TELEGRAPHIC.

A FAIR SWINDLER.

Robberies Successfully Committed by a Young Woman.

HER METHOD OF PROCEEDING.

Caught After Having Victimized Merchants and Diamond Dealers in Several Cities.

NEW YORK, July 13.—Inspector McLaughlin last night arrested Lizzie Patterson, one of the most beautiful and at one time the most accomplished swindlers that ever made trouble for the police. The young woman (she is not more than 22) has for years successfully robbed New York merchants, and diamond dealers.

If her own story be true she took several thousand dollars out of Chicago a few months ago. She is a blonde of stylish appearance though she has the good judgment not to over-dress. There is nothing in her appearance to indicate that she is a swindler.

Her method was to appear in one of the leading jewelry establishments as a ostensible customer. Her appearance and manner being in her favor the clerks were invariably obsequious. When the display out before her she would select articles valued usually at about $200 asking that they be kept for her until the next day when she would call for them. Thereupon she would hand out a delicately engraved card bearing, "Miss Lizzie Stearns," announcing herself as the daughter of W. F. Stearns of the banking firm of W. F. Stearns & company. The following day she would present herself with a certified check for the amount of her purchase. This check was always accepted without hesitation and always turned out to be bogus. After her arrest, the young woman confessed and also said that she had been successful in swindling in Chicago, Philadelphia and Baltimore. In the last named city her husband, she added, is now serving a sentence for forgery.

AT ST. LOUIS.

The Strike Situation as Viewed by Railroad Men.

ST. LOUIS, Mo., July 13.—General Agent Henry W. Gayes, of the Association of General Managers of this city, reviewed the local strike situation as follows:

"The railroads on the west side of the river now open for traffic are the M. K. & T., St. Louis, Keokuk & Northwestern, Wabash (Western), St. Louis, Iron Mountain & Southern, Missouri Pacific, St. Louis & San Francisco, and St. Louis, Kansas City & Colorado. No interruptions are occurring on the roads on account of the labor troubles.

"The Terminal Railway Association, Merchants' Bridge Terminal and the Wiggins Ferry company are prepared to transfer all cars between railways that are offered.

"There is now no interruption to passenger traffic on any line out of St. Louis or east of St. Louis.

"The roads on the east side open for traffic are the St. Louis, Chicago and St. Paul; Jacksonville and Southern; Toledo, St. Louis and Kansas City; St. Louis and Eastern; Chicago, Burlington and Quincy, Wabash (east) Chicago and Alton; Baltimore and Ohio Southwestern; St. Louis, Vandalia and Terre Haute; Louisville and Nashville; Cleveland, Cincinnati, Chicago and St. Louis; St. Louis, Alton and Terre Haute; Mobile and Ohio and Louisville, Evansville and St. Louis consolidated.

"Each company will indicate, when applied to what traffic it can take destined beyond its road."

FIGHTING ANARCHY.

Lawless Miners Held in Check by Sheriffs.

OTTAWA, Ill., July 13.—Sheriff Taylor and fifty armed deputies left last night for Langley, word having reached him that the miners there had made plans for sacking stores and destroying mine property. There are now 500 deputies in La Salle county. It is believed that prompt action alone has kept down the outbreak of the anarchistic element so prevalent in the mining regions of the country. The county board have voted Sheriff Taylor to purchase an additional 100 rifles. This makes 200 now at his command.

The Chickasaws Without a Governor.

ARDMORE, I. T., July 13.—The Chickasaw nation is virtually without a governor. The convening of the legislature yesterday as per notice of Acting Governor McClure proved an utter failure, the legislators refusing to respect his authority.

Only a few Chickasaws were present and they were parties directly interested in the extension of Choctaw nation railroad through the territory.

The Work of Train Wreckers.

CINCINNATI, Ohio, July 13.—A special to the *Enquirer* from Terre Haute, Ind., says the through passenger from St. Louis on the Big Four due at Terre Haute at 1:23 a. m., Friday, 13th, was wrecked at Fontanet, ten miles east of here in the coal region.

