PROMOTION FOR ALBERT S. BREWER

Oregon Short Line Official Goes To Colorado & Southern. On August 15.

AS THE SUPT. OF CAR SERVICE.

Walter S. Anderson Will Succeed Him Here as Car Service Agent On that Date.

Joseph H. Young, general manager of the Colorado & Southern, has prevailed upon still another Oregon Short Line official to resign and come into his camp with a good advance in title and salary. This time it is Albert S. Brewer, car service agent of the Oregon Short Line with headquarters here, who is to leave Salt Lake. Effective August 15, Mr. Brewer becomes superintendent of car service of Colorado & Southern with headquarters in Denver.

It has been practically decided that Walter S. Anderson, at present chief clerk to General Superintendent E. Buckingham, will succeed Mr. Brewer as car service agent for the Short Line. Just who will take Mr. Anderson's place will not be forthcoming until tomorrow but the changes will mean several all along the line.

Both of the young men to be promoted are well known here. For a number of years Mr. Brewer was connected with the superintendent's office and later as chief clerk to General Superintendent E. E. Calvin in the old days. He has been car service agent since the Salt Lake Route commenced to operate into Salt Lake.

Mr. Anderson also was chief clerk for Mr. Calvin in the old days following the elevation of Mr. Brewer.

GETS COPPER PLANT.

Hurst Automatic Switch Company to Go Into Business Here.

The Hurst Automatic Switch company completed a deal Saturday evening, whereby it has acquired the 94 acres of the idle copper plant northwest of this city, and proposes to employ 750 hands in the manufacture of railroad switches. It is stated that half a million will be spent to set the plant in operation, and the annual payroll will amount to a million. One of the company's switches is now being installed by the Short Line, and weighs a ton and a half. The Hurst people say they have selected this city as it will be a great railroad center in the next few years.

WESTERN PACIFIC.

Some Items Regarding Progress of the Work in Nevada.

Among Western Pacific items culled from the Elko, Nev., Free Press are the following:

Joseph Rougon who is looking out for water along the line of the Western Pacific in Nevada, has just completed a big well at Silverzone pass and has 25 feet of water. Other wells, it is said, will be dug on the desert at stated intervals.

All the office equipment of the Winnemucca office has been placed in offices at Bew's siding on the Nevada Northern, 20 miles south of Cobre, and that place is now the headquarters of Chief Engineer Harlowe and his assistants.

There are three surveying parties now at Flower Lake, and a new line is being surveyed. By the original survey a tunnel about two miles long was necessary, and an effort is being made to get a line where the tunnel would be shorter with a grade of no more than 1 per cent.

Grading is completed to a point near the desert and tracklaying is in rapid progress west from Salt Lake. It was reported last week at Flower Lake that the construction of the big tunnel at that place has been begun.

WHITE CITY TALK.

Said That Big Pleasure Resort is Being Booked for Exposition Grounds.

Persistent rumor has had it for days that the old Exposition grounds, at one time known as the Tenth Ward square, now owned by David Keith, is to become the site of a great pleasure resort, after the order of the White City in Chicago. That, in fact, negotiations have been practically concluded to that end.

Mr. Keith could not be found to corroborate the report, and none of his business representatives appeared to know anything about it. However, the names of several local and one or two outside men are mentioned with definite certainty as promoting the undertaking. One of these told the "News" that the biggest pleasure resort the city has seen is to surely go up there. Others say he probably has his own content to build there, and to this he simply replies "just wait and see."

ROBBED ON TRAIN.

Woman Lost Valuable Jewels While Returning from Saltair.

The police today are trying to locate three men who are supposed to have robbed Mrs. A. H. Ashby of jewels on the train returning from Saltair last night at 8:30 o'clock. So far no clues have been found, either to the missing jewelry or the thieves.

According to the statement of Mrs. Ashby, made to the police on her arrival in the city at 9 o'clock, she found her handbag had been opened, and jewelry missing. The train was then moving out from the pavilion, and she recalled suddenly that three poorly dressed men, apparently laborers, had jostled her into a corner, as she made her way down the aisle of the car. She turned to see them leaving the train and hurrying back towards Saltair. A partial description of the men was furnished the police. Among the lost jewels was one solitaire diamond ring, one ring set with a cluster of diamonds, one plain gold ring, one gold watch with diamond set in the case, one ring mounted with an amethyst surrounded with a cluster of diamonds, one gold cross, and a $20 gold coin of the realm.

