NORTH AND SOUTH.

Railroad Connections Between all the American Republics.

AN INTERCONTINENTAL SYSTEM.

Links Added to the Chain that Holds Together the Commercial Interests of the World.

WASHINGTON, June 18.—The Intercontinental Railway commission, under whose direction extensive surveys have recently been made in Central and South America, for the purpose of ascertaining the feasibility of constructing a railroad connecting the systems of the United States and Mexico with those of southern Peru, Brazil, Chile and the Argentine Republic, is in receipt of information showing that its researches are already bearing fruit. The Guatemala Central Railroad company, whose main line runs from San José on the Pacific to Guatemala City, the commission is told that portion of the intercontinental system intended to traverse Guatemala, and has put that determination into practical shape by actual construction, having caused a deficit on April 14th last the section extending from Santa Marta, on the Guatemala Central, to Santa Lucia, and is continuing construction to Patoc, with the intention of continuing the line northwesterly to the Mexican border and southeasterly to the frontier of Salvador.

The Mexican Southern railroad is slowly in operation to Oaxaca, 400 miles south of the City of Mexico, and will soon close the intervening gap between that city and the Guatemala frontier. The Mexican Southern and the Guatemala Central will soon complete a through line from Washington to the capital of Salvador. In the letter to Public Mr. Schnerer is at work constructing his line and it, being a tributary with the railroads already existing in Nicaragua, would enable travelers to go by rail from any city of the United States to the proposed canal in the Nicaragua canal.

VENEZUELAN DISPUTE.

England Refuses to Submit the Question Raised to Arbitration.

WASHINGTON, June 18.—Sir Edward Grey's statement in Parliament yesterday that Ambassador Bayard had been informed that Great Britain would consent to the arbitration of the Venezuelan question under certain conditions, has caused some surprise among officials here, as Sir Edward's statement is calculated to show that Great Britain has accepted the suggestion of the United States, which it has been declined. The desire of Venezuela is to arbitrate the entire boundary question, and the request of Mr. Bayard in behalf of the United States was in this direction. But the answer of Great Britain was that no arbitration was contemplated as regards certain territory which Great Britain asserts is indisputably hers, though she offered to arbitrate concerning certain territory to which apparently, Great Britain regarded her title as less clear.

Treasury Statement.

WASHINGTON, D. C., June 18.—Today's statement of the condition of the treasury shows: Available cash balance, $187,813,301; gold reserve, $90,804,026.

HUNTING FOR MURDERERS.

The Slayers of Frank Lenz in Turkey Said to Be Found.

ST. LOUIS, June 18.—A letter from Erzerum, Turkey, to Axis, has been received by Homer A. Caulfield (then his partner, William L. Sachtleben, ex-St. Louis wheelman, who left here four months ago for Asia Minor to locate and bring to justice, if possible, the murderers of Frank Lenz, the Pittsburg cyclist, who lost his life there.

Sachtleben writes that he has discovered the identity of the Kurdish chief who planned the killing and the five men who helped him commit the deed.

The writer states that he arrived at Erzerum about May 17th, and added that of quite a number of correspondents who came to Constantinople in his company to reach Erzerum, if not Zeile and Moush, near the Russian frontier, where the horrible atrocities have taken place, only three have succeeded in reaching this city, so strict is the watch kept by the Turkish government."

GLADSTONE WITHDRAWS.

A Heavy Blow to the Rosbery Government.

LONDON, June 18.—The Times announces that Mr. Gladstone has withdrawn from his pairing agreement with Villiers because he wished to be impartial in having an equal number of the Welsh church disestablishment bill.

In an editorial the Times says: How upon this we believe the government recently, but none is more sensible to this, which means the withdrawal of Mr. Gladstone's moral support from Lord Rosbery's administration. The immediate prestige of his name has enabled the government to weather some dangerous storms, and it is the very foundation of the political fabric of the present government. It is hardly possible to escape the conclusion that he entertains his disapproval to their recent policy. It is believed he wanted a more drastic dealing with the Armenian question.