The engine, baggage, express and mail cars went into the ditch. The sleepers remained on the track. Engineer Morgan, of Terre Haute, and the fireman were killed. Several passengers were hurt, none badly. It was the work of malicious train wreckers.

A BRUTAL EXHIBITION.

A Pugilist Almost Kills His Antagonist in the Ring.

CHICAGO, July 13.—Jimmy Canfield, the St. Paul "kid," will probably have to answer for the serious condition of Gene Flanagan, a featherweight from the stock yards. The two met in a private battle with four-ounce gloves early this morning at a saloon on West Harrison street. There were seventy spectators. The ring was pitched in the rear of the place, two billiard tables having been moved to make room for the affair. It was shortly before 1 o'clock when the men shook hands and went at it. It was a warm but a fully one-sided battle from the start to the finish, the superior science and strength of Kennard completely dwarfing his opponent. Flanagan was partially punished, his face becoming one raw, swollen, bleeding mass. Knock downs were frequent, the game Flanagan making heroic efforts to keep on his pins. In the fourth round, however, a right hander on the point of Flanagan's jaw sent him to the hard floor in a heap. The back of his head struck the floor and Flanagan lay there unconscious. Referee Upton becoming scared, had a doctor summoned, who gave it as his opinion that the skull of Flanagan had been fractured. He was bundled in a cab and is now being secluded. Kennard, apprehending arrest, is also in hiding. The fight was for $100 a side and the gate receipts.

FIRED ON A TRAIN.

The Supposed Would-be Assassin Captured by the Police.

LOS ANGELES, Cala., July 13.—When the train from Santa Barbara last night was three miles from this city, two shots were fired into the cab from a lonely spot. The bullets struck the cab lights, narrowly missing the engineer's head. A mounted police officer captured a man driving rapidly from the scene in a buggy. The would-be assassin proved to be Henry Patterson, a Southern Pacific engineer and a member of the A. R. U.

Accidentally Killed.

TRINIDAD, Colo., July 13.—Charles Pollrey, a young man about 17 years of age, son of Charles Pollrey, one of Trinidad's old time and prominent citizens, was killed this morning near Chicosa station by the accidental discharge of his rifle while out hunting with two companions. Young Pollrey was standing on the side of a hill and stopping to hail his companion, rested the butt of the gun on a stone with the muzzle under his arm. The gun slipped and the hammer striking the stone exploded the cartridge.

WORSE THAN BOYCOTT.

A New Sleeping Car Company to Be Organized.

ST. LOUIS, July 12.—At a meeting held in East St. Louis by a number of business men from both sides of the river, the matter of organizing a new sleeping car company to be known as the Continental Palace company, was discussed at considerable length.

Henry W. Pelham Clinton, of London assured those present that there was no doubt that bonds of such a company could be handled on the London market if properly promoted. A committee was appointed to apply to the secretary of state of Illinois for a charter.

Evidence Against Debs.

CHICAGO, July 12.—Telegrams sent by E. V. Debs to his agents ordering strikes on various roads were read to the Federal grand jury today. A reporter of an evening paper testified to several speeches and interviews in which Debs is alleged to have outlined his plans to tie up the roads.

Those who profess to know, say the evidence of Debs having violated the injunction of the Federal court is contained in the dispatches.

Cost of the Strike.

WASHINGTON, D. C., July 12.—The cost to the United States of putting down the strike in the West is estimated by the government officers at fully $1,000,000. It may foot up more. The estimate for marshals' pay in Chicago alone is from $150,000 to $200,000, and Congress in a few days will be asked to appropriate this amount, as it is urgent.

America and Russia Interested in Asia.

LONDON, July 12.—The *Standard* says it believes the Russian and United States governments have urged China and Japan not to resort to hostilities in Korea. It says the outbreak of war will be the beginning of a new Eastern question, in which the United States would also be involved.

Fatally Wounded.

CHICAGO, July 12.—United States Deputy Marshal Peter Fiech and an eleven-year-old boy, Andrew Gregory, were fatally wounded tonight in a fusillade between deputies in Kensington. Some unknown person had placed on the Illinois Central tracks several torpedoes, which were exploded by an outgoing train.

