OUR OWN STATE.

OGDEN.

Buried Quarter-Quarter Holiday—Local News Notes.

Special Correspondence.

OGDEN, June 15.—The closing exercises of St. Joseph's Catholic school for girls will take place this evening at the Bishop's residency hall. An interesting program will be given.

John C. Child and a party of gentlemen went to Morgan county this morning, to inspect the great dam and reservoir of the Davis and Weber counties canal company.

SECOND DISTRICT COURT.

A forenoon session of the district court was held, Judge Bishop on the bench, and the following matters were disposed of:

Joseph Atha vs D. A. Smythe, damage suit for $5,000 for breach of contract, was dismissed on motion of the defendant for cause of action, on the ground that there was no contract as alleged, since it is void of mutuality.

Wilmer Hill vs Paul Bier; suit bill collect $4.05.

Wadsworth vs Lou Ogden City parimutuel case; hearing as to the right to gamble in the city. Argued, submitted and taken under advisement.

QUARTER HOLIDAY.

The town was practically deserted yesterday afternoon. The principal business houses were closed after 4 o'clock, and since then the streets have carried hundreds of people out to the driving park to witness the great contest between the Weber and Ogden club teams. The score of the game was in favor of the Colonelets, 18 to 8.

It would not be a bad thing for business if the stores would close two half days each week, for it would give the clerks and employes a respite from the daily grind. There's just a certain amount of work to be done and it would be done in five days as well as six and more would be the result.

There can be no excuse for playing ball games on Sunday, or the ground that it is the only time left. Even when Sunday is used, amusement can go off from their work. A great many people would like some ball games that would not be on the Sabbath.

Dr. Thompson, a young man of 20 years of age who with other boys was playing ball in Lester park last Sunday, had an altercation with the park keeper, who had his coat off at the time of assault. Yesterday Thompson had a trial before Police Justice Harper, who fined him $10 and costs, and sentenced him to ten days' imprisonment in the city jail.

Miss Verity Lee Carter spoke at a meeting in the band meeting house at Five Points last evening on the subject "Consecration."

Mr. and Mrs. A. R. Charter went to Winnemucca, Nev., yesterday, to attend the funeral of Mrs. Charter's father, Mr. Charter's sister, who died at that place Wednesday night.

Superintendent J. H. Young of the Oregon Short Line and Charles Wilkins general agent of the Chicago, Milwaukee & St. Paul railway, were in the city yesterday.

Assistant Postmaster George J. Kelly has returned from a six weeks' visit to the Pacific coast.

PROVO.

Fourth of July Committee Appointed—Board of Education—Wedding—Briefs.

Special Correspondence.

PROVO, June 14.—The general committee on arrangements for the Fourth of July celebration met last night and appointed a number of special committees to look after the various interests of the celebration.

YAREM HOME.

Arthur Fonbrunk of Morroe arrived in Provo this afternoon and will take the remains of Peter Madsen, who was drowned Monday, to Salina for burial. The good people of that place, upon hearing of the sad affair, started a subscription to defray the expenses of Mr. Fonbrunk in Provo.

Mr. Fonbrunk, Madsen's friend, came into the city and handed in the check which he had cashed the unfortunate took had $175 coming to him as salary, but the grocers had claims against him and could not balance with which to bear his funeral expenses. It is said that the Madsen family are to pay expenses.

BOARD OF EDUCATION.

A meeting of the board of education was held last night. The only item of interest considered by them was the appointment of teachers for the next year. Final action was not taken, however, as the board thought best to await the reports of the teachers' examining board.

COUNTY DISPENSARY.

The county board of commissioners have advertised for bids for the rock work on the county dispensary building, when completed, will be the finest in the State, and it is estimated that it will cost $6,000. A number of outside contractors are hunting on the work, which will be pushed to completion as rapidly as possible.

WEDDING BELLS.

John Jones C. Daniels married Pl. W. Mikkelsbrock of Eureka and Miss Nellie Dock of this city, at high noon today. After a short visit to Eureka, Mr. and Mrs. Mikkelsbrock will set up housekeeping at Eureka.

NOTES AND PERSONALS.

Elder Samuel Cliff of the Pleasant View ward left for the Southern States mission last night.

Deputy Clerk Robison has gone to his old home, Fillmore, to visit friends and relatives. Frank C. Hagler is holding down his position in the meantime.

LOA.

Still an "Open Water"—Work on Irrigating Reservoir.

Special Correspondence.

LOA, Wayne County, June 13.—There have been somewhat quiet during the past week, but we have had a bit of an open water this spring, but we still have hopes of a summer day by and by.

Constable B. F. Brown of this place went to Caineville yesterday to serve a warrant on Mr. Hanks, who is wanted for a serious moral offense.

Work on the Johnson Valley reservoir will commence now in earnest. Quite a number of teams are expected to go.

Tomorrow the people expect to fence the grave yard west of town, a much needed improvement.

SPRING LAKE.

The Beauty Spot of Utah County—Will Dedicate a Handsome House of Worship.

Special Correspondence.

SPRING LAKE, Utah County, June 11.—This little place with its grand background of mountains—its pretty homes nestled in the shade of orchards and groves, its beautiful little lake from which it derives its name—attracted the attention of some professional photographers last week and no doubt a fine picture was obtained.

