LOCAL BRIEFS.

Joshua H. Littlefield and Clara M. Peck were united in marriage yesterday afternoon by Deputy Clerk George S. Blair.

Funeral services over the remains of Mrs. Angel Nor Sutherland were held at 1:30 o'clock this afternoon from the residence of Mr. and Mrs. E. M. Wilson.

In a few days the Rev. Festus Foster will arrive in Utah from Oklahoma and will take charge of Congregational School work in Salt Lake, Mammoth mine in the Tintic district.

The vacancy in the staff of the public library is to be filled by Miss Louie Wenger, who has been appointed assistant by Librarian Chapman, in confirmed by the board of trustees.

The Association of Veteran Artillerymen has concluded and will, on June 1, the anniversary of the birth of the late President Brigham Young, fire a salute of forty guns at 9 a. m., somewhere near the head of East Temple street.

Superintendent Cooper of the public schools has called a special meeting of the teachers for next Saturday morning in order to be more specifically with them. The meeting will take place at the high school assembly room.

Tomorrow afternoon Principal Clark of the high school is to meet with the teachers of the eighth grades to consult with them on matters pertaining to the transfer of students to the high school. The meeting will take place in the superintendent's office.

Some of the patrons of Dodo's restaurant were almost startled into a fit yesterday afternoon when the sign of K. S. Evans in the throes of a fit which came upon him while he was waiting upon Mr. Dodo, was displayed by Dr. W. F. Burr who brought his around in a few minutes.

The depositions of Carlos Young, a member of Battery B, Utah Light Artillery, now in the Philippines, have been received by County Clerk Dunbar. They were taken before United States Consul Williams at Manila and will be used in the trial of the case of **Frank Shurtz** vs. **A. F. Fritzsche**.

Major Thompson of the Twenty-fourth infantry, who is now at Wardner, has wired Mrs. Thompson to the effect that he hoped to be able to reach the place in time to come to Franklin. As soon as Major Thompson departs, the command of Fort Douglas will devolve on Captain Leavell.

Joseph H. Wallace and Ella Allison, two Ogden young people, each aged 21 years, came down from their home in the Junction City last evening and quietly invaded the office of County Clerk Dunbar, where they procured a marriage license and went away to hunt up the parson.

The report that was circulated here to the effect that Private John Rogers of Battery B, Utah Artillery, was wounded, is a canard. Rogers, his father, has received a letter from his son, who notwithstanding the intelligence the writer had been confined to the hospital for some time, but that he was still U. S. at present.

Eddie, the 12-year-old son of Mrs. F. W. Haines, came very near being killed by being thrown from a horse, his head striking a telegraph pole with the cable stems and the animal falling upon him. The little fellow was carried home in a senseless condition, but finally brought around all right and rested well last night.

The arduous task of writing the valuation notices for the year 1899 is being pushed in a rapid competition in the county treasurer's office. Considerably over one-half of the notices have been written and will be ready for the mail the first of next month. In order that the work may be turned in in time to be reviewed by the county board of equalization, the business must be sent out before June 1st.

The famous labor leader and president of the American Federation of Labor, Samuel Gompers, will favor Salt Lake with his presence from the 15th until the 19th of the present month. It is expected that he will deliver an address on the labor question in one of the theaters or at Assembly Hall. Definite arrangements are being made to give the distinguished visitor a rousing reception.

Sergeant Burbidge picked up a pocket book at the Rio Grande Western depot this morning. It contained over $21 and a railroad time table. The owner could be with equal ease rushed up to him and stated that he had had his pocket picked and that he had lost his ticket together with $200 in cold cash that was in the book. The man said he didn't care so much about the money as for the loss of that he mourned. After considerable talk the sergeant produced the book and handed it to the grieved party, and the grieved gentleman, as of the public money this wallet is just $17 shy, it can't be yours. Burbidge passed the money back to the owner, who with his eyes brimming with tears, handed the officer, as a small token of his esteem and regard—his thanks.

