HAWTHORNE TO BE BIG SILVER CAMP

R. L. Colburn Declares That it is Richest Mineral Country He Has Seen.

MANY SALES ARE MADE.

Ore Carries High Values in Silver and Lead—Many Teams Are Hauling Ore.

According to reports that are coming in from Nevada, Hawthorne promises to be one of the star silver camps of the state. Within the past few days a number of sales have been made in the vicinity and work is being prosecuted with a vigor in this new field.

R. L. Colburn, formerly of Salt Lake, in an interview at Goldfield said that the country was the richest he had ever seen. During a recent visit to the district he took over the interests of W. A. Ingalls, held under bond. The ground consists of a full claim and a fraction and the purchase price is given as $50,000.

Mr. Colburn says that too much can not be said regarding the wealth of the new section, and that, while he fully appreciated the fact that when a new country was being opened, men were prone to become excited in the face of phenomenal strikes such as are being made almost daily in this camp, yet he felt that he was speaking conservatively, and that even then he was only telling half the story.

"I have never in all my life seen mineral in such remarkable quantities," said Mr. Colburn, "and I tell you that it will become one of the greatest mining centers in the state, if not in the entire United States. I went all over the ground from one end to the other, and took my time examining, and I never saw one which could not produce the ore in values which would stagger a man if he was not prepared to see them. I made an average from 50 sheets representing the returns of the smelter to which the ore from the Hubbard lease on the Mountain King is being shipped, and the average from the figures I made was 230 ounces of silver and 25 per cent lead. If this is the average, what would one get by selecting his sample. I declare to you that I have never seen anything like it anywhere else on earth, and I doubt if it can be equaled, since with almost every foot of depth the values are increasing, and the ledge is widening as they go down.

RED LETTER DAY.

"Last Friday was the red letter day in the history of the new camp, since three big sales were made on that day. W. A. Ingalls and myself took over the Silver Wave claim and the Liverpool fraction, for which we paid $50,000, and at the same time Senator T. L. Odds, representing eastern people, paid $65,000 for certain other ground, which adjoins ours, and another party paid $20,000 for ground near the Hubbard property."

Mr. Colburn states that the deepest work in the entire district is only 364 feet, and that the whole bottom of the shaft is in ore which will net the company $125 per ton, as it goes from the shaft, and that the people in charge of the work are now trying to make arrangements for the purchase of another 100 head of horses for the hauling of their ores.

TRADE IN MANY STOCKS.

Transactions are Scattered but Market Shows Better Tone.

Although trades were made in many stocks on the local exchange this morning, they were scattered and the general condition of the market was slow. Throughout the morning trading the market developed a better tone and a cautious advance. This is in keeping with the better metal prices of the east and the returning confidence in mining securities.

Many of the stocks which have been slumbering for several weeks were marched out for action this morning. Nevada British, which, according to reports, is in a fair way to start activity, sold at 32 cents this morning. Scottish Chief was also a seller. Southern Pacific also showed a little burst of activity as did Yerington and Western Nevada.

Columbus Consolidated appears to be on the upward march with Ohio Copper. The market for the latter seems to have considerable trouble in righting this stock after the heavy slump caused by profit taking.

The number of shares that changed hands this morning was 79,893, while the amount represented was $31,190.95.

The curb market was unusually slow this morning, and Federal Ely was the only stock to register a sale. This stock sold at 5 cents for 500 shares. Ely Witch received a bid of 17 cents and was offered at 20 cents. A bid of 48 cents was made for Inspiration. Wicklow and Schwab were both offered at 4 cents this morning, and 3 cents was bid for the former and 3¼ cents for the latter.

BIG TINTIC DEAL MADE.

Idaho People Land Option for Control of Zuma Mining Company.

