BY ALL ODDS THE BEST EQUIPPED RAILROAD IN THE WORLD

Let it be forever remembered that the

CHICAGO & NORTH-WESTERN RAILWAY

is the best and shortest route to and from Chicago and Council Bluffs (Omaha), and that it is preferred by all well posted travelers when passing to or from

CALIFORNIA AND COLORADO.

It also operates the best route and the short line between

Chicago and St. Paul and Minneapolis

Milwaukee, La Crosse, South Madison, Fort Howard (Green Bay), Wis., Winona, Owatonna, Mankato, Minn., Cedar Rapids, Des Moines, Webster City, Algona, Clinton, Marshalltown, Ames, Fremont, Elgin, Rockford, Ill., are among its 600 local stations on its lines.

Among a few of the numerous points of superiority enjoyed by the patrons of this road, are its PALACE CARS, of which are the best that human skill and ingenuity can produce; its PALACE DINING CARS, which are unsurpassed in excellence of cuisine and service; its PALACE SMOKING ROOM CARS, which are unsurpassed by any; and its widely celebrated

NORTH-WESTERN LIMITED TRAIN,

the best train that runs by any other road anywhere. In short, it is asserted that IT IS THE BEST EQUIPPED ROAD IN THE WORLD.

All points of interest North, Northwest and Southwest, Chicago, business centres, summer resorts and noted hunting and fishing grounds are accessible by the various branches of this road.

It owns and controls over 5,000 miles of road and has over four hundred passenger stations, and employs every facility for the accommodation of patrons.

Ask your ticket agents for tickets via this route. AND TAKE NONE OTHER. All leading ticket agents sell them. It costs no more to travel on this route, that gives first-class accommodation, than it does to go by the poorly equipped roads.

PRICKLY ASH BITTERS

The majority of the ills of the human body arise from a derangement of the Liver, affecting both the stomach and bowels. In order to effect a cure, it is necessary to remove the cause. Prickly Ash Bitters act on the Bowels, Headache, Sickness at the Stomach, Pain in the Back and Joints, etc., indicate that the Liver is at fault, and that nature requires assistance to enable this organ to throw off impurities.

Prickly Ash Bitters are carefully compounded for this purpose. They are mild in their action and effective as a cure; are pleasant to the taste and taken freely by both children and adults. Taken according to directions, they are a safe and pleasant cure for Dyspepsia, General Debility, Habitual Constipation, Diseased Kidneys, etc., etc. As a Blood Purifier they are superior to any other medicine, cleansing the system thoroughly, and imparting new life and energy to the invalid. It is a medicine and not an intoxicating beverage.

"In a cabin locker for many a year a bottle lay," sings a Chicago poet. It must have been an empty bottle. And an empty bottle is a dreary subject for a Chicago man to sing about.—*The Bohemian.*

Wm. Henry Hurlbert, formerly editor of the New York *World*, and Miss Katherine Parker Tracy were married Saturday in Yorkshire, England. It was a grand affair, the bride being very wealthy.

Gen. Stockmar, the oldest officer in the German army, celebrated the 75th anniversary of his wedding Saturday. He and his wife received many presents of diamonds from the imperial family and others.

A terrible storm raged throughout upper Hungary on a recent Sunday. Streams became floods, several villages were swept away and many people drowned. Earthquake shocks were felt near Rome, Italy.

There is an exodus of Italian laborers now going from this country to their native land. Times must be hard with them if they prefer Italy to this country; or perhaps they go back as comparative millionaires to a life of ease.

With September 13 work must cease upon the pedestal for the Bartholdi statue, unless the funds, that are now dwindling to the last penny, be replenished. The executive committee call attention to this remarkable fact, and remind the people that more than $125,000 is needed.

"I'd rather be a dog and bay rum than such a Roman!" exclaimed an excited barber on South 5th avenue, as he left the primary meeting. "Pooh!" cried a listener. Bricks made of cork now constitute one of the new German industries. The usual size is ten by four and three-fourths and two and a half inches. They are prepared from small corks, refuse and cement, and have not only been used for certain building purposes, on account of their lightness and insulating properties, but are also employed as a covering for boilers, in preventing the radiation of heat.

Mr. Shaw reports almost a solid mountain of alum over a mile square, some of the cliffs of which rise to an elevation of 700 feet above the river bed, in the southwestern portion of Socorro county. Most of the alum is in an impure state and tasting very strongly of sulphuric acid, but of which there seems to be inexhaustible quantity. Some of the cliffs, however, show immense quantities of almost pure, palatable alum. This alum bed, Mr. Shaw tells us, is on the Gila river about two miles below the fork of the three Gila and four miles below the Gila hot springs.