When the explosion occurred two parties of deputy marshals rushed out from the cars in which they were sleeping on opposite sides of the track. They seemed rattled by the unexpected incident, and began discharging their revolvers recklessly and with the result named above.

The deputies say that they were firing at three men who were seen running away from where the torpedoes exploded, but people in the vicinity say there was no one about. Five of the deputies were arrested by the police.

ATTEMPT AT ASSASSINATION.

The Peace at Pullman Dependent on Bayonets.

CHICAGO, July 12.—An important change in the military work being done at Pullman was made today. Colonel Turner ordered city Troop A, First Cavalry, to get out their horses and patrol the town. They spent the day in clattering around the sections where the strikers live, and executed movements that bewildered the workingmen with their mystery and magnificence.

A deliberate attempt was made this morning at 3 o'clock to assassinate Picket A. M. Page, Jr., of company B. Page was on guard on the tracks at Fordham, when a man appeared at the door of a saloon a short distance away, and fired a shot at him. The bullet missed and the man disappeared. Page was not injured.

Concerning the situation at Pullman, a prominent state militia officer said today:

"It is all very well to say that the backbone of the strike is broken. It is broken because the soldiers are here. No one knows better than we do that if this battalion were to leave Pullman, a howling, yelling mob would rush on the town inside of ten hours, and I would not give 25 cents for what would be left of all these big buildings. Things are quiet, but it is suppressed quiet."

Colonel Turner said: "I have no idea when it would be well to call the soldiers from this district. I believe serious things would happen if Pullman were left unprotected."

Killed in a Collision.

CHICAGO, July 12.—Two deputy United States marshals met their deaths and two others were more or less injured this afternoon in a collision of freight trains on the Wisconsin Central tracks near Sixteenth and Jackson streets crossing. Two locomotives and several cars were wrecked in the accident, and the three-story brick warehouse of Smith, Rutledge & Co. was partially destroyed.

The Baltimore & Ohio and Wisconsin Central jointly use this track, and, by some misunderstanding of orders, both trains were moving towards each other on the same tracks. The two engines came together with a tremendous impact.

Fire broke out in the wreckage, but was soon controlled. The train crews saved themselves by jumping.

AN ARBITRATION COMMITTEE.

President Cleveland Will Appoint One, if Peace is Restored.

WASHINGTON, July 12.—John W. Hayes, the general secretary-treasurer of the Knights of Labor, tonight gave out the following statement covering the committee's interview with President Cleveland:

"We had an hour's talk with President Cleveland this afternoon, for the purpose of calling his attention to the arbitration act of 1888, introduced in the House of Representatives at the time by Hon. John O'Neill, of Missouri.

"The President finally decided to appoint a commission and said he would name the arbitrators either tomorrow or next day. We expect to secure much more from this arbitration than the final settlement of the present difficulty in Chicago."

The President laid great emphasis on the fact that no steps could be taken in this direction until lawlessness had ceased, and he made his promise contingent on the pledge of the labor leaders to see to it that so far as organized labor is concerned, the trouble at Chicago and elsewhere will immediately disappear.

Mourned as Dead Though Living.

CHICAGO, July 12.—A private letter received in this city from London announced that Frederick Gower, husband of Mme. Lillian Nordica, is alive and in London.

Mr. Gower was supposed to have been lost in a balloon in the English channel, and for the past ten years mourned as dead and his large property divided. Though diligent search was made at the time, no word was ever received of him.

SYMPATHY WITH THE STRIKERS.

The Apostle of Single Tax Addresses the Laborers in Chicago.

NEW YORK, July 12.—The labor demonstration held tonight in Cooper Union to express sympathy with the strikers in Chicago and the West, was an extraordinary gathering of people. The hall was crowded to excess, and 3,000 people surrounded the building unable to get in.

The meeting was a vehement one in the manner it expressed its convictions. The name of President Cleveland was greeted with such a storm of hisses and hootings that Henry George, who was speaking, had to cry, "What's the use?"

