LOCAL BRIEFS.

The Club de Langue Francaise and their friends will hold a reunion at Lagoon on the 22nd inst., leaving this city by the 2 p. m. train.

Rev. Dr. T. C. Iliff returned to this city last evening, after a brief Idaho trip, and left this morning, for Provo and Payson and other southern points in the interest of the Methodist church.

Dr. Higgins protests against the city's changing the name of the Boulevard, on lower Main street, as he claims to have laid out that Boulevard himself, and that the proper name is Higgins' boulevard.

Joseph Rosenbaum, the man who tried to escape from the chain gang where he was doing a 75 days' sentence, was convicted in Judge Whitaker's court yesterday, and given an additional 30 days.

The sub-committee of the committee appointed to select a site for the proposed experimental farm, will meet Monday in the state land board office, when it is expected that some definite action will be taken.

The resignation of Electrical Engineer R. F. Hayward of the Utah Light & Railway company, has been accepted by the directors of the company, and action looking toward the appointment of his successor will be taken later.

W. R. Gourley, formerly proprietor of the Utahna theater, has secured control of the Crystal theater circuit with headquarters at Denver. The circuit includes 12 theaters in Colorado, Kansas and Nebraska.

The next monthly meeting of the association of the Nauvoo Legion will be held Monday evening, Aug. 21, at the Bishop's office, tithing yard, at 8 o'clock. All the members who can possibly attend are urged to do so.

The Ladies' Literary club will take an outing at Saltair next Tuesday, the proceeds of the day to be devoted to the work of the home and education section, especially for civic improvement, public school art and the Juvenile court.

Ere leaving for Portland last night, Mayor McNally of Union, S. C., who is with the Palmetto State Press association, was very complimentary in his remarks about Salt Lake, and said that his party was learning a good deal about a part of the United States they had never seen before.

Rev. Frank Fay Eddy, pastor of the Unitarian church in this city, has returned from an extended vacation trip along the Pacific coast, and will resume his pastoral labors tomorrow. Mr. Eddy attended the Unitarian conference at Portland, and afterwards traveled as far south as Los Angeles.

Judge Joseph B. Greensfelder of Clayton, Mo., a suburb of St. Louis and a local Gretna Green, is at the Knutsford, en route with his wife, to the Yellowstone. The judge has the reputation of having married 6,000 couples in 12 years, and as expects to make the record 7,000 before long.

City Supt. of schools Christensen has received notice from an officer of the local G. A. R. that new flags for the staffs on top of the school buildings of the city where needed will be presented to the schools at the opening of the term by the G. A. R. Such a donation will be highly appreciated as some of the flags now in use are badly torn and should be replaced with new ones.

Section Director Hyatt will make a tour of the state this fall, with a view to increasing the number of voluntary observation stations in this state, and securing better averages in precipitation records that has been possible hitherto. There is a marked difference between the snow and rainfall in the valleys and the mountains, which can not be satisfactorily recorded with present resources.

The land office will be the first of the local U. S. government bureaus to take possession of its quarters in the new Federal building; and the postoffice is preparing to follow suit. The last move the postoffice made was when Col. I. A. Benton was postmaster, and John Wannamaker was postmaster general, and the office moved into the present Dooly building from the Groesbeck block, now the Kenyon Hotel.

There was a German supper given last evening, at Saltair, by Messrs. Roger Strobell, Landon Strobel, Ernest Baer and Frank J. Schmidt. Kahn and Ezra Baer.

It is said that just as soon as the council returns from the Portland trip, a requisition for a new team for the patrol wagon will be pushed through, and the old team will be given a much needed rest. The present patrol team is in anything but a good condition. It is generally conceded that the animals are a little too heavy for patrol work, and they are to be replaced by a team more adapted to the trying work required of them.

Friends of William N. Lewis of the Deseret News Book store will be pleased to learn that after a severe struggle with typhoid fever for the past five weeks, he is improving and is now probably past the danger point. His condition at one time was almost hopeless. His mother, Mrs. Walter J. Lewis, visited him daily for a month. The strain was very great on her and finally she broke down and was removed to the L. D. S. hospital in a state of collapse and is now a very sick woman.

A Warning to Mothers.

Too much care cannot be used with small children during the hot weather of the summer months to guard against bowel troubles. As a rule it is only necessary to give the child a dose of castor oil to correct any disorder of the bowels. Do not use any substitute, but give the old-fashioned castor oil, and see that it is fresh, as rancid oil nauseates and has a tendency to gripe. If this does not check the bowels give Chamberlain's Colic, Cholera and Diarrhoea Remedy and then a dose of castor oil, and the disease may be checked in its incipiency and all danger avoided. The castor oil and this remedy should be procured at once and kept ready for instant use as soon as the first indication of any bowel trouble appears. This is the most successful treatment known and may be relied upon with implicit confidence even in case of cholera infantum. For sale by all druggists.