(Special to the "News")

Eureka, March 30.—One of the most important mining deals made in this country in some time was closed yesterday when a syndicate of mine operators from the Coeur de Alene district, Idaho, represented by C. Fred Kratzer of Wallace, Idaho, who also represents some of the heaviest lead interests in that country, secured an option on the control of the Zuma Mining company and purchased 213,000 shares of the treasury stock of the company at the rate of 15 cents a share. Although the price at which the control was purchased is now made public, it is declared that earnest money to the extent of $1,200 it to be put up in 10 days and a second payment of $5,000 will be made in 60 days. The sale of the treasury stock will provide the company with a working capital of over $20,000 with which to inaugurate a vigorous campaign of development.

The property is one of the best situated in the district and is also well equiped with all necessary machinery and buildings. M. L. Garity is president and P. J. Fennel, secretary.

VERNAL OIL FIELDS.

California Company Rushing Work—Giant Chunk of Coal.

The first barrel of oil from the Emerald Oil company has been shipped from the field by George Mulvey to the stockholders in Vernal to give them an opportunity to see what it looks like in bulk.

* * *

George Mulvey came in Saturday from the oil field. He says the Emerald Oil company's well No. 2, is the best in the field. The well No. 3, will have been finished before this goes to press. Mr. Mulvey says the E. J. Hunt company of California has 19 wells dug and are working on another and have five more rigs on the way.

* * *

Fera Young had a chunk of coal on his wagon Saturday that attracted considerable attention. The estimates put the black diamond nugget at 500 pounds. Fera offered it to the Commercial club if they would take it off the wagon. Mr. Cook was regretting the lack of a suitable room to put the coal on exhibition. We have lots of mineral in Uintah county that would look good if there was a place to display it.—Vernal Express.

BINGHAM MINES MORTGAGE.

A mortgage for $600,000 was recorded today given by the Bingham Mines company to the Federal Trust company, trustee. It takes in the company's property in West Mountain and Tintic mining districts, and is given to secure the issue of 100 bonds of $1,000, and 50 bonds of $10,000. The mortgage is dated Jan. 1, 1909, and the date of payment is Jan. 1, 1914. The interest to be paid is 6 per cent per annum. This mortgage is subject to a first mortgage to the same company given by the Bingham Consolidated Mining and Smelting company, of which there is said to be bonds outstanding to the value of $903,000.

Through a trust deed filed in the office of the county recorder, the North Utah Mining company of Bingham, a Maine corporation, conveys to the Right Honorable William Hood Lord Waleran of London, England, and Honorable Cyril A. Liddell of Ravensworth Castle, Lakes Head, Northumberland, England, all its mining properties, including 17 lode mining claims in the West Mountain mining district, Salt Lake county. The conveyance is to secure a bond issue of $486,000, bearing 6 per cent interest, payable semi-annually, and to run 20 years.

A dispatch from New York announces that Senator George Nixon of Nevada has dissolved his partnership with George Wingfield, and that Wingfield will take over his interests in the Goldfield Consolidated Mines company, capitalized at $50,000,000. The value of the assets to be divided is estimated at between $2,500,000 and $2,750,000. Nixon will take over the bank interests. In making the announcement, Senator Nixon declared that he believed the stand of the Consolidated relative to labor had hurt him politically and therefore he wished to withdraw.

SELLING DROVE PRICES DOWN

New York, March 30.—Many of the most prominent speculative stocks started today at prices unchanged from yesterday's closing, and changes in all other cases were small and mixed. The market was active and broad notwithstanding the narrow variances. A rise in St. Louis Southwestern preferred of ¾ measured the maximum change.

The weight of selling drove prices down, the movement being accelerated by a drop of over a point in New York Central. Elsewhere recessions were moderate outside of a few specialties. Active bidding for the Erie stocks subsequently caused a rally but the general market did not hold its recovery.

A rise of a point in St. Paul and later in U. S. Steel preferred induced some sympathetic response, but the general list met realizing sales on the advance which drove prices back again. At noon the market was firm and dull.

Bonds were irregular.

There was a growing inquiry for United States Steel, which touched 47⅞, compared with 46⅝ in the morning. Other stocks of this class were less active but rose substantially, the Republic Steel stocks, Colorado Fuel, Allis-Chalmers preferred and the Bethlehem Steel stocks going up 1 to 1½. Minneapolis & St. Louis also gained 2½. The railroad list generally was quiet. Pacific Coast first preferred was lifted 10 points.