"WEDGE" OPEN FOR PRIVATE SALE

Instructions Received Concerning It at the Utah Land Office.

ORDER IS VERY IMPORTANT.

Believed that the Disposition of Lands Will be of Assistance to Officers in Suppressing Crime.

Mr. Frank H. Hobbs and assistants at the Land Office have their hands full. The latest order to them from Washington is to the effect that the strip of land, commonly known as the "wedge" between the Uncompahgre and Uintah, is thrown open for private sale. The Wedge in question is a small tract of land occupied by saloon men and other traders who drive a sub rosa trade with the inhabitants of the two reservations. This is the section where an effort to avoid the payment of rents has recently been committed and it is believed that the disposition of the lands by private sale will be of great assistance in suppressing acts of crime. The instructions come direct from the department of the interior, general land office, Washington, and are addressed to the Utah register and receiver. They read as follows:

"Washington—Pursuant to directions from the honorable secretary of the interior dated January 20, 1899, you are advised that all of that portion of the Uintah Indian reservation lying in township 1 and 2 south, range 5 east, Uintah special meridian, referred to in the Act of May 24, 1894, (27 Stat., 62), is hereby made subject to disposal at private sale on the following terms, to-wit: The non-mineral lands at the rate of $1.25 per acre, and the mineral lands at the rate of $2.50 per acre, and $5.00 for lode claims, per acre.

"You will be governed by the instructions on page six of the circular of October 20, 1896, under the title of 'Mode of proceeding in making cash purchases,' and require every purchaser to furnish an affidavit stating that he had not theretofore purchased under such act a quantity of land which with the tract or tracts applied for would exceed the quantity of a section, in addition to which purchasers of non-mineral lands must also furnish the usual noncollusive affidavit, form 4-02. Receipts and receivers should not be allowed to issue the final certificate or attempted to be issued, be completed under the first publication in the second section of this act, but will require, aside from the regular fees, or commissions, or both, as the case may be, a payment at the rate of $1.25 per acre for non-mineral lands and at the rate of $2.50 per acre for mineral lands.

"You will make a reference on the papers of all entries showing that they were made under the act, giving them a special or new series of numbers and report the same monthly. You will post notice hereof in your office in a conspicuous manner and cause publication thereof to be made as an item of news.

BINGER HERMANN,
Commissioner.

John Jensen of Bennion, Summit county, 120 acres of section 22 in township 4 north of range 2 west.

Moses A. Harris of Gunnison, Sanpete county, 160 acres in section 13 in township 17 south of range 1 west.

Abraham Chatterton of Avon, Cache county, 160 acres in section 22 in township 9 north of range 1 east.

CONTRABAND SHEEP.

Colonel W. T. E. May will leave today for Utah to observe on the part the effect of the recent order of the government forbidding the presence of sheep on the Uintah forest reservation. He may be a receiving many inquiries by letter concerning the status of the contraband sheep which are now on all the forest reserves in Colorado, Wyoming and Utah with the single exception of the Sierra Park reserve, where night conditions prevail and it is necessary for the owner of the sheep to be an actual resident of the region.—Denver News.

I consider it not only a pleasure but a duty I owe to my neighbors to tell about the wonderful cure effected in my case by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. I was taken very badly with flux and procured a bottle of this remedy. A few doses of it effected a permanent cure. I take pleasure in recommending it to others suffering from this dreadful disease—J. W. Lynch, Dorr, W. Va.

NO ACTION YET IN M'COY CASE.

Board of Education Wrestles with Matter of Corporal Punishment.

CITIZENS CRITICISE BOARD.

McCoy Will Probably be Retained—Citizens' Remonstrance Asking for a Hearing.

The case of Principal McCoy was considered again last evening at a meeting of the school board. No decision was rendered. The matter will be considered further on Friday night. It is understood that three members—President Nolden, Mr. Hoyle and Mr. Bamberger—favor the dismissal of Mr. McCoy; that six members—Messrs. Henderson, Newman, Wilson, Young, Stevens and Walker—favor his retention, and that one member, Mr. Critchlow, is not yet decided on the matter.