Mr. George said he would rather see all the railroad property of this country burned up, all the rails torn up than to see them preserved by force of arms. The millionaires made their money by robbery and debauchery; by the purchase of judges and legislatures, and now they wanted to preserve them by the bayonet.

George then entered into a lengthy condemnation of President Cleveland and his employment of Federal troops in the West. Every mention of the President's name was received with hisses, and when Mr. George asked, "What are you going to do about it?" a voice shouted: "Impeach him." "Hang him," shouted another. Nearly everybody followed with suggestions, until the hall was in an uproar.

PRENDERGAST.

The Condemned Man Visited by His Mother.

CHICAGO, July 12.—The application for a writ of habeas corpus for Prendergast in the United States circuit court was argued today before Judge Grosscup. The attorneys demanded a stay of proceedings to give time for an appeal to the Supreme Court if a writ was refused.

Judge Grosscup telegraphed Judge Woods at Indianapolis to come and confer with him. The court entered an order refusing the writ. The question of appeal was undecided until Judge Woods should arrive. Judge Grosscup directed the clerk to write Sheriff Gilbert asking him to delay the execution tomorrow as long as possible.

The assassin spent the day very quietly in the little room just east of Jailer Morris's office. His brother called and remained with the condemned man for an hour. The Rev. Father Barry of the Holy Name cathedral came later.

He entered the little room and talked with Prendergast for an hour. The assassin seemed in good spirits and frequently smiled. This afternoon Mrs. Prendergast, the mother of the assassin, came. There were tears in the eyes of the sorrowing woman as she appeared at the jail door. She brought her son a new suit of underwear and a clean white shirt. "I will see him after a while for the last time," said Mrs. Prendergast, with a shudder, as she sank into a chair. Later she entered the chamber of death to take final leave of her son. The scaffold was carried into the jail and put in place this evening.

AN ORDINANCE AMENDING SECTION 1 of an ordinance entitled "An ordinance in relation to the Salt Lake City Water Works, approved July 1st, 1891.

Be it ordained by the City Council of Salt Lake City, Territory of Utah, that section 1 of an ordinance, entitled "An ordinance in relation to the Salt Lake City waterworks," approved July 1st, 1891, and the same is hereby amended by adding at the end of said section the following:

Provided that in all cases where there is but one service pipe to any building, that the owner or agent of said building shall pay for all water used in or about the said building, supplied through said pipe, and upon failure to pay the same or any part thereof, the treasurer of Salt Lake City is hereby authorized and directed to turn the water off from said building as provided in the ordinance to which this is an amendment.

This ordinance to take effect and be in force from and after its approval.

Passed by the City Council of Salt Lake City, Territory of Utah, July 10th, 1894, and referred to the Mayor for his approval.

[illegible], City Recorder.

Approved this the 11th day of July, A. D. 1894.

R. N. BASKIN, Mayor.

TERRITORY OF UTAH, County of Salt Lake. } ss.

I, [illegible], recorder in and for said city, do hereby certify that the above and foregoing is a full, true and correct copy of an ordinance passed by the City Council of Salt Lake City, Territory of Utah, July 10th, 1894, and approved July 11th, 1894, entitled "An ordinance amending section 1 of an ordinance in relation to the Salt Lake City waterworks," approved July 1st, 1891, as appears of record in my office.

In witness whereof I have hereunto set my hand and affixed the corporate seal of said city, this the 11th day of July, A. D. 1894.

[SEAL] [illegible], City Recorder.

CITY POUND NOTICE

NOTICE IS HEREBY GIVEN THAT I will sell at public auction, at city pound, on the 23rd day of July, 1894, at the hour of 1 p. m. the following described animal: One small brown horse, star in forehead, two white feet, no brands, weak hind leg.

J. A. GILMORE, City Poundkeeper.

Dated this 13th day of July, 1894.

THE PUBLIC CONVINCED

That Drs. Shores & Shores are Salt Lake's Leading Specialists.

The Wonderful Treatment has Brought Health and Happiness to Hundreds of Homes.

THE BEST PEOPLE TESTIFY TO THE SKILL OF THESE PHYSICIANS.