INDIANS AND WHITES.

Troops Required to Prevent an Armed Collision.

WICHITA, Kan., June 18.—A special from El Reno to the Eagle says: The meeting of Red Lodge, the Indian who had been arrested for assaulting an old woman at Arapahoe last Saturday promises to become a very serious matter, and may end in an outbreak against the white settlers at any moment. A normal hatred exists among the Indians and whites, and the greatest caution is required to prevent an armed collision.

Captain Woodson, the Indian agent, telegraphed the Eagle tonight, inquiring concerning the accuracy of the reports that the shooting took place, and that it was wanton and evidently premeditated. The arrest of "Red" occurred, when had the Indian under arrest, it is charged, told the Indian to play baseball game, and upon arriving there the Indian took the assembled crowd for a mob and made a break to get away, when the sheriff shot him through the bowels.

Captain Woodson says that Captain Mackey's troop of cavalry is on the scene, and that he has sent a detachment of Indian police to mingle with the Indians and keep them quiet.

"It is proper to add," he says, "that I think Red Lodge was entirely innocent of the outrage on the old lady, and that several white people volunteered to testify in his favor at a preliminary trial."

A dispatch from Arapahoe also states that the Indians are very excited, and that a general collision is feared.

Postoffice Clerk Arrested.

DENVER, June 18.—Postoffice Inspector McMeenan was applied today by Inspector Waterbury of the street of Edward W. Smith, at Sheridan, Wyo., who is charged with criminal peculiarities in the postoffice at Sheridan, where he was formerly engaged as clerk. Bond was bound over. He is county clerk.

A Silver Debate.

MOBILE, Ala., June 18.—Arrangements were completed today for a joint debate to take place here on the 1st of July, between W. J. Bryan of Nebraska, and Herbert H. Clark, of Alabama, the silver question being the subject.

Austrian Cabinet Crisis.

VIENNA, June 18.—Prince Alfred Windischgratz, president of the ministry for Austria, tendered the resignation of the ministry to Emperor Francis Joseph today. A provisional cabinet has been created under the Marquis de Bacquehem, who was minister of the interior of Austria in the cabinet which has just resigned.

Notorious Bandit Killed.

EAGLE PASS, TEX., June 18.—Rafael Valoez, a notorious border bandit, was captured a few days ago at Lampasas, Mexico. When near Piedras Negras he attempted to escape and was killed by one of the guards. His depredations have been such that border outlaws have offered $1,000 for his arrest.

Manitoba's School Question.

WINNIPEG, Man., June 18.—This was held day of the opposition in the Manitoba legislature. A. F. Martin occupied the entire afternoon, and continuing this evening in reply to Premier Greenway's proposal of Manitoba's national schools. It was a strong insinuation that the Catholics wanted inferior schools. He claimed that the Catholic schools were equal to the Protestants, and in some cases far superior.

Mr. Martin maintained that the public schools were really Protestant schools, and to support thereof he read from the report of the department of education for 1893, showing that there were religious exercises in the public schools, but that the Catholics were not allowed to have their religion in the schools. He spoke on the early difficulties experienced here by both Protestants and Catholics, owing to lack of funds in making their schools efficient. He denied that the Catholics had received or that it was possible for them to get for their schools a cent more than they were entitled to.

Mr. Martin was followed late this evening by Mr. Fisher, who advocated the adoption of the Ontario system of schools in Manitoba.

Hon. Mr. Pendergast had the floor at 11 o'clock. Mr. Pendergast concluded his speech by moving an amendment that the federal government's order to restore separate schools be complied with.

Mr. Meyers moved an adjournment of the debate.

Ex-Governor Boies for Silver.

DES MOINES, Ia., June 19.—Ex-Governor Horace Boies, of Waterloo, has written another letter, in which he comes out more vigorously than ever in favor of the free coinage of silver. The letter is addressed to George E. Lewis, of Des Moines. In it Mr. Boies advocates the free and unlimited coinage of silver, independent of the action of any other government. He says that the most dangerous enemies of silver are those who, while claiming to want bimetallism, demand it under such circumstances that they know it can never be realized.

