A Convention for Salt Lake.

The following telegram was received this morning by Secretary Sears of the Chamber of Commerce:

NEW ORLEANS, La., June 16.
S. W. Sears, Chamber of Commerce:

The generous support of your chamber has secured our next meeting in your city. Special gave great demonstration of your city. J. C. DOWD,
Secretary.

Bert Spencer, who attended the Train Dispatchers' convention at New Orleans, was expected to meet the members of the board before his departure and induced to use his utmost exertions to secure the next annual convention for this city. How far he succeeded the above telegram shows. The convention will be held in this city in June, 1893.

Judge Goodwin's Trunk.

Yesterday a paragraph appeared in the NEWS based on a statement made to a reporter by a Federal official, to the effect that Judge C. C. Goodwin had been "boozed" out of his trunk by a person who volunteered to see that the baggage was properly checked. We are informed, by note from the judge, that he did not lose his trunk, but that, on the contrary, it came along all right. The gentleman who courteously proffered to do the checking was a well-known railroad magnate of high social standing. The explanatory note concludes thus:

"In the congestion which afflicted many lines of business in Minneapolis, and not the least the baggage transfer companies, this gentleman was kind enough to volunteer to have my baggage checked in a way which would serve it to me without delay or confusion. By some mistake it was our forwarded to Chicago by the first train, but it reached the city safely in the next train to the one on which I arrived."

The Races.

Yesterday's races were enjoyable because of the excellence of the weather and the exciting nature of the sport.

In the first race a special purse was offered which brought out Reseler, Bee, Scott Ashton and Ed. Biggs. Bee took the first heat in 2.27½, Reseler winning the other three in 2.28, 2.24½ and 2.26.

The second race, the 2.30 trot and the one in which most of the interest centered, was very close and exciting from first to last. The starters were Silver Bow, Glendine, Crown Prince, J. J. S. and Orbo. Silver Bow, the favorite, lost the first heat to Glendine in 2.21; but won the next three in the remarkable time of 2.22, 2.21 and 2.23, respectively. It was an afternoon's sport that will linger in the memories of those who witnessed it. There was a good attendance, and the management announced that hereafter ladies will be admitted without charge. Today should bring out some rare sport from the estimable formed of competing horses.

"IT STANDS ON A HILL."

That is How a Suspicious Character in the Police Court Describes the City of Helle, Mont.

Justice Keeler had before him today a brace of suspicious characters named James Fay and Joe. Murray, on a charge of attempting to break into and rob Deal's millinery establishment on Main street on Wednesday night last. Both men are recent arrivals in the city, and when questioned by the court as to their antecedents and born whence they come, they answered, "Butte, Montana." When called upon to locate that city, Murray said he only knew that it stood on a "hill and could not be hid." The case was taken under advisement until this afternoon.

Three reckless teamsters were fined $5 each for leaving their teams unhitched on the streets.

James Abbott has $19.95 on deposit with the city treasurer and may be distributed in court to answer to a charge of using abusive language.

PROVO LETTER.

A Variety of Items on Passing Events From Our Correspondent.

Quite a number attended the P. O. S. of A. excursion to the lake yesterday, and enjoyed a pleasant party during the evening.

The closing exercises at the Proctor academy yesterday, were well attended. The classrooms were neatly decorated with flowers and evergreens. The programme was an excellent one. Miss Daisy Moore was the orator of the occasion, and acquitted herself creditably. This was the occasion of the first graduating class from this institution, which has only been established a very few years, but it has made good progress, and with the ability which it possesses, bids fair to be a prominent institution of learning in this Territory.

B. R. Thomas, of Salt Lake, has been in our city today on business connected with the Commercial Hotel, in which he is interested. It is now for rent, and it is rumored that James F. Dunn may be the next proprietor.

The text "Florence" which for more than a year has been upon the waters of Utah Lake, was today shipped to Salt Lake, where she will be used in the future. Provo people lament her departure.

Attorney W. K. Reid is up from Manti on business. The reports he gives of flourishing in that section of country.

Attorney Whitemaine leaves today for a few weeks' trip to San Francisco. Pleasure and business will be combined.

