## LOCAL BRIEFS.

The News will be issued as usual tomorrow; all the departments of the establishment, except the newspaper will observe the holiday.

The machinery for the new sewer pipe and firebrick manufactory has arrived and is being put in place by the Santa Cruz Lime company.

The funeral of the late C. P. Winchester, the well known stockman, who died recently in Idaho, was held yesterday afternoon from S. D. Evan's undertaking parlors, under the auspices of Myrtle lodge, Knights of Pythias. The interment was made at Murray where the deceased lived.

Supt. Hines of the waterworks department is after water wasters. He says that especially in the Fourth precinct there are a number of people who are allowing hose to run on their lawns all night. There are also many who use hose without a nozzle as the law demands.

All persons desiring to take the examination for State certificates and diplomas to be held in August of this year by the State board of education should file their applications not later than July 15th with Dr. Joseph T. Kingsbury, secretary of the board, room 153 City and County building, Salt Lake City.

Henry R. McGraw, Delos A. Turner, Alexander H. McChrystal, J. Carroll Landenberger, Franklin H. Kaley and Wm. T. Cannon of Salt Lake, and Robert S. Smedley of Bingham, and John A. Hagan of Mammoth, have been successful in passing the examination set by the state board of medical examiners. Jessy Gasquine of Fillmore passed in obstetrics.

Prof. Harmes, the new chemist to the city health department, has installed his laboratory on south West Temple street, and is ready for business. The health inspectors have begun to take samples of milk from the dairymen to be analyzed. A rule recently issued by the department requres the dairymen to paint the number of their permits, names and addresses on their delivery wagons.

Mrs. Charlotte Sainsbury, aged about 83 years, of Mill Creek, who came in town yesterday to attend the Old Folks excursion, became separated from her companions in some way and has been wandering about town in an aimless manner. She was taken over to the police station this morning and later her daughter called for her but the old lady refused to go home. She complained to the desk sergeant that her children have not been treating her properly. She insisted on talking about her troubles in the early days and then would branch off and talk of the folly of putting the electric wires over head. When her mind becomes more calm she will in all probability return home with her daughter.

# UNANIMOUS VOTE FOR CHRISTENSEN

## Formal Election of the New School Superintendent.

## HE WILL BEGIN AT ONCE.

**One Hundred and Forty Certificates Are Renewed—Many New Applications Received—Other Business.**

D. H. Christensen was installed last night as superintendent of the City schools by the unanimous vote of the board of education. The first ballot that was taken was done secretly and resulted in seven votes for Mr. Christenson, one for Mr. Wright and one for N. T. Porter. On the second ballot the vote was unanimous for Christensen. The new superintendent will enter at once upon his duties.

The question was introduced by the report of the committee on teachers and school work on the matter of Superintendent. Mr. Moyle moved that Clerk Moreton be authorized to record the full vote of the board for D. H. Christensen. This was objected to by Mr. Critchlow and then the vote was called. Mr. Geoghegan voted for Mr. Porter and Mr. Critchlow voted for Mr. Wright. The other members all voted for Christensen.

When the result of the ballot was announced Mr. Critchlow moved that the election of Mr. Christensen be made unanimous. The motion was seconded by Mr. Walker and Mr. Geoghegan.

There was an effort on the part of Mr. Moyle and Mr. Grangue to raise the salary to $3,000, and Mr. Critchlow wanted it reduced to $2,500. After some controversy it was decided to retain the salary of $2,800, formerly decided on by the committee.

After dispesing of the matter of superintendent the board took up routine business which required some time to transact. Clerk Moreton reported that the following teachers had declined positions in the schools:

Misses Annie Sackett, Blanche Hindman, Lizzie Featherstone, Mrs. Edith V. C. Palmer and Professor A. R. Hager. The following had refused to accept within the specified time: Misses Rosa Jenkins, Emma R. Martin, Mary F. Rickman, Laurette Hazelton, Mabel Y. Held, Mae V. Gilmore, Ruby Armstrong and J. F. Wooley and A. H. Beaver.

The treasurer submitted his report which showed $17,140.15 on hand May 31; received during the month, $242.63; expended for teachers' salaries and general expenses during the month, $33,598.55. The annual report showed that the $30,000 indebtedness authorized by the people by special election, $26,727.07 had been incurred at the close of the year.

The following teachers passed successfully the examinations for renewal of certificates:

Primary Department—Mabel A. Y. Held, Irene S. Emery, Bessie M. Chambers, Elizabeth Macpherson, Laura G. Buxton, Effie Deane Riddle. Unrenewable certificates—Nettie Meyer, Rosalie Cope, Martha G. Watters, Tena C. McKnight.