Sharpshooters' Tournament.

MILWAUKEE, June 19.—The ninth tournament of the Western Sharpshooters' Union is to be held in this city under the auspices of the Milwaukee Sharpshooters' society, four days beginning today. Five hundred dollars in prizes will be awarded and some of the very best marksmen of the West will appear.

Among the cities represented will be Cincinnati, Detroit, Chicago, Dubuque, Davenport, St. Paul, Peru, Ill., Burlington, Ia., besides numerous cities and towns of Wisconsin. The San Francisco sharpshooters will be present at the tournament, stopping in Milwaukee while enroute to New York City to attend the national bandfest, which opens June 30.

NO REAL ALLIANCE.

Prince Bismarck on the Reported Entente Between France and Russia.

NEW YORK, June 19.—A dispatch to the *Herald* from Hamburg says: Information has reached here from Friedrichsruhe to the effect that Prince Bismarck, commenting on the renewal of a Russian order on M. Faure, said: "All that is only coquetry. There is no real alliance."

Eighty detectives, belonging to the political section of the service, have arrived with their chief Baron Hausdorf, who is organizing an extensive system of police protection with a view to the kaiser's personal safety.

It is uncertain yet whether the French officers will participate in the imperial procession down the canal. The Russians will in any case take part in it.

The Bismarckian organ, the *Hamburger Nachrichten*, publishes a severe criticism on the kaiser's policy of conciliation, declaring that Conservatism is the dominant factor in France.

The officers of the durbar say that a very selective reception was accorded the French fleet.

It is said that the Grand Duke Alexis is the bearer of an autograph letter from the czar to the kaiser, containing the warmest protestations of friendship.

PROGRESS OF THE REBELLION.

Important Accession to the Ranks of the Insurrectionists.

NEW YORK, June 19.—A *Herald* dispatch from Havana today says: Col. Enrique Mola, one of the leading men in Puerto Principe, has openly joined the insurrection. Col. Mola is a member of one of the best families in the province, and the Cubans regard his open accession to the cause as of great importance, saying he will carry with him a large following. He was very active in the revolution and was on the staff of General Maximo Gomez, who placed him at the head of the forces in Puerto Principe. He has been employed on a sugar plantation since the last war.

Arms for the rebels have been successfully landed on the coast near Manzanillo.

General Serapio Sanchez, leader of the expedition which sailed from the United States on the tug George W. Childs, and his men have effected a junction with the rebel forces.

In the attack of Alta Gracia, on Puerto Principe, five were killed and seven wounded. The defense was heroic. Groups of rebels kept up a brisk fire in the outskirts of the city of Puerto Principe, killing one and wounding several.

General Comino is on his way to Santiago de Cuba.

READY FOR THE FIGHT.

Preparations for the Corbett-Fitzsimmons Fistic Contest.

DALLAS, TEX., June 19.—Dan Stewart, who has returned from New York, says Corbett and Fitzsimmons are already in the Corbett-Fitzsimmons fight. Fitzsimmons has put up the last installment of his money. It is possible he will train at Asbury Park up to about the 15th of October and then come to Texas, forty miles east of Dallas.

As to the exact place Stewart said it would be located within 100 yards of the west of Dallas. Some of the fast grounds, that it would be an octagon in shape, 300 to 400 feet, and would have eight gates and a seating capacity of 45,000.

He will reserve 500 of the seats for reporters of American and British papers, and such representatives of the press of Europe as had proper credentials from their papers.

"The general admission," he said, "will be $10, the reserved seats $50, boxes with five chairs $250."

"I have been a victim to biliousness for years, and after trying various remedies and only seeming to get worse, I was induced to take Simmons Liver Regulator, which proved to be the medicine I needed. It cured me, I know, but my whole family."—J. M. Fickle, Beach, Bethel, Ala.