The representatives from Utah County to the Chicago Convention will leave here this evening and join the main body of the party at Salt Lake. Hon's Samuel R. Thurman and A. D. Cook will go with the party.

Several races will take place at our Driving Park today.

Much sympathy is expressed for Mr. and Mrs. Boling in the sad death of their little boy, who was killed in Salt Lake Wednesday.

The following letter is of today's date:

Yesterday morning at 10 o'clock, under an execution the Union Pacific railroad company sold a car belonging to the Provo Street Railway company, for a freight bill of about $600. Mr. S. S. Jones was the highest bidder, securing the order for $515.

The opening session of the annual meeting of the Utah mission of the Methodist Episcopal church was held yesterday.

Reports of missionary work in different parts of the country were submitted. Rev. Hurlburt stated that the Sunday school board had received $25,000 from a Mr. Hodge, of Los Angeles, Cal., to be used in the establishment of their Sabbath schools. Their conference will last a few days longer.

Prof. Willard Done, of Salt Lake, is in our city for a few days examining teachers, applicants for Church schools.

Yesterday was quite a day with the horse racing people of our city.

Payson Items.

Times are dull at Payson, but our city still holds her own with any other in Central Utah.

The circus row on Monday last is still a topic of much interest and comment. Mr. Maxwell who was so badly hurt is still in a dangerous condition.

The crops all through the Utah Valley are looking fine. Sugar beet raisers expect good returns, although I have noticed in some instances the dangerous fault of planting the beets too thickly.

Union Pacific Conductor Johnny Arnold reports a flourishing business along this southern Utah branch of the great system, and especially so in relation to the freight business. Some 8 carloads of live stock have been shipped from Frisco and adjoining country during the past two weeks.

Mr. J. Frank Pickering, formerly editor of the *Enterprise*, has made a contract with Mr. Sam Jeppesson, of Provo, a local artist, for the painting of a fine panorama, containing a Utah scenery. The panorama will comprise twenty-five scenes. The affair is the result of years of thought and study on the part of its projector. Mr. Pickering leaves today for Nauvoo, Carthage and Independence, Missouri, where information of value will be gathered by him.

I learn that Mr. James Hutchison of Jewish Fork assigned his furniture to me yesterday. Cause, dull times and overstock of goods.

OBSERVER.

PAYSON, June 16, 1892.

THE INVITATION ACCEPTED.

The Train Dispatchers' Association of America Will Hold Its Next Meeting in This City.

The prominent citizens and officers of Salt Lake have for several years worked diligently to get the Train Dispatchers' Association to hold one of its annual meetings in this city. The railroad companies, telegraphers, Chamber of Commerce and City Council all joined forces and sent out a great abundance of printed matter regarding Utah and her wonderful resources. A few days ago Mr. Bert Spencer left to attend the annual convention of the association at New Orleans. He took pressing invitations with him and has done good work. The combined efforts of all interested have finally prevailed, as evidenced by the following dispatch received today:

NEW ORLEANS, LOUISIANA, June 16th, 1892.

A. L. Thomas, Governor of Utah:

The most annual convention of our association is now in session. I take pleasure in expressing our appreciation of your similar invitation as evidenced by a copy of your advertisement.

J. C. DOWD,
Secretary Train Dispatchers' Association of America.

The association is an immense organization and it is expected that from five hundred to one thousand of its members will visit this city during its next meeting one year hence.

It is not like Cook are for many years yet. It is only that they are not willing questioned, either as to locality or motive.

TO-DAY'S TELEGRAMS.

The Ulster Convention Resolutions Against Irish Home Rule Reform.

SIDE SHOW AT A BULL FIGHT IN SPAIN.

More Victims of the Cyclone.—Four Italians Lynched.—Other Items.

By Telegraph to the News.

THE ULSTER CONVENTION.

The Negative Side of the Home Rule Question.

BELFAST, June 17.—The great Ulster convention to consider the negative side of the Home Rule question was held here today. Work generally was suspended, and the city decorated. Many mottoes expressive of the Ulster determination never to submit to the rule of the Irish parliament were displayed. Ten thousand delegates were present.