HOW IS THIS?

Evidence from Mr. Richard Smith, Another Old and Respected Resident of Salt Lake.

Mr. Richard Smith, proprietor of the hat factory at 318 C street, is one of the old pioneers. He is known to nearly everyone in Salt Lake City. After taking the days of Drs. Shores & Shores' treatment, he says:

"I can truthfully state that under Drs. Shores & Shores's new treatment I have improved more than I ever thought possible for a man of my age. I can recommend them to all my friends as honest, conscientious and skillful physicians."

SINCE 1850.

Mr. W. M. Scott, has Resided in Salt Lake City—He Endorses Drs. Shores & Shores' New Treatment.

Did you ever notice the evidence presented by Drs. Shores & Shores is from some of the oldest and most respected residents of Salt Lake City? Why is it they are telling the public about their remarkable cures? What other institute ever gave such evidence of their skill? You are a reader, and can judge for yourself. Read what Mr. W. M. Scott says.

W. M. SCOTT, RESIDENCE TENTH WARD.

says. He has resided in the Territory since 1850, surely he can be relied upon. Here are his words:

"When I came to Drs. Shores & Shores a week ago I was a terrible sufferer. My nose was constantly stopped up, dropping in the throat. Some nights I could not lay down at all on account of the wretched dropping from the head to the throat. I had a sort of gripping pain in the pit of the stomach; hearing bad, in fact I was in a bad condition, and want to state that after ten days' treatment with Drs. Shores & Shores my improvement has been wonderful, and I heartily recommend these physicians to all."

You will take note, considering the facts that this patient has only had ten days' treatment, yet the improvement has been noticeable from the very beginning, and if catarrh can be cured, improvement should appear in that length of time.

THE TRUTH ALWAYS.

Mr. Thomas Cracroft, of 733 East Fourth South Street, Testifies:

Mr. Thomas Cracroft has resided here for the past twenty-three years. Can his statement be doubted? Is this not evidence sufficient to convince the most skeptical? Mr. Cracroft says:

I have been a great sufferer with catarrh. After taking Drs. Shores & Shores' treatment ten days I feel so much improved I deem it a duty to inform others who may be suffering as I was, that Drs. Shores & Shores' new treatment is a decided success.

MR. W. B. M'CARTNEY,

Bookkeeper for Bothwell & McConaughy, the Lumber Dealers Adds His Testimony:

One of the most expert bookkeepers in the city is in the employ of Bothwell & McConaughy, the lumber dealers. His name is W. B. McCartney. In an interview with Mr. McCartney, he says:

"Yes, I can endorse Drs. Shores & Shores' new treatment, for it has done wonders for me, and to any who may be suffering from catarrh I would say don't delay; go to Drs. Shores & Shores. They have proven they are successful specialists."

A FEW MORE.

Good people who endorse Drs. Shores & Shores' new treatment:
Mr. Ralph Boyack, Spanish Fork.
Mr. Hyrum Bock, Center Ward, City.
James L. Chalmers 247 Fourth South Street, City.
John N. Matheson, 332 West South Temple Street, City.
Mrs. Julia Van Wheson, Midway, Utah.
Colonel Farnham, Ogden, Utah.

IF YOU CANNOT COME TO SALT LAKE

Write for the mail treatment. One of the physicians in personal charge superintends the mail department, by a system of close correspondence controls those out of the city quite as well as those who come to the office. Send for symptom blank. Medicines shipped carefully. Try this treatment.

DRS. SHORES & SHORES,

SPECIALISTS,

ZION MEDICAL & SURGICAL INSTITUTE.

34 East, Second South Street.

SPECIALTIES—All diseases of the Eye, Ear, Nose, Throat and Lungs, Female, Rectal and private diseases. Our treatment for Piles is now painless, safe and certain. Our own method.

Office hours: 9 to 11 a.m., 2 to 5 p.m., 7 to 8 p.m. Sundays, 11 a.m. to 1 p.m.

Five dollars a month for all Catarrhal Diseases. Medicines furnished free from our own laboratory.
