesus Christ. Many ladies and ministers of other churches were present.

Asking for Pardon.

BALTIMORE, March 6.—Joseph Doulan, who was sentenced to eighteen months in the Maryland penitentiary for sending a threatening postal card to Vice-President Stevenson, has written a letter to President Cleveland asking for pardon.

Cabinet Crisis Imminent in Chile.

SANTIAGO, March 6.—The conservatives suffered complete defeat in the elections for members of the Chilean congress. The minister of foreign affairs, minister of the interior and minister of justice all failed of re-election and a cabinet crisis is imminent.

CRUEL SUPERSTITION.

King Behanzin's Act Before Surrendering.

He Kills His Mother and Sends Her as a Bearer of the News to His Father.

LONDON, March 6.—A dispatch to the Times from Paris says: An officer who has returned from Dahomey reports that when King Behanzin found escape impossible he summoned his aged mother and said: "I am going to surrender to France. My father must know it. You shall see and tell him."

The king thereupon had his mother beheaded, while he calmly looked on, smoking a pipe.

To Escape the Fever.

LONDON, March 6.—The British member of Rio Janeiro has obtained leave from the Brazilian government which will enable vessels of war of leaving the harbor in order to escape the yellow fever to obtain leaves. The insurgents have been notified, and it is expected they will do nothing to interfere with the departure of the vessels.

It Was Heart Disease.

PARIS, March 6.—The Associated Press correspondent has made inquiry today of the circumstances under which Miss Ada Van Kiley, the American writer, died. The report that she died of starvation is untrue. Her death occurred on Sunday night, and the cause was heart disease.

A Small Drawing Room.

LONDON, March 6.—The drawing room which the new premier attended this afternoon was insignificant, so far as attendance was concerned, when the queen has been in years. There were only 142 people presented and the ceremony only lasted an hour. Lord Rosebery occupied a conspicuous place near the queen and other cabinet ministers present.

Free Pardon Offered.

EL PASO, TEX., March 6.—The Times is in receipt of a proclamation signed by the governor of the state of Chihuahua, Mexico, amnestying that all participants in the late revolution of that state will be granted a free pardon upon surrendering their arms within a specified time.

Victor Ochoa and one other are excepted from the terms of the amnesty.

William Boyd, a miner, who was almost blown to pieces in a mine in Narrow Gauge some weeks ago, says the Hailey (Idaho) Times, has left for Salt Lake City, to have his right arm and wrist treated.

HOLY GHOST PROMISED.

How it was Bestowed in the Days of the Ancient Apostles.

Correspondence Deseret News.

SEAFORD COUNTY, VA., Feb. 25, 1894.—We are the Elders and hunting Jerusalem and should come and gather out the Hypocrite from among the wicked and ungodly nation that's hedged in and poisoned out upon them, and we do it without money, but we depend on the power in the Gospel. I would like to call attention to the twelfth chapter of 1st Corinthians, and I will ask the whole world, Do we receive the same blessings as the saints did in those days? If not, why not? Is it because we on the same world and God has taken to do His work? Is it because the laws of God have been changed and the power of the Gospel ceased, or also the organization of the Church of Christ ceased? Or have the Gospel and the power of the Priesthood been taken from the earth for a season, until God saw fit to raise up a People to them that dwelt and receive the Gospel in the same way as the ancients did through the instrumentality of the Holy Ghost? We find that Peter, on the day of Pentecost, told the people to repent and be baptized every one of you in the name of Jesus Christ for the remission of sins and ye shall receive the Holy Ghost. (Acts 2:38.)

Now we find that this same man, Peter, and John were sent by to go to Samaria to lay hands on those people who were baptized by Philip, and after the Apostles had their hands upon them they received the Holy Ghost. (Act. viii. 17.) Also Paul in the twelfth book was who had been baptized but had not been taught that the Holy Ghost was to follow.

So Paul baptized them and laid hands upon their heads and they received the Holy Ghost and spoke with tongues and prophesied. Act. xix. 5, 6. Paul is writing to Timothy says: Neglect not the gift that is in thee which was given thee by prophecy with the laying on of hands of the presbytery. (Timothy, 4.) And many other passages show we did we receive the Holy Ghost by obedience, and that the ingredient in the laying on of the hands of those who are in authority.

