DESERET EVENING NEWS.

Tuesday, July 18, 1893.

FRAGMENTS.

MEASLES here and whooping cough are prevalent in the Twenty-third ward.

THE Scandinavians are having an unusually busy time with an excursion to Salt Lake today.

BEGINNING today there was a change in the time table of the Oxford Free Press. The 7 a.m. train will hereafter leave at 10:15 a.m. and the 6:00 p.m. train at 6:15 p.m.

NOTHING stirring in the courts today. There will be no criminal cases in the third district court till next Saturday, meanwhile Judges Zane and Barich will consider their time with supreme court work, i. e., writing opinions.

THE Hazel Transit transfer and time office, which has been located in the Jenkins block at the corner of Main and South and was since the last two years, has been removed to the main office of the company in the Commercial block.

MR. E. M. Jones will make another attempt at the meeting of the City Council tonight to secure favorable consideration of his franchise. The Council is getting tired of his application being used as a municipal football and this story of his friends is of the opinion that it has been kicked back and forth between the Mayor and the Council long enough.

THERE was an exciting time among the half dozen deserted Fourth wards shortly after midnight this morning occasioned by the burning of a small frame shed on the Deseret Hospital. The fire, which was supposed to be of incendiary origin, was easily extinguished and within minutes from the alarm. A dozen lazy smouldering embers were again fanned into a blaze and again put out.

THE City Council meets in regular session tonight and if the recreation pier report comes up as it is confidently expected it will, there is no doubt but that a lively time will follow. Several of the Liberal contributors who at the last session favored the report at one time will now endeavor to defeat it. Mr. Heinz, however, it is said, will vote with the Democrats, notwithstanding he may have to do so alone.

RUNAWAY BOY.

His Absence Causes His Mother Great Anxiety.

Mrs. Sarah T. Green, who gives her residence as the corner of Eighth South and Seventh East streets, called at the NEWS office today in a very distressed state of mind. The cause of her trouble is the absence of her fifteen-year old son, Shadrach Green, who left home a week ago, stating that he was going to Fairmington to work, but who has been seen in the city since then. Mrs Green is in feeble health, and the anxiety caused by her son's conduct is a very severe strain upon her. She has walked to various parts of the city in search of her boy, at any point where she happened to hear of him, but up to the present her efforts to find him have been unavailing, and she is driven almost to despair. She wants the boy to come home, and if anyone who knows of his whereabouts would convey the information to her they would be performing an act of great kindness. When he left home young Green had on a light colored waist, long striped pants, blue coat, and soft head-covering hat. He has a purple birth-mark on his lower lip by which he may be easily recognized.

Remnants of the Session.

At yesterday afternoon's meeting of the county court, subsequent to the proceedings reported in that day's NEWS, the county attorney submitted six deeds from the county clerk to the probate judge, of real estate bought in by the county tax sales, and which had not been redeemed within two years from the date of sale. The court was instructed to execute the same and place them on record.

C. H. Hanks asked for relief from a double assessment amounting to $2.20 and was instructed to present a claim for the same in the usual way.

The matter of rent on a room for the county assessor in the board of trade building was referred to Selectman Morris with power to act.

Selectman Bamberger was appointed a committee to confer with the county assessor with a view to having certain work done heretofore ordered by the court.

Upon request of Houlahan, Griffiths & Morris, a resolution was adopted instructing the clerk to cancel warrant No. 137, new series, issued to them July 5 in the sum of $1000 and issue in the place of the same one different warrants of the following denominations: $200, $425, $300, $100, $100, $200, $200, $100 and $175.

John Dearing was appointed road supervisor of Sugar House precinct.

H. T. Spencer, road supervisor of district No. 18, reported that he had paid out $17.50 for repairing harness and plows, and asked to be reimbursed. Referred to a committee.

The board will meet again next Monday.

THE CITY ENJOINED.

Judge Zane Passes Upon the Action of William Langford et al, Against the City.