CITIZENS PROTEST.

A large number of citizens had assembled to hear the proceedings had, but the board decided to hold a private meeting and continued in secret session till nearly midnight.

The parents who had come to attend the session were friends of Principal McCoy. After their patience had become exhausted they had left the meeting of the board to begin, they elected J. R. Hoxley chairman of a meeting of their own, and resolutions were prepared, were declared in order, short speeches appropriate to the occasion were made by Judge O. F. Goodman, Rev. M. Dewey, Judge Harris, A. J. Shurtleff, James G. McAllister, F. A. Dee, George H. Ingham and others.

The substance of the resolutions and speeches and with being influenced by some sinister motive in requesting Mr. McCoy's resignation. In addition to the protests from pupils and parents heretofore mentioned, there was a protest from 181 teachers and principals, who represented that, in order the present standard of discipline in all the Salt Lake city schools may not be lowered, Principal McCoy should not be removed. There were no counter-protests or petitions except that of Mr. and Mrs. Robert Mulhall.

The following resolution was passed unanimously:

"Resolved, That we, the patrons of the Church school, assembled here for the purpose of publicly expressing our sense of the injustice W. J. McCoy as principal of said school or his transfer to another school, refuse, as we believe, to be a party to the action of the board in secret session, believing the question to be a public one and one which should be settled in public, that the public may know what is being done, and therefore demand a public hearing."

Attorney James M. Dooty was delegated to read the resolution to the board. The board refused to accept the demand of the resolution, but the reporters were then admitted to the secret session.

BOARD PROCEEDINGS.

In the secret session Mr. Critchlow read the minutes of the meeting of the committee on teachers against Principal McCoy, and a letter from Mr. and Mrs. Mulhall threatening to sue Mr. McCoy and Miss Caldwell, the boy's teacher, unless both were dismissed from the school. Mr. Mulhall had commented to be the matter drop, on the assurance that Mr. McCoy would be dismissed.

Superintendent Cooper, President Nolden, Mr. Bamberger and Mr. Hoyle thought Principal McCoy had not violated the rules, and that his asking his resignation at their discretion, as requested.

Mr. Hoyle favored the principal's dismissal because he believed he could not now maintain discipline in the school, and that Principal McCoy, Mr. Nolden said the punishment was not very severe, the skin on the boy's back was not broken.

Judge Henderson announced himself now decidedly opposed to dismissing the principal or transferring him to another school.

Mr. Newman said he favored Principal McCoy but voted dismission with Mr. Bamberger after he had an effort to induce the merely pupil.

Mr. Young believed the proposition to give the principal charge of another school would seriously impair the discipline in all the schools. He favored retaining the school board in its entirety, and if the school board in its opinion the dismissal of Professor McCoy would give unity more harm than he as they planned in and out of school.

No action was taken and the board adjourned to Friday evening.

KEEP YOUR BOYS IN.

Police Intend to Enforce the Curfew Law Henceforth.

The first grand round-up of the violators of the curfew ordinance occurred last night when the police officers hunted fifteen youngsters in various stages of grief and contrition who were on the streets after 8 p. m. The names of the boys who were rounded up were Joseph Bonnel, Chris Rockefeller, Clarence Johnson, Arthur Johnson, Willie Arnold, Jay Bagshaw, Louie Bagnon, Willie Bagnon, Charles Thomas, Louis Eisner, Bert Sainsbury, Homer Cottrell, Willard Pitt, Tom Powell, George Williamson. The last named boy was released by Officer Hansen at the request of Thiel South and East Temple street where his role were the house of gambling is big enough for the boy to run errands and eventually the patrol wagon. The lad avowed he was over 16 years ago but notwithstanding the fact he was sent off to the city hall where his father put in an appearance and subsequent to the statement that the coach was sent on his way rejoicing.

