# SECOND EDITION.

## DESERET EVENING NEWS.

Wednesday, August 24, 1892.

### LOCAL BREVITIES.

Frank Leslie's Financial Weekly for August 25 can be had at the Utah News and Stationery company's store.

PLUMBER and fitter J. W. Farrell was arrested by the police this afternoon on a charge of violating the plumbing ordinance.

P. W. MADSEN, of our city, who has been on a visit to Europe, accompanied by Mrs. Madsen, and two of their children, has returned home.

THREE new members, Joseph F. Smith, George Teasdel, Jr., and Angus M. Cannon were admitted members of the Chamber of Commerce last evening.

FRANK DANIELS and Harry Julian, the boys brought back from Wyoming by Sheriff Dyer, will shortly be tried for the Commissioner Norrell fire evening.

ONE of Gallenot's deputies was given a sound thrashing by Ex-Police Officer Lange this afternoon for assisting his wife to prevent him carrying off a pet canary. A warrant was issued for Lange's arrest.

A JOINT meeting of the members of the Transportation Bureau and Chamber of Commerce was held last evening. A resolution endorsing the action of the president and secretary in the protest filed with the Union Pacific was carried with only two dissenting votes.

### APPLICATION FOR PARDON.

Executive Clemency Asked for Ticket-Forger Gifford.

Governor Thomas has received a petition signed by C. E. Wantland and a large number of others asking that Frank Frank R. Gifford, who was convicted of forgery in the Third District court and sentenced to imprisonment for one year on the 8th of April last be pardoned. Gifford's offense consisted of changing the date on a railway ticket from little city to Provo, over the Union Pacific.

### New Mining Company.

Articles of incorporation of the Granitaville Mining and Milling company were filed with Territorial Secretary Sells this afternoon. The general office and principle place of business of the company is Salt Lake City. The amount of capital stock is $250,000, divided into 500,000 shares of the par value of $1 each.

The incorporators are:

| | Shares. |
|---|---|
| John T. Hill | 10,000 |
| Willard Luther | 10,000 |
| William Kinney | 10,000 |
| Willard T. Hoskins | 10,000 |
| Treasury stock | 70,000 |

Mr. Kinney is president; Hill, vice-president, and Hoskins secretary and treasurer.

### LATEST COURT NEWS.

Suits Filed This Afternoon: One of Them Against a Life Association.

The suit of Sarah Jane Wilson vs. the Mutual Reserve Fund Life Association of New York was filed in the Third District court this afternoon. The complaint sets forth that on July 26th, 1889, the defendants, in consideration of an admission fee of $8, annual dues of $5, and the payment of bi-monthly mortuary calls, executed to plaintiff a policy of insurance on the life of her husband, William Henry Wilson, who died on September 11th, 1891. In October of the same year plaintiff furnished the defendants with proof of his death, and fulfilled all the other conditions of the policy, but no part of the $1000 since thereon has been paid. This amount is now claimed, and costs of suit.

ON PROMISSORY NOTES.

L. E. Cassity also brought suit this afternoon in the Third District court against M. G. Cochrane and L. D. Kinney, to recover $200 on a promissory note, with interest at one per cent per month.

The Salt Lake Valley Loan & Trust company has also filed a suit against John Johnson and Jane Ann Johnson, his wife, to recover $2500, with interest at ten per cent, per annum from October 1st, 1891, attorney's fee, and costs, on a promissory note and mortgage.

ABSTRACT OF JUDGMENT.

Abstract of judgment rendered in Justice Hall's court was filed in the Third District Court this afternoon in the case of Held, Murlock & Co. vs. J. J. Greenwald. The Justice's decision went in favor of the plaintiff for the sum of $177.55 and costs taxed at $7.25.

ADMITTED.

Louis Berets, a native of Holland, and now residing in Salt Lake County, was this afternoon admitted to citizenship by Judge Anderson.

WITHDRAWAL OF ATTACHMENT.

In the case of the National Bank of the Republic vs. the Metropolitan Investment company et al., Judge Anderson today granted an order allowing the withdrawal of attachment for further service by the U. S. Marshal.