He says there were 265 delegates in attendance from the west, and at the Sunday morning meeting Aug. 5, there were 600 boys present. Gov. Mickey of Nebraska was there and spoke, with other prominent people. The idea of the movement is to get boys interested in Bible study and to foster the idea of mutual help and practical sympathy. Mr. Lucas considers the convention as eminently successful, and his boy delegates have returned full of enthusiasm.

Cool Showers Today—A lively and heavy shower passed over this city yesterday afternoon, which caught quite a number of people out driving in open conveyances and automobiles. They were pretty well drenched. There was considerable thunder and lightning, and during the storm the lights in all of the street cars were turned on, as in case a bolt strikes a car it has been found that an easier passage for the current is effected where the illuminating wires in a car are in use. A similar shower fell this noon over the central section of the town, and a tenth of an inch fell in less than 10 minutes. The shower came suddenly and caught many shirt waists on the street, as hundreds of pedestrians scampered for shelter. The streets received a good washing down. There was an abnormally heavy precipitation on the Atlantic coast yesterday afternoon, Norfolk, Va., recorded 4.06 inches, New Orleans 1.20 inch, and Washington 1.02 inch.

He said emphatically to a "News" representative that in all his experience in the culture of beets he had never seen such a stand as that which he inspected on the old Woodmansee farm near the Idaho factory. It is a solid patch of 150 acres and every plant was so developed that the whole field looked like a waving ocean of green. It was impossible to tell which way the rows ran. He said he would not be surprised if that 150 acres averaged 18 tons to the acre.

HEBER.

NEW STAKE PRESIDENCY.

Joseph R. Murdock Succeeds Wm. H. Smart—J. P. McGuire, Clerk.

Special Correspondence.

Heber City, Wasatch Co., Aug. 10.—The one hundred and sixteenth quarterly conference of the Wasatch stake is now in session. There is a good attendance with President Francis M. Lyman and Elder Orson F. Whitney of the apostles' quorum as visitors.

At the Saturday afternoon session the house was filled. President William H. Smart gave his farewell address, as he has been honorably released from the presidency of this stake to preside over Uintah stake.

A general priesthood meeting of the stake was held Saturday at 7 p. m., with an attendance of about 500. President Lyman invited each one present to nominate his choice of a president for the stake, as he desired that the people have a president of their own choice.

A sacred concert was given at 8:30 p. m. Saturday in the stake house, by the Primary association.

At Sunday morning's session a large congegation was present. President Lyman called upon the counselors of President Smart—Joseph R. Murdock and James C. Jensen—to make a few remarks; also Elder Joseph W. Musser, the retiring stake clerk, who is chosen as high councilor in the Uintah stake of Zion, who will leave with President Smart and move over there.

At 11 a. m. the Sunday school children of Heber, to the number of 300, marching into the house to the strains of music from the organ, led by their teachers. They sang one of the Sunday school hymns with fine effect, after which President Lyman made a short address, complimenting the children on the excellent order and beautiful showing they made. Elder Whitney also expressed himself in like manner. There were a total of 1,200 present.

NEW STAKE PRESIDENCY.

At the afternoon session the general authorities were presented; also the local authorities, all being unanimously sustained as follows: Joseph R. Murdock, as president of the stake, with James C. Jensen and Edward D. Clyde as his counselors. Joseph W. Musser was released as stake clerk, and James P. McGuire was selected for that position.

The last four months, a business of $10,000 per month has been done. The Uintah trade is increasing. The walls of the company's new building are nearly up and it will be ready for the roof in a short time.

LOCAL MARKETS.

This morning's markets are in receipt of fine head lettuce from California, as well as oranges from the coast, several kinds of grapes, and more sweet potatoes. The latter can be had at three pounds for a quarter. Utah fruits are ruling the markets, and prices are quite reasonable. Local poultry continues scarce, so that there is a good deal of the eastern articles arriving here and finding a ready sale. In one week, it is stated, 35 barrels of eastern poultry were received in this market. With the increase of summer heat, the pastures have shrunk so that the price of butter has gone up. There are slight changes in the grains; and the prices obtaining today in the local markets are as follows:
