Among the Railroads.

Salt Lake is taking on metropolitan airs in railroad circles. With the completion of the Oregon Short Line Building the centralization of the railroad offices begins. Within a block of each other are now located the offices of every railroad represented in the city. Recent removals to the Oregon Short Line Building are the Chicago, Milwaukee & St. Paul offices, 214 South West Temple ground floor—and this week, W. F. McMillan, Gen'l Agent of the Burlington, has established himself very comfortably at No. 214, in the same building.

KILLED BY A CAVE-IN.

Oscar Anderson, a Marion-Geyser Miner, Meets With a Violent Death.

Oscar Anderson, a Geyser-Marion miner, met with a shocking and violent death yesterday afternoon while wheeling ore from the property. Engaged in the same task was another man who preceded Anderson. Two other men were engaged in drilling near the same point where the bread of ore is about twenty feet thick. Anderson's partner just passed this safety when there was a heavy fall of earth and rock, catching Anderson and crushing him to death.

The top of the unfortunate man's head was crushed into an unrecognizable mass, while his arms, legs and legs were frightfully mangled. The deceased came here from Colorado and was about 35 years of age. He was unmarried and so far only known relative is a brother in the Centennial state.

A coroner's jury made an official inspection of the scene of the fatality and rendered a verdict to the effect that Anderson's death was due to the carelessness of the company. As a result a suit for heavy damages is looked for.

THE COUNCIL COMMITTEES.

The Warm Springs Lease Before Committee on Public Grounds—Schenck's Offer Rejected.

The Council committee on public grounds met last night and talked over the proposition of J. Schenck, who offered to take the unexpired lease held by Messrs. Bunnes & Byrne, of the Warm Springs, and pay $300 per month therefor. During the discussion Mr. Schenck increased his offer to $325 per month for ten years, but would not give a bond for a longer period than one year. The committee decided to report adversely on the proposition.

Mr. Byrne offered to sell the improvements, including furniture and fixtures, for $15,000. It was thought that the present financial condition of the city would not permit of this expenditure.

The claim of J. H. Griffin for $1,988.88, for ten years of sprinkling in front of the sweepery, was rejected by a majority of the members of the committee on streets. The committee held that the extra work was embraced in Griffin's contract with the city.

Erik Robert Larsson.

Gustar Larsson, 29 Nybrogatan, 2 tr., Stockholm, Sweden, would like to hear from his brother, Erik Robert Larsson, who emigrated from W. Lofta, Westmanland, Sweden, in 1887. Brother Larsson lived for some time after his arrival in Utah with a family named Folkman, and wrote his relatives in 1888. Mr. Gustar Larsson, who is a builder and contractor at the capital of Sweden, would be pleased to receive information of the whereabouts of his brother, who, if alive, would be about 35 years of age.

Best the High School Boys.

The game of football played on the University campus yesterday afternoon between the All Hallows and the High School teams resulted in a victory for the latter team by five points. The fact was one of mud, and when the contest ended mud covered victor and vanquished alike.

A Switchman Hurt.

W. H. Nightingale, a switchman employed by the Rio Grande Western, met with a serious accident at 8 o'clock last night. He was engaged in coupling cars when he was caught between two of them and considerably hurt. He was conveyed to St. Mark's hospital, where he is resting quite easily and where it is said he will soon recover.

What of This Wonu?

Cedar City, Iron Co., Utah,
Dec. 8, 1897.

To the Editor:

Some time ago, I got a sample of curious looking wheat from a friend who said it had been found in a cave near Fillmore, but he could give me no further information about it. I have been asking inquiries but can learn nothing more.

I send a few grains to the American Miller, who submitted it to Prof. Latin, an expert in these matters, but he did not appear to be sure whether it was really wheat or not.

Perhaps your social correspondent, A. Ward, or other of your readers in that locality will kindly throw some light on this matter.

ALEX MATHESON, Miller.

To Build a Wood Road.

Nephi Advocate: Sevier county's commissioners, all three of them, were in session Monday until late at night. The business of most general interest transacted was the granting to R. H. Farnsworth and others a franchise to build a wood road from a point on the county road three miles north of Richfield to the heavy timber five miles northwest of that place. The owners will be able to collect tolls in some not exceeding the following: Teams and wagon, 50 cents a trip; team and light vehicle, 25 cents; man on horseback, 10 cents; horses, cattle and sheep, 5 cents per head. The franchise is for twenty years.