In the case of William Langford vs Salt Lake City, an action brought to have the defendants enjoined from emptying sewage into the Jordan river and for $5000 damages, Judge Zane late yesterday afternoon rendered his decision. His honor enjoined the city from stopping the sewer pump at the Jordan river except when compelled to repair the same, and further restrained the defendants from allowing the pump to remain idle at any time longer than was positively necessary. He ordered the city to use all necessary diligence in the operation of the pump day and night to its full capacity, and to construct such sewers at the earliest possible date as will take the sewage away without emptying it into the river, and as soon as such sewers are constructed that the defendants be enjoined from permitting any more sewage to flow into the river.

The exceptions to the findings and conclusions of the special master were sustained and the issues as to damages is to be heard at some future time.

FILED OF SUITS.

H. Hays et al. have commenced suit against Charles W. Watson in the third district court asking that defendants be adjudged the owners of certain area in conflict between the Ontario and May & Merrill placer mining claims and the Remnant placer claim, in the West Mountain Mining district, and that defendants be restrained from entering upon the said area. Plaintiffs pray for damages in the sum of $500.

ON A JUDGMENT.

H. C. Reich has filed an action against N. H. Groesbeck et al. in the Third district court to collect a judgment rendered in his favor and against the defendants at Provo on February 14, 1893, in the sum of $2,000.45, and also that a certain deed made by N. H. Groesbeck and wife to John A. Groesbeck for property in the city be declared void so that plaintiff's claim may be a lien thereon.

CUTTING AFFRAY AT BINGHAM.

A Miner Named West Seriously Stabbed by Andrew Miller.

There was a lively cutting affray at Bingham yesterday evening. The principals were two miners, Eric West and Andrew Miller. The affair was the outgrowth of a drunken brawl. The encounter took place in the street and was witnessed by several persons. Miller drew a knife and plunged it into West's back, inflicting a long, deep and dangerous wound. Whether or not it will prove fatal has not yet been determined.

Miller was placed under arrest and taken before Justice Quinn, who announced that the hearing would take place tomorrow at 11 o'clock. Pending the examination he was locked up.

THE PROBATE JUDGESHIP.

What Judge Norrell says Regarding the Statement That He Has Been a Candidate.

It has been going the rounds in this city the last few days that Attorney McNally is somewhat perturbed over the discovery that he is no longer alone in the race for the Salt Lake county probate judgeship. While in Washington and for some time after his return it was emphatically stated that he was the only applicant for the office in question. Now Judge Norrell's name is associated with that of McNally and in a way that would indicate that his chances for appointment are not slight in case he should actually become a candidate. In order to ascertain whether the judge is actually to the fight he was called upon by a NEWS reporter. He admitted that a couple of his friends had spoken to him concerning the matter some time ago but that he had not permitted them to use his name. Further, he was doing nothing himself in the way of securing the appointment.

ALBY'S NEW MEETING HOUSE.

Two Days' Interesting Services.—The Speakers and Their Topics.

Correspondence of DESERET NEWS.

ALBY WARD, Uinta Co., Wyoming, July 16, 1893.—The Alby ward meeting house was opened to the distinguished visitors from Salt Lake, Summit and Evanston on Saturday and Sunday for the dedicatory services. Among those present were Elders John Henry Smith, Seymour B. Young, W. W. Cluff, president of Summit Stake, Andrew Peterson, president of the High Priest quorum of the Summit Stake, Bishop James Brown of Evanston, Counselor James Overy of Rock Springs, Bishop Alwood of Wanship, and a large number of High Priests, Seventies, Elders and the Lesser Priesthood, together with an overflowing congregation.

The meeting on the afternoon of Saturday was principally addressed by Elder Peterson, who gave clear and willed-from outlines of the duties of the Saints and the Priesthood in their different ward capacities in order to build up the Church of God here on the earth. He was followed by Elder Seymour B. Young who gave an able address upon the restoration of the Priesthood and the keys pertaining to the dispensation of Abraham, the gathering of Israel and the turning of the hearts of the fathers to the children and the hearts of the children to the fathers, lest the earth be smitten with a curse. He followed the subject up for some time and read from the Doctrine and Covenants the divine manifestations of holy personages and the presence of the Lord Jesus Christ at the dedicatory service of the Temple in the days of the Prophet Joseph.

Elder John Henry Smith followed with an able and very interesting address bearing principally on self-government in all our business relations with the human family.

In the evening the Sabbath school children gave a concert to a large congregation which was well performed in all its parts.