### YOUTHFUL PRISONERS.

The Provo Burglars Still at Large—A Newsy Letter from Our Special Correspondent.

The two young boys Johnson and Ritsey who were held to appear before Judge Blackburn for petit larceny, to see if they were fit subjects for the reform school, were today examined by his Honor. The parents interceded and asked that they might be punished at home. The court consented to return them to the lower court and later they were brought before Justice Gaul and sentenced to twenty days in the county jail. These boys are the first to occupy the new cells recently put in by the Pauley Jail Co.

Up to a late hour last evening no clue had been obtained to the thieves who entered Mr. Wall's jewelry store. The officers are very active in their endeavors to apprehend the offenders. The job was neatly done and shows that the parties implicated are old hands at the business. Some 14 watches were stolen from the warehouse at the Union Pacific depot, and with these implements it is supposed the entrance was effected.

The Physical Culture and Reform club, organized by Mrs. Ora Parker, held a meeting last evening at the H. B. Church. There were present a good many of our resting ladies, and all seemed sincere in the work of reformation. Already some of the ladies have adopted the styles presented by Mrs. Parker, and had them on exhibition last evening. The divided skirt will be introduced for horseback riding, and costumes for all occasions will be artistic as well as sensible.

Last week the Provo base ball team visited Ogden and met the boys of the Junction City. Two games were played, resulting in the victory for each. On Friday next the Ogdens will visit Provo and at the Lake for not the final game will be played. The result will determine the championship of the Territory.

Our local circus corps and bands are practicing up, preparatory to the coming campaign.

Many Chicago Hotels are to be seen on the streets at present.

It is reported that Mr. Rees Sunol will erect a fine business block in the near future. Mr. Sunol is thoroughly enterprising and an ardent believer in the success and prosperity of Provo. If this prospective building is carried into a reality, an attempt will be made to secure all the Federal court business transacted at this place. At present the county court house is used for all court business and few quarters are very much crowded, for there is scarcely sufficient room for county and city matters, without having to crowd all into one small building.

The Fourth ward Sunday school will spend today at our Lake Resort.

The Murray Brass band will give an excursion to Castella Springs on Saturday next. Provo experts her portion of the season.

Mr. Bryant Hinckley, of Fillmore, the young gentleman who carried off the oratorical honors at the B. Y. Academy last year, will have today for New York, where he will pursue a business course at the Pastolon Business College. Mr. Hinckley will go as a special, and will endeavor to pass his examinations so as to enter the Freshman class next term. Murdock, with his brother, also made a wonderful discovery the value of which it is impossible to overestimate. Electricity as an illuminant is now fast replacing its elder brother, but it is quite young.

For sixty years and more gas has been a familiar friend, and its civilizing influence has been enormous. Fuels, at the flame is compared with the brilliant arc light, seem as dim as candles do to gas. Murdock and Murdock, by their sickly oil lamps that did duty in our streets, and served only to make darkness visible, can justly be the proudest we ought to feel to the Christmas. Nothing has helped more to repress the ruffianism in our streets than this lighting up of dark places. It has in every sense been an enlightening power, and is not strange that a world that is to have forgotten the man who gave it.—London Public Opinion.

A Wonderful Music Box.

An interesting arrangement of musical instruments has been exhibited in this city for some time, but it has only been exhibited. The instrument has two ancient fifes of reeds, the regular action of the air pressure being located above and on top of the band containing the reeds. The fifes are mounted on a pedestal in similar to the keys of the organ, underneath the pedestal are two rows of bass pneumatics, one behind the other, and from an arm on each of these pneumatics hangs a wire attached to a bent piano wire, the outside bar has on the pressure or wooden rod connecting the keys of the instrument with the reed board valves.

By means of these levers, operated by pneumatics, the movement of the valves between and underneath the passage over the air board of perforated pipes. A peculiar characteristic of the motor which operates the musical, which distinguishes it from all other applications of the kind, is it adaptability to the music, the right hand music and the left to second, or vice versa. When the instrument is in operation the keyboard becomes a thing of life, keys dropping with the rapidity required by the educated organ player.—Philadelphia Ledger.