BRIEF TELEGRAMS.

WASHINGTON, 4.—The Commissioner of Indian affairs does not credit the report of a threatened Indian outbreak in Northwestern Montana, and believes that the stories are circulated by stockmen who wish to have the Indians removed.

The Postmaster General to-day acting under the provisions of the act of 1884, which requires the Postmaster General annually to fix the rates to be paid for Government telegraphing, issued an order fixing the rates for the remainder of the present fiscal year.

The decision in the Pacific Club divorce case has been postponed until November. Judge Hall will therefore appear in again here in October.

The Liberals believe the government authority to receive Indian Peas China that war has been declared between the countries, and that Admiral Courbet is in Chinese waters is evident by Admiral Courbet's remaining the remainder of the Chinese fleet.

It is now officially reported that Admiral Courbet has received carte blanche to operations against China. It is stated he will not undertake further hostilities for ten days or so, or until definite news from Belgium reach Marie in relation to a reasonable time to evacuate and occupy some of the northern Chinese ports.

New York, 4.—Governor Robertson of this city and Governor Robertson of Troy have "resigned their membership in the Republican State Committee."

The colored people insist upon the nomination of some man being placed on the Presidential electoral ticket, should the resignation of Dr. Garnet be accepted.

Bucklebury, Va., 4.—The official returns from 115 towns give Wingate 20,779, Bedington 19,400, scattering 611; 11 towns to hear from.

Philadelphia, 4.—Samuel J. Randall was renominated for Congress in the third district.

Philadelphia, 4.—The thirty-third meeting of the American Association for the advancement of science opened to-day in the Academy of Music.

Rockaway Beach, L. I., 4.—At daybreak this morning 500 sporting men witnessed a fight with hard gloves, between Jim McHugh of Glasgow, and Dave Fitzgerald of Toronto, for $1,000 and the gate money. McHugh weighed 126 pounds, Fitzgerald 140. The men advanced to the centre of the ring, and commenced one of the most exciting fights on record, lasting three hours and thirty-five minutes, and ending in a draw.

AN ELECTRIC STREET CAR.—The new Brush electric motor car, which was given a trial trip about a week ago, was not a complete commercial success, because the brush which takes the electric fluid from the intermediate rails broke, being too tight. A new brush having been provided, the car was again set at work and made regular trips all day loaded down with passengers. Passengers arriving at the eastern terminus of the Garden Street extension were ushered aboard the electric car. Many supposed it to be an ordinary street car, and while they were waiting for the horses to be attached the engineer pushed the lever and the coach moved off, making the jog-trot speed of an ordinary street car with ease. No load was too heavy for it. The East Cleveland road will at once extend the electric line out to the eastern terminus of the Garden Street extension, and then begin the extension of the line down town.—*Cleveland Herald.*

ORDERING MEAT FOR DINNER.—Young housekeeper with small experience in marketing—"I hardly know what to order for dinner. We had veal yesterday and lamb the day before."

Butcher—"How would a leg of mutton do? or beef or tongue?"

Young housekeeper (relieved at the suggestion).—"Oh, yes; that would do nicely. You may send a leg of tongue."

ADVICE TO A TEACHER.—"Let me tell ye, young man, git the good will of yer scholars. There ain't nothin' in the world but what they'll do for ye, if they like ye, but if yer git on the wrong side of 'em, they'll thawn (thorn) ye to death. I could study up more ways of thwartin' a master, in twenty minutes, than he could lick out of me in half a day. Now, you jest callate that's the truth."

TUTT'S PILLS

TORPID BOWELS and DISORDERED LIVER.

From these sources arise three-fourths of the diseases of the human race. These symptoms indicate their existence: Loss of Appetite, Bowels costive, Sick Headache, fullness after eating, aversion to exertion of body or mind, Eructation of food, Irritability of temper, Low spirits, a feeling of having neglected some duty, Dizziness, Fluttering at the Heart, Dots before the eyes, highly colored Urine, CONSTIPATION, and demand the use of a remedy that acts directly on the Liver. As a Liver medicine TUTT'S PILLS have no equal. Their action on the Kidneys and Skin is also prompt; removing all impurities through these three "scavengers of the system," producing appetite, sound digestion, regular stools, a clear skin and a vigorous body. TUTT'S PILLS cause no nausea or griping nor interfere with daily work, and are a perfect