Spring Lake enjoyed the late frosts and its gardens are well advanced. The thirty-five families composing this branch of the Church, presided over by Elder Wm. J. Taylor, are looking forward to the 25th of the present month, the day appointed for the dedication of their new meeting house. It is a neat little building of 30x50 feet, with stained glass windows and nearly the school throughout, fully in keeping with the natural beauty of the spot where it stands. It would make a fine ornament for a wedding cake if reproduced in miniature—and the people would like to see the day when they will be proud of the building.

Bishop Jonathan S. Page Jr., who had been quite ill for some time, is now sporting home of the Second ward of Provo, but this branch under his shepherding care, it is thought, make a visit to Spring Lake to be present at the dedication, and the people hardly have to have the pleasure of a visit from his good wife, who is loved and prized as they that their home should be honored.

OUR NEIGHBORS.

BOISE, IDAHO.

Marysville Canal Complications—Land Settled on by Mormons.

State Engineer Bond has gone to Idaho Falls for the purpose of straightening out the complications between the Marysville Canal company and some settlers. The canal company, a Chicago corporation, applied some time ago for the withdrawal of 1,000 acres of land under the Carey act. Since that time, it is claimed, numbers of Mormons have come in and have settled on portions of the land. The settlers are consequently fighting the right of the company to the land, which they claim is said to be very fertile and extremely easy to irrigate. Mr. Bond hopes to arrange matters so that no trouble will ensue in prosecution of the company's claim for reclamation of this large tract.

St. Charles, Bear Lake county, is to become the home of a creamery company of the State. The land is extremely rich, and it is thought there will be more than a section that could be irrigated so easily. The county is settling up very rapidly, and, with the multitude of farmers, and they are starting in numbers enough to make it the cultivation of the soil. He said he had information of 100 another section having been taken up in the county in the last two days. That represents 1,000 acres. Large tracts of the land are being taken up by Mormons. The Mormons are very fond of the land, and the water being now demonstrated to be very successful in certain portions, especially with respect to the raising of wheat.

Mr. Bond says the appointment of the State Board of Land Commissioners to go to the withdrawal of 1,000 acres under the Carey act will be finally acted on early next month. Mr. Bond says he is tired and he finds there is nothing with the law and the regulations. This complication is adding to Chaves county.—Boise Statesman.

ST. CHARLES, IDAHO.

Destructive Frosts—Farewell Party to Cassia Missionaries.

Special Correspondence.

ST. CHARLES, Idaho, June 14.—Yesterday was a very cold day and last night we had a heavy frost, killing the fruit blossoms. We had a very heavy rain on the night of the 6th and on the 8th it snowed quite a little, so that there was a heavy frost, and some damage was done to fruit blossoms.

Mr. J. Ashton, a "Mormon," was elected school trustee for three years on Monday, the 5th inst.

Last Friday evening there was a farewell party given to the Saints of this place in honor of those who were called to go to Cassia county, Idaho, for burial. There were speeches, songs, recitations, reading and dancing. Those who received calls to depart for burial were Hyrum M. Smith and family, David N. Pugmire and Andrew Jensen.

Last Sunday the 11-year-old son of M. A. Allred tried to jump on an incoming train at the Border ranch, but missed his footing and fell under the wheels, the cars crushing one foot so badly that amputation was necessary, Dr. Alexander officiating.

Justice Hoch imposed a fine of $10 against Andrew Hoagerud for striking a woman.

SUNDAY SCHOOL WORK IN CANADA

Mountain View, Alberta, Canada, June 1st, 1899.

Thinking perhaps a few sentiments relative to the condition of our Mountain View Sunday School would be of some interest to other Sunday School workers, we give the following:

Some few months since it was decided by the officers of the school that in order to have and maintain a Sabbath School in good health, there must be more officers' meetings than one per month, hence the new rule of Monday evening officers' meetings. Mountain View School have two meetings a month and still there is a cry for more time to accomplish all that the work necessary to keep the school running properly.

It was also decided a month since that the children have a May Day and that day was to be on the 30th of May, or Queen Victoria's Birth Day. Truly well branch agreed to join to and a committee was chosen to arrange a program.

A grove on Dolce River was selected. The day was beautiful and warm, a foretaste of the glorious morning, the fulfilment "Hope of Israel" to the truly good for certainly assembled perhaps two million, a school of about 40 boys and girls began gathering the beautiful wild flowers of varied colors, and returning with them, and we had a good time. Of course, we had a lot of all directions; also a beautiful wreath or rather a crown to crown the Queen of May was produced by the sisters. A program was then rendered, Brothers Jas. Payne and Elder Caldwell acting as chairmen.

The exercises consisted of singing, Miss Bessie Williams was the queen of May, she was crowned by her mother who had proper escorts.

Among the speeches was one by Brother Clark, Twice on the occasion of Queen Victoria during her reign. He showed that it was power to give her successors for her long and glorious reign.

After the program all joined in a picnic spread upon the beautiful green, after which the old and young amused themselves in games and various amusements, swings, swings, candies, etc., were on the ground.

In the evening a Sunday School dance was given. The purchase of a ticket entitled one to a supper and those who of those desired to the Sunday School by one, Mr. Atkins, a storekeeper of Lethbridge.

Our school observes the Word of Wisdom. We have no tobacco or liquors to contend with.

Now conclusively to the course of heavenly bliss.

J. P. SORDAN Jr.
WINNIE CALDWELL.
