TELEGRAPHIC.

HAWAIIAN LETTERS.

Submitted By President Cleveland to Congress.

FRAMING A NEW CONSTITUTION.

The Chinese Hold a Mass Meeting and Listen to Threatening Speeches.

WASHINGTON, D. C., March 7.—The President today sent to Congress the latest correspondence in relation to Hawaii, being three letters, with enclosures from Minister Willis, covering the period from February 10th to February 15th inclusive. An important feature of the correspondence is the statement that steps have been taken to provide for a new constitution and new form of government for Hawaii. Minister Willis mentions changes in the executive council, reports that Dole will prepare a new constitution, and says a spirited contest is now in progress looking to the introduction of a "representative system" into the council of the provisional government.

The last letter is dated Honolulu, February 15th. It is as follows:

"At the regular meeting this afternoon of the government council, Hon. F. M. Hatch read the report of the judiciary committee on a petition for the enlargement of the advisory council, recommending, as reported in the newspapers, that there be chosen delegates to fill up the councils and prepare a constitution for a permanent form of government. The report was adopted and a committee appointed by the president to prepare an act for holding a constitutional convention. At the same meeting Hatch was elected and took his seat as minister of foreign affairs.

"A mass meeting of Chinese last night was very largely attended. The newspapers report the attendance at 3,000. Vigorous resolutions against the proposed regulation by the government were passed. I send newspaper clippings in regard to the above subject."

In describing the Chinese mass meeting, the newspapers say its temper may be judged by the fact that the use of a [illegible] was more than hinted at. The statement was also made that the Chinese paid more taxes than any other class, that but for them, Honolulu's trade would die. The first recommended that if the council would not listen to the Chinese they should instruct the Chinese minister at Washington to write to the home government about their troubles. The proposed act was denounced as worse than the Geary act. The act complained of was one proposing to require the Chinese to take out a special license as a prerequisite to conducting business in Hawaii.

Bureau of Labor.

WASHINGTON, March 7.—Several representatives of the labor organizations were present at the meeting of the House committee on labor today, when the bill introduced by Representative Doolittle of Washington to make an executive department of the bureau of labor was considered. Representative Doolittle stated the bill was introduced at the request of the labor organizations of the Pacific coast. He believed the bureau of labor was unknown to most people, and its status should be raised to that of an executive department, in order that its importance might be realized.

Representative Phillips of Pennsylvania, advocated the forum for the settlement of labor troubles, which could be appealed to voluntarily, but denied that such tribunal could enforce its judgments by compelling men to work on terms unsatisfactory to them.

Representative Ryan of New York, declared that such tribunals proved merely advisory. The question of the constitutional right to establish a court empowered to adjudicate differences between employers and employed was raised.

Paul T. Hewen of this city, who, in 1887 was chairman of the committee on legislation of the general assembly, Knights of Labor, and prominent in that order, has written to Chairman McGann of the committee, opposing the bill. He says the bill was thoroughly discussed by laboring people, but has few supporters, a majority considering it wiser to continue the department as an independent bureau rather than to make a political office of it.

Protestants and Catholics.

MEMPHIS, Tenn., March 7.—A war between the Catholics and Protestants has broken out in Memphis. The Protestant Patriot's association has come out in a lengthy card defending the principles of the American Protective association and attacking the Catholics, whom they charge with being engaged in a conspiracy to control all the offices. The Protestants express a determination to carry the war into the coming elections and endeavor to defeat every Catholic candidate for office. The publication of the card caused a tremendous sensation.

Smallpox in New York.

NEW YORK, March 7.—Seven cases of smallpox were discovered in 33 [illegible] avenue, Brooklyn, last evening. Six other smallpox patients were taken to the hospital in this city today.

THE NEW BATTLESHIP.

A Most Satisfactory Preliminary Trial.

BREAKWATER, Del., March 7.—The battleship Indiana, which left Cramp's shipyard in Philadelphia yesterday morning, stopped anchor off Breakwater then this afternoon, after a most successful preliminary trial. She will be back at the dock in Philadelphia tomorrow afternoon.

Early this morning the ship, which arrived here last night, put to sea and was given a hard run of four hours over the course usually chosen by the Cramps for the "builders' trial." The course is 9.32 knots. Three trips were made over the course. The first, under a natural draught, was accomplished at a speed of 14.1 knots; the second, under half forced draught, in a trifle less than 15 knots, and the third, under forced draught, at 15.35 knots. The guaranteed speed of the Indiana is 15 knots.

The engines, which behaved splendidly, reached a maximum velocity of 125 revolutions per minute, the average under the forced draught being 122. With selected coal and specially [illegible] deeper water there seems no doubt that the big battleship will average 16 knots an hour when the official trial trip is made.

A New Political Party.

BOSTON, March 7.—One hundred and ninety-eight delegates from the labor organizations of Boston gathered tonight for the purpose of forming a brand new political party in the interests of the workingmen. A committee, consisting of representatives of the Central labor union, Building Trades council and district assembly of Knights of Labor, was appointed to draft a platform to be submitted to a subsequent meeting.

Mexico Pays a Claim.

WASHINGTON, D. C., March 7.—Thanks to the sense of equity of the Mexican government, the state department has at last succeeded in adjusting and providing for a settlement of the claim of Mrs. Janet S. Baldwin, of San Francisco, for the killing of her husband in Mexico about six years ago. Baldwin was a miner and was killed by outlaws while on his way to his claim. Although a nation can hardly be held accountable for such acts, providing due diligence is used to keep the peace and preserve the lives of sojourning foreigners, the department of state succeeded in impressing the Mexican government with the belief that the claim of the widow was a just and equitable one, though the amount allowed was probably reduced from $15,000, originally claimed, to one-fourth that amount.

Benham Expected Home.

WASHINGTON, March 7.—Admiral Benham cables the navy department from Rio that he transferred his flag yesterday from the New York to the San Francisco. The New York has been lying in Rio harbor about two weeks and it was her turn to go outside for fresh air. The fact that Admiral Benham, who retires the middle of next month, and not already been relieved, in order to allow him to take a steamer for home, via Europe, is a strong indication that he will soon start north directly for the United States on one of our men of war, bringing the cadets attached to the fleet, who must come up for their graduating examination early in May.

Gold in the Treasury.

WASHINGTON, D. C., March 7.—The net gold in the treasury at the close of business today was $107,446,841, a gain of $26,281 since yesterday. The cash balance was $135,177,693.

Blanchard for Senator.

NEW ORLEANS, March 7.—Congressman Blanchard has been appointed United States senator to succeed Judge White, whose resignation takes effect March 12. He represents the Fourth district of Louisiana in the House of Representatives.

The Coughlin Case.

CHICAGO, March 7.—Assistant Prosecuting Attorney Bottum closed his address in the Coughlin case tonight, after talking three days. Judge Tuthill will charge the jury this morning. It is expected that they will go out during the day.

Shot by a Crank.

BOSTON, Mass., March 7.—Alderman Joseph P. Lomasney of the West End was shot this afternoon at the city hall by James Dolan, a young man living in the alderman's district. Dolan was arrested and locked up. The police say he was arrested not long ago for an attempt to murder a woman, and he is a crank.

Removed by Lewelling.

TOPEKA, Kan., March 7.—This afternoon Governor Lewelling removed John F. Willets from the state board of pardons. No cause is assigned.

CONGRESS.

The Seigniorage Bill in the Senate—the House.

WASHINGTON, March 7.—An interesting debate was precipitated in the Senate today by Harris's motion for the second reading of the seigniorage bill.

This was opposed by Sherman, who moved its reference to the finance committee.

His motion was defeated, however, and the bill was taken up as unfinished business and almost before anyone was aware of what had happened, it passed its third reading and was on the point of passing the Senate.

Then the opponents recovered from their surprise, and endeavored to prevent its passage, at the request of Senator Sherman [illegible] over until tomorrow.

