RESIGNATION OF SUPT. WM. ALLISON

Friction With School Board Results in Retirement of Head Of Ogden Schools.

HONOR LINCOLN CENTENARY.

Burglars Make Big Haul—Sheepman Makes Rough House at Carlin—Anti-Prohibition Petition.

Ogden, Feb. 13.—At the next meeting of the board of education the resignation of William Allison, superintendent of the public schools of Ogden, will be presented. This is the announcement that was given out last evening by Supt. Allison. Owing to the fact that members of the board were out of the city last evening the meeting of the board of education was postponed.

Mr. Allison's resignation as head of Ogden public schools, where he has been for 14 years, does not come as a surprise as it was generally expected that Mr. Allison would act upon the advice of his friends and resign from the office before the end of the present school year. There has been some conflict waged against the superintendent for a number of months, dating back at the time when charges and counter-charges were made between Supt. Allison and David Lloyd, former principal of the high school and which resulted in the resignation of the latter.

During the recent campaign Dr. Coulter, a newly elected member of the board, made some sensational charges against the superintendent but these fell flat. But since the new board has been in power there has been displayed more or less feeling against the superintendent and the old members of the board by the new members of the board which would undoubtedly cause friction in the future.

Supt. Allison states that he has under consideration an offer from a school book publishing house of the east to accept a position with them as traveling salesman. Among the many applicants for the position Prof. S. D. Bradford of the Weber academy faculty is regarded as the most likely candidate.

LINCOLN CENTENARY.

The centenary of the birth of Abraham Lincoln was observed in a patriotic manner throughout Ogden City yesterday morning and evening. Everybody in the city took it upon themselves to observe the natal day of the martyred president and the exercises held were largely attended.

In the morning in each of the public school buildings a program of a patriotic nature was carried out. At each of the exercises a member of the G. A. R. was present and addressed the pupils. At the State School for the Deaf and Blind and the State Industrial school programs were carried out.

In the evening at the tabernacle general exercises were held which were very largely attended, Capt. E. T. Halinski of the G. A. R., presiding. The tabernacle choir rendered a number of patriotic airs in which the audience joined. The speakers of the evening were Rev. J. E. Carver, Hon. J. E. Bagley and A. W. Agee. Rev. Carver spoke of the early life of Lincoln and of his early political career. Judge Bagley spoke of Lincoln as the man and as a statesman. Judge Agee briefly told of the martyred president's love for fellow men and his integrity. Lincoln's Gettysburg address was read by Comrade W. W. Crossman of the G. A. R. Dr. A. S. Condon recited Lincoln's favorite poem, "Why Should the Spirit of Mortal be Proud?" Invocation was offered by Rev. H. D. Zimmerman and benediction offered by Patriarch George W. Larkin.

After the exercises which were attended by the members of the G. A. R. the Ladies' Auxiliary associations, the Spanish-American War veterans and other organizations, the Lincoln club gave a banquet at the Potter which was attended by about 150 members of the club and friends.

ROUGH HOUSE AT CARLIN.

According to the stories told in railroad circles the people of the little town of Carlin, Nevada, recently had the old time experience of seeing their town run for a few minutes by a "wild and woolly" sheepherder. The man with the high boots rode into town and after trying to create a "booze famine" by drinking up all the whisky in town, announced that he was going to "show the people 'round these parts diggins a thing or two," with a couple of revolvers. He had no more than started when the constable arrived on the scene with a gun and took the man in tow. The crowd which had assembled dispersed when the officer got the man. As the officer was taking his prisoner to jail, the latter knocked the officer down and fled. The officer fired his revolver and the crowd quickly re-assembled and went in search of the wild man. He was found hiding in a hay loft and it was with great effort the constable kept the mob from lynching him on general principles. The real despicable cuss will answer to the charge of disturbing the peace and assaulting an officer.

BURGLARS MAKE BIG HAUL.

Last evening, while the family were at the grand opera house, the residence of Joseph Clark, at 2752 Washington avenue, was entered by burglars and about $600 worth of jewelry and cut glass was stolen. The loss was discovered at about 11.30 o'clock when Mr. and Mrs. Clark returned from the performance of the Agricultural college in "Babette." Entrance was effected through the kitchen window and the thieves took their time in ransacking every cupboard, closet and drawer in the house. Some of Mrs. Clark's jewelry as well as a $175 cut glass punch bowl were taken. The matter was reported to the police who are now working upon the case.

SUING FOR FREEDOM.

The attorneys for Mrs. Minnie Myers alias Mrs. Minnie Black, who was arrested last Tuesday by the local police upon the request of the federal authorities, have secured an order from Judge Howell in the district court directing Chief of Police Browning and Jailer Hagbert Anderson to show cause why they are holding the defendant without a warrant or written authority. The writ is made returnable in the district court next Tuesday.

Mrs. Myers was arrested upon the charge of violating the postal laws of the United States. It was alleged that she acted in the capacity of a "procuress" had written letters to young girls enticing them away from their homes for houses of ill repute. The allegations were denied in part by the woman when arrested. The federal authorities are conducting an investigation in the case.

Miss Carrie Davis, with eight Chinese children arrived in Ogden yesterday afternoon from the east. They are from one of the big oriental schools on the Pacific coast and will appear at a local church this evening.

AGAINST PROHIBITION.

A petition was circulated here yesterday opposing the enactment of laws for state-wide prohibition by the legislature, and it was signed by 74 business and professional men of Ogden and will be sent to Salt Lake today.

PREPARING FOR WOOLGROWERS.

A committee from the Weber club has been selected by the board of directors to take charge of the arrangements for the holding of the National Woolgrowers' convention in Ogden next January. The committee will be known as the board of control and its authority will be supreme in the matter of carrying out the arrangements for the big convention.

The committee is composed of the following: A. P. Bigelow, Joe Decker, T. C. Foley, F. W. Harrington, John Pingree, John Spiers and F. T. Wright. The committee will meet at an early date and organize and proceed with its labors.

DEATH OF WILLIAM HARCOMBE.

The death of William Harcombe in Salt Lake City, came as a shock to the many friends of the Harcombes in Ogden where they resided for about 15 years. At the time of his residence in this city Mr. Harcombe was in the gents furnishing business. He was also president of the board of education of Ogden for a number of years after it was first organized. A large number of people from Ogden will undoubtedly attend the funeral in Salt Lake.

BOTH GAINED

By Change to Postum.

"We have given Postum over a year's trial," writes a Wis. lady, "and our only regret is that we did not try it before. Previously we used coffee twice a day and were very fond of it.

"My husband had been subject to severe attacks of sick headache for years and at such times could not endure the sight or smell of coffee. This led me to suspect that coffee was the cause of his trouble.

"I was also troubled very much with acidity of the stomach and heart palpitation after meals. I had been doctoring for this but had not suspected that coffee was the cause.

"Finally we purchased some Postum and it did for me what the medicines had failed to do. To first day we used Postum I noticed less of my own trouble, the second day was entirely free from it and have never been troubled since.

"My husband has been entirely free from attacks of sick headache since he quit coffee and began to use Postum.

"I have heard people say they did not like the flavour of Postum, yet I have served it to them without detection because it has the color and snappy coffee taste, similar to mild highgrade Java. This shows they had not made it right. When made according to directions on pkg., it is as delicious as coffee and besides it is wholesome."

Name given by Postum Co., Battle Creek, Mich. Read "The Road to Wellville," by pkgs. "There's a Reason."
