To See Our Sugar Factory.

Mr. Arthur Shayner called at the News office this morning and introduced Messrs. G. S. Glen, of New York City; R. F. Arnold, Henry Sisson and James Paden, of Galesburg, Illinois. These gentlemen are visiting the Territory for the first time, and have come specially to inspect the Utah Company's sugar works, with the intention of building a sugar factory in Galesburg. They are very much pleased with everything they have seen, and returned home this morning deeply impressed with the energy and industry of the "Mormon" people.

Brother Shayner, who may be described as one of the pioneers in the manufacture of sugar in Utah, is himself now residing at Galesburg, having gone east with the object of helping to build up similar industries there. His practical knowledge in this direction, coupled with the indomitable pluck which he displays in all he undertakes, will doubtless do much towards the furtherance of such projects.

Alma Mining Company.

The articles of incorporation of the Alma Mining and Milling Company were filed today. The capital stock is $1,000,000, divided into 500,000 shares of the par value of $2 each. The incorporators are, C. A. Anon, president; Frank L. Parker, vice-president; F. J. Taylor, secretary; Willis M. Anon, treasurer, and these, with James A. Clark, W. M. Hicks, E. L. Carpenter, W. H. Donald and David A. Giles, form the board of directors. The property of the company consists of the Alma, Triangle and La Plata claims, located just south of the noted Deer Trail mines, near Marysvale. Almost $8000 has been expended on this property in shafts, tunnels and cross-cuts.

The Turugren Mining Company.

The articles of incorporation of this mining company were filed with County Clerk Allen yesterday afternoon. The object of the company is to carry on and conduct the business of mining. The amount of the capital stock will be $1,250,000, divided into 250,000 shares of $5 each. The stockholders are as follows: Daniel Turugren, 45,000 shares; J. J. O'Reilly, 50,000; J. W. Sullivan, 50,000; James Rogers, 49,999; J. J. Rogers, 100. The officers are: Daniel Turugren, president; J. J. O'Reilly, vice president; J. W. Sullivan, treasurer; J. J. Rogers, secretary. The above constitute the board of directors.

Their "Happy Hunting Ground."

Put a brief space the bicycle nuisance on South Temple Street abated, several escapes having been made of offenders. It seems, however, to have revived again, and complaints are daily heard from pedestrians along that much-frequented thoroughfare. The meeting two bicycles, going in opposite directions, at a speed each time at a dangerous rate of speed, and other incidents, in single file, followed in quick succession, show the ordinance should be strictly enforced.

Probate Court.

Estate of George Dunford; claim of N. H. Cox for $[illegible] allowed.

Estate of guardianship of William S. Collins et al., minors; order made fixing the date for September 12, at 10 a.m., as time to hear petition for letters of guardianship.

Lumber and Steel Shafts.

A new use has been found for tubes produced by the Mannesmann process. At the Round of Count von Moltke the troops were equipped for the first time with frames the shafts of which, instead of being of wood, as usual, were formed of very thin steel tubing, made of the Mannesmann works. The new process enables tubes to be rolled to such a degree of thinness that the shafts are actually lighter than wood, while at the same time possessing much greater elasticity and strength.

The only drawback appears to be the less secure grip which the metal surface offers as compared with wood, but this can be overcome, it is said, by winding a thin strip of textile material round the shaft at the point where it is grasped. As soon as the question of price is satisfactorily settled, the substitution of steel for wood will probably be carried out throughout the army.—Ironmonger.

The Horse in Mythology.

That the northern nations were good horsemen is known from mythology and history. No warrior could enter Valhalla except on horseback. All the gods had famous steeds, but Odin's horse, Sleipner, was greatest of all. Sleipner had eight feet, and will be needed them for that perilous journey to Hel, which he had to make when Balder the Beautiful was to be rescued.—Chicago Herald.

Benefit for the Orphans' Home and Day Nursery.

The new management of the Pavilion Theatre will give a matinee Saturday, September 5th, at 2 p. m., for the benefit of the Orphans' Home and Day Nursery; the entire proceeds to be devoted to that institution. The object is a worthy one, and the benefit should be well patronized.

SALT LAKE ACADEMY.

This well-known school begins its fourteenth year on Monday, Sept. 7th, under the supervision as principal of Oscar F. Davis, late of Mount Vernon, N. H., who comes with the highest recommendations as an accomplished educator. He will be assisted by a corps of teachers still better, if possible, than those for which the Academy has been noted in the past. It is intended by the trustees to enhance the reputation of the school for thorough work in all its departments, academic, intermediate and primary. Also to provide the plant, as soon as possible, for the second and third years of the manual training course, and to make that course an important feature of the institution.

For further information apply to O. J. Hollister, Secretary of the Board of Trustees, 112 W. Second South, or 42 E. First South.

My son has been afflicted with nasal catarrh since quite young. I was induced to try Ely's Cream Balm, and before he had used one bottle that disagreeable catarrhal smell had left him. He appears as well as anyone. It is the best catarrh remedy in the market. J. C. Gossard, Arcola, Ill.

The Pulpit and the Stage.

Rev. F. M. Sweet, pastor United Brethren Church, Blue Mound, Kan., says: "I feel it my duty to tell what wonders Dr. King's New Discovery has done for me. My lungs were badly diseased, and my parishioner thought I could live only a few weeks. I took five bottles of Dr. King's New Discovery, and am sound and well, gaining 30 pounds in weight." Arthur Love, Manager Love's Funny Folks' Combination, writes: "After a thorough trial and convincing evidence, I am confident Dr. King's New Discovery for Consumption cures 'em all, and cures when everything else fails. The greatest sufferers I can do my many thousand friends is to urge them to try it." Free trial bottles at A. C. Smith & Co's Drug Store. Regular size 50c. and $1.00.

THE CRY OF MILLIONS

OH, MY BACK!

STOP IT NOW.

SEND IT WILL BE TOO LATE.

I have been troubled about three years with pleurodynia or a lame back, and have tried many different remedies and have spent, all in all, some hundreds of dollars without relief. About a month ago I was induced to try Kidney Pills. Now I am free from all pain, and can do my work without any trouble. I cannot say too much in praise of this great remedy. When I was in the worst shape I could not stoop to tie my shoes, or get up my stockings. Now I can do anything I want to. I would advise everyone who is troubled with Kidney Trouble to use Kidney Pills.

WHAT IS A GUARANTEE?

Many merchants and salesmen are in the habit of indiscriminately "guaranteeing" their wares with no thought of being called upon to make the "guarantee" good. It is a pernicious and foolish custom more respected in the breach than in the observance.

A guarantee, to have any value, should be made with knowledge of the meaning of the word and a set purpose to carry out the terms of the guarantee. On the rock the makers instruct us to warrant, and we replace any tool found imperfect in use.

We have some our best judgment, acquired by a considerable experience, in selecting the following items for our stock and sell them to our customers with an absolute guarantee that if they do not prove to be all that we represent them, we will refund the purchase money in full.

"Jewel" Steel Range. A finished article, perfectly proportioned, made of the best material. Don't fail to see it. It will pay you.

"Quick Meal" Gas Generator, Evaporating. Light it as you do your gas burner. No smell. No danger. No complication. Every objection to the use of a Gasoline Stove done away with. Think of the discomfort mixed in Summer by avoiding the heat of a big Kitchen Range.

"Superior" Cooks and Ranges. Superior as bakers. Superior in economy of fuel. Superior in design. Superior in construction. Superior in everything that goes to make a perfect cooking apparatus.

The "Fisch" Refrigerator. An Ice saver. A Health promoter. Cellular stone finish. What is that? Investigate it. It will more than repay you.