Grammar grade, renewable—Nellie Herman, Maggie Outcalt, Jessie Duncan, Mariza M. Clay, William D. Prosser, Elizabeth Fitzgerald, Mrs. Lois Miller, Emma J. Wright, Elizabeth Bain. Not Renewable—Mrs. Ella Dawson, Mrs. Aebia Fowler, Olive M. Thompson.

Special High school renewable certificate—Mabel Corbin.

The report further showed that 120 certificates had been passed on favorably by the committee.

Miss Elizabeth Bond of the eighth grade in the Jackson school, was granted a leave of absence for one year. The contracts for concrete on the State street school building and for the building and school supplies were approved.

The committee on buildings and grounds was directed to advertize for bids for the janitor's supplies for the ensuing year, and to expend $5,000 in kalsomining and cleaning during the summer vacation. The twenty-one boilers in the school buildings were insured for $2,000 each in the Hartford Fire insurance company, and $630 was appropriated to pay for the insurance.

The following named submitted applications for positions as teachers:

Alice Merrill Horne, John M. Cathcart, Esther Hall, Annie Adams, Elesa Heppler, Edna Harker, Cora D. Patterson, Ruth Winter, Tom W. Pinder, Lou Lewis, Geneva Knowlton, Belle Schofield, Albert M. Merrill, Emma Van Houghton, Florence Groesbeck, Nettie Meyer, Winona L. Smith, all of Salt Lake City; Ella C. Fitzgerald, Ogden; Fanny Crawford Burling, Mt. Pleasant, Utah; Laura C. Hurding, Westfield, Mass.; Fredericka C. Lord, Virginia, Nevada; Cora V. Heltzell, St. Louis, Mo.; Lillian Carroll Banks, Chicago, Ills.; Isabelle Stewart, Pueblo, Colo.; Marguerite Gallacher, Jackson, Wyo.; Ed. Rhodenbaugh, Denison, Ia.; Sara E. Morgan, West Chazy, N. Y.; P. J. Sanders, Murray, Utah; May Holmes, Chicago, Ills.; Alice Maude Mondy, Laramie, Wyo.; Alice Major, Valparaiso, Ind.; Joseph Baille, San Francisco, Cal.

## MISS HOLTON RESIGNS.

### Prominent Primary Supervisor Accepts Position in Minneapolis.

Miss Adelaide M. Holton, who has been supervisor of the primary department of the Salt Lake City schools for the past eight years, has accepted a similar position in the Minneapolis schools at a salary of $1,800 a year. Her salary here was $1,250, and her work in the Salt Lake schools will ever redound to her credit. She had many friends in this city, who will very much regret her withdrawal from their midst, both for professional and personal reasons, but they feel to congratulate her on the flattering recognition of her abilities that her new appointment signifies. During the five months intervening between the resignation of Dr. Millspaugh and the appointment of Mr. Cooper, Miss Holton acted as superintendent, with much credit. The position given her at Minneapolis can be attributed no doubt to her prize primer, and her work in the eastern summer schools together with her record in the Salt Lake City schools.

Miss Holton is at present visiting at her old home in the state of New York.

## VOTE FOR CARNIVAL QUEEN.

The vote for the queen of the merchant's carnival and street fair stood as follows this morning:

| | |

| Lizzie Hamilton | 41 |

# HARRIMAN WILL FIGHT ASSESSMENT

## Railroad Magnate Strenuously Opposed to Increased Taxation.

## TO TEST THE NEVADA LAW.

**Recent Raise by the Legislature in the Valuation of C. P. Property Cause of Bitter Strife.**

San Francisco, July 3.—E. H. Harriman is preparing for a strenous fight in the courts to set aside the recent increase of the Central Pacific assessment in Nevada. The Nevada assessors added $5,000,000 to the former valuation of the road by increasing the rate from an average of $11,000 a mile to $20,000 a mile. Other roads in the state were raised about 40 per cent and by these means the state assessment roll was increased from $26,000,000 to $40,000,000. The Nevada people are determined to maintain the legality of the assessment which was advanced under a law of the last legislature putting all the railroads in a separate class for taxation purposes, regardless of differences of gauge. The railroad people contend that such a classification is illegal.

### LEAVE FOR THE COAST.

**Directors of San Pedro Road Go West This Morning.**

This morning the balance of the visiting directors of the San Pedro, Los Angeles & Salt Lake road left for the coast over the Southern Pacific. The party, which occupied Vice President R. C. Kerens' private car, consisted of Vice Presidents Kerens, Clark and Gibbon, Director Thomas Kearns, R. C. Kerens, Jr., Colonel Frederick W. Schaurte, Colonel Manson and Bishop Scanlan, who accompanies Senator Kearns to Los Angeles.