The House bill appropriating $45,000 for paying the Kearsarge and [illegible], as did the bill [illegible] General O. O. Howard to accept from the French government the decoration of commander of the Legion of Honor.

THE HOUSE.

WASHINGTON, March 7.—In the House, the Senate joint resolution was passed for the appointment of a commission to the Antwerp international exposition.

The House then went into committee of the whole on the pension appropriation bill.

After a brief speech by Thomas (Rep.) of Michigan, Springer (Dem.), of Illinois, took the floor in defense of the policy of the pension office. He wanted to know why Illinois, having more population than Ohio, but 61,000 pensioners received $11,017,000, while Ohio had 102,181 pensioners receiving $17,350,000. In Kansas, $200,000 was distributed to a congressional district, in Ohio $800,000, while in Illinois the greatest was distributed to a district.

Moses, of Illinois, explained the discrimination by pointing out that in Kansas, which sent her Illinois regiments into the field, there were 45,000 pensioners. Ellis [illegible] Illinois moved west to Kansas and other states.

At 4 o'clock the general debate closed under agreement reached yesterday, and the bill was read for amendment and debate under the five minute rule.

The bill was reported to the House and passed, without division.

The House then adjourned.

In the Pecos valley, New Mexico, people are reducing [illegible] for millions of land under irrigation ditches which sold three years ago at $1.25 per acre. The construction of irrigation canals in the Pecos valley has made the change.

A FOREIGN NEWS BUDGET.

Paris Students Threaten a Newspaper Office.

Embassador Bayard Makes a Speech in London—The Silver Market Weak.

PARIS, March 7.—The lecture of M. Ferdinand Brunetiere at Sorbonne today, was listened to without any disturbance. After Brunetiere closed his remarks, however, the medical and scientific students made an attack upon the literary students and several sharp conflicts followed. Finally the medical students crossed the bridges and made a manifestation in front of the office of Figaro, but a strong force of police hurried to the spot, and the students were driven back to the Latin quarter, where this evening they are causing a great deal of disturbance.

Bayard Toasted.

LONDON, March 7.—The lord mayor gave a banquet this evening to the masters of the city companies. The guests included United States Embassador Bayard, Baron Halsbury and Professor Goldwin Smith. After toasts of loyalty had been proposed, the lord mayor offered a toast to Bayard, who, in replying, said he believed the prosperity of England and the United States was entirely connected. As one grows stronger the other would become stronger. The tie existing between England and the United States was such as existed between no other two nations on earth.

War on Sumatra.

THE HAGUE, March 7.—Dispatches are received reporting that fighting occurred between the Dutch and Achinese near Malaboh, on the island of Sumatra. The Dutch loss was five killed and seventeen wounded.

Silver Becomes Weaker.

LONDON, March 7.—The Daily News says: Silver has become weaker, it having been learned that £100,000 worth was here from Chile by Balmaceda, and which has been lying in the Bank of England, must be sold within a few days.

Y. L. M. I. A. CONFERENCE.

Held in the Assembly Hall Tuesday Afternoon and Evening.

The Young Ladies' Mutual Improvement Association held their regular quarterly conference Tuesday, March 6th, in the Assembly Hall, President Mary A. Freeze, presiding.

After the usual opening exercises the report of the associations from August 1, 1892, to January 1, 1894, was read and accepted.

Miss Laura Hyde then gave an address, her subject being, "The Day in Which We Live."

Mrs. Mattie H. Tingey then counseled the young to devote more time to the study of theology, as it is worthy of their attention, and there is a great tendency to ignore this important subject almost entirely. She looked to these associations to help counteract this tendency. She urged the young ladies to honor their parents and the knowledge they have gained by experience, to encourage them in our social gatherings, and to be more courteous to the aged.

Dr. Mattie H. Cannon continued the subjects mentioned by the previous speaker and referred to the perfect organization of our Church, which she likened to a "wheel within a wheel."

Dr. Maggie C. Shipp gave an address, her subject being, "The Boyhood of the Prophet."