After the forty-sixth psalm, "God is Our Refuge and Our strength" had been read by Rev. Nathaniel Brown, D.D., a delegate of the general assembly, Hebron Mackrosh, president of the Ulster liberal unionist association, moved that the chair be taken by Duke Abercorn. The motion was carried.

The Duke took the chair and addressed the convention. At the conclusion of his speech Sir W. H. Ewart proposed resolutions declaring that Ulster avowed a fixed resolution to resist unchanged the present position as an integral portion of the United Kingdom, and pledgeing in most unequivocal manner against the passage of any measure to rob it of its inheritance in the imperial parliament under which its capital inverted and homes and rights are safeguarded, and that it would have nothing to do with a parliament certain to be controlled by men responsible for the crimes and outrages of the land league, dishonesty of the plan of campaign and the cruelties of boycotting, many who have shown themselves the ready instruments of eternal damnation; denounces the attempt to set up such a parliament with the penalty result in disorder, violence and bloodshed, such as have not been experienced in this century; announces the resolve to take no part in the elections or proceedings of any such parliament, and if it ever be constituted, Ulster would be forced to repudiate; appeals to fellow countrymen hitherto in favor of a separate parliament to abandon the demand which hopelessly divides Irishmen and unite under the imperial legislature in developing the resources and bettering the best interests of the country.

THE UTAH TRAIN.

One Hour Ahead of Laramie.—Everything Pleasant.

LARAMIE, Wyo., June 17.—[Special to the DESERET NEWS.]—The Utah train is one hour ahead. Five Democrats are explaining the situation to the Californians. Kissel is defending the "Liberals." Nearly all of the party favor Cleveland. Utah received an immense reception at Laramie. California also. Speeches were made. The principal one was by Laura Le Force Grove on all for Cleveland. Everything pleasant.

ITALIANS LYNCHED.

A Brutal Act and Its Consequences.

SPOKANE FALLS, June 17.—Intelligence from Sedro, Washington, says John A. Nelson, foreman of a gang of Italians on the Monte Cristo railroad, was attacked by Italians and during the fight an iron bar was driven through his heart, killing him instantly.

The white men in camp, numbering about sixty, became so enraged that they seized the Italians, and in the presence of a hundred and fifty of their countrymen hanged four of them. No further particulars are received, as the wires are down.

Michigan Democratic Divided.

DETROIT, June 17.—All is not in harmony in the Democratic delegation to Chicago. It has been thought all along that the delegation was solid for Cleveland, but W. T. Bailey, one of the delegates, says a deal has just been made by which at least twenty will vote for Hill.

Gray's Name to Be Withdrawn.

CHICAGO, June 17.—An Indianapolis special says: At a conference between the friends of Cleveland and Gray it was decided to withdraw the latter's candidacy for both the first and second place, and that he will be given a Cabinet position, if Cleveland is elected.

Another Bridge Across the Missouri River.

OMAHA, June 17.—The city has voted, by a big majority, $350,000 in bonds to aid the Omaha Central road to build a bridge across the Missouri river and a hundred miles of road north from Council Bluffs. The object is to give all the Eastern roads a chance to enter Omaha on favorable terms and break down the Union Pacific charge.

Excellent Wheat Harvest in Kansas.

WICHITA, KAN., June 17.—The wheat harvest is in full blast in Southern Kansas, and the quality of grain is excellent. Harvest hands are in great request indeed, and a larger yield than last year. Corn is looking well.

Two Victims of a Duel.

PORSYTHE, MO., June 17.—As a result of a feud growing out of the murder of Sheriff Williams, John Nettleton and Richard Major, young men, fought a duel with shotguns near Phelps. Both were fearfully slashed and died within half an hour.

THE MINNESOTA CYCLONE.

Six Persons Killed and Thirty Others Injured.