The rest of the fearful aggregation received a stiff lecture from the city who ultimately let them go. The round-up will again take place this evening promptly at 8 o'clock and promises to be full of varied incidents and excitement.

RED MEN AROUSED.

Report that Utah Utes Threaten Retaliation for Death of Tribesman.

Indian officers expect to have trouble with the White river Utes in Utah in the course of two months, says the Denver News, for the reason that this tribe of redskins has expressed a determination to cross into Colorado and retaliate for the death of two of their number at the hands of game wardens on Grand river.

H. P. Myton, Indian agent at White River, Utes, was at the Albany yesterday and he left last night for a brief trip to Chicago. The Indians under his charge are the Utes, Uncompahgre and White River Utes, the latter contingent being of about 300.

"The White river Indians," said Mr. Myton, "are those who are responsible for the death of the game wardens, and they are a bad class. It is not improbable five or six of their leaders will be sent to Florida before the year is over. They have not yet made their minds crossing into Colorado and no amount of reasoning will get them to agree not to attempt it.

"After the Morse massacre these Indians were required to pay $1,000 a year apiece to the government. When they heard of the killing of their tribesmen in Colorado while the latter were on a hunting trip, they drew the conclusion that an indemnity was due them. As Washington has not seen fit to settle, they will wait until the time of the interesting years go down and then attempt to crack with the idea of taking possession of the Montezuma county lands, which formerly belonged to them. The troops at Fort Duchesne will be prepared for them and Washington will show the redskins that it is uprising is attempted. E. H. Harper, a government engineer, recently tried to negotiate with the Utes, but became sorely and accused him of being a land speculator, who was trying to rob them.

"The Utes have not forgotten the old, old, recent possession of their lands of day in the United States. They are supposing that the Morse work and $1,000 worth of goods recently purchased is being put to good use."

AN IDEAL SOLDIER.

Commenting upon the brief, brilliant life and untimely death of Lieutenant Grove, as well known in Utah, the Pittsburg Leader says: "Personally Lieutenant John C. Grove was an ideal soldier. He stood six feet more half inches in height, and to a fine physique added grace of person and bearing which made him a fine-looking soldier wherever known. He was one of the crack marksmen of the regular army, holding the second and having a full set of medals and badges in various competitions. Grove's father died a year ago. At the time the young man was in Cuba he was the ranking officer of the regiment, and was unable to leave to attend the funeral. His mother died a few days before, several years. Mrs. John Kirk of Sharpsburg is a sister. Two brothers, Grove and Charles, are residents of the State of Washington."

BRAVERY OF A BATTERY B BOY

George Wardlaw of Battery B, Utah volunteers, has the tribute paid to his bravery by Freedom, the paper published at Manila by Dean Worcester of the city. "Last Wednesday the breech-block in a Utah gun got in of order and Corporal Wardlaw was sent to the front with a new one. When right close from his destination his mule became frightened and was so unmanageable that it could not proceed. It was night and the road was through a rice swamp. Wardlaw left all the passengers made themselves comfortable where they were, all but Wardlaw. He had business in front and could not be persuaded to remain. One of Utah's guns was disabled and the brave corporal was the only man who had no rest as he had the means of fixing it. The breech-block was a mere of steel weighing about 50 pounds. Wardlaw was eight miles. Corp. Wardlaw was still weak from recent sickness, but he did his work and was back at the Utah's camp at 7 o'clock. Such is the American soldier, and no wonder the Filipinos cannot withstand him."

The accounts received that rheumatism was the work of a demon within a man. Any one who has had an attack of acute rheumatism claims that the demon within is right when he demonstrates enough to warrant the belief. It has so well established a claim that the Internal Pain Killer, would not call demons, but it will sign theumatism, and hundreds have volunteered to the truth of this statement. One application relieves the pain, and this quick relief is what it proves is alone worth many times it cost.