Young Love's Dream and Awakening.

Harry Hamilton, aged sixteen, and Annie Mead, aged fifteen, went to a neighboring city of Pennsylvania. They came strolling by a police station. Two years ago have engaged to be married. Owing to their youth, however, the engagement was kept a secret, as the parents contented to keep their peace.

Stanley Hamilton succeeded in getting a note to Miss Mead in a grocery pick-up. The young girl escaped from home and found Hamilton. They went to Camden and were married. They then went to Philadelphia for Wilkesbarre and stopped at Mrs. Hawkes on Fifth street. Hamilton had a ten dollar note. He gave it to the landlady, saying, "We are all for one week, anyhow, and we can get some more in peace."

The landlady handed him twenty two dollars and he left a week, but left his wife behind in hand. He failed to send and left his bills at the end of the week. The young wife then came here to Saturday and searched for her husband. Hamilton's Co. Philadelphia Record.

The Cross Bones.

Five hundred dollars in cash, half their genuine flat rock five gallon stills from Boston, Mass. Recently there was stolen from the warehouse at the Union Pacific depot, and with these

## TODAY'S TELEGRAMS.

The Ravages of the Cholera in Hamburg—Extremely Hot Weather.

FRENCH MILITARY OFFICERS JUSTLY PUNISHED.

Good Harvest Expected in Canada—The Railroad Strike—Murder and Suicide.

By Telegraph to the Deseret News.

### HAMBURG STRICKEN

300 Cases of Cholera Reported for Monday Yesterday.

LONDON, Aug. 24.—A Hamburg special says the cholera has spreaded to all parts of the city and suburbs. Thirty-five cases were reported for Monday. There were 219 cases and 130 deaths. Several of the most infected streets are closed. Dr. Koch declares the epidemic is caused by the Asiatic cholera. The temperature is 97 in the shade.

### CRUELTY TO SOLDIERS

Two Generals and Four Colonel Retired from Active Duty.

PARIS, Aug. 24.—Owing to the many cases of scandals that occurred among the French troops during the matches and maneuvres held during the intensely hot weather of the past two weeks, inquiry into circumstances was held by order of de Freycinet, the minister of war. The court of inquiry has made its report, which shows that the movements of the troops were entirely uncalled for and could have been postponed with no detriment to the service, until the cooler weather set in. The court recommended that the officers who were responsible for the holding of maneuvres during such terribly hot weather should be retired. In accordance with this recommendation two generals and one colonel have been placed on the retired list.

Promising Crop Prospects in Canada.

TORONTO, Ont., Aug. 24.—Reports received from all parts of the Dominion by grain merchants give promise of a good harvest in every part of Canada. In some sections the yield is not so large as anticipated, while in others it is beyond expectation, and on the whole the crops will be larger in quantity and of more satisfactory quality than last year.

Murder and Suicide.

DENVER, Aug. 24.—Last night Thomas Smith shot and killed his wife and then suicided on a ranch near here. The couple have been living separate. Smith went to Denver for the purpose of killing his wife.

Cholera Recovering in Russia.

ST. PETERSBURG, Aug. 24.—The official returns show 2501 new cases of cholera and 1091 deaths in Russia yesterday. The decrease is 1301 cases and 779 deaths, compared with Monday.

Missing Steamer Arrives.

NEW HAVEN, Conn., Aug. 24.—The missing steamer "Hey Dream," arrived safely this morning with her passengers.

Knights of Pythias.

KANSAS CITY, Aug. 24.—The Knights of Pythias drilling at Camp Shaw began promptly at nine o'clock this morning, and will continue each day of the encampment.

The supreme lodge held its second session today. The work consisted principally of the consideration of the reports of the various supreme officers.

SWEENEY'S COUNCIL.

No Important Results Expected From It.