She was followed by Mrs. Della Huntley, who claimed it is not book learning that makes us useful, but putting ourselves pliable in the hands of the Lord.

Mrs. Maria Elliott felt to urge the young to encourage home industries and thereby build up our own country.

The choir then sang "An Angel from on High" with solo by Miss Eva Musser, and the meeting was adjourned until 7:30 p. m.

Benediction by Mrs. Jane Freeze.

Evening session opened by singing. Prayer was offered by Elder McLane. Continued by singing.

Program was carried out as follows:

Address, "Divine Authority" ... Miss Mary E. Talmage
Solo ... Miss Aggie Treeman
Original poem, "Our Prayer" ... Miss Lucy [illegible] Smith

Closing instructions were given by Mrs. Minnie Snow, Counselor Mattie Tingey and President Mary A. Freeze.

Choir then sang.

After benediction was pronounced by Mrs. M. E. Irvine, the conference was adjourned for three months.

MARY A. FREEZE, President.

LOUIE S. CARTWRIGHT, Secretary Y. L. M. I. A.

New Mexico's great advertising pamphlet of 100 pages is said to be ready for distribution.

WHERE OTHERS FAIL

Drs. Shores & Shores Effect a Speedy and Permanent Cure.

MISS MARY SOLLIS WAS GIVEN UP TO DIE

$5 a Month, Medicines Furnished Free.

"Is this Mrs. Sollis?" asked the writer of a pleasant faced lady who answered the bell at No. 2 Cottage Court, Fourth East.

"It is; yes sir."

"I understand your little daughter has been treating with Drs. Shores & Shores. Would you mind telling what success they have had?"

"Nothing will give me more pleasure than to do that, for I had thought we would lose her [illegible] I was [illegible] my neighbors."

Miss Mary Sollis, No. 2 Cottage Court, 4th East Street.

She had St. Vitus dance, she could not sit still a minute, she jumped from one chair to another, her mouth and face would assume all sorts of shapes; she would not eat and for two weeks she could eat nothing but bread and milk, and that we had to make her take. She could not feed herself, it being impossible for her to hold anything in her hand; we would not take her on the street without holding her, for she would jump from one side of the walk to the other; she would have starts, jumping around the heart, could not sleep at night but a very few hours and would wake up and almost jump out of bed. She was a constant care and her suffering cannot be imagined. She got very weak and lost flesh rapidly and her friends frankly told me that she would never get well. In this condition I called upon Drs. Shores & Shores and they came and examined the child and gave her a preparation that began to relieve her immediately. After a few weeks she was able to go to the office for treatment, and today I can say she is as well as ever."

"You would be willing to make such a remarkable statement public Mrs. Sollis?"

"Indeed I would, you could write a statement that will express my gratitude to Drs. Shores & Shores for they have certainly saved my child's life."

Mrs. Sollis resides at No. 2 Cottage Court, Fourth East and if there is any doubt in the reader's mind as to the truth of the statement, they can be most thoroughly convinced by calling on Mrs. Sollis, or read the following:

Mr. Lawrence Wilson, one of Salt Lake's leading photographers, and who was selected by the Wonderland management to make this souvenir photograph, makes the following statement:

"About a month ago little Mary Sollis was brought to my gallery for a picture. She was in such a nervous condition that it was almost impossible to do anything with her, her condition was alarming. March the first she returned, and I can truthfully say the change was remarkable. She sat as still as anyone could. The effects of treatment in her case have certainly been extraordinary."

LAWRENCE WILSON,
[illegible] E., 2nd South. Photographer.

Five Dollars a Month for all Catarrhal Diseases. Medicines Furnished Free from our own Laboratory.

IF YOU CANNOT COME TO SALT LAKE

Write for the mail treatment. One of the physicians in general charge supervises the mail department and by a system of close correspondence treats those out of the city quite as well as those who come to the office. Send for symptom blank. Medicines shipped carefully. Try this treatment.

$500.00.

Will be paid to any person who can disprove of one of Drs. Shores & Shores's printed statements. They are genuine and given by the free consent of the patients.