Before leaving Mr. Kerens expressed himself as being very much pleased with the outcome of the meeting here and again reiterated the statement that the road was going to be built. More surveying parties, he said, were to be put in the field and the most direct route between Los Angeles and Salt Lake, with due regard to the topography of the country, would be chosen. He stated that no expense would be spared to make the enterprise perfect in every detail. The promoters were not worrying at all about the financing of the road, he said, and everything generally looked good to him.

### ELKS AT OGDEN.

**Number of Railroad Men to Participate in High Jinks.**

The local Elks have chartered a special train over the Oregon Short Line to Ogden on Tuesday. The herd, accompanied by the four-legged elk and amber condiments in the baggage car, will leave Salt Lake at five o'clock flying purple signals. The occasion of this migration to the village up the line is the installation of a brand new lodge at the Junction City; just when the Elks will return to their pasture here is at this time problematical as while booking their special train they asserted that they wanted to be hauled back when they "were through." The affair will in every sense of the word be a railroad event. In all there are to be fifty-five Elks installed, and they number among their ranks some of the prominent railroad men of Ogden. Among the victims who are to be initiated are Charles Henry, the ticket agent at the Union depot; J. F. Baker, superintendent of the Pullman service; John Seese, assistant superintendent of the Pullman service at Ogden; J. W. Shesly, chief clerk to the superintendent of the Southern Pacific; Charles Weber, superintendent of the street car company; John Conlisk, chief of police; Charles Kircher, cashier of the Bear River Canal company; Dr. Joyce, Thomas Jones and a number of other prominent citizens. The local Elks say that they are going to wake up Ogden as she has never been disturbed before.

### HILL IN NEW YORK.

**May Confer with J. P. Morgan Regarding Appointment of Miller.**

New York, July 3.—The Tribune says: James J. Hill, president of the Great Northern Railway company, will arrive in this city a day or two after the Fourth, and his presence here just about the time that J. Pierpont Morgan returns from abroad is regarded by Wall street as a matter of more than passing importance. It is said that Mr. Hill will urge upon Mr. Morgan the appointment of Darius Miller, second vice president of the Great Northern as general traffic director of that road, the Northern Pacific and the Burlington.

### ANOTHER SALT LAKE ROAD.

**Shortest Line to Utah Incorporated in Denver with $5,000,000 Capital.**

Denver, July 2.—A new short line railway that will decrease the distance by rail between Denver and Salt Lake is projected by the incorporators of the Denver & Salt Lake Railway, Tunnel & Mining company, that filed papers with the secretary of State today. It is capitalized at $5,000,000. The incorporators are J. E. Ratchford of Syracuse, N. Y., and John J. Reilley, D. W. Hannum, L. N. Cullis and David J. Kelly of Denver. The company intends to complete and use the Atlantic & Pacific tunnel, projected by "Brick" Pomeroy, which Mr. Hanford bought at sheriff's sale on March 4th last. It is proposed to begin construction work next spring.

**Conference of Auditors.**

An Associated Press dispatch from Omaha says: The conference of railway auditors connected with the Harriman lines, which began here yesterday, was continued today at the office of Erastus Young, general auditor of the Union Pacific. The entire auditing staff of the Union Pacific, are making an exhaustive study of all the auditing departments. The ticket, freight and disbursement offices are being taken up separately and the systems of auditing the accounts of both roads are to be made uniform, in order that the big systems may work more in harmony.

**Resolutions from Employes.**

The following resolutions drawn up by the representatives of Salt Lake Union 106 of the International Association of Machinists and signed by E. J. Hall, John Matheson, William Pickering, Joseph E. Harries, William Coath, J. H. Mitchell, John C. Smith, A. E. Jarman, W. C. Brown, D. McGraw, R. F. Smith, were forwarded to Denver today:

"General Palmer, president, and Colonel Dodge, second vice-president and general manager:

"We, the employees of the Rio Grande Western railway, desire to express our thanks to you for the courtesies extended during your administration, and for the due consideration shown the employees of the company.

"We realize that we are about to part with friends, and though our ways may lay apart, we trust that success and happiness may attend you in all your future undertakings.

"Resolved, That a copy of this resolution be presented to President Palmer and Vice-President Dodge, and that a copy be printed in each of the daily papers of Salt Lake.

### SPIKE AND RAIL.

The Oregon Short Line announces a number of specials for July 4.

Assistant General Passenger Agent George W. Heintz is in Denver.

R. S. Ruble, traveling passenger agent for the Union Pacific at Ogden, is in town today.

Railroad dispatches bearing the Salt Lake date line are appearing in all the papers of the United States.

John Quinn, agent of the Pennsylvania Railway company at Kokomo, Ind., and Mrs. Quinn are visitors in Salt Lake.