Now we find that men will tell us that this has been done away with. Very well, we know that it has been done away with, and the Gospel was done away with at the same time, because Paul teaches us that the Gospel is the power of God unto salvation to every one that believeth. (Rom. 1:16.)

But men say today that it was the power of God to Paul because he had such a hard hearted people to convert. If Paul needed it to convert the people in that day we need it today because we have some who are hard hearted, and some who are ignorant of the Gospel plan. Now, as John the Baptist was raised up as a forerunner to the Savior's first advent, so was Joseph Smith raised up in this dispensation to teach the people the Gospel and prepare the hearts and minds of the people to receive the Savior and His teachings at His second coming. There may be some who do not believe this, but I cannot help that; and so were there some who did not believe the Savior Himself, and they crucified Him as an imposter, but it did not make Him so. Do you believe in the Bible? Oh, yes. Well, read the twenty-fifth verse of the first chapter of 1 Peter: "But the word of the Lord endureth forever, and this is the word which by the gospel is preached unto you." Then take the first chapter of II Peter, 20—21 verses: "Knowing this first that no prophecy of the scripture is of any private interpretation. For the prophecy came not at any time by the will of man, but holy men of God spake as they were moved by the Holy Ghost." Now, "whosoever transgresseth and abideth not in the doctrine of Christ hath not God." II John, 9th verse. The Savior says, "If ye continue in My word then are ye My disciples indeed; and ye shall know the truth, and the truth shall make you free." St. John viii. 32. Now, we are free to we are the servants of sin.

Now let us take Malachi iii.—10: "Prove me now herewith, saith the Lord of hosts, if I will not open you the windows of heaven and pour you out a blessing that there shall not be room enough to receive it."

I have traveled in many counties in Virginia and have made many friends. I am thankful for the opportunity of having the privilege of carrying the Gospel to the world. I would ask the young Elders of the West, are you prepared to go out into the world and give a reason for the hope that is within you? If you are not, you should be. Hear to and do the teachings of your parents.

I want to bear my testimony to the world that Heaven has been sealed to the earth, and that the latter-day saints are required to carry it to the world. This work will fall upon the young men of Zion. May God bless all Israel and the whole world, and not only to pray for all the human family. I remain your brother in the cause of truth. MISS MARY SOLLIS WAS GIVEN UP TO DIE

$5 a Month, Medicines Furnished Free.

"Is this Mrs. Sollis?" asked the writer of a visit made lately who answered the door in No. 2 Cottage court, Fourth East.

"Yes, I am so."

"I understand your little daughter has been troubling with the Measles. Would you mind telling what success they have had?"

"Why, will gladly tell you. Mary was given up to die, for I had thought she would die, but she did not. I am happy to say she is well."

MISS MARY SOLLIS, NO. 2 COTTAGE COURT, 4TH EAST STREET.

She had St. Vitus dance, she could not sit still a minute, jerking the jumped from one chair to another for hours and days would assume all sorts of shapes; she would roll out and fortress weeks she could eat nothing but broaded and milk, and she we had to make her take; she would not feed herself, it being impossible for her to hold anything in her hand, we could not take her on the street without holding her for she would fall from one side of the walk to the other; she would have sharp convulsions around the house, would go sleep at night but a very few hours and when she was aroused almost jump out of bed. She was a constant care and her suffering cannot be imagined. She got very weak and lost flesh rapidly and we thought frankly told me that she would never get well. In this condition I called upon Drs. Shores & Shores and their house and examined the child and gave here a remedy that began to relieve her immediately. After a few weeks she was able to go to the office for treatment, and today I can say she is as well as ever."

"You would be willing to make your remarkable statement public this signed?"

"Indeed I would; you may write a statement that will express my gratitude to Drs. Shores & Shores for the wonderful and mighty power they exercised in curing my child's life."

MRS. SOLLIS resides at No. 2 Cottage Court, Fourth East and if there is any doubt in the reader's mind as to the truth of the statement, it can be more thoroughly confirmed by calling on Mrs. Sollis, or read the following:

"I, Mary Sollis, a resident of Salt Lake's leading photographers, and who was selected by the Wonderland management to make this souvenir photograph, make the following statement:

"About a month ago little Mary Sollis was brought to my gallery for a picture. She was in such a nervous condition that it was almost impossible to do anything with her. Her condition was startling. Much the last was returned, and I can truthfully say the change was remarkable. She was as still as anyone could. The effects of treatment in her case have certainly been extraordinary.