United States Steel continued to gain, rising 1¼ in all above yesterday's closing. Bethlehem Steel preferred, United States Rubber and Colorado Fuel advanced 2 points, the preferred 3. Pressed Steel Car 1¾ and American Car and Allis-Chalmers 1. Other stocks were sluggish and held back, particularly the Harriman group.

The market closed easy. Some stocks eased off to the lowest prices of the day. Others held near the highest. Bethlehem Steel preferred rose 4. National Biscuit preferred 2⅞ and Sloss-Sheffield 1¼. Union Pacific, Missouri Pacific, Wabash preferred, Lead and Utah Copper declined 1.

WOOL.

St. Louis, March 30.—Wool, unchanged. Territory and western mediums, 18@23; fine mediums, 17@20; fine, 15@17.

BOSTON.

Boston, March 30.—There is less activity in imported supplies in the local wool market. Manufacturers are said to be well supplied with raw material.

The general firm tone of the wool market is still much in evidence especially in the combing grades. Sales are small, about 25,000 pounds of the new Arizona going at 25c to cost 26c clean.

PRODUCE.

Chicago, March 30.—Wheat was quiet early today and did not show so much strength. The weekly bulletin of foreign crop conditions showed the European wheat crop in general to be more satisfactory. An active demand for the cash grain in this country, however, tended to offset this influence. Prices at the opening were ⅛ higher to ⅛ lower, May being at 1.19 to ¼, and July at 1.00⅛ to ⅜. Later May sold at 1.18⅝ and July at 1.00.

Favorable weather for the movement of grain to market had a depressing effect on corn. The prices at the start were unchanged to ⅛@¼ lower, with May at 66⅝@¾. After selling at 66⅝@¾, May rallied to 66⅞.

Oats were weak, influenced by favorable conditions for the seeding of the new crop. May opened ¼ to ⅜@⅝ lower at 54@⅛ to 54⅛ and sold at 54⅜.

Renewed selling by a local packer caused weakness in provisions. Prices at the opening were 5 to 12½ lower.

Wheat—Later in the day a sharp advance occurred in July, the price touching 1.06⅞@1.07. Late in the session the market became decidedly weak on heavy realizing, May dropping to 1.18 and July to 1.05¾. The close was weak with May off ⅝@¾ at 1.18⅜@⅝ and July down ⅜@⅝ at 1.05⅜@⅝.

Corn—The market rallied a trifle with wheat, May advancing to 67¼. Another reaction occurred late in the session on selling by cash interests and the market closed easy with May a shade lower at 66⅝.

Close—Wheat—May, 1.18⅝@⅞; July, 1.05⅝@⅞; Sept., 99⅝.

Corn—May, 66⅝; July, 65⅝@¾; Sept., 65½@¾.

Oats—May, 54⅛; July, 47½; Sept., 39½@¾.

New York, March 30.—Butter—Steady, at the decline; creamery specials, 30@½; official, 30; extras, 29½; third to firsts, 24@28.

Cheese—Firm, unchanged.

Eggs—Firm. Western firsts, 20@½; seconds, 19½.

EVAPORATED FRUITS.

New York, March 29.—No important change is reported in the market for evaporated apples and quotations are nominally unchanged in the absence of business. Fancy are quoted at 8¼@8½; choice at 7¾@7¾; prime, 7½@7¾; common to fair at 5@6.

Offers of new crop prunes for shipment from the coast are something under recent quotations and have been promptly absorbed. The tone of the market is steady, with quotations ranging from 6¾ to 7½ for new crop California fruit up to 40-50s and from 6½ to 9 for Oregons 40-50s to 20-30s.

Apricots are quiet, with choice quoted at 8@6¾; extra choice at 6¾@6¾; fancy at 11½@13.

Peaches are steady, with choice quoted at 6@6¼; extra choice at 6¼@6¾; fancy at 7@8½.