According to the Ogden Standard the depot site on the cut-off at West Weber has been selected and approved by the Southern Pacific company.

To quote a prominent railroad official, "The Rio Grande Western has now settled down to the even tenor of its way. Mother and child doing well."

Rio Grande Western freight and passenger solicitors are now urging shippers to route goods over the Utah-Colorado lines to the practical exclusion of the Colorado Midland.

During the past two days the Rio Grande Western has handled 1132 returning volunteers from the Philippines. No. 6 again came in in two sections today on account of the troops going East.

Eighty-pound steel rails will shortly be put in over the entire Short Line system in Montana and Idaho. The lighter rails which will be taken up will be utilized in the southern extension towards the coast.

There was a rumor going the rounds last evening to the effect that Senator Clark would build from Salt Lake to Butte as soon as the San Pedro road was well under way. The story, however, could not be substantiated.

Manager Bateman, of the Salt Lake & Los Angeles, is busy today preparing for the big business at Saltair tomorrow. In anticipation of the big Fourth of July business he has borrowed some additional equipment from the Rio Grande Western.

The Oregon Short Line will run another Kolitz excursion to Ogden on Sunday. Free punch will be served on the train and every lady passenger will be presented with a box of candy. A trout and chicken dinner in Ogden canyon will also be a feature. Bicycles and baby carriages will be carried free.

The Railway Age: "Construction work is now proceeding on several thousand miles of lines, and between 3,000 and 4,000 miles of track will be added in the next six months unless financial conditions show an unexpected and unlikely change. The only thing liable to make any delay is failure of the now busy rail mills to fill their orders on time."

## AMUSEMENTS.

"The Mikado" was witnessed by a second good audience last night, though the house was not crowded. The atmosphere was delightful, and no one complained of the heat. The illustrated songs, especially the "Please don't put me off the train" were vociferously applauded.

A special matinee will be given tomorrow, the Fourth.

It is not at all surprising to note the clock-work-like regularity and precision of the Wilbur-Kirwin Opera Chorus, when the truth dawns upon you that every member of the company is personally interested in giving a uniform performance on account of the thoughtful consideration of their rights and privileges by Miss Kirwin, who was herself at one time a bright and shining light in the ranks.

### WILL FORFEIT GAMES.

**Salt Lake Club Will Not Go to Ogden on the Fourth.**

The schedule of the Intermountain Baseball league calls for two games here on July 4th. The Salt Lake club was to go to Ogden in the morning and play Park City in the afternoon, but as the situation is at present, the prospects are good for only one game here. It had been practically agreed between the management of the Salt Lakes and lobsters to transfer the morning game to this city, but later it developed that some of the directors of the Ogden team objected to this arrangement and insisted on playing the game as per schedule. Now the Salt Lakes manager comes out with the statement that rather than go to Ogden the game will be forefeited. In that event it is more than likely that the lobsters will forfeit the game set for the 14th, and then, as "Pink" Hawley says, it will be a tie between collar and shirt.

In the morning here, the Lagoons will play Park City, and go to Ogden for the afternoon.

**The same Old Story.**

J. A. Kelly relates an experience similar to that which has happened in almost every neighborhood in the United States and has been told and re-told by thousands of others. He says: "Last summer I had an attack of dysentery and purchased a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which I used according to directions and with entirely satisfactory results. The trouble was controlled much quicker than former attacks when I used other remedies." Mr. Kelly is a well known citizen of Henderson, N. C.

## "THE NEW YORK CENTRAL"

Is the

"NATIONAL RAILROAD OF AMERICA."

In its Issue of May 9, 1901, This Item Appears:

"In the special issue of postage stamps to advertise the Buffalo Exposition the Postoffice Department has done honor to the New York Central Railroad, the greatest mail carrier in the world. The one-cent stamp represents the lake navigation with which the Central Railroad connects; the two-cent stamps, the famous Empire State Express train; the four-cent stamp, the automobiles used in the Central Railroad Cab service; the five-cent stamp, the Niagara Falls bridge, past which the Central trains dash; the eight-cent stamp, the locks at Sault Ste. Marie, through which the Central Road steamers pass, and the ten-cent stamps, the ocean steamers with which the New York Central lines connect and ticket passengers to every part of the globe. This unprecedented recognition by the government establishes the New York Central as the National railroad of America."

**A Good Reputation.**

"The way to gain a good reputation is to endeavor to be what you desire to appear." That is precisely the manner in which Chamberlain's Cough Remedy has gained its reputation as a cure for coughs, colds, croup and whooping cough. Every bottle that has ever been put out by the manufacturers has been fully up to the high standard of excellence claimed for it. People have found that it can always be depended upon for the relief and cure of these ailments and that it is pleasant and safe to take.