BUFFALO, Aug. 24.—The impossibility of Chief Arthur's attendance or the refusal to participate, has lessened public interest in Sweeney's conference, and it is now believed that with Sargent departing today no positive results will follow the council called by Sweeney. In the meantime there are strikers on only three roads, West New York, Lackawanna and Buffalo and Rochester and Pittsburg, where men quit yesterday afternoon. All these roads claim to be replacing the strikers.

Want Double Pay for Sunday Work.

ROCHESTER, N. Y., Aug. 24.—The night force of the New York Central switchmen, employed at East Rochester, struck early this morning and late the day force also struck. Their demand was double pay for Sunday work.

Later—After a conference with the railroad officials, they resumed work, pending the consideration of their demands.

People's Party.

BOSTON, Aug. 24.—The national executive committee of the Peoples party has been called to meet in New York tomorrow, to establish eastern headquarters, and thoroughly organize the party in New York, New Jersey, Pennsylvania, Maryland and the New England States.

SENATOR HOAR.

A Letter on the Subject of Home Rule for Ireland.

WORCESTER, Mass., Aug. 24.—Rev. Dr. J. P. Gundy received a letter today from Senator George F. Hoar, now traveling in Europe, coming with the home rule question in Ireland and the duty of Irish Americans in aiding the Irish representatives in Parliament. Senator Hoar says: "I think the American friends of home rule for Ireland are in a condition to exercise great influence upon the future progress of that cause and to make what seems to me a very great disaster, (disunion), with his majority of 42, has to encounter a hostile House of Lords, a hostile press, the hostile sentiments of the upper classes and of the rich, and, it is turn out, a hostile queen. It (disunion) seems to be disguised or to die, it is hard to see where a leader could be found who would be so unwise as to attempt to unite elements could be united in any steady policy. If the Irish friends of home rule make unreasonable demands, or even if they make the full extent of what are clearly reasonable and just demands, and disunion should in that way lose his majority of 42 in an overwhelming anything, the consequences may take more to postponed to a very distant day, indeed. It seems to me, therefore, that America ought to utter yet more, which has been so influential in the cause of home rule, surrounding the Irish representatives to be united for the time being with letting one step forward step. Even if they shall not for the time being gain anything which they desire, such a step, once taken, will never be retraced."

A Million to Be Sent to Europe.

NEW YORK, Aug. 24.—In Von Hoffburg's City, a French restaurant, gold coin for shipment to Europe leaves now by the steamship "Finest Britain."

Shot at a Dance.

TAYLORSVILLE, I. T., Aug. 24.—Thomas Bourque, a desperate character, fiddled violin music for a dance last night. After the dance was over, Bourque drew a pistol and pointed at Rosy Sutton, a well known citizen, and said: "This is the way my brother used to do in the Indians." Three shots followed, and Sutton fell dead. A posse is after Bourque.

AMERICAN LAWYERS

Meeting at Saratoga of the Bar Association.

SARATOGA, Aug. 24.—The American Bar association met here this morning and was called to order by President John F. Dillon. There was a full attendance of members of the legal fraternity from almost every State in the Union.

President Dillon after the preliminaries of organization were gone through, delivered his annual address. The business of the session will be the discussion of the report of the committee on international law. The committee will submit an exhaustive review of the question whether "Any legislation by Congress is desirable and practicable to give the courts of the United States jurisdiction over criminal proceedings for acts of violence to persons or property of aliens committed by citizens of the United States." At last year's session of the association a committee was instructed to make recommendations on the subject at the present session.

Transcontinental Railroad Association Election.

NEW YORK, Aug. 24.—The meeting of the transcontinental railroad association, result of the general call sent out from St. Louis headquarters by Chairman Young on August 9, was called to order this morning. The principal object of the meeting is to settle the question relative to the matter of the division of the payment of a yearly sum of $5,000 to the Southern Pacific Company. The general impression seems to be that the South Pacific Company will be asked to pay the entire amount.

The question as to the selection of the east bound rates is also one of considerable importance. Chairman Young presided at the meeting at which were represented nearly all the transcontinental lines.

A Railroad Car Blown Up With Dynamite.

