FIRST WEEK'S WORK

Of the Third Legislative Session of the State of Utah.

HAS BEEN A TRIFLE ONE.

Next Week Will Come the Exciting Contest for the Election of a United States Senator from Utah.

The first week of the proceedings of the legislative assembly has passed quietly and without much of an exciting character. The houses have organized, the committees have been named, the work named in the Governor's message assigned to the House to appropriate committees, six bills having been introduced into the Senate and twenty-three in the House, three of them being measures of considerable public importance.

Next week will witness the balloting for United States Senator, and an exciting time is expected. The feeling of candidates for the high honor are Hon. Frank J. Cannon, the present incumbent, a free silver Republican, a brilliant speaker with a good record in Congress; Hon. D. W. Powers, a leading lawyer of the State, at one time a Congressman in the Utah, a fine speaker, and a shrewd politician; Hon. William H. Dickson, Utah's present member of Congress in the House of Representatives, a lawyer and speaker, with a good record; Hon. A. W. McCune, a leading lawyer, speaker and financier, with an honorable record in enterprise and industry; and Hon. C. C. Richards, a lawyer of excellent ability and one of the leading politicians of the State. All are strong men, and it would be difficult to decide as to the relative ability of the various candidates. All are Democrats except Mr. Cannon, and all the Democratic candidates are lawyers, except Mr. McCune. The News does not advocate the claims of any of them, but will give the readers from day to day the benefit of the latest developments in regard to the senatorial election.

We give below the list of Senate committees and the assignment made to the various committees in the House, in order to save the work required under those headings in the message of the Governor.