The morning session on Sunday consisted of the building committee's report, the dedicatory prayer by Elder John Henry Smith and three or four short addresses by good brethren.

At the close of the service Elder Peterson held a short session with the High Priests of this district and laid down a principle for the future government of the High Priests' quorum in this section of the Stake.

The afternoon session consisted of a series of short addresses by George Ruff, President of the Third Elders' quorum, the late Bishop Lee of Woodruff, Bishop Brown of Evanston, Bishop Alwood of Wanship, Elders Seymour B. Young and John Henry Smith. Elder Young defined the difference between the restoration of the Gospel for the mission work of this dispensation and the setting up of the kingdom of God. The kingdom of God herself was not on the earth, neither would it be until Christ came again to the earth whose right it is to rule. The address of Elder Smith was upon self improvement and strict obedience to the principles of the Gospel and the Word of Wisdom.

These meetings which have been long and anxiously looked for by the Saints of this ward will bear good fruit in due season. H. R. H.

IN SOUTH CAROLINA.

Reception to Returned Elders.—Baptisms.—Progress of the Work.

Today a letter was received from Elder E. M. Wright, giving an account of the Fourth of July exercises at Foreston, South Carolina. The letter has been delayed in transmission. It also gives the proceedings at an assemblage of about 175 people in the school house to show their respect for Elders D. O. Willey of Bennettsville, and D. S. Wallace of this city, who have filled a mission in the South and are released to return home. The assemblage was addressed by the two Elders, after which a humorous report was partaken of. The people again met in the school house, and a brief service was held at which the speakers were Elders Dorrity, Schlachtenhaft, Fairbis, Taylor and Wright.

On the 9th the ordinance of baptism was performed, there being ten applicants for admission to the Church. Elder Wright says: "There has been a branch of the church organized here on the Stones, and it is in a flourishing condition. There are now 30 members, and a good Sunday school. Brother Robert Tolbert is the school superintendent, with Brother Henry H. Dunn as his assistant. We are made to rejoice in the fruits of our labors and know the Lord has blessed us in seeking out the honest in heart and in laying before them the plan of salvation. Our conference is flourishing nicely and we are all looking forward with pleasure to what we can all meet at the conference to be held in October next."

Highest of all in Leavening Power.—Latest U. S. Gov't Report.

Royal Baking Powder

ABSOLUTELY PURE

A Bargain.

10 shares Z. C. M. I. institution at $120 per share. Call on J. G. Davis, broker, 25 Central Bl'ck.

DR. JORDAN SPEAKS

From the Standpoint of an Eminent Educator.

LELAND STANFORD UNIVERSITY.

The President of This Great Institution Gives His Opinion Concerning a Utah Enterprise.

The Britannica is the oldest, the largest and the latest cyclopedia published. It has stood the test of competition and criticism for over a hundred years, and revised for the ninth time, it is now the recognized standard work of reference of the English-speaking world. Its articles in every department of science, history and literature represent the thoughts and discoveries of the greatest men of all ages and nations, and it is regarding by scholars and literary people as the greatest work the world ever has produced. Its importance and popularity every subject that can be thought of, containing an inexhaustible fund of accurate and practical information.

Dr. D. S. Jordan.

It is the knowledge of the centuries boiled down; the essence of all books crystallized. A high tribute to the great practical value of the Britannica, and to the which stands unrivaled excellence, is the fact that many of its articles have been published in separate book form and adopted as text books and authorities on those subjects in our best educational institutions—Harvard university, John Hopkins university, Columbia college, Michigan university, Stanford university and others. Among those are the following: Algebra, astronomy, architecture, astronomy, biology, botany, botany, building, electricity, France, England, political economy and history and constitution of the United States. The president of the Leland Stanford, Jr., University, in a recent letter expresses how well pleased he is with the edition now being introduced by the Utah Britannica Co., in these words: "The Encyclopedia Britannica is recognized by scholars to be the best and most perfect encyclopedia in the world. It is a complete library in itself, it covers every department of knowledge known to mankind. The edition is a very satisfactory one, as the entire work has been revised to date by high authorities. The new maps are also of special value.

"DAVID S. JORDAN."

UNIVERSITY OF UTAH.