PITTSBURG, Aug. 24.—A car loaded with steel rails was blown up with dynamite on a side track in the Allegheny railroad this morning. The car was consigned to the Carnegie company. The dynamite was placed under the car under the very noses of the officers on guard. There is no clue to the perpetrators.

A detachment of a company of the Twenty-third regiment at Hoboken, in command of Lieutenant J. F. Hunter, was ordered to the Jersey side to the freight yard of the New York Central at Michigan early this morning. At 3 o'clock they had reported that the coupling pins of the freight cars were being pulled, and a detail was sent out to ask for permits who were doing this work. Twenty-four men acting suspiciously and gave chase to them. A number of shots were fired by the soldiers, and two men gave themselves up. The others escaped. The prisoners were taken to court this morning and held to the grand jury at Hoboken. It is now learned that a number of switch levers, main connectors and yard men have also stuck with the swimmers, making city in all. All are now at work again, but they do not take the strikers.

Early this morning a Lehigh Valley engine was backing a work train in East Buffalo when it struck a switch tender named Delaney of Company D, Twelfth N. Y. He was taken to the emergency hospital, where the doctors cannot say whether or not he will survive.

Cutoff Breakers.—Under the present circumstances it would be unwise to remove any things. We are getting to be most serious pain of the business, says Adjutant General Corbin. "The troops will remain here until the law is respected or respected."

SHERR IS NO DANGER

to persons and property. If more troops are needed they will come and be kept on the same train.

The inconsistent statement of Thos. Manager, who was shot at the Tilt farm last night by members of the Twenty-second regiment, was taken into hospital. He said he had been a swimmer for the Buffalo Cross Run team, was a native of America and was 21 years old. He was shooting at the gates on Michigan street and he thought the early last evening was one of his other mode. Manager stated that of the men working on the Lehigh Valley road, one man fired, two shots at him from a revolver. Neither of the shots took effect. Then the fellows came up and fired two shots and ordered him to "Get out of the way." They had guns. "They did not tell me to stop."

Continuing, Manager said, "I ran for my life to a vacant lot in the street and the soldiers followed me and made me prisoner. Then they took me to the Lehigh Valley freight depot. Lieutenant Hunter and sergeant in charge of the soldiers detached. I did not see the men who were with me on Genesee street do anything. They told me to go to the station and I saw the soldiers and thought of death. I attacked the "cop" because he was waiting to my place. I carried no weapons." It is not believed Manager will live through the night.

Mere Miners Captured.

WASHINGTON, Aug. 24.—Everything is quiet at Coal Creek today. Two of twelve more miners have been captured.

The Iron Hall Affairs.

INDIANAPOLIS, Ind., Aug. 24.—Supreme Cashier Davis was this morning served with a subpoena to appear before Receiver Bailey of all funds in custody of the different branches of the Local order of the Iron Hall. When the reporter asked for a copy of this order the court said it was not for publication and that he would make its publication or discussion a case of contempt and punish the offenders.

The Cholera at Antwerp.

ANTWERP, Belgium, Aug. 24.—Advices received here. It is now present at Hamburg, Antwerp and Havre, the great northern European ports.

The French Disembark on African Coast.

PARIS, Aug. 24.—A dispatch from Porto Novo, a French settlement on the coast, says a force of 1500 French troops entered the Dahomeyan territory on August 17 and occupied the town of Takoda.

Mr. Chas. N. Hosier

of Pittsburg, Pa., suffered terribly for over ten years with rheumatism and running sores on his left leg. He tried every great remedy and was finally given up by the doctors as incurable. Seeing Hood's Sarsaparilla advertised, he decided to try it, and after taking it for a few months was cured. He says: "I have been free from rheumatism and running sores on my leg for two years, and I attribute my cure to Hood's Sarsaparilla."

Hood's Sarsaparilla

Is the best in fact, the best medicine you can buy. It stands at the head. One hundred doses one dollar.

HOOD'S PILLS are the best cathartic and liver medicine, easy to take, easy to operate. 25 cents.