DULUTH, Minn., June 17.—The cyclone which passed near here on Wednesday afternoon crushed a barn belonging to H. Duffy and passed to the farm of C. Leitenberger. The family ran for the cellar and part of them reached the shelter unharmed. The storm struck the house and removed it to splinters. One of the children, a girl of seven, was killed. Leitenberger and another of the children were seriously injured. A mile west the house of L. Pilcher was demolished and the contents carried away. The house of a man named Armstrong was moved from its foundation, the barns and outhouses demolished. Passing on it swept everything in its path, killing three persons two miles farther east. A late report makes the number of killed in this vicinity six, with many injured.

Every house adds to the list of the injured and to the loss of property. Three children were killed in Martin county. The list of casualties in Faribault county is a long one. It is hard to ascertain. Thus far the deaths are reported in that county, with many injured. The extension of property cannot be estimated, as the path of the cyclone is through the richest farming country of the State.

AT A BULL FIGHT.

The Bull Takes a Hand in It and Have a Riot.

MADRID, June 17.—At a bull fight at Linares, yesterday, the crowd became dissatisfied with the sport and pelted the matador and bull-fighters with bottles, sticks, dirt and hard bits of the arena which the infuriated bull charged upon them, tossing them right and left. One was killed and a number seriously hurt. The mayor ordered the civil guard to clear the ring. The guard refused. The crowd chased the mayor to the police headquarters and smashed the windows and doors. The mayor escaped and fled in the barracks. Troops were then called for but the rioting continued in other parts of the town until nightfall.

Governor Boies Acceptable to the Silver Men.

NEW YORK, June 17.—Ex-Governor Hamer, Montana, is in the city. He says the opposition to both Cleveland and Hill in New York will probably make it advisable to nominate a Western man, and suggests Governor Boies as acceptable to the silver men.

A Train Stalled.

Dubuque, Ia., June 17.—A wild freight on the Illinois Central ran to the wash house near Galena this morning, detached the tender, killing the engineer and fireman.

The Venezuelan President has Resigned.

WASHINGTON, June 17.—The department of state is advised by a cable this morning from Caracas, of the resignation of the President of Venezuela. Everything is quiet. The executive authority is assumed by a federal council till Congress can be convened to elect a successor. This will probably take place almost immediately.

The Constitutionality of an Election

LANSING, Mich., June 17.—The supreme court rendered a decision sustaining the constitutionality of the Miner election law.

Adventures of a Delegate to Chicago.

MERIDIAN, Miss., June 17.—Mayor Higdon, of this city, delegate to the convention, started on the train, because of the railroad washouts. About 45 miles east of here the house was carried away in a swollen creek. Higdon narrowly escaped drowning.

Cleveland Said to be the Strongest Candidate.

CHICAGO, June 17.—W. F. Bissell, of Buffalo, Cleveland's former law partner, is here looking for Grover. He says Cleveland is the logical candidate in view of the nomination of Harrison on the high tariff platform, and that he is the strongest candidate in New York, because he can carry the independent vote, which is large in that State. He believes that it is the effectiveness in New York State and city which are pushing the candidacy of Hill.

A formidable competitor of Adlai E. Stevenson, Illinois, has sprung up in the person of W. C. Owens, of Kentucky, who is being backed by Henry Watterson. Stevenson has been taking things easy, but the sporting men found it necessary to go to work for the place. The selection of Owens, while not antagonistic to Cleveland, would be less favorable to him than Governor Stevenson. The principal objection to Stevenson is the fact that he was sent to Congress by the Greenbackers some years ago but, on the other hand is very popular.

The Indiana delegation is somewhat divided on the question of the availability of putting Gray's name forward and a lively time is expected at the caucus.

A Suicide's Funeral.

The funeral services took place this p. m. at three o'clock over the remains of Mrs. Mary Hanly, who committed suicide at her residence, at 1037 East, South Temple street, on Wednesday night by taking a dose of "rough on rats." Evidence was adduced to the effect that the deceased had been suffering from melancholia for some time, and that she had recently taken leave under an aberration of the mind at the time the fatal dose was swallowed. Her husband, Mr. Hanly, was formerly a member of the Nevada legislature and had at one time been postmaster at Colorado Springs. The couple were childless, but from all accounts lived happily together. They had been residents of this city for about three months and were highly respected.
